Best Tent Camping: Wisconsin Kevin Revolinski 2013-04-22 Best Tent Camping: Wisconsin, now completely updated for a third edition, continues to lead tent campers to the best of Wisconsin's varied recreational sites. Each profile includes a detailed campground layout map, GPS coordinates, descriptive text, and ratings for security, quiet, and beauty. Wisconsin is rich in both human and natural history. Originally settled by aboriginal Americans who used the ample rivers and lakes for travel, French voyageurs and United States pioneers followed, exploring a land shaped by glaciers and time. Green Bay and Prairie du Chien were settled first as furs, lead, and lumber attracted more settlers. The vast and varied landscape was evident to all who came to the Badger State. They saw sand dune-laden shores of Lake Michigan, lake-studded highlands of the North Woods, the ridges and valleys of the southwest, where the Wisconsin and Mississippi rivers cut deep swaths through the land, and the deep gorges cut by dark, fast-flowing rivers forming waterfalls striving for Lake Superior. Today tent campers can enjoy these parcels, each distinct regions of Wisconsin. You can explore the surprisingly hilly terrain of Sidie Hollow, near the Illinois border. The bluffs of Perrot State Park overlook Minnesota. The central state has the remote and wild Black River State Forest, where timber wolves have reclaimed their old domain, with the quiet of East Fork campground returning you to nature. Here also are the big waters of Castle Rock Flowage, where Buckhorn's numerous walk-in tent camping sites await. A tent camper has to take two ferries to reach Rock Island State Park, Wisconsin's "furthest northeast" point. So many lakes dot Wisconsin's North Woods that you can literally camp on two lakes at once, such as Birch Grove campground in the Chequamegon National Forest, or Luna Lake/White Deer Lake campground in the Nicolet National Forest. And then there are the waterfalls of the North Woods. Marinette County calls itself the waterfall capital of Wisconsin. Two campgrounds in this book are situated along falls in Marinette County, with many other cascades nearby. Yet other falls are featured at other parks in this

book. All this spells paradise for the tent camper. No matter what destination you have in mind, *Best Tent Camping: Wisconsin* is your indispensable guide.

Thousand-Miler Melanie Radzicki McManus 2017-03-09 In thirty-six thrilling days, Melanie Radzicki McManus hiked 1,100 miles around Wisconsin, landing her in the elite group of Ice Age Trail thru-hikers known as the Thousand-Milers. In prose that's alternately harrowing and humorous, Thousand-Miler takes you with her through Wisconsin's forests, prairies, wetlands, and farms, past the geologic wonders carved by long-ago glaciers, and into the neighborhood bars and gathering places of far-flung small towns. Follow along as she worries about wildlife encounters, wonders if her injured feet will ever recover, and searches for an elusive fellow hiker known as Papa Bear. Woven throughout her account are details of the history of the still-developing Ice Age Trail—one of just eleven National Scenic Trails—and helpful insight and strategies for undertaking a successful thru-hike. In addition to chronicling McManus's hike, Thousand-Miler also includes the little-told story of the Ice Age Trail's first-ever thru-hiker Jim Staudacher, an account of the record-breaking thru-run of ultrarunner Jason Dorgan, the experiences of a young combat veteran who embarked on her thru-hike as a way to ease back into civilian life, and other fascinating tales from the trail. Their collective experiences shed light on the motivations of thru-hikers and the different ways hikers accomplish this impressive feat, providing an entertaining and informative read for outdoors enthusiasts of all levels.

Thru and Back Again Luke Jordan 2017-05 For many people, hiking 4,600 miles in one "go" may seem like a crazy-- even foolish idea. But for some others it is an opportunity to see isolated places, to discover oneself, and of course to have fun doing it! Such is the case with me. A few years ago I had never even heard of the North Country Trail. I had no idea that such a daunting task of building a continuous footpath across seven northern states was underway, and had been for more than thirty years. I was immediately excited and fascinated with the idea. After doing a little research and finding out what the trail was all about, I began to feel a sense of longing, a desire to hike beyond Minnesota and see what else the North Country had to offer. This is my story of that journey, filled with first-hand accounts of the trials and triumphs faced during this 6-month adventure.
