**War and Peace** Bryan S. Turner 2014-11-01 Reflections on Leo Tolstoy's "War and Peace," these original essays examine various facets of violence and human efforts to create peace. Religion is deeply involved in both processes: ones that produce violence and ones that seek to create harmony. In the war on terror, radical religion is often seen to be a major cause of inter-group violence. However, these essays show a much more complex picture in which religion is often on the receiving end of conflict that has its origin in the actions of the state in response to tensions between majorities and minorities. As this volume demonstrates, the more public religion becomes, the more likely it is to be imbricated in communal strife.

**The Garland Encyclopedia of World Music** Ruth M. Stone 2017-09-25 First published in 2002. Routledge is an imprint of Taylor & Francis, an informa company.

*Coquelle Thompson, Athabaskan Witness* Lionel Youst 2002 "While captain of the tribal police, Thompson was assigned to investigate the Warm House Dance, the Siletz Indian Reservation version of the famous Ghost Dance, which had spread among the Indians of many tribes during the latter 1880s. He witnessed the sense of empowerment it brought to some on the reservation. Thompson became a proselytizer for the Warm House Dance, helping to carry its message and performance from Siletz along the Oregon coast as far south as Coos Bay."--BOOK JACKET.

**The Ghost-dance Religion and the Sioux Outbreak of 1890** James Mooney 1896 Includes index. Introduction to the Bison Book Edition by Raymond J. DeMallie.

*Street-Gang and Tribal-Warrior Autobiographies* H. David Brumble 2018-04-10 *Street-Gang and Tribal-Warrior Autobiographies* is a study of the autobiographies of tribal-warrior cultures in North America, the Amazon, the Orinoco Basin, the highlands of Luzon, the island of Alor — of headhunters, women, Apaches, New Guinea big men and a Yanomami captive. The book also discusses tribal-warrior autobiographies closer to home: Colton Simpson's *Inside the Crips*, Mona Ruiz's *Two Badges*, Nathan McCall's *Makes Me Wanna Holler* and Sanyika Shakur's *Monster*, autobiographies that remember gangbanging at a time when there were close to 500 gang-related homicides a year in Los Angeles—a time when gangbangers were so alienated from the larger society that they reinvented something very similar to the tribal-warrior cultures right in the asphalt heart of American cities. Grisly, probing and resonant with the voices of generations of fighters, *Street-Gang and Tribal-Warrior Autobiographies* is an unsettling work of cross-disciplinary scholarship.

**Dreamer-prophets of the Columbia Plateau** Robert H. Ruby 1989-01-01 "This book is more than an ethnohistory, for there is insight into Euramerican history as well. It is worth reading just for the biographies of two interesting men". -- Choice.

**Shoshone Ghost Dance Religion** Judith Vander 1997 The Ghost Dance, which led to the 1890 massacre at Wounded Knee, was a widespread Native American religious movement. This title demonstrates that it was not a single religion, but had two branches - the Great Basin branch, and the Plains branch.

**Ghost Stories by British and American Women** Lynette Carpenter 1998 This volume traces the modern critical and performance history of this play, one of Shakespeare's most-loved and most-performed comedies. The essay focus on such modern concerns as feminism, deconstruction, textual theory, and queer theory.

*A Theoretical Approach to Modern American History and Literature* W. Lawrence Hogue 2020-01-10 This book reconfigures the history of modern America, showing how multiple and, at times, vulnerable social, economic, literary, and political movements, levels, divisions, and conditions such as the emergent middle class, the labor movement, the Progressive Movement, the socialist and communist parties, the Women's movements, the NAACP, the Garvey movement, Asian and Native American resistance movements, writers, artists, and intellectuals seized upon social, gender, economic, and racial inequalities and challenged a singularly defined modern America. This book re-represents the modern American novel, accenting the different critical literary voices that come out of the mainstream consumer society but also out of the various unequal social, economic, gender, and political movements and situations. In including racial, gender, sexual, colonial, class, and ethnic others—who reject the rigidity, the repression, the racial and ethnic stereotyping, the external and internal colonialism, the complication/rejection of the past/nature, and the violence of the institutionalized, conformist norm—in a discussion of the modern American novel, it effects a fundamental recasting of the modern Americanist paradigm, one that is de-centered, richer, more complex, and more diverse.

