**Ear Acupuncture** Beate Strittmatter 2003 A novelty to the international market both in concept and realization, this pocket atlas allows the reader to both effectively learn and quickly reference ear acupuncture points. Clear, simple images accompany concise and "to-the-point" texts creating an educational tool for the localization of ear acupuncture points. The resourcefulness of the book is increased by the inclusion of the projection of the body meridians onto the auricle according to Bahr. Besides, "prescriptions" of point combinations according to some indications are included. The reader will profit from the extensive international teaching experience of Beate Strittmatter. Through her former teacher, Frank Bahr, who cooperated directly with Dr. Paul Nogier, she stands in the direct tradition of the founder of Western auriculotherapy.

Identifying and Treating Blockages to Healing Beate Strittmatter 2004 With chronic illnesses on the rise, many of which are resistant to therapy, attention is increasingly focused on new ways of understanding disease processes. Regions of minimal chronic stress are often neglected as potential causes of disease due to their lack of symptoms, when in fact they may be the actual blockage to the healing process. These blockages are known as focal disturbances. In many cases, where such foci were found and treated with ear acupuncture or neural therapy, chronic ailments that previously resisted conventional treatments subsided. This book addresses the basic concepts and information about this revolutionary approach to healing: The definition of focal disturbances How to diagnose, locate, and treat foci the role of ear acupuncture in treating focal disturbances Profit from the author's years of international teaching experience and learn the basics and application of this important diagnostic tool to expand your treatment and remove blockages to healing.

Huang Di Nei Jing Su Wen Paul U. Unschuld 2011-07-28 A foundation of Chinese life sciences and medicine, the Huang Di Nei Jing Su Wen is now available for the first time in a complete, fully annotated English translation. Also known as Su Wen, or The Yellow Emperor's Inner Classic, this influential work came into being over a long period reaching from the 2nd century bce to the 8th century ce. Combining the views of different schools, it relies exclusively on

natural law as conceptualized in yin/yang and Five Agents doctrines to define health and disease, and repeatedly emphasizes personal responsibility for the length and quality of one's life. This two-volume edition includes excerpts from all the major commentaries on the Su Wen, and extensive annotation drawn from hundreds of monographs and articles by Chinese and Japanese authors produced over the past 1600 years and into the twentieth century.
