inspiration to being a professional publisher.

Who Wrote the Bible? Richard Friedman 2019-01-15 A much anticipated reissue of *Who Wrote the Bible?*—the contemporary classic the *New York Times Book Review* called “a thought-provoking [and] perceptive guide” that identifies the individual writers of the Pentateuch and explains what they can teach us about the origins of the Bible. For thousands of years, the prophet Moses was regarded as the sole author of the first five books of the Bible, known as the Pentateuch. According to tradition, Moses was divinely directed to write down foundational events in the history of the world: the creation of humans, the worldwide flood, the laws as they were handed down at Mt. Sinai, and the cycle of Israel’s enslavement and liberation from Egypt. However, these stories—and their frequent discrepancies—provoke questions: why does the first chapter in Genesis say that man and woman were made in God’s image, while the second says that woman was made from man’s rib? Why does one account of the flood say it lasted forty days, while another records no less than one hundred? And why do some stories reflect the history of southern Judah, while others seem sourced from northern Israel? Originally published in 1987, Richard Friedman’s *Who Wrote the Bible?* joins a host of modern scholars who show that the Pentateuch was written by at least four distinct voices—separated by borders, political alliances, and particular moments in history—then connected by brilliant editors. Rather than cast doubt onto the legitimacy of the Bible, Friedman uses these divergent accounts to illuminate a text that was written by real people. Friedman’s seminal and bestselling text is a comprehensive and authoritative answer to the question: just who exactly wrote the Bible?

The Afghanistan Papers Craig Whitlock 2021-08-31 A *Washington Post* Best Book of 2021 The #1 *New York Times* bestselling investigative story of how three successive presidents and their military commanders deceived the public year after year about America’s longest war, foreshadowing the Taliban’s recapture of Afghanistan, by *Washington Post* reporter and three-time Pulitzer Prize finalist Craig Whitlock. Unlike the wars in Vietnam and Iraq, the US invasion of Afghanistan in 2001 had near-unanimous public support. At first, the goals were straightforward and clear: defeat al-Qaeda and prevent a repeat of 9/11. Yet soon after the United States and its allies removed the Taliban from power, the mission veered off course and US officials lost sight of their original objectives. Distracted by the war in

Iraq, the US military become mired in an unwinnable guerrilla conflict in a country it did not understand. But no president wanted to admit failure, especially in a war that began as a just cause. Instead, the Bush, Obama, and Trump administrations sent more and more troops to Afghanistan and repeatedly said they were making progress, even though they knew there was no realistic prospect for an outright victory. Just as the Pentagon Papers changed the public's understanding of Vietnam, The Afghanistan Papers contains "fast-paced and vivid" (The New York Times Book Review) revelation after revelation from people who played a direct role in the war from leaders in the White House and the Pentagon to soldiers and aid workers on the front lines. In unvarnished language, they admit that the US government's strategies were a mess, that the nation-building project was a colossal failure, and that drugs and corruption gained a stranglehold over their allies in the Afghan government. All told, the account is based on interviews with more than 1,000 people who knew that the US government was presenting a distorted, and sometimes entirely fabricated, version of the facts on the ground. Documents unearthed by The Washington Post reveal that President Bush didn't know the name of his Afghanistan war commander—and didn't want to meet with him. Secretary of Defense Donald Rumsfeld admitted that he had "no visibility into who the bad guys are." His successor, Robert Gates, said: "We didn't know jack shit about al-Qaeda." The Afghanistan Papers is a "searing indictment of the deceit, blunders, and hubris of senior military and civilian officials" (Tom Bowman, NRP Pentagon Correspondent) that will supercharge a long-overdue reckoning over what went wrong and forever change the way the conflict is remembered.

