German Pop Literature Margaret McCarthy 2015-04-24 Pop literature of the 1990s enjoyed bestselling success, as well as an extensive and sometimes bluntly derogatory reception in the press. Since then, less censorious scholarship on pop has emerged to challenge its flash-in-the-pan status by situating the genre within a longer history of aesthetic practices. This volume draws on recent work and its attempts to define the genre, locate historical antecedents and assess pop's ability to challenge the status quo. Significantly, it questions the 'official story' of pop literature by looking beyond Ralf Dieter Brinkmann's works as origin to those of Jürgen Ploog, Jörg Fauser and Hadayatullah Hübsch. It also remedies the lack of attention to questions of gender in previous pop lit scholarship and demonstrates how the genre has evolved in the new millennium via expanded thematic concerns and new aesthetic approaches. Essays in the volume examine the writing of well-known, established pop authors – such as Christian Kracht, Andreas Neumeister, Joachim Lottman, Benjamin Lebert, Florian Illies, Feridun Zaimoğlu and Sven Regener – as well as more recent works by Jana Hensel, Charlotte Roche, Kerstin Grether, Helene Hegemann and songwriter/poet Peter Licht.

Neolithic Childhood Anselm Franke 2018-09 *Neolithic Childhood* examines how in the interwar years

the artistic avant-gardes in Europe and beyond reacted to the "crisis" of almost everything, from the barbarism of technological mass war to the hypocrisies of colonial discourse. The perceived need to re-establish European civilization after the disaster of the First World War led to an interminable reconstruction of origins and beginnings - making ground zero the limiting function of modernity. Based on the writings of the anti-academic art historian Carl Einstein (1885-1940), the exhibition is devoted to despair over the present and the pressing interest in altering humanity, as manifested from the 1920s to the 1940s in the artistic avant-gardes and the sciences. Exhibition: Haus der Kulturen der Welt, Berlin, Germany (13.04.-09.07.2018).

Themba Lutz van Dijk 2011-10-31 A hard-hitting, and emotional story set in South Africa, following Themba and his dreams of becoming a famous footballer. Themba grows up dreaming of becoming a football star. One day he leaves the village and travels with his sister to the city in search of their mother. Life is a struggle and Themba has to grow up fast. A lucky break gives him the chance to train as a footballer and play professionally - but Themba has a secret - should he tell the truth about his HIV and risk everything he's ever dreamed of? ~ Themba won an IBBY award - Best Book for Young People. Karin Chubb was Shortlisted for the Marsh Award for Children's Literature in Translation for Themba, a unique award celebrating the high quality and diversity of translated fiction for young readers. The book was also made into an award-winning film. "Beautifully translated from the original ... it is a book full of hope and the more young people who read books like this and who come to understand how other young children live, the more this hope will spread." Books, Teens and Magazines "Themba reminds me of my own childhood and youth in a township close to a small village in the Transvaal in South Africa: Like him I wanted to escape poverty, like him I had the hope that our world will be a just world one day - and like him I loved my mother who was working at the time as a maid for a white family. To be very honest: in soccer Themba seems to be simply better than I was." Archbishop Desmond Tutu "READ OF THE MONTH" Pride magazine "...an inspirational coming of age drama about a young South African boy's escape from poverty and the pursuit of a dream." Spring online "It's a rags to riches story - a story of hope, of dreaming your dreams and achieving them, and it's also a story of friendship..." The Sunday Independent "It's a really engaging book, and because Aids is a serious issue, it made us want to carry on reading more about it." Durning Library teenage reading group "Beautifully translated from the original and it is an easy and straightforward read. However, the storyline is tough - poverty, AIDS and death haunt the pages of the book. The reader learns about the hardship of life for many ordinary South Africans (even after Mandela came to power) and the struggle for those families who have a family member suffering

from AIDS. The problems they face do not lie solely in a lack of medication and good nutrition; it also lies in the ignorance of their neighbours and friends and a refusal of many to acknowledge the illness and help the ill. However this is not a depressing book – it is a book full of hope and the more young people who read books like this and who come to understand how other young children live, the more this hope will spread.” Books, Teens and Magazines

The History of Yiddish Literature Leo Wiener 2018-12-03 A SUGGESTION to write the present book reached me in the spring of 1898. At that time my library contained several hundreds of volumes of the best Judeo-German (Yiddish) literature, which had been brought together by dint of continued attention and, frequently, by mere chance, for the transitoriness of its works, the absence of any and all bibliographies, the almost absolute absence of a guide into its literature, and the whimsicalness of its book trade made a systematic selection of such a library a difficult problem to solve. Not satisfied with the meagre details which could be gleaned from internal testimonies in the works of the Judeo-German writers, I resolved to visit the Slavic countries for the sake of gathering data, both literary and biographical, from which anything like a trustworthy history of its literature could be constructed.

