Its about what you craving currently. This 5th grade american history american presidents, as one of the most working sellers here will entirely be in the course of the best options to review.

The Black History of the White House Clarence Lusane 2013-01-23 The Black History of the White House presents the untold history, racial politics, and shifting significance of the White House as experienced by African Americans, from the generations of enslaved people who helped to build it or were forced to work there to its first black First Family, the Obamas. Clarence Lusane juxtaposes significant events in White House history with the ongoing struggle for democratic, civil, and human rights by black Americans and demonstrates that only during crises have presidents used their authority to advance racial justice. He describes how in 1901 the building was officially named the "White House" amidst a furious backlash against President Roosevelt for inviting Booker T. Washington to dinner, and how that same year that saw the consolidation of white power with the departure of the last black Congressman elected after the Civil War. Lusane explores how, from its construction in 1792 to its becoming the home of the first black president, the White House has been a prism through which to view the progress and struggles of black Americans seeking full citizenship and justice. "Clarence Lusane is one of America's most thoughtful and critical thinkers on issues of race, class and power."—Manning Marable "Barack Obama may be the first black president in the White House, but he's far from the first black person to work in it. In this fascinating history of all the enslaved people, workers and entertainers who spent time in the president's official residence over the years, Clarence Lusane restores the White House to its true colors."—Barbara Ehrenreich "Reading *The Black History of the White House* shows us how much we DON'T know about our history, politics, and culture. In a very accessible and polished style, Clarence Lusane takes us inside the key national events of the American past and present. He reveals new dimensions of the black presence in the US from revolutionary days to the Obama campaign. Yes, 'black hands built the White House'—enslaved black hands—but they also built this country's economy, political system, and culture, in ways Lusane shows us in great detail. A particularly important feature of this book its personal storytelling: we see black political history through the experiences and insights of little-known participants in great American events. The detailed lives of Washington's slaves seeking freedom, or the complexities of Duke Ellington's relationships with the Truman and Eisenhower White House, show us American racism, and also black America's fierce hunger for freedom, in brand new and very exciting ways. This book would be a great addition to many courses in history, sociology, or

ethnic studies courses. Highly recommended!"—Howard Winant "The White House was built with slave labor and at least six US presidents owned slaves during their time in office. With these facts, Clarence Lusane, a political science professor at American University, opens *The Black History of the White House* (City Lights), a fascinating story of race relations that plays out both on the domestic front and the international stage. As Lusane writes, 'The Lincoln White House resolved the issue of slavery, but not that of racism.' Along with the political calculations surrounding who gets invited to the White House are matters of musical tastes and opinionated first ladies, ingredients that make for good storytelling."—Boston Globe Dr. Clarence Lusane has published in *The Washington Post*, *The Miami Herald*, *The Baltimore Sun*, *Oakland Tribune*, *Black Scholar*, and *Race and Class*. He often appears on PBS, BET, C-SPAN, and other national media.

The Next President Kate Messner 2020-03-24 An inspiring and informative book for kids about the past and future of America's presidents. Who will be the NEXT president? Could it be you? When George Washington became the first president of the United States, there were nine future presidents already alive in America, doing things like practicing law or studying medicine. When JFK became the thirty-fifth president, there were 10 future presidents already alive in America, doing things like hosting TV shows and learning the saxophone. And right now—today!—there are at least 10 future presidents alive in America. They could be playing basketball, like Barack Obama, or helping in the garden, like Dwight D. Eisenhower. They could be solving math problems or reading books. They could be making art—or already making change. • A breezy, kid-friendly survey of American history and American presidents • Great for teachers, librarians, and other educators • Kate Messner's nonfiction picture books have been lauded by critics and received a variety of awards. For young readers and students who loved *The New Big Book of Presidents*, *Lincoln and Kennedy: A Pair to Compare*, and *Kid Presidents: True Tales of Childhood from America's Presidents*. A helpful addition to curriculums of 5th- to 8th-grade students studying U.S. History and civics and the federal government. • For readers ages 8-12 • U.S. history for kids • Students, librarians, teachers • 5th-8th-grade kids From award-winning author Kate Messner and New York Times bestselling artist Adam Rex comes a timely and compelling compendium about the U.S. presidents—before they were presidents. Kate Messner is an award-winning author whose many books for kids have been selected as Best Books by the New York Times, Junior Library Guild, IndieBound, and Bank Street College of Education. She lives on Lake Champlain with her family. Adam Rex is the author and illustrator of many beloved picture books and novels, including *Nothing Rhymes with Orange* and the New York Times bestseller *Frankenstein Makes a Sandwich*. musical theater, folk, country western, rock and roll, disco, funk, punk, rap, alternative, and contemporary Christian.