Excel 2013: The Missing Manual Matthew MacDonald 2013-04-18 The world's most popular spreadsheet program is now more powerful than ever, but it's also more complex. That's where this Missing Manual comes in. With crystal-clear explanations and hands-on examples, Excel 2013: The Missing Manual shows you how to master Excel so you can easily track, analyze, and chart your data. You'll be using new features like PowerPivot and Flash Fill in no time. The important stuff you need to know: Go from novice to ace. Learn how to analyze your data, from writing your first formula to charting your results. Illustrate trends. Discover the clearest way to present your data using Excel's new Quick Analysis feature. Broaden your analysis. Use pivot tables, slicers, and timelines to examine your data from different perspectives. Import data. Pull data from a variety of sources, including website data feeds and corporate

databases. Work from the Web. Launch and manage your workbooks on the road, using the new Excel Web App. Share your worksheets. Store Excel files on SkyDrive and collaborate with colleagues on Facebook, Twitter, and LinkedIn. Master the new data model. Use PowerPivot to work with millions of rows of data. Make calculations. Review financial data, use math and scientific formulas, and perform statistical analyses.

No Excuses Bob Stoops 2019-09-10 From the legendary Oklahoma coach, a candid and inspiring memoir. When Bob Stoops took over as football coach in 1999, the Oklahoma Sooners were in disarray with back-to-back losing seasons. But in just two years' time, Stoops achieved the seemingly impossible: winning a national championship and returning the struggling Sooners to their powerhouse status, churning out NFL talent, Heisman Trophy winners and conference championships, bowl wins and national title runs on a regular basis. During his 18 seasons at OU, his record was a remarkable 190-48. At only age 56, at the peak of his career, he stunned the college football world by walking away. For the first time, Bob opens up about his career alongside the evolution of the game itself. From his unlikely emergence as a star player at the University of Iowa, to his coaching apprenticeships under giants like Hayden Fry, Bill Snyder, and Steve Spurrier, Stoops recounts how the game he fell in love with as a boy has evolved into a billion-dollar business often compromised by recruiting wars, aggressive agents, overzealous boosters and alumni, and the emergence of the CEO head coach rather than mentor and teacher. Bob holds nothing back while explaining why it was time to step away from the game-and players-he still loves. Told with a rare combination of sincerity, vulnerability, and pure heart, *No Excuses* is both an engaging and eye-opening football memoir and an unprecedented portrait of a coach of one of the greatest legacy programs in the history of the college game.

The Gourman Report Jack Gourman 1987

NFL 100 National Football League 2019-09-03 Timed to coincide with the National Football League's 100th anniversary, NFL 100 celebrates the history of America's most popular and highly watched sport. From its humble beginnings in Canton, Ohio, to its emergence as a sport cherished by millions, all the key moments and famous athletes are honored within the pages of this handsomely

produced book.

Campus Life Carnegie Foundation for the Advancement of Teaching 2019-06-18 In 1990 the Carnegie Foundation for the Advancement of Teaching published a classic report on the loss of a meaningful basis for true community on college campuses—and in the nation. Now this expanded edition of Campus Life reintroduces educational leaders to the report's proposals while offering up-to-date analysis and recommendations for Christian campuses today.

NFL Century Joe Horrigan 2019-08-27 From the former executive director of the Pro Football Hall of Fame comes a sweeping and lively history of the National Football League, timed to coincide with the NFL's 100th anniversary season. "I can think of no one better qualified—or more enthusiastic—to chronicle the National Football League's century-long history than Joe Horrigan."—Marv Levy, Hall of Fame NFL coach The NFL has come a long way from its founding in Canton, Ohio, in 1920. In the hundred years since that fateful day, football has become America's most popular and lucrative professional sport. The former scrappy upstart league that struggled to stay afloat has survived a host of challenges—the Great Depression and World War II, controversies and scandals, battles over labor rights and competition from rival leagues—to produce American icons like Vince Lombardi, Joe Montana, and Tom Brady. It is an extraordinary and entertaining history that could be told only by Joe Horrigan, former executive director of the Pro Football Hall of Fame and perhaps the greatest living historian of the NFL, by drawing upon decades of NFL archives. Compelling, eye-opening, and authoritative, NFL Century is a must-read for NFL fans and anyone who loves the game of football. Advance praise for NFL Century "Joe Horrigan takes the reader on a delightful tour of the seminal moments of the NFL in the past one hundred years—the players, owners, coaches, executives, and historical events that made the game of football the most popular in America. It's a wonderful walk down memory lane for any football fan, young or old."—Michael Lombardi, author of Gridiron Genius "There is no one—and I mean no one—who knows more about the history of the NFL than Joe Horrigan, the heart and soul of the Pro Football Hall of Fame. As the gold standard of sports leagues celebrates its one hundredth season, it's appropriate that the gold standard of sports historians has written NFL Century, an entertaining and educational journey."—Gary Myers, New York Times bestselling author of Brady vs Manning

