High School Dance Starbuck O'Dwyer 2016-03-23 Welcome to High School Dance, the sequel to How to Raise a Good Kid. I'm glad you're here. This book is the culmination of a project that began shortly after my wife and I welcomed our son to the world. Like most first-time fathers, I felt a new and profound sense of responsibility and immediately became determined to pass along every lesson I believed was important. So even though my pride and joy was only drooling, pooping and sleeping at this point, and was years away from absorbing his dad's hard-earned wisdom, I refused to let any of those pesky details get in my way. First, I made a list of the events of my childhood that taught me the most, the ones that made the biggest impressions, both good and bad. This exercise forced me to revisit many harrowing experiences such as batting zero in little league baseball, my chronic addiction to a blanket, my disastrously unsuccessful try-out for the role of Winthrop in The Music Man, and the time I mooned the entire sixth grade. I wanted to let my son know whatever hardship he might face; his father had already been there, learned something of value and survived. I also wanted to let him know about all the fun and joy I experienced as a child and the love my parents showed me. After compiling my list, however, I realized it wasn't going to be enough. What if, God forbid, I wasn't around to tell him the full story behind each enumerated item? I couldn't bear the thought so I decided to turn the list into a book of stories about my childhood. Over time, the project evolved into two books: one about my grade school years, How to Raise a Good Kid, and one about my junior and senior high school years, High School Dance. I truly hope you enjoy these collections. Few times in life are more memorable than our school years. Humiliation, heartbreak and failure are abundant, and that's on a good day. No matter who you are, coming of age is

exciting, confusing and sometimes downright dangerous, and I've tried to capture both the agony and the ecstasy. My wife and I were fortunate enough to add a daughter to our family in the intervening years and my great hope is that she and her brother will someday read these stories, learn a few lessons, come to know their father even better, and above all, remember how much I love them.

**Historian** Hermann Giliomee 2017-12-29 In this eloquent memoir, already widely read and praised in the author's native South Africa, Hermann Giliomee weaves together the story of his own life with that of his country--a nation that continues to absorb and inspire him, both despite and because of its tortuous history. An internationally respected historian--his landmark *The Afrikaners*, writes J. M. Coetzee, "includes an account of the origins and demise of apartheid that must rank as the most sober, objective and comprehensive we have"-- Giliomee has devoted a lifetime to exploring the origins and perpetuation of the deep divisions in South African society. Although he grew up in the heart of the Afrikaner nationalist movement, he soon began to cut his own path in examining the rise and entrenchment of exclusive Afrikaner power and became one of the National Party's chief critics. As an "outside insider"--or, to his critics, a "snake in the grass"--Giliomee has an understanding of Afrikaner power that is informed and nuanced. He has engaged with members on all sides of South Africa's debates--many of whom appear in these pages through vivid and insightful portraits--and his outspokenness has hit nerves across the political spectrum. The personal journey of this original and courageous thinker will appeal to anyone interested in the complexities of South Africa's past and present. *Reconsiderations in Southern African History*

**South African Language Rights Monitor 2011 / Suid-Afrikaanse Taalregtemonitor 2011** Johan Lubbe 2016-01-05 The SALRM 2011 provides a rich source of information on a range of language-related subjects. A prominent issue remains the changing of street and place names, including the Pretoria/Tshwane and Louis Trichardt/Makhado sagas. Language in education remains a thorny issue; as medium of instruction at school and tertiary level, and the proposal that passing an African language should be a requirement in order to obtain a tertiary degree in South Africa. In terms of language legislation, the draft version of the National Language Act was proposed. The language of record in courts also received attention in the media.

**Crossover Fiction** Sandra L. Beckett 2010-11-24 In *Crossover Fiction*, Sandra L. Beckett explores the global trend of crossover literature and explains how it is transforming literary canons, concepts of readership, the status of authors, the publishing industry, and bookselling practices. This study will have significant relevance across disciplines, as scholars in literary studies, media and cultural studies, visual arts, education, psychology, and sociology examine the increasingly blurred borderlines between adults and young people in contemporary society, notably with regard to their consumption of popular culture.

**Translation Revision and Post-editing** Maarit Koponen 2020-10-26 *Translation Revision and Post-editing* looks at the apparently dissolving boundary between correcting translations generated by human brains and those generated by machines. It presents new research on post-editing and revision in government and corporate translation departments, translation agencies, the literary publishing sector and the volunteer sector, as well as on training in both types of translation checking work. This collection includes empirical studies based on surveys, interviews and keystroke logging, as well as more theoretical contributions questioning such traditional distinctions as translating versus editing. The chapters discuss revision and post-editing involving eight languages: Afrikaans, Catalan, Dutch, English, Finnish, French, German and Spanish. Among the topics covered are translator/reviser relations and revising/post-editing by non-professionals. The book is key reading for researchers, instructors and advanced students in Translation Studies as well as for professional translators with a special interest in checking translations.