*Indian Lives* Ulrich W. Hiesinger 1994 Photographs capture the changing lifestyles of Native Americans during this period of history, showing the different aspects of their culture

**Fort Meade and the Black Hills** Robert Lee 1991-05-01 Fort Meade was the home of the famous Seventh Cavalry after its ignominious defeat in the Battle of the Little Bighorn. Troops from Fort Meade played a pivotal role in the events that led to the tragedy at Wounded Knee in 1890. It was the scene of imprisonment of Ute Indians who made the mistake of interpreting their new citizenship status as freedom from government control. The fort survived the mechanization of the horse cavalry, aided the record-breaking Stratosphere Balloon flight of 1935, and became a training site for the nation's first airborne troops. Fort Meade existed for sixty-six years, from 1878 to 1944. Robert Lee examines the strategic importance of its location on the northern edge of the Black Hills and the role it played in the settlement of the region, as well as the role played by the citizens of Sturgis in keeping it alive. One of the chief delights of Fort Meade and the Black Hills is a gallery of characters including the unfortunate Major Marcus Reno, the beautiful and fatal Ella Sturgis, and the cigar-smoking Poker Alice Tubbs. They, and events scaled to their larger-than-life size, are part of this long overdue story of Fort Meade.

**Cultural Haunting** Kathleen Brogan 1998 In this text, Kathleen Brogan makes the case that the recent preoccupation with ghosts stems not from a lingering interest in Gothic themes, but instead from a whole new genre in American literature that she calls 'the story of cultural haunting'.

**Music: A Social Experience** Steven Cornelius 2022-01-25 By taking a thematic approach to the study of music appreciation, *Music: A Social Experience*, Third Edition demonstrates how music reflects and deepens both individual and cultural understandings. Musical examples are presented within universally experienced social frameworks (ethnicity, gender, spirituality, love, and more) to help students understand how music reflects and advances human experience. Students engage with multiple genres (Western art music, popular music, and world music) through lively narratives and innovative activities. A companion website features streaming audio and instructors' resources. The third edition includes: A chapter on Black American music A revised and developed chapter on gender and sexuality A dozen additional Listening Guides, with an emphasis on contemporary popular music Over 100 new full-color images Updated teacher and student resources on the book's companion website Expanded content throughout, highlighting the social, cultural, and technological changes since publication of the previous edition The culmination of thirty years of experimentation in the music appreciation classroom, this third edition of *Music: A Social Experience* continues to empower lifelong musical learning by engaging students and readers on their own terms.

**The Concise Garland Encyclopedia of World Music: Africa ; South America, Mexico, Central America, and the Caribbean ; The United States and Canada ; Europe ; Oceania** Ellen Koskoff 2008 The critical importance of past for the present--of music histories in local and global forms--asserts itself. The history of world music, as each chapter makes clear, is one of critical moments and paradigm shifts.

**American Indian Quarterly** 1994

The Music Sound Nicolae Sfetcu 2014-05-07 A guide for music: compositions, events, forms, genres, groups, history, industry, instruments, language, live music, musicians, songs, musicology, techniques, terminology, theory, music video. Music is a human activity which involves structured and audible sounds, which is used for artistic or aesthetic, entertainment, or ceremonial purposes. The traditional or classical European aspects of music often listed are those elements given primacy in European-influenced classical music: melody, harmony, rhythm, tone color/timbre, and form. A more comprehensive list is given by stating the aspects of sound: pitch, timbre, loudness, and duration. Common terms used to discuss particular pieces include melody, which is a succession of notes heard as some sort of unit; chord, which is a simultaneity of notes heard as some sort of unit; chord progression, which is a succession of chords (simultaneity succession); harmony, which is the relationship between two or more pitches; counterpoint, which is the simultaneity and organization of different melodies; and rhythm, which is the organization of the durational aspects of music.

**The Concise Garland Encyclopedia of World Music** Garland Encyclopedia of World Music 2013-01-11 The Concise Garland Encyclopedia of World Music comprises two volumes, and can only be purchased as the two-volume set. To purchase the set please go to: <http://www.routledge.com/9780415972932>.

Britannica Student is curriculum correlated and a recent winner of the 2008 Teachers Choice Award and 2010 AEP Distinguished achievement award.

