Language Hacking German Benny Lewis 2017-11-14 It's true that some people spend years studying German before they finally get around to speaking the language. But here's a better idea. Skip the years of study and jump right to the speaking part. Sound crazy? No, it's language hacking. Unlike most traditional

language courses that try to teach you the rules of German, #LanguageHacking shows you how to learn and speak German through proven memory techniques, unconventional shortcuts and conversation strategies perfected by one of the world's greatest language learners, Benny Lewis, aka the Irish Polyglot. Using the language hacks -shortcuts that make learning simple - that Benny mastered while learning his 11 languages and his 'speak from the start' method, you will crack the language code and exponentially increase your language abilities so that you can get fluent faster. It's not magic. It's not a language gene. It's not something only "other people" can do. It's about being smart with how you learn, learning what's indispensable, skipping what's not, and using what you've learned to have real conversations in German from day one. The Method #LanguageHacking takes a modern approach to language learning, blending the power of online social collaboration with traditional methods. It focuses on the conversations that learners need to master right away, rather than presenting language in order of difficulty like most courses. This means that you can have conversations immediately, not after years of study. Each of the 10 units culminates with a speaking 'mission' that prepares you to use the language you've learned to talk about yourself. Through the language hacker online learner community, you can share your personalized speaking 'missions' with other learners - getting and giving feedback and extending your learning beyond the pages of the book . You don't need to go abroad to learn a language any more.

Stuff Parisians Like Olivier Magny 2011-07-05 In the tradition of the New York Times bestseller *Stuff White People Like*, a tongue-in-cheek homage to Parisians. To be mistaken for a Parisian, readers must buy the newspaper *Le Monde*, fold it, and walk. Then sit at a café and make phone calls. Be sure to order San Pellegrino, not any other kind of fizzy water. They shouldn't be surprised when a waiter brings out two spoons after they order *le moelleux au chocolat*- it is understood that the dessert is too sinfully delicious not to share. Go to *l'île Saint-Louis*-all Parisians are irredeemably in love with that island. Feel free to boldly cross the street whenever the impulse strikes- pedestrian crosswalks are too dangerous. If they take a cruise on the Seine, they will want to stand outside, preferably with their collar popped up. If they want to decorate, may we suggest the photographs of Robert Doisneau? To truly be cool in Paris, own an iPhone, wear Converse sneakers, and order sushi. And as they stroll through the Luxembourg Gardens, remember-they can't go wrong

wearing black.