*The Short Story in South Africa* Rebecca Fasselt 2022-03-25 This book considers the key critical interventions on short story writing in South Africa written in English since the year 2000. The short story genre, whilst often marginalised in national literary canons, has been central to the trajectory of literary history in South Africa. In recent years, the short story has undergone a significant renaissance, with new collections and young writers making a significant impact on the contemporary literary scene, and subgenres such as speculative fiction, erotic fiction, flash fiction and queer fiction expanding rapidly in popularity. This book examines the role of the short story genre in reflecting or championing new developments in South African writing and the ways in which traditional boundaries and definitions of the short story in South Africa have been reimagined in the present. Drawing together a range of critical interventions, including scholarly articles, interviews and personal reflective pieces, the volume traces some of the aesthetic and thematic continuities and discontinuities in the genre and sheds new light on questions of literary form. Finally, the book considers the place of the short story in twenty-first century writing and interrogates the ways in which the short story form may contribute to, or recast ideas of, the post-apartheid or post-transitional. The perfect guide to contemporary short story writing in South Africa, this book will be essential reading for researchers of African literature.

**The Columbia Guide to South African Literature in English Since 1945** Gareth Cornwell 2010 From the outset, South Africa's history has been marked by division and conflict along racial and ethnic lines. From 1948 until 1994, this division was formalized in the National Party's policy of apartheid. Because apartheid intruded on every aspect of private and public life, South African literature was preoccupied with the politics of race and social engineering. Since the release from prison of Nelson Mandela in 1990, South Africa has been a new nation-in-the-making, inspired by a nonracial idealism yet beset by poverty and violence. South African writers have responded in various ways to Njabulo Ndebele's call to "rediscover the ordinary." The result has been a kaleidoscope of texts in which evolving cultural forms and modes of identity are rearticulated and explored. An invaluable guide for general readers as well as scholars of African literary history, this comprehensive text celebrates the multiple traditions and exciting future of the South African voice. Although the South African Constitution of 1994 recognizes no fewer than eleven official languages, English has remained the country's literary lingua franca. This book offers a narrative overview of South African literary production in English from 1945 to the postapartheid present. An introduction identifies the most interesting and noteworthy writing from the period. Alphabetical entries provide accurate and objective information on genres and writers. An appendix lists essential authors published before 1945.

**Creating Books for the Young in the New South Africa** Barbara A. Lehman, 2014-10-01 This collection of essays analyzes the work of 29 authors and illustrators. South African children's and youth literature has a long history. The country is the most prolific publisher of children's books on the continent, producing perhaps the highest quality literature in Africa. Its traditions resonate within the larger world of children's literature but are solidly grounded in African myth and archetypes. The African diaspora in the U.S. and elsewhere have stories rooted in these oral traditions. Much has changed in South African literature for children since the 1994 transformation of the country. A field once dominated by all white and mostly female writers and illustrators has diversified, adding many new voices.

**In the Heat of Shadows** Denis Hirson 2014-12-29 South African poetry today is charged with restlessness, bursting with diversity. Gone is the intense inward focus required to deal with a situation of systematic oppression, the enclosing effort of concentration on a single predicament. While politics and identity continue to be central themes, the poetry since the late 1990s reveals a richer investigation of ancestors and history, alongside more experimentation with language and translation; and enduring concern with the touchstones of love, loss, memory, and acts of witnessing. *In the Heat of Shadows: South African Poetry 1996-2013* presents work by 33 poets and includes some translations from Afrikaans, isiXhosa, isiZulu, Sesotho and Xitsonga. This collection follows on from Denis Hirson's 1997 anthology *The Lava of this Land: South African Poetry 1960-1996*.

Vivid, graceful, and unapologetic, it details a daily life of severe poverty and brutal police surveillance under the subjugation of an apartheid regime. Banned in South Africa after its original 1959 publication for its protest against apartheid, *Down Second Avenue* is a foundational work of literature that continues to inspire activists today. For more than sixty-five years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,500 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Dirt Like Blood: Stories from Southern Africa Matt Artz

In Corner B Es'kia Mphahlele 2011-01-25 The quintessential story collection from "the most important black South African writer of the present age" (George Moore). Originally published in 1967, In Corner B contains the core stories of the original editions, together with more recent pieces, and is the first new edition of Mphahlele's work since his death in 2008. Written after his return from exile, these stories inimitably capture life in both rural and urban South Africa during the days of apartheid. A new introduction by Peter Thuynsma, a South African scholar and former Mphahlele student, presents the "dean of African letters" to a new generation of readers.