America's Game Jerry Rice 2019-10-29 A celebration of 100 years of the NFL from Hall of Fame receiver and bestselling author Jerry Rice! “This book is an amazing compilation of the game’s history as seen through the eyes of my friend Jerry Rice, aka The GOAT. You are going to love this book almost as much as you loved watching Jerry play!” —Barry Sanders, NFL Hall of Fame Class of 2004 The authors of the New York Times bestseller *50 Years, 50 Moments* celebrate the first 100 years of the National Football League, interweaving history, personal stories, memories, and observations of some of its greatest players, coaches, and advocates to chronicle football’s amazing evolution from a fledgling regional fly-by-night operation into a multi-billion global brand and one of America’s leading franchises. Over the past century, professional football has transformed from a game played in leather helmets on cow pastures to one of the most high-tech, popular sports on the planet. In this entertaining and concise history, Jerry Rice and Randy O. Williams celebrate the NFL’s centennial, bringing together colorful memories, insights, and personal experiences and observations from the heroes, losers, innovators, and defining legends who have played the game at its highest level. *America's Game* is filled with inside stories of the league’s fiercest rivalries, closest competitions, and most memorable characters, from the early days of Red “The Galloping Ghost” Grange and “Slingin’” Sammy Baugh to Jim Brown and “Broadway” Joe Namath to Lawrence Taylor, Jerry Rice, and Tom Brady. Cowboy fans will never forget how Roger Staubach’s Hail Mary lifted his team to a last-second playoff victory over the Vikings. Patriot followers will always point to The Tuck Rule Game as a franchise landmark where Adam Vinatieri’s two clutch kicks in deep snow propelled his team to victory over the Raiders. Generations of Steelers fans will celebrate James Harrison’s electrifying 100-yard interception return for a touchdown in Super Bowl XLIII. All are among the most memorable moments in NFL history. Divided by increments of twenty-five years, each section of *America's Game* includes the authors’ selections for their “All Star” players and teams. *America's Game* is a unique tribute to this enduring cultural phenomenon, and will become the authoritative tribute to all that is great about the sport Americans—and the world—loves.

The Uninhabitable Earth David Wallace-Wells 2020-03-17 #1 NEW YORK TIMES BESTSELLER • “The *Uninhabitable Earth* hits you like a comet, with an overflow of insanely lyrical prose about our pending Armageddon.”—Andrew Solomon, author of *The Noonday Demon* With a new afterword It is worse, much worse, than you think. If your anxiety about global warming is dominated by fears of sea-level rise, you

are barely scratching the surface of what terrors are possible—food shortages, refugee emergencies, climate wars and economic devastation. An “epoch-defining book” (The Guardian) and “this generation’s Silent Spring” (The Washington Post), *The Uninhabitable Earth* is both a travelogue of the near future and a meditation on how that future will look to those living through it—the ways that warming promises to transform global politics, the meaning of technology and nature in the modern world, the sustainability of capitalism and the trajectory of human progress. *The Uninhabitable Earth* is also an impassioned call to action. For just as the world was brought to the brink of catastrophe within the span of a lifetime, the responsibility to avoid it now belongs to a single generation—today’s. Praise for *The Uninhabitable Earth* “The Uninhabitable Earth is the most terrifying book I have ever read. Its subject is climate change, and its method is scientific, but its mode is Old Testament. The book is a meticulously documented, white-knuckled tour through the cascading catastrophes that will soon engulf our warming planet.”—Farhad Manjoo, *The New York Times* “Riveting. . . . Some readers will find Mr. Wallace-Wells’s outline of possible futures alarmist. He is indeed alarmed. You should be, too.”—*The Economist* “Potent and evocative. . . . Wallace-Wells has resolved to offer something other than the standard narrative of climate change. . . . He avoids the ‘eerily banal language of climatology’ in favor of lush, rolling prose.”—Jennifer Szalai, *The New York Times* “The book has potential to be this generation’s *Silent Spring*.”—*The Washington Post* “*The Uninhabitable Earth*, which has become a best seller, taps into the underlying emotion of the day: fear. . . . I encourage people to read this book.”—Alan Weisman, *The New York Review of Books*

Dopesick Beth Macy 2021-10-14 A portrait of the devastating opioid crisis in America from a *New York Times* bestselling author and journalist who has lived through it.

