The Devil's Only Friend Mitchell Bartoy 2006-10-17 It is the fall of 1943, and the city of Detroit is doing its best to recover from the explosive race riots that marked the recent summer. The police are working overtime to protect the auto plants and ensure that their massive machinery continues to churn out the steel that comprises America's lifeblood overseas. Pete Caudill, late of the Detroit detective squad, is passing the time sitting on the fire escape of a squalid rented room, consumed by the ghosts of his past, including the black teenager he shot and killed years ago and a similar boy whose life he saved in the recent riots. When a young woman distantly connected to Caudill is murdered, her blood threatens to stain the reputation of the Lloyd family, scions of Detroit's all-powerful auto industry. Caudill himself has a certain reputation with the Lloyds, plus a direct link to the complicated man who runs the company and, some say, the city of Detroit itself. As a desperate investigation unfolds and the war effort rages on, the tentacles of a menacing conspiracy reach deep into the soul of the powerful Lloyd family and threaten to squelch the very heart of American patriotism beating within. It's up to Pete Caudill, using whatever meager resources he can assemble, to put down the sinister forces working against the Lloyds, perhaps in the process preserve America's chances in the war—and discover an unexpected second chance at his own life.

In a town where secrets lurk just below the surface, and where a murderer is on the loose, nobody can be presumed innocent—and La Cachette's dark and shallow lies may just rip the town apart.

Drop Dead Gorgeous 2021 "Drop Dead Gorgeous is a visual book comprised of scientific and editorial illustrations of the Covid-19 virus sourced online during April, May and June, 2020. This second edition which came out in January 2021, includes images of the vaccine promising hope for the end of the pandemic. In the style of colorist painting, the book sequence reveals the tension between the seductive aesthetics of the picture and its deadly pandemic effect. While scientific images transform into editorial illustrations, the book gains momentum building a narrative toward a sci-fi ending. The second edition includes images of social inequities brought out by the pandemic and the discovery of vaccines. Like photographs made of the Kennedy assassination, the Challenger disaster, and the terror of 9/11, the iconic imagery of Covid-19 collected in Drop Dead Gorgeous is informed by a world wide visual lexicon specific to this moment."--Colophon.