Eyewitness to the Past Joan Brodsky Schur 2007-01-01 Throughout history, people have often expressed controversial and conflicting interpretations of current events. In this unique resource, Joan Brodsky Schur reveals how compelling and engaging the study of history becomes when students use documents to imagine living through events in American history. *Eyewitness to the Past* examines six types of primary sources: diaries, travelogues, letters, news articles, speeches, and scrapbooks. Teachers will find interactive strategies to help students analyze the unique properties of each, and apply to them their own written work and oral argument. Students learn to express opposing viewpoints in documents, classroom interactions, and simulations such as staging congressional hearings, elections, or protests. They build crucial analytical thinking and presentation skills. Used together, the six strategies offer a varied and cohesive structure for studying the American past that reinforces material in the textbook, encourages creativity, activates different learning styles, and strengthens cognitive skills. Each chapter provides detailed instructions for implementing an eyewitness strategy set in a specific era of American history, and includes extensions for adapting the strategy to other time periods. In addition to the primary sources included in the book, examples of student work are presented throughout to aid teachers in evaluating the work of their own students. Rubrics and a list of resources are offered for each eyewitness strategy.

President of the Whole Fifth Grade Sherri Winston 2010-10-05 Start counting your votes . . . and your friends. When Brianna Justice's hero, the famous celebrity chef Miss Delicious, speaks at her school and traces her own success back to being president of her fifth grade class, Brianna determines she must do the same. She just knows that becoming president of her class is the first step toward her own cupcake-baking empire! But when new student Jasmine Moon announces she is also running for president, Brianna learns that she may have more competition than she expected. Will Brianna be able to stick to her plan of working with her friends to win the election fairly? Or will she jump at the opportunity to steal votes from Jasmine by revealing an embarrassing secret? This hilarious, heartfelt novel will appeal to any reader with big dreams, and the determination to achieve them.

John F. Kennedy Alan Brinkley 2012-05-08 The young president who brought vigor and glamour to the White House while he confronted cold war crises abroad and calls for social change at home John Fitzgerald Kennedy was a new kind of president. He redefined how Americans came to see the nation's chief executive. He was forty-three when he was inaugurated in 1961—the youngest man ever elected to the office—and he personified what he called the "New Frontier" as the United States entered the 1960s. But as Alan Brinkley shows in this incisive and lively assessment, the reality of Kennedy's achievements was much more complex than the legend. His brief presidency encountered significant failures—among them the Bay of Pigs fiasco, which cast its shadow on nearly every national-security decision that followed. But Kennedy also had successes, among them the Cuban Missile Crisis and his belated but powerful stand against segregation. Kennedy seemed to live on a knife's edge, moving from one crisis to another—Cuba, Laos, Berlin, Vietnam, Mississippi, Georgia, and Alabama. His controversial public life mirrored his hidden private life. He took risks that would seem reckless and even foolhardy when they emerged from secrecy years later. Kennedy's life, and his violent and sudden death, reshaped our view of the presidency. Brinkley gives us a full picture of the man, his times, and his

enduring legacy.

Presidents' Day Activities Pamela Friedman 1996-01-01

Presidents of the United States of America Franklin Taylor 2019-09-08 A history of the office of the President of the United States, from 1789 to the present... Resources in Education 1997-04

U. S. Presidents John Heath 2004 WHAT IT IS: This fun and hilarious musical play helps you teach the standards while bringing your classroom to life! Easy-to-do play comes with script, audio CD, and teacher's guide. NO music or drama experience is required; you don't have to sing or play a note! Go big and perform on stage, keep it simple with a classroom performance, or simply do reader's theater in class. No fancy sets, costumes, or performance spaces are needed, so it's all up to you! Flexible casting for 8-40 students and permission to edit the script and songs make it easy to tailor the play to the needs of your class and community. Your purchase of one copy per teacher includes permission to photocopy the script for students. /// WHAT IT TEACHES: "U.S. Presidents" introduces students to the first 16 presidents of the country, from George Washington to Abraham Lincoln. The show reviews the most outstanding achievements of the presidents, providing a lively overview of early American history, including the origins of political parties and the nature of the executive branch. 30 minutes; grades 3-8. /// SYNOPSIS: A 5th grade class is visiting a museum of American history, and boy are they in for a surprise: the actual presidents are there to greet them! Plenty of other famous characters drop by too, like Abigail Adams, Alexander Hamilton, Aaron Burr, Dolly Madison, Elizabeth Cady Stanton, and Susan B. Anthony. /// WHAT IT DOES: "U.S. Presidents: Washington to Lincoln" is a great complement to your curriculum resources in social studies. And, like all Bad Wolf Press plays, this show can be used to improve reading comprehension, vocabulary, performance and speaking skills, class camaraderie and teamwork, and school engagement and parental involvement; all while enabling students to be part of a truly fun and creative experience they will never forget!