Gunslinger Jeff Pearlman 2016-10-25 “Over two decades, Brett Favre was as compelling a figure as any in the National Football League. He alone was ‘Must-See TV.’ In *Gunslinger*, Jeff Pearlman provides an extraordinary look at every facet of the life of a man who performed on sport’s grandest stage and who had one helluva time along the way.”—Al Michaels In *Gunslinger*, Jeff Pearlman tells Brett Favre’s story for the first time, charting his unparalleled journey from a rough rural childhood and lackluster high school football career to landing the last scholarship at Southern Mississippi, to a car accident that nearly took

his life, and eventually to the NFL and Green Bay, where he restored the Packers to greatness and inspired a fan base as passionate as any in the game. Yet he struggled with demons: addiction, infidelity, the loss of his father, and a fraught, painfully prolonged exit from the game he loved, a game he couldn't bear to leave. Gritty and revelatory, *Gunslinger* is a big sports biography of the highest order, a fascinating portrait of the man with the rocket arm whose life has been one of triumph, fame, tragedy, embarrassment, and—ultimately—redemption. “The compelling, complete story of his legend, and his faults.”—Chicago Tribune

NFL 100 Craig/Aikman Ellenport (Troy) 2019

The Greatest Story in Sports - Green Bay Packers 1919 -2019 Cliff Christl 2021-12

An Indigenous Peoples' History of the United States Roxanne Dunbar-Ortiz 2015-08-11 New York Times Bestseller Now part of the HBO docuseries "Exterminate All the Brutes," written and directed by Raoul Peck Recipient of the American Book Award The first history of the United States told from the perspective of indigenous peoples Today in the United States, there are more than five hundred federally recognized Indigenous nations comprising nearly three million people, descendants of the fifteen million Native people who once inhabited this land. The centuries-long genocidal program of the US settler-colonial regimen has largely been omitted from history. Now, for the first time, acclaimed historian and activist Roxanne Dunbar-Ortiz offers a history of the United States told from the perspective of Indigenous peoples and reveals how Native Americans, for centuries, actively resisted expansion of the US empire. With growing support for movements such as the campaign to abolish Columbus Day and replace it with Indigenous Peoples' Day and the Dakota Access Pipeline protest led by the Standing Rock Sioux Tribe, *An Indigenous Peoples' History of the United States* is an essential resource providing historical threads that are crucial for understanding the present. In *An Indigenous Peoples' History of the United States*, Dunbar-Ortiz adroitly challenges the founding myth of the United States and shows how policy against the Indigenous peoples was colonialist and designed to seize the territories of the original inhabitants, displacing or eliminating them. And as Dunbar-Ortiz reveals, this policy was praised in popular culture, through writers like James Fenimore Cooper and Walt Whitman, and in the highest offices of government

and the military. Shockingly, as the genocidal policy reached its zenith under President Andrew Jackson, its ruthlessness was best articulated by US Army general Thomas S. Jesup, who, in 1836, wrote of the Seminoles: “The country can be rid of them only by exterminating them.” Spanning more than four hundred years, this classic bottom-up peoples’ history radically reframes US history and explodes the silences that have haunted our national narrative. *An Indigenous Peoples' History of the United States* is a 2015 PEN Oakland-Josephine Miles Award for Excellence in Literature.

