Stages of Evil Robert Lima 2005-01-01 "The evil that men do" has been chronicled for thousands of years on the European stage, and perhaps nowhere else is human fear of our own evil more detailed than in its personifications in theater. In *Stages of Evil*, Robert Lima explores the sociohistorical implications of Christian and pagan representations of evil and the theatrical creativity that occultism has engendered. By examining examples of alchemy, astronomy, demonology, exorcism, fairies, vampires, witchcraft, hauntings, and voodoo in prominent plays, *Stages of Evil* explores American and European perceptions of occultism from medieval times to the modern age.

Ghosts of Colonies Past and Present Mary L. Coffey 2020-09-30 *Ghosts of Colonies Past and Present* is the first comprehensive examination of how the literary production of Benito Pérez Galdós, widely considered Spain's greatest nineteenth-century novelist, addresses the impact of imperial loss on the citizens of Spain. Well before the events that would lead inexorably toward 1898, Galdós's texts question the nature of Spanish imperialism and the effect of colonial history on the lives of metropolitan

citizens. Methodologically framed by trauma studies, affect studies and the concept of the imperial turn, a close reading of the texts reveals Galdós's preoccupation with explaining not only how Spain lost its vast territories in the Americas in the early part of the century but also how Spanish citizens could manage the trauma of that loss through a reconfiguration of national identity. His novels reveal the deeply entwined nature of colonial relations and how Spain attempted to process the trauma of imperial loss. Moreover, by recognizing that this process extended across the nineteenth century, it becomes clear that Spain's engagement with European cultural and literary movements was, contrary to the assumptions of European imperialism, neither slow nor imitative but rather illustrative of the nation's unique position on the cusp of the historical shift to the postcolonial present.

The Poet Slave of Cuba Margarita Engle 2015-01-13 A lyrical biography of a Cuban slave who escaped to become a celebrated poet. Born into the household of a wealthy slave owner in Cuba in 1797, Juan Francisco Manzano spent his early years by the side of a woman who made him call her Mama, even though he had a mama of his own. Denied an education, young Juan still showed an exceptional talent for poetry. His verses reflect the beauty of his world, but they also expose its hideous cruelty. Powerful, haunting poems and breathtaking illustrations create a portrait of a life in which even the pain of slavery could not extinguish the capacity for hope. The Poet Slave of Cuba is the winner of the 2008 Pura Belpré Medal for Narrative and a 2007 Bank Street - Best Children's Book of the Year. Latino Interest.

The Map of Salt and Stars Zeyn Joukhadar 2019-03-12 This powerful and lyrical debut novel is to Syria what *The Kite Runner* was to Afghanistan; the story of two girls living eight hundred years apart—a modern-day Syrian refugee seeking safety and an adventurous mapmaker's apprentice—"perfectly aligns with the cultural moment" (*The Providence Journal*) and "shows how interconnected two supposedly opposing worlds can be" (*The New York Times Book Review*). This "beguiling" (*Seattle Times*) and stunning novel begins in the summer of 2011. Nour has just lost her father to cancer, and her mother moves Nour and her sisters from New York City back to Syria to be closer to their family. In order to keep her father's spirit alive as she adjusts to her new home, Nour tells herself their favorite story—the tale of Rawiya, a twelfth-century girl who disguised herself as a boy in order to apprentice herself to a famous mapmaker. But the Syria Nour's parents knew is changing, and it isn't long before the war reaches their quiet Homs neighborhood. When a shell destroys Nour's house and almost takes her life, she and her family are forced to choose: stay and risk more violence or flee across seven countries of the Middle East and North Africa in search of safety—along the very route Rawiya and her mapmaker took eight hundred years before in their quest to chart the world. As Nour's family decides to take the risk, their journey becomes more and more dangerous, until they face a choice that could mean the family will be separated forever. Following alternating timelines and a pair of unforgettable heroines coming of age in perilous times, *The Map of Salt and Stars* is the "magical and heart-wrenching" (*Christian Science Monitor*) story of one girl telling herself the legend of another and learning that, if you listen to your own voice, some things can never be lost.

