**My Little Coloring Book For Grown Ups - Space Edition** F a Gate 2019-10-27  
Universe Coloring Book Universe have always captivated the interest of human beings since the beginning. Thanks to technology we've been able to take a little peek of what is out there and the images are astonishing and breathtaking to say at least. These are the kind of images we are presenting in this book for YOU to bring them back to live... With color! The images are presented on a grayscale for you to color them. Using this form of presentation you will be able to color the images with utmost detail. The results are stunning and you will end up feeling like a professional! There are 42 images for you to color and relax with. And yes, the number is intended. it couldn't be other way, right? At the end, 42 is the "Answer to the Ultimate Question of Life, the Universe, and Everything" as we all know. On every image you will find a small description from NASA of what you are coloring. Some are really curious and fascinating like a gas planet where it rains glass... sideways... in 7000 km/h winds. You may be asking yourself... "Wouldn't the gray get in the way while coloring?". The answer is really short: Absolutely not!. The grayscale will help you color with a sensation of depth even if you are a beginner. And the universe (See what i did there?;-)) of colors for you to choose will not be affected. Befriend the gray! Let the gray guide you! At the end you will most certainly be glad you did every time you finish to color an image and see how magnificent and professional it looks. Studies say coloring book for grown ups have several benefits for the users such as: Your brain experiences relief by entering a meditative state It will help you lower the stress and anxiety levels Focusing on the present helps you to concentrate Coloring can be done by anyone, there is no way to do it wrong It's a hobby you can take with you wherever you go If you want to try how fun a grayscale coloring book for adults is don't hesitate and click the buy button. Perfect gift Space Enthusiasts and works as a grayscale coloring book for kids too!