Land of Strangers Ash Amin 2013-04-24 The impersonality of social relationships in the society of strangers is making majorities increasingly nostalgic for a time of closer personal ties and strong community moorings. The constitutive pluralism and hybridity of modern living in the West is being rejected in an age of heightened anxiety over the future and drummed up aversion towards the stranger. Minorities, migrants and dissidents are expected to stay away, or to conform and integrate, as they come to be framed in an optic of the social as interpersonal or communitarian. Judging these developments as dangerous, this book offers a counter-argument by looking to relations that are not reducible to local or social ties in order to offer new suggestions for living in diversity and for forging a different politics of the stranger. The book explains the balance between positive and negative public feelings as the synthesis of habits of interaction in varied spaces of collective being, from the workplace and urban space, to intimate publics and tropes of imagined community. The book proposes a series of interventions that make for public being as both unconscious habit and cultivated craft of negotiating difference, radiating civilities of situated attachment and indifference towards the strangeness of others. It is in the labour of cultivating the commons in a variety of ways that Amin finds the elements for a new politics of diversity appropriate for our times, one that takes the stranger as there, unavoidable, an equal claimant on ground that is not pre-allocated.

The Big 50: New York Giants Patricia Traina 2020-09-08 *The Big 50: New York Giants* is an amazing look at the fifty men and moments that have made the Giants the Giants. Longtime sportswriter Patricia Traina explores the living history of the team, counting down from number fifty to number one. This dynamic and comprehensive book brilliantly brings to life the historic franchise's remarkable story, including greats like Taylor, Strahan, Parcells, Manning, and more.

In the Celtic Circle, Nova Scotia stands for the Bret Channel Islands where Welsh Adventures have had their first journey to mark the land as a marking point for NFL SHARES ON THE STOCK MARKET.

Analyzing Financial Data and Implementing Financial Models Using R Clifford S. Ang 2021-06-23 This advanced undergraduate/graduate textbook teaches students in finance and economics how to use R to analyse financial data and implement financial models. It demonstrates how to take publically available

data and manipulate, implement models and generate outputs typical for particular analyses. A wide spectrum of timely and practical issues in financial modelling are covered including return and risk measurement, portfolio management, option pricing and fixed income analysis. This new edition updates and expands upon the existing material providing updated examples and new chapters on equities, simulation and trading strategies, including machine learning techniques. Select data sets are available online.

The TB12 Method Tom Brady 2020-07-28 The #1 New York Times bestseller by the 6-time Super Bowl champion The first book by Tampa Bay Buccaneers and former New England Patriots quarterback Tom Brady—the 6-time Super Bowl champion who is still reaching unimaginable heights of excellence at 42 years old—a gorgeously illustrated and deeply practical “athlete’s bible” that reveals Brady’s revolutionary approach to sustained peak performance for athletes of all kinds and all ages. In this new edition of The TB12 Method, Tom Brady further explains and details the revolutionary training, conditioning, and wellness system that has kept him atop the NFL at an age when most players are deep into retirement. Brady—along with the expert Body Coaches at TB12, the performance lifestyle brand he cofounded in 2013 with Alex Guerrero—explain the principles and philosophies of pliability, a paradigm-shifting fitness concept that focuses on a more natural, healthier way of exercising, training, and living. Filled with lessons from Brady’s own training regimen, The TB12 Method provides step-by-step guidance on how to develop and maintain one’s own peak performance while dramatically decreasing injury risks. This illustrated, highly visual manual also offers more effective approaches to functional strength & conditioning, proper hydration, supplementation, cognitive fitness, restorative sleep, and nutritious, easy-to-execute recipes to help readers fuel-up and recover. Brady steadfastly believes that the TB12 approach has kept him competitive while extending his career, and that it can make any athlete, male or female, in any sport and at any level achieve his or her own peak performance and do what they love, better and for longer. With instructions, drills, photos, in-depth case studies that Brady himself has used, along with personal anecdotes and experiences from his legendary career, The TB12 Method gives you a better way to train and get results with Tom Brady himself as living proof.

Rage Bob Woodward 2021-09-14 An account of the Trump presidency draws on interviews with firsthand

sources, meeting notes, diaries, and confidential documents to provide details about Trump's moves as he faced a global pandemic, economic disaster, and racial unrest.

Code of Ethics for Nurses with Interpretive Statements American Nurses Association 2001 Pamphlet is a succinct statement of the ethical obligations and duties of individuals who enter the nursing profession, the profession's nonnegotiable ethical standard, and an expression of nursing's own understanding of its commitment to society. Provides a framework for nurses to use in ethical analysis and decision-making.