A New Reference Grammar of Modern Spanish John Butt 2012-12-06 (abridged and revised) This reference grammar offers intermediate and advanced students a reasonably comprehensive guide to the morphology and syntax of educated speech and plain prose in Spain and Latin America at the end of the twentieth century. Spanish is the main, usually the sole official language of twenty-one countries,} and it is set fair to overtake English by the year 2000 in numbers 2 of native speakers. This vast geographical and political diversity ensures that Spanish is a good deal less unified than French, German or even English, the latter more or less internationally standardized according to either American or British norms. Until the 1960s, the criteria of internationally correct Spanish were dictated by the Real Academia Espanola, but the prestige of this institution has now sunk so low that its most solemn decrees are hardly taken seriously - witness the fate of the spelling reforms listed in the *Nuevas normas de prosodia y ortografia*, which were supposed to come into force in all Spanish-speaking countries in 1959 and, nearly forty years later, are still selectively ignored by publishers and literate persons everywhere. The fact is that in Spanish 'correctness' is nowadays decided, as it is in all living languages, by the consensus of native speakers; but consensus about linguistic usage is obviously difficult to achieve between more than twenty independent, widely scattered and sometimes mutually hostile countries. Peninsular Spanish is itself in flux.

Silver People Margarita Engle 2014-03-25 One hundred years ago, the world celebrated the opening of the Panama Canal, which connected the world's two largest oceans and signaled America's emergence as a global superpower. It was a miracle, this path of water where a mountain had stood—and creating a miracle is no easy thing. Thousands lost their lives, and those who survived worked under the harshest conditions for only a few silver coins a day. From the young "silver people" whose back-breaking labor built the Canal to the denizens of the endangered rainforest itself, this is the story of one of the largest and most difficult engineering projects ever undertaken, as only Newbery Honor-winning author Margarita Engle could tell it.

Dark Prisms Robert Lima 2021-10-21 The mythological, folkloric, and religious beliefs of Western culture have resulted in a long and ongoing history of esoteric themes in theatre from the Middle Ages to the present in Spain and the America. Now Robert Lima, a noted comparatist, brings to bear on this material his wide knowledge of the world of the occult. Lima defines the terms "occult" and "occultism" broadly to embrace the many ways in which humans have sought to fathom a secret knowledge held to be accessible only through such supernatural agencies as alchemy, angelology, asceticism, astrology,

demonolatry, divination, ecstasy, magic, necromancy, possession, Santeria, séances, voodoo, and witchcraft. The dramatic works covered range from medieval materializations of Hell to the Golden Age plays of Lope de Vega, Tirso de Molina, and Calderón de la Barca, to modern stage works by Valle-Inclán, García Lorca, Casona, Miras, and a number of significant Afro-Brazilian and Caribbean dramatists. The concluding comprehensive bibliography of the drama of the occult is invaluable.

The Raven Edgar Allan Poe 1883

Enrique Granados Walter Aaron Clark 2006 "Granados was among the leading pianists of his time, and his eloquence at the keyboard inspired critics to dub him the "poet of the piano." In *Enrique Granados: Poet of the Piano*, Walter Aaron Clark offers the first substantive study in English of this virtuoso pianist, composer, and music pedagogue. While providing detailed analyses of his major works for voice, piano, and the stage, Clark argues that Granados's art represented a unifying presence on the cultural landscape of Spain during a period of imperial decline, political unrest, and economic transformation. Drawing on newly discovered documents, Clark explores the cultural spheres in which Granados moved, particularly of Castile and Catalonia. Granados's best-known music was inspired by the art of Francisco Goya, especially the *Goyescas* suite for solo piano that became the basis for the opera. These pieces evoked the colorful and dramatic world that Goya inhabited and depicted in his art. Granados's fascination with Goya's Madrid set him apart from fellow nationalists Albeniz and Falla, who drew their principal inspiration from Andalusia. Though he was resolutely apolitical, Granados's attraction to Castile antagonized some Catalan nationalists, who resented Castilian domination. Yet, Granados also made important contributions to Catalan musical theater and was a prominent figure in the modernist movement in Barcelona."

Jazz Owls Margarita Engle 2018-05-08 "Perfect for history buffs, dance enthusiasts, poets, and just about anyone looking for a great story." —School Library Journal (starred review) From the Young People's Poet Laureate Margarita Engle comes a searing novel in verse about the Zoot Suit Riots of 1943. Thousands of young Navy sailors are pouring into Los Angeles on their way to the front lines of World War II. They are teenagers, scared, longing to feel alive before they have to face the horrors of battle. Hot jazz music spiced with cool salsa rhythms beckons them to dance with the local Mexican American girls, who jitterbug all night before working all day in the canneries. Proud to do their part for the war effort, these Jazz Owl girls are happy to dance with the sailors—until the blazing summer night when racial violence leads to murder. Suddenly the young white sailors are attacking the girls' brothers and boyfriends. The cool, loose zoot suits they wear are supposedly the reason for the violence—when in reality the boys are viciously beaten and arrested simply because of the color of their skin. In soaring images and searing poems, this is the breathtaking story of what became known as the Zoot Suit Riots.

