[Anna at the Art Museum](#) Hazel Hutchins 2018-09-11 Art is for everyone—even a bored little girl. Going to the Art Museum with her mom is no fun at all for Anna. Everything is old and boring and there are so many rules: Don't Touch! Do Not Enter! Quiet! A vigilant guard keeps a close eye on the energetic little girl, but even so, Anna manages to set off an alarm and almost tip over a vase. A half-open door draws Anna's attention, but the No Entry sign means yet again that it's off-limits. This time, however, the guard surprises her by inviting her to go in. Here she finds a "secret workshop" where paintings are being cleaned and repaired. Staring out from one of the canvases is a girl who looks grumpy and bored—just like Anna herself. With the realization that art often imitates life, Anna discovers the sheer joy to be had from the paintings on the wall, especially those that reflect what is happening all around her. Filled with representations of paintings from many world-class galleries, this charming book is the perfect prelude to a child's first visit to an art museum.

Interpersonal Relationships in Education: From Theory to Practice David Zandvliet 2014-08-07 This book brings together recent research on interpersonal relationships in education from a variety of perspectives including research from Europe, North America and Australia. The work clearly demonstrates that positive teacher-student relationships can contribute to student learning in classrooms of various types. Productive learning environments are characterized by supportive and warm interactions throughout the class: teacher-student and student-student. Similarly, at the school level, teacher learning thrives when there are positive and mentoring interrelationships among professional colleagues. Work on this book began with a series of formative presentations at the second International Conference on Interpersonal Relationships in Education (ICIRE 2012) held in Vancouver, Canada, an event that included among others, keynote addresses by David Berliner, Andrew Martin and Mieke Brekelmans. Further collaboration and peer review by the editorial team resulted in the collection of original research that this book comprises. The volume (while eclectic) demonstrates how constructive learning environment relationships can be developed and sustained in a variety of settings. Chapter contributions come from a range of fields including educational and social psychology, teacher and school effectiveness research, communication and language studies, and a variety of related fields. Together, they cover the important influence of the relationships of teachers

with individual students, relationships among peers, and the relationships between teachers and their professional colleagues.

Graphic novelist Thi Bui and acclaimed poet Bao Phi deliver a powerful, honest glimpse into a relationship between father and son - and between cultures, old and new. As a young boy, Bao and his father awoke early, hours before his father’s long workday began, to fish on the shores of a small pond in Minneapolis. Unlike many other anglers, Bao and his father fished for food, not recreation. A successful catch meant a fed family. Between hope-filled casts, Bao’s father told him about a different pond in their homeland of Vietnam. Thi Bui’s striking, evocative art paired with Phi’s expertly crafted prose has earned this powerful picture books six starred reviews and numerous awards.

Narendra Modi Andy Marino 2014-04-06 Narendra Modi, the BJP's prime ministerial candidate, is powerful, popular and controversial. With the general elections due to conclude in May 2014, Modi's campaign rallies have drawn unprecedented crowds. Yet, the man remains an enigma. His supporters regard him as the visionary, decisive leader India needs today. His detractors see him as a polarizing figure. Is Modi authoritative or authoritarian? Decisive or divisive? A team player or a loner? Andy Marino recorded interviews with Narendra Modi during more than half-a-dozen exclusive meetings - unprecedented access to a very private man. What emerged is this riveting, objective biography of a man who could be India's prime minister. Not shying away from the controversies that have dogged Narendra Modi, including the Gujarat riots and questions about the Gujarat model of governance and development, this political biography provides an unbiased account of possibly the most important figure in Indian politics today. Marino records hour-by-hour details of the 2002 Gujarat riots, presenting a balanced analysis of that raw wound on India's polity. It also reveals hitherto unpublished, authenticated documents, which makes this one of the most important books of 2014. The author analyses Narendra Modi's values, the people who shaped his thinking and the sort of national leader he will make. Personal details of Modi's early life, his wanderings in the Himalayas between the ages of seventeen and nineteen, his rise through the political ranks, his vision for India and his personal philosophy on religion and politics are revealed in a book that is lucid, fast-paced and readable. *Narendra Modi: A Political Biography* is an insightful, exhaustive and impeccably researched account of the ascent of a political leader.
