Superstart Violin Mary Cohen 2006-08 Superstart is a breakthrough for beginner violinists, full of exciting music and fun activities from the very first lesson to inspire and stimulate pupils and teachers. Mary Cohen is one of Britain's leading string teachers and this new edition is a distillation of her many years of teaching and research - a core method now in one book. Complete violin technique is introduced from the start, providing a solid foundation and taking the player up to early elementary level. Carefully structured, each unit covers a clear technical point through expertly written pieces, providing the student with a true musical experience at each tiny step. Mary takes an imaginative child-orientated approach throughout, encouraging interaction and the exploration of new sound worlds through a superb variety of music. The accompanying CD provides all the piano accompaniments, with unique cue entries to help beginners get started. For extra flexibility, most of the pieces in the violin, viola and cello book are compatible, making this a great resource for individual or group teaching.

The Devil's Dictionary Ambrose Bierce 1911 Bierce exploits the comic potential of the dictionary format to mock the doublespeak prominent in post-Civil War politics. Using short, pithy entries on a variety of subjects, this "reference book" inverts the meaning of words, skewers popular hypocrisy and showcases Bierce's dark humor. Many of these entries began as newspaper columns Bierce wrote in the 1870s. One hundred years later, it is clear that the America he lampoons is not that different from our own.

Basics Simon Fischer 1997 Basics is a collection of practice methods and exercises, and belongs on the music stand, not on the bookshelf. It can be used by players of all standards, from concert violinists to students. Much of the material is also suitable for teaching elementary players. Each exercise is designed to achieve the maximum possible result in the least possible time. Some are very short and need to be done only once or twice to explore a particular aspect of technique. Others are practice routines or warm-up exercises that can be returned to regularly. Basics is not a book to play through from cover to cover (though, for easy reference, the exercises are numbered sequentially throughout). Everybody's needs are different, and there is little point in practising anything that does not need to be practised. The book is invaluable, however, in its presentation of the most effective technical work in a single volume, making it possible to work directly on any aspect of technique that needs attention.

The Violin Conspiracy Brendan Slocumb 2022-02-01 GOOD MORNING AMERICA BOOK CLUB PICK! • Ray McMillian is a Black classical musician on the rise—undeterred by the pressure and prejudice of the classical music world—when a shocking theft sends him on a desperate quest to recover his great-great-grandfather's heirloom violin on the eve of the most prestigious musical competition in the world. “I loved *The Violin Conspiracy* for exactly the same reasons I loved *The Queen's Gambit*: a surprising, beautifully rendered underdog hero I cared about deeply and a fascinating, cutthroat world I knew nothing about—in this case, classical music.” —Chris Bohjalian, #1 New York Times bestselling author of *The*

Flight Attendant and Hour of the Witch Growing up Black in rural North Carolina, Ray McMillian's life is already mapped out. But Ray has a gift and a dream—he's determined to become a world-class professional violinist, and nothing will stand in his way. Not his mother, who wants him to stop making such a racket; not the fact that he can't afford a violin suitable to his talents; not even the racism inherent in the world of classical music. When he discovers that his beat-up, family fiddle is actually a priceless Stradivarius, all his dreams suddenly seem within reach, and together, Ray and his violin take the world by storm. But on the eve of the renowned and cutthroat Tchaikovsky Competition—the Olympics of classical music—the violin is stolen, a ransom note for five million dollars left in its place. Without it, Ray feels like he's lost a piece of himself. As the competition approaches, Ray must not only reclaim his precious violin, but prove to himself—and the world—that no matter the outcome, there has always been a truly great musician within him.
