A Little Bit of Dinosaur Elleen Hutcheson 2021-12-23 Did you know that you have a little bit

of dinosaur in you? And it's your mother's fault. She fed you that cheese sandwich, which had a calcium atom that used to be in the bones of a T-rex. This humorous story follows a calcium atom as it journeys from dry bones to your jawbone! Inspired by U.S. environmentalist Aldo Leopoldo, this story follows a little bit of dinosaur, a calcium atom, as it travels over time from a dinosaur to a child. In his 1949 classic, *A Sand County Almanac*, Leopoldo beautifully discussed how man and nature are interconnected. This amazing circle of life is illustrated with humour and a touch of empathy. Sisters Elleen Hutcheson and Darcy Pattison team up to bring Leopoldo's circle of life to kids. Hutcheson is a high school biology teacher; five of Pattison's picture books have been named NSTA Outstanding Science Trade Books. Each is shaking her finger at their mother wondering why she fed them that cheese sandwich.
