**Fool's Gold** Mark Y. Herring 2009-08-12 This work skeptically explores the notion that the internet will soon obviate any need for traditional print-based academic libraries. It makes a case for the library's staying power in the face of technological advancements (television, microfilm, and CD-ROM's were all once predicted as the contemporary library's heir-apparent), and devotes individual chapters to the pitfalls and prevarications of popular search engines, e-books, and the mass digitization of traditional print material.

**Transitional Justice and Education** Clara Ramírez-Barat 2018-07-16 This volume addresses the role and importance of education for processes of transitional justice. In the aftermath of conflict and mass violence, education has been one of the tools with which societies have sought to achieve positive transformation. While

education has the potential to trigger, maintain, and exacerbate conflict, it has also been designed to promote a deeper, more nuanced understanding of the past and to advance reconciliation, peacebuilding, and prevention. The original contributions in the book reflect on lessons learned from education policies of the past in post-conflict societies and seek innovative, sustainable, and context-sensitive grassroots approaches, designed to advocate critical thinking, values of inclusion and tolerance, and ultimately a culture of peace.

**Japanese Fairy Tales** Yei Theodora Ozaki 2022-06-09 First published in 1908, 'Japanese Fairy Tales' is a book of beautiful legends and fairy tales of Japan that were collected, translated and retold by the author, Yei Theodora Ozaki, an early translator of Japanese short stories and fairy tales. Her translations have been very popular, and were reprinted hundreds of times after her death. It is a delightful introduction to the culture of Japan through its traditional children's stories. In part, the project was the result of a suggestion made by her friend Andrew Lang, another collector of fairy stories, who printed his stories in the many Colored Fairy Books. They feature animals and humans, creatures normal and fantastical, peasants and kings. They contain 22 tales that include ghouls, goblins and ogres, sea serpents and sea kings, kindly animals and magic birds; demons and dragons; princes and princesses. Some are 'Momotaro', 'The Son of a Peach', 'The Jellyfish and the Monkey', 'The Mirror of Matsuyama', 'The Bamboo Cutter and the Moon Child', 'The Stones of Five Colors and the

Empress Jokwa'.

Fiela's Child Dalene Matthee 2012-10-02 A child wanders too far into the Knysna Forest ... he never returns. Nine years later government officials working on a census find a white child living with a Coloured family in the mountains beyond the forest. They take him away from the stricken Fiela, who has brought him up as her son, and give him back to his 'original' family. Stunned and helpless, Benjamin waits for Fiela to reclaim him. But, powerless against authority, Fiela never comes. Benjamin has to grow up before he can go in search of the truth ...

*Building Strong Friendships* David C. Cook 2002-09-01 Building Strong Friendships . . . We Need Them! "Sin always tends to make us blind to our own faults," writes James Houston, quoted in the book *Connecting*. "We need a friend to stop us from deceiving ourselves that what we are doing is not so bad after all. We need a friend to help us overcome our low-image, insulated self-importance, selfishness, pride, our deceitful nature, our dangerous fantasies. . . ." True, but there are so many other reasons we need close friends! And they are happy reasons, having nothing to do with sin and dysfunction. After all, what good is a smashing success without a close friend to share in our joy? What would a scrumptious dinner be like without a pal across the table to savor it with? And how can we ever truly know the good in ourselves unless our friend reminds us to take a second look and —especially in the times when we're so down on ourselves, blinded to the wonderful gifts God has given us. The Scripture agrees when it says: Two are better than one, because they have a good return for their work. If one falls down, his friend can help him up. But pity the man who falls and has no one to help him up! - Ecclesiastes 4:9-10 Yes, we need close friends because we often stumble and need help getting up. In short, we need encouragement, affirmation, warmth, and smiling eyes looking back into ours.

We'll never grow beyond our need for close friends, so let's learn how to create those friendships and keep them going strong.

**Lost City Radio** Daniel Alarcon 2009-10-13 “Daniel Alarcon writes about subterfuge, lies, and the arbitrary recreation of history with a masterful clarity. By accepting the premise that war is senseless, he goes on to make sense of the lives that are destroyed in its wake. Lost City Radio is both ambitious and resonant.” — Ann Patchett, bestselling author of *Bel Canto* and *The Dutch House* In his critically acclaimed debut novel, award winning author Daniel Alarcón vividly portrays an anonymous nation searching for its identity at the end of a war with no clear right or wrong. For ten years, Norma has been the on-air voice of consolation and hope for the Indians in the mountains and the poor from the barrios—a people broken by war's violence. As the host of Lost City Radio, she reads the names of those who have disappeared—those whom the furiously expanding city has swallowed. Through her efforts lovers are reunited and the lost are found. But in the aftermath of the decade long bloody civil conflict, her own life is about to forever change—thanks to the arrival of a young boy from the jungle who provides a cryptic clue to the fate of Norma's vanished husband. Stunning, timely, and absolutely mesmerizing, *Lost City Radio* probes the deepest questions of war and its meaning: from its devastating impact on society to the emotional scarring each survivor carries for years after.