Partial Visions Angelika Bammer 2012-12-06 Positing that a radical utopianism is one of the most vital impulses of feminist politics, *Partial Visions* traces the articulation of this impulse in the work of Euro-American, French and German women writers of the 1970s. It argues that this feminist utopianism both continued and reconceptualized a critical dimension of Left politics, yet concludes that feminist utopianism is not just visionary, but myopic - time and culture bound - as well.

Creativity and Innovation in the Music Industry Peter Tschmuck 2006-01-18 This book charts the effects of new communication technologies and the Internet on the creation of music in the early 21st century. It examines how the music industry will be altered by the Internet, music online services and MP3-technology. This is done through an integrated model based on an international history of the industry since the phonograph's invention in 1877, and thus, the history of the music industry is described in full detail for the first time.

Science Fiction Literature in East Germany Sonja Fritzsche 2006 East German science fiction enabled its authors to create a subversive space in another time and place. One of the country's most popular genres, it outlined futures that often went beyond the party's official version. Many utopian stories provided a corrective vision, intended to preserve and improve upon East German communism. This study is an introduction to East German science fiction. The book begins with a chapter on German science fiction before 1949. It then spans the entire existence of the country (1949-1990) and outlines key topics essential to understanding the genre: popular literature, socialist realism, censorship, fandom,

and international science fiction. An in-depth discussion addresses notions of high and low literature, elements of the fantastic and utopia as critical narrative strategies, ideology and realism in East German literature, gender, and the relation between literature and science. Through a close textual analysis of three science fiction novels, the author expands East German literary history to include science fiction as a valuable source for developing a multi-faceted understanding of the country's short history. Finally, an epilogue notes new titles and developments since the fall of the Berlin Wall.

Remediating Transcultural Memory Dagmar Brunow 2015-09-25 The impact of digital global media, geopolitical changes and migration demands new theorizations within memory studies. Despite the growing field of media memory studies, the impact from film and media studies has been scarce within memory studies. This unique study offers new theorizations of three crucial concepts for media memory studies: remediation, transculturality and the archive. This book takes a closer look at the media specificity of archival footage and how it is adapted, translated and appropriated. In its original approach this work reflects upon the role of documentary film images for the construction of memory. By merging film and media studies with memory studies the work offers multiple theoretical and methodological approaches for everyone interested in the heritage of audiovisual media: film and media scholars, memory scholars, historians, art historians, social scientists, librarians or archivists, curators and festival programmers alike.

Alfred Döblin Steffan Davies 2009-10-28 Döblin's texts, which range widely across contemporary discourses, are paradigms of the encounter between literary and scientific modernity. With their use of 'Tatsachenphantasie', they explode conventional language, seeking a new connection with the world of objects and things. This volume reassesses and reevaluates the uniquely interdisciplinary quality of Döblin's interdiscursive, factually-inspired poetics by offering challenging new perspectives on key works. The volume analyses not only some of Döblin's best-known novels and stories, but also neglected works including his early medical essays, political journalism and autobiographical texts. Other topics addressed are Döblin's engagement with German history; his relation to medical discourse; his topography of Berlin; his aestheticisation of his own biography and his relation to other major writers such as Heine, Benn, Brecht and Sebald. With contributions in English and in German by scholars from Germany and the United Kingdom, the volume presents insights into Döblin that are of value to advanced researchers and to students alike.

Taking Offense Birgit Meyer 2018 What makes a picture offensive to some people and not to others? In diverse, pluralistic societies around the world, images are triggering heated controversy as never before. Their study offers a perfect entry point into the clashes between different values, ideas, and sensibilities. How is the relation between regimes of visibility in art, journalism, politics, and religion negotiated in

plural settings? Situated at the interface of art history, anthropology and religious studies, this volume unravels the dynamics of taking offense in current politics and aesthetics of cultural representation in Europe and beyond.