Amazon Peasant Societies in a Changing Environment Cristina Adams 2008-12-02 Amazonia is never quite what it seems. Despite regular attention in the media and numerous academic studies the Brazilian Amazon is rarely appreciated as a historical place home to a range of different societies. Often left invisible are the families who are making a living from the rivers and forests of the region. Broadly characterizing these people as peasants *Amazon Peasant Societies in a Changing Environment* seeks to bring together research by anthropologists, historians, political ecologists and biologists. A new paradigm emerges which helps understand the way in which Amazonian modernity has developed. This book addresses a comprehensive range of questions from the politics of conservation and sustainable development to the organization of women's work and the diet and health of Amazonian people. Apart from offering an analysis of a neglected aspect of Amazonia this collection represents a unique interdisciplinary exercise on the nature of one of the most beguiling regions of the world.

Funny Bones Duncan Tonatiuh 2015-08-25 Funny Bones tells the story of how the amusing calaveras—skeletons performing various everyday or festive activities—came to be. They are the creation of Mexican artist José Guadalupe (Lupe) Posada (1852–1913). In a country that was not known for freedom of speech, he first drew political cartoons, much to the amusement of the local population but not the politicians. He continued to draw cartoons throughout much of his life, but he is best known today for his calavera drawings. They have become synonymous with Mexico's Día de los Muertos (Day of the Dead) festival. Juxtaposing his own art with that of Lupe's, author Duncan Tonatiuh brings to light the remarkable life and work of a man whose art is beloved by many but whose name has remained in obscurity. The book includes an author's note, bibliography, glossary, and index.

Conversations with Durito 2005 'We are all Zapatistas.' Subcomandante Marcos This book began in 1994, when Zapatista Subcomandante Marcos replied to a 10-year-old girl from Mexico City who had sent him a drawing. The ensuing collection of related tales about the warrior-beetle, narrated by his pipe-smoking, black-ski-masked human squire is an extraordinary account for the general reader of current global political struggle. Marcos created a humorous fictitious character, Don Durito, a beetle with Quixotic fantasies which regards Marcos as his Sancho Panza. In this book, Marcos creates a new political genre, so-called "postdata": ironical commentaries which he affixes to his formal communiqués or declarations. In one of them he even offers to perform a striptease for government negotiators. 'We are the product of 500 years of struggle... They [Mexican government] don't care that we have nothing, absolutely nothing, not even a roof over our heads; no land, no work, no health care, no food, no education... nor is there peace nor justice for ourselves and our children. But today, we say ENOUGH IS ENOUGH!' First EZLN declaration of war, December 31st 1993 The Zapatistas are not Marxist, Rightists, or Anarchists. They seek not to replace one infrastructure of power with another, thus rejecting the normal goal of an armed struggle. They are armed but do not use violence as a tool to expand their aims. Although a localized rebellion, the Zapatistas are unified in a worldwide struggle that transcends the mainstream media's limited perspective through eloquent dictations distributed globally via the Internet. With a fresh perspective and tactics that have never been seen in relation to an armed insurrection, the EZLN (Zapatista National Liberation Army) has changed the definition of what revolution means. From the marginalized confines of the poorest region in Mexico, a new concept of revolutionary change with a new solution to societies woes is currently being proposed.

Con una estrella en la mano (With a Star in My Hand) Margarita Engle 2020-02-18 Margarita Engle, la aclamada autora y Poeta Juvenil Laureada del Poetry Foundation, entrega una nueva y hermosa novela en verso acerca de Rubén Darío, el poeta nicaragüense y héroe popular que inició el movimiento literario del Modernismo en Hispanoamérica. De niño, a Rubén Darío le gustaba escuchar a su tío abuelo, un hombre que contaba cuentos exagerados con una poderosa voz de trueno. Rubén aprendió bien pronto la magia de contar cuentos y descubrió el embeleso y la belleza del verso. Con su incansable alma romántica, Rubén viajó a través de América Central y América del Sur en busca de aventura y conexión. Mientras descubría nuevos lugares y amores, escribía poemas para expresar la tormenta salvaje de sentimientos. Pero las formas tradicionales eran muy restrictivas. Comenzó a improvisar sus propias formas poéticas para plasmar el mundo entero en sus palabras. A la edad de veintiún años, publicó su primer libro, *Azul*, que anunció un nuevo y vibrante movimiento literario llamado Modernismo que combinaba poesía y prosa y convertía esa mezcla en algo mágico. En sus hermosos poemas, Margarita Engle cuenta la historia de este apasionado joven que revolucionó la literatura mundial.