**Charlotte's Web** E. B. White 2015-03-17 Don't miss one of America's top 100 most-loved novels, selected by PBS's The Great American Read. This beloved book by E. B. White, author of *Stuart Little* and *The Trumpet of the Swan*, is a classic of children's literature that is "just about perfect." Illustrations in this ebook appear in vibrant full color on a full-color device and in rich black-and-white on all other devices. Some Pig. Humble.

Radiant. These are the words in Charlotte's Web, high up in Zuckerman's barn. Charlotte's spiderweb tells of her feelings for a little pig named Wilbur, who simply wants a friend. They also express the love of a girl named Fern, who saved Wilbur's life when he was born the runt of his litter. E. B. White's Newbery Honor Book is a tender novel of friendship, love, life, and death that will continue to be enjoyed by generations to come. It contains illustrations by Garth Williams, the acclaimed illustrator of E. B. White's Stuart Little and Laura Ingalls Wilder's Little House series, among many other books. Whether enjoyed in the classroom or for homeschooling or independent reading, Charlotte's Web is a proven favorite.

Nothing But the Truth Avi 2010 Ninth-grader Philip Malloy's suspension for humming "The Star-Spangled Banner" during homeroom becomes a national news story.

Researching Student Learning in Higher Education Jennifer M. Case 2013-07-31 Many contemporary concerns in higher education focus on the student experience of learning. With a larger and much more diverse intake than ever before, linked with a declining unit of resource, questions are being asked afresh around the purposes of higher education. Although much of the debate is currently focused on issues of student access and success, a simple input-output model of higher education is insufficient. This book turns this conversation on its head, by inserting a full consideration of student agency into the context of higher education. Working sociologically, it explores the influence of the social context on what the individual student achieves. The theoretical tenets of a social realist approach are laid out in detail in the book; the potential value of this approach is then illustrated by a case study of student learning in engineering education. Employing Margaret Archer's social realist theory, an analysis of student narratives is used to work towards a realist understanding of the underlying mechanisms that constrain and enable student success. Building on this analysis, the book develops a novel set of proposals for potential ways forward in improving student learning in higher education.

An Introduction to Language and Linguistics Ralph Fasold 2006-03-06 This accessible textbook is the only introduction to linguistics in which each chapter is written by an expert who teaches courses on that topic, ensuring balanced and uniformly excellent coverage of the full range of modern linguistics. Assuming no prior knowledge the text offers a clear introduction to the traditional topics of structural linguistics (theories of sound, form, meaning, and language change), and in addition provides full coverage of contextual linguistics, including separate chapters on discourse, dialect variation, language and culture, and the politics of language. There are also up-to-date separate chapters on language and the brain, computational linguistics, writing, child language acquisition, and second-language learning. The breadth of the textbook makes it ideal for introductory courses on language and linguistics offered by departments of English, sociology, anthropology, and

communications, as well as by linguistics departments.

**English as a Global Language** David Crystal 2012-03-29 David Crystal's classic *English as a Global Language* considers the history, present status and future of the English language, focusing on its role as the leading international language. English has been deemed the most 'successful' language ever, with 1500 million speakers internationally, presenting a difficult task to those who wish to investigate it in its entirety. However, Crystal explores the subject in a measured but engaging way, always backing up observations with facts and figures. Written in a detailed and fascinating manner, this is a book written by an expert both for specialists in the subject and for general readers interested in the English language.

Rise Above Greg Little 2011-09-01 *Rise Above* is a detailed description of one man's journey of conquering adversity. You will read how the writer survived a near-fatal motor vehicle accident, which resulted in three skull fractures, a bruised brain, an eight-day coma and having to relearn how to walk and talk - made all the more challenging by a lingering speech impediment acquired in childhood. Stuttering is an awful burden for a person to carry throughout life. Children can be cruel. The writer's utmost fear, speaking in public, would one day be an ally and allow him to present programs extensively throughout the United States. This book is not about surviving adversity. It's about thriving beyond adversity. Greg Little, a nationally renowned speaker and motivator, has presented to diverse groups, including health care, business and professional organizations, and educational institutions. His programs emphasize active involvement by participants. Whether teaching professionals to cope with stress, bond as a productive group or realize their hidden strengths, his seminars and keynote addresses are hard hitting and memorable. During one of Greg's presentations, I was laughing so hard that tears were literally streaming down my face. - Dr. Ed Kesgen; Sylva, NC One of the most energized, creative and innovate presentations I have ever experienced.- Jim Brennan, National Consultant; Wilbraham, MA Dr. Greg Little is superb speaker. This is an excellent investment in continuing education - Nancy DeBolt; Torrington, WY