Body, Capital, and Screens Christian Bonah 2020-05-15 Body, Capital and Screens brings together new research from leading scholars from Europe and North America working at the intersection of film and media studies and social and cultural history of the body. The volume focuses on visual media in the twentieth century in Europe and the U.S. that informed and educated people about life and health as well as practices improving them. Through a series of in-depth case studies, the contributors to this volume investigate the relationships between film/television, private and public actors of the health sector and economic developments. Visual Media and the Healthy Self in the 20th Century aims to better understand how bodily health has evolved as a form of capital throughout the century.

Don't Tell Elizabeth Chandler 2010-05-04 What really happened to Mother? Lauren has come home seven years after her famous mother's mysterious drowning. They said it was an accident, but the tabloids screamed murder. Her father, a senator, hadn't protected her. Aunt Jule was her only refuge, the beloved godmother she's returning to see. Lauren stops at Wisteria's annual street festival and meets Nick, a tease, a flirt, and a childhood playmate. The day is almost perfect -- until she realizes she's being watched. So why is he suddenly glued to Holly and almost hostile to Lauren? How can she trust him -- especially now that a series of nasty "accidents" makes Lauren realize that somebody wants her dead? This time, there's no place to run.

Erotic Photography Alexandre Dupouy 2015-09-15 Erotic photo art has lost much of its exquisite soul since Playboy and other girlie monthlies repackaged the human body for mass-market consumption. Like much painting, sculpture and engraving, since its beginning photography has also been at the service of eroticism. This collection presents erotic photographs from the beginning of photography until the years just before World War II. It explores the evolution of the genre and its origins in France, and its journey from public distrust to the large audience it enjoys today.

The Star-Crossed Sisters of Tuscany Lori Nelson Spielman 2020-11-17 An International Bestseller! A LibraryReads and Indie Next Pick! A trio of second-born daughters sets out on a whirlwind journey through the lush Italian countryside to break the family curse that says they'll never find love, by New York Times bestseller Lori Nelson Spielman, author of *The Life List*. Since the day Filomena Fontana cast a curse upon her sister more than two hundred years ago, not one second-born Fontana daughter has found lasting love. Some, like second-born Emilia, the happily-single baker at her grandfather's Brooklyn deli, claim it's an odd coincidence. Others, like her sexy, desperate-for-love cousin Lucy, insist it's a true

hex. But both are bewildered when their great-aunt calls with an astounding proposition: If they accompany her to her homeland of Italy, Aunt Poppy vows she'll meet the love of her life on the steps of the Ravello Cathedral on her eightieth birthday, and break the Fontana Second-Daughter Curse once and for all. Against the backdrop of wandering Venetian canals, rolling Tuscan fields, and enchanting Amalfi Coast villages, romance blooms, destinies are found, and family secrets are unearthed—secrets that could threaten the family far more than a centuries-old curse.

It Stephen King 2016-01-01 *It*: Chapter Two—now a major motion picture! Stephen King's terrifying, classic #1 New York Times bestseller, "a landmark in American literature" (Chicago Sun-Times)—about seven adults who return to their hometown to confront a nightmare they had first stumbled on as teenagers...an evil without a name: *It*. Welcome to Derry, Maine. It's a small city, a place as hauntingly familiar as your own hometown. Only in Derry the haunting is real. They were seven teenagers when they first stumbled upon the horror. Now they are grown-up men and women who have gone out into the big world to gain success and happiness. But the promise they made twenty-eight years ago calls them reunite in the same place where, as teenagers, they battled an evil creature that preyed on the city's children. Now, children are being murdered again and their repressed memories of that terrifying summer return as they prepare to once again battle the monster lurking in Derry's sewers. Readers of Stephen King know that Derry, Maine, is a place with a deep, dark hold on the author. It reappears in many of his books, including *Bag of Bones*, *Hearts in Atlantis*, and *11/22/63*. But it all starts with *It*. "Stephen King's most mature work" (St. Petersburg Times), "It will overwhelm you...to be read in a well-lit room only" (Los Angeles Times).