100 Things Eagles Fans Should Know & Do Before They Die Chuck Carlson 2011-09-01 All sports fans want to see their team win the championship but being a fan is about more than watching your team win the big game. As part of an ongoing best selling series, 100 Things Eagles helps Philadelphia lovers get the most out of being a fan. Get ready to enjoy your team on a new, more involved, level.

Womb Politics Frida Simonstein 2022 This book offers a vision of politics that govern the womb; from antiquity (be fertile and replenish the earth), through the ages (hysterectomy, to extirpate womens hysteria), up to the present time (abortion wars; assisted reproduction), and into the future (reprogenetics; the artificial womb). It explores how the womb has served humanity, either tacitly or explicitly, through the ages and examines how women have accepted and still perceive the rules created by men as natural - including the new anti-abortion laws in the USA - because that is the way things are. The book also explores how the merging of assisted reproduction technologies and novel genetic tools (reprogenetics) will pose additional challenges to womb bearers, as all women will be made to reproduce with IVF. What is more, the advent of the artificial womb is in sight; the gender and social implications of this development would be enormous. Certainly not just another organ, the womb has been and remains a powerful tool that cannot be left to the decisions of half of the population. This book engages a wide audience, including women and men, professionals and laypersons who are interested in gender, politics, legislation, womens health, and ethics.

Red Grange Chris Willis, head of the Research Library at NFL Films and author of *Red Grange: The Life and Legacy of the NFL's First Superstar* 2019-08-09 This book tells the remarkable story of Red Grange,

a two-time NFL champion and three-time consensus All-American. A humble superstar during the early years of the NFL, Grange became the face of professional football first as a player and then as a coach, broadcaster, pitchman, Hall of Famer, pioneer, and hero.

The Ultimate Football Trivia Book Christopher Price 2019-09-17 Can you score a trivia touchdown with these 600 tough questions? “An amazing collection.” –The Athletic The Ultimate Football Trivia Book tests and expands your knowledge on the sport of football—covering players’ careers from Draft Day to the rookie season, the Pro Bowl, and beyond! In this collection of six hundred questions, seasoned football writer Chris Price tests your level of expertise on all things football. Some of the many questions that Price poses include: Who was the last player to collect an MVP and Super Bowl trophy in the same season? Which rookie running back set the NFL record for most rushing yards in a season? Who is the only quarterback in the top 10 in career playoff passing yards NOT to win a Super Bowl? What 2010 Pro Bowl quarterback never started a game in college? Football stars and coaches past and present are represented, from Johnny Unitas to Peyton Manning, Randy Moss to Tom Brady, Bart Starr to Aaron Rodgers, Bill Parcells to Bill Belichick and everyone in between. It’s the definitive challenge for knowledgeable football fans!

Son of the Mob Gordon Korman 2012-12-11 Vince Luca is just like any other high school guy. His best friend, Alex, is trying to score vicariously through him; his brother is a giant pain; and his father keeps bugging him to get motivated. There is just one thing that really sets him apart from other kids—his father happens to be the head of a powerful crime organization. Needless to say, while Vince's family's connections can be handy for certain things (like when teachers are afraid to give him a bad grade), they can put a serious crimp in his dating life. How is he supposed to explain to a girl what his father does for a living? But when Vince meets a girl who finally seems to be worth the trouble, her family turns out to be the biggest problem of all. Because her father is an FBI agent—the one who wants to put his father away for good.

World Migration Report 2020 United Nations 2019-11-27 Since 2000, IOM has been producing world migration reports. The World Migration Report 2020, the tenth in the world migration report series, has

been produced to contribute to increased understanding of migration throughout the world. This new edition presents key data and information on migration as well as thematic chapters on highly topical migration issues, and is structured to focus on two key contributions for readers: Part I: key information on migration and migrants (including migration-related statistics); and Part II: balanced, evidence-based analysis of complex and emerging migration issues.

Official Playing Rules of the National Football League National Football League 2008-09 Lists and explains professional football's playing rules as determined by the National Football League.