Dancing Hands Margarita Engle 2019-08-27 Winner of the Pura Belpré Illustrator Award A Kirkus Reviews Best Picture Book In soaring words and stunning illustrations, Margarita Engle and Rafael López tell the story of Teresa Carreño, a child prodigy who played piano for Abraham Lincoln. As a little girl, Teresa Carreño loved to let her hands dance across the beautiful keys of the piano. If she felt sad, music cheered her up, and when she was happy, the piano helped her share that joy. Soon she was writing her own songs and performing in grand cathedrals. Then a revolution in Venezuela forced her family to flee to the United States. Teresa felt lonely in this unfamiliar place, where few of the people she met spoke Spanish. Worst of all, there was fighting in her new home, too—the Civil War. Still, Teresa kept playing, and soon she grew famous as the talented Piano Girl who could play anything from a folk song to a sonata. So famous, in fact, that President Abraham Lincoln wanted her to play at the White House! Yet with the country torn apart by war, could Teresa's music bring comfort to those who needed it most?

Migrant Longing Miroslava Chávez-García 2018-03-22 Drawing upon a personal collection of more than 300 letters exchanged between her parents and other family members across the U.S.-Mexico border, Miroslava Chavez-Garcia recreates and gives meaning to the hope, fear, and longing migrants experienced in their everyday lives both "here" and "there" (aquí y allá). As private sources of communication hidden from public consumption and historical research, the letters provide a rare glimpse into the deeply emotional, personal, and social lives of ordinary Mexican men and women as recorded in their immediate, firsthand accounts. Chavez-Garcia demonstrates not only how migrants

struggled to maintain their sense of humanity in el norte but also how those remaining at home made sense of their changing identities in response to the loss of loved ones who sometimes left for weeks, months, or years at a time, or simply never returned. With this richly detailed account, ranging from the Mexican Revolution of the 1910s to the emergence of Silicon Valley in the late 1960s, Chavez-Garcia opens a new window onto the social, economic, political, and cultural developments of the day and recovers the human agency of much maligned migrants in our society today.

The Worlds of Langston Hughes Vera M. Kutzinski 2012-10-15 The poet Langston Hughes was a tireless world traveler and a prolific translator, editor, and marketer. Translations of his own writings traveled even more widely than he did, earning him adulation throughout Europe, Asia, and especially the Americas. In *The Worlds of Langston Hughes*, Vera Kutzinski contends that, for writers who are part of the African diaspora, translation is more than just a literary practice: it is a fact of life and a way of thinking. Focusing on Hughes's autobiographies, translations of his poetry, his own translations, and the political lyrics that brought him to the attention of the infamous McCarthy Committee, she shows that translating and being translated—and often mistranslated—are as vital to Hughes's own poetics as they are to understanding the historical network of cultural relations known as literary modernism. As Kutzinski maps the trajectory of Hughes's writings across Europe and the Americas, we see the remarkable extent to which the translations of his poetry were in conversation with the work of other modernist writers. Kutzinski spotlights cities whose role as meeting places for modernists from all over the world has yet to be fully explored: Madrid, Havana, Buenos Aires, Mexico City, and of course Harlem. The result is a fresh look at Hughes, not as a solitary author who wrote in a single language, but as an international figure at the heart of a global intellectual and artistic formation.

Lolita Vladimir Nabokov 2010-08-24 Awe and exhilaration--along with heartbreak and mordant wit--abound in *Lolita*, Nabokov's most famous and controversial novel, which tells the story of the aging Humbert Humbert's obsessive, devouring, and doomed passion for the nymphet Dolores Haze. *Lolita* is also the story of a hypercivilized European colliding with the cheerful barbarism of postwar America. Most of all, it is a meditation on love--love as outrage and hallucination, madness and transformation.