Discover behind-the-scenes stories of: the Olympic Trials featuring Michael Jordan, Patrick Ewing, Chris Mullin, and Steve Alford the infamous 1997 black football jerseys Ernie Pyle's outlandish automobile polo match to raise funds for the IU marching band J. Moye's notorious block against Duke the time Sam Bell won the bid for an NCAA track meet—without a facility or even bleachers and many more incredible stories from the renowned IU Athletics program “*Unknown, Untold, and Unbelievable Stories of IU Sports* is packed with enough rare information that, after reading it, anyone—from the casual fan to the dyed-in-the-wool fanatic—can be a Hoosier sports expert on trivia night.” —Bloom Magazine

Human Dimension and Interior Space Julius Panero 2014-01-21 The study of human body measurements on a comparative basis is known as anthropometrics. Its applicability to the design process is seen in the physical fit, or interface, between the human body and the various components of interior space. Human

Dimension and Interior Space is the first major anthropometrically based reference book of design standards for use by all those involved with the physical planning and detailing of interiors, including interior designers, architects, furniture designers, builders, industrial designers, and students of design. The use of anthropometric data, although no substitute for good design or sound professional judgment should be viewed as one of the many tools required in the design process. This comprehensive overview of anthropometrics consists of three parts. The first part deals with the theory and application of anthropometrics and includes a special section dealing with physically disabled and elderly people. It provides the designer with the fundamentals of anthropometrics and a basic understanding of how interior design standards are established. The second part contains easy-to-read, illustrated anthropometric tables, which provide the most current data available on human body size, organized by age and percentile groupings. Also included is data relative to the range of joint motion and body sizes of children. The third part contains hundreds of dimensioned drawings, illustrating in plan and section the proper anthropometrically based relationship between user and space. The types of spaces range from residential and commercial to recreational and institutional, and all dimensions include metric conversions. In the Epilogue, the authors challenge the interior design profession, the building industry, and the furniture manufacturer to seriously explore the problem of adjustability in design. They expose the fallacy of designing to accommodate the so-called average man, who, in fact, does not exist. Using government data, including studies prepared by Dr. Howard Stoudt, Dr. Albert Damon, and Dr. Ross McFarland, formerly of the Harvard School of Public Health, and Jean Roberts of the U.S. Public Health Service, Panero and Zelnik have devised a system of interior design reference standards, easily understood through a series of charts and situation drawings. With Human Dimension and Interior Space, these standards are now accessible to all designers of interior environments.

The Illustrated NFL Playbook National Football League 1982-01-01 Explains offensive and defensive formations, shows basic plays, tells how game plans are formulated, and outlines the job of each player

The Dictator's Handbook Bruce Bueno de Mesquita 2011-09-27 Explains the theory of political survival, particularly in cases of dictators and despotic governments, arguing that political leaders seek to stay in power using any means necessary, most commonly by attending to the interests of certain coalitions.

Fahrenheit 451 Ray Bradbury 2003-09-23 A totalitarian regime has ordered all books to be destroyed, but one of the book burners suddenly realizes their merit.

Little Boy Lawrence Ferlinghetti 2020-04-15 From the famed publisher and poet, author of the million-copy-selling collection *A Coney Island of the Mind*, his literary last will and testament -- part autobiography, part summing up, part Beat-inflected torrent of language and feeling, and all magical. "A volcanic explosion of personal memories, political rants, social commentary, environmental jeremiads and cultural analysis all tangled together in one breathless sentence that would make James Joyce proud. . ." --Ron Charles, *The Washington Post* In this unapologetically unclassifiable work Lawrence Ferlinghetti lets loose an exhilarating rush of language to craft what might be termed a closing statement about his highly significant and productive 99 years on this planet. The "Little Boy" of the title is Ferlinghetti himself as a child, shuffled from his overburdened mother to his French aunt to foster childhood with a rich Bronxville family. Service in World War Two (including the D-Day landing), graduate work, and a scholar gypsy's vagabond life in Paris followed. These biographical reminiscences are interweaved with Allen Ginsberg-esque high energy bursts of raw emotion, rumination, reflection, reminiscence and prognostication on what we may face as a species on Planet Earth in the future. *Little Boy* is a magical font of literary lore with allusions galore, a final repository of hard-earned and durable wisdom, a compositional high wire act without a net (or all that much punctuation) and just a gas and an inspiration to read.