**Divine Hierarchies** Sean McCloud 2007 Placing the neglected issue of class back into the study and understanding of religion, Sean McCloud reconsiders the meaning of class in today's world. More than a status grounded in material conditions, says McCloud, class also entails relationships, ide

*The Incredible Band of John Philip Sousa* Paul E. Bierley 2006 Most famous for his military marches, John Philip Sousa led a group of devoted musicians around the world and shaped a new cultural landscape. This book documents almost every aspect of the "March King's" band: its history, its star performers, its appearances on recordings, and the problems the group faced on their 1911 trip around the world.

**Songprints** Judith Vander 1988 Songprints, the first book-length exploration of the musical lives of Native American women, describes a century of cultural change and constancy among the Shoshone of Wyoming's Wind River Reservation. Through her conversations with Emily, Angelina, Alberta, Helene, and Lenore, Judith Vander captures the distinct personalities of five generations of Shoshone women as they tell their thoughts, feelings, and attitudes toward their music. These women, who range in age from seventy to twenty, provide a unique historical perspective on many aspects of twentieth-century Wind River Shoshone life. In addition to documenting these oral histories, Vander transcribes and analyzes seventy-five songs that the women sing--a microcosm of Northern Plains Indian music. She shows how each woman possesses her own songprint--a song repertoire distinctive to her culture, age, and personality, as unique in its configuration as a fingerprint or footprint. Vander places the five song repertoires in the context of Shoshone social and religious ceremonies to offer insights into the rise of the Native American Church, the emergence and popularity of the contemporary powwow, and the

changing, enlarging role of women. Songprints also offers important new material on Ghost Dance songs and performances. Because the Ghost Dance was abandoned by the Wind River Shoshones in the 1930s, only Emily and Angelina saw it performed. Vander engages the two women--now in their sixties and seventies--in a discussion of the function and meaning of the Ghost Dance among the Wind River Shoshones. Thirteen Shoshone Ghost Dance song transcriptions accompany their accounts of past performances. The distinctive voices of these five women will captivate those interested in music, women's studies, ethnohistory, and ethnography, as well as ethnomusicologists, Native American scholars, anthropologists, and historians.

Talkin' 'bout a Revolution Dick Weissman 2010 Talkin' 'Bout A Revolution Is The Most Comprehensive Guide Yet to the fascinating relationship between American music, culture, and politics. Music expert Dick Weissman dares to take on this massive topic and presents it with ease. From the early days of the U. S. to the twenty-first century, Weissman draws upon and explains a vast amount of music, including songs by and about Native Americans, African Americans, women, and Latinos and spanning pop, punk, folk, "music of hate," music of war, and beyond. Unprecedented in its approach, this book offers a multidisciplinary discussion that is broad and diverse, and illuminates how social events impact music as well as how music impacts social events.

*Hostiles?* Sam Maddra 2006 "In Hostiles? Sam A. Maddra relates an ironic tale of Indian accommodation - and preservation of what the Lakota continued to believe was a principled, restorative religion. Their alleged crime was their participation in the Ghost Dance. To the U.S. Army, their religion was a rebellion to be suppressed. To the Indians, is offered hope in a time of great transition. To Cody, it became a means to attract British audiences. With these "hostile indians," the showman could offer dramatic reenactments of the army's conquest, starring none other than the very "hostiles" who had staged what British audiences knew from their newspapers to have been an uprising."

**Indian Dances of North America** Reginald Laubin 1989 Descriptions of the dances, costumes, body decorations, and musical accompaniment supplement information on the cultural background of Indian dancing

Canadian Gothic Cynthia Sugars 2014-01-15 This book explores the Gothic tradition in Canadian literature by tracing a distinctive reworking of the British Gothic in Canada. It traces the ways the Gothic genre was reinvented for a specifically Canadian context. On the one hand, Canadian writers expressed anxiety about the applicability of the British Gothic tradition to the colonies; on the other, they turned to the Gothic for its vitalising rather than unsettling potential. After charting this history of Gothic infusion, Canadian Gothic turns its attention to the body of Aboriginal and diasporic writings that respond to this discourse of national self-invention from a post-colonial perspective. These counter-narratives unsettle the naturalising force of this invented history, rendering the sense of Gothic comfort newly strange. The Canadian Gothic tradition has thus been a conflicted one, which reimagines the Gothic as a form of cultural sustenance. This volume offers an important reconsideration of the Gothic legacy in Canada.

**U.S. Military History For Dummies** John C. McManus 2010-01-28 Want to know more about American military history? U.S. Military History For Dummies presents concise and revealing accounts of all of the nation's armed conflicts from the French and Indian War to Iraq. It explains how the U.S. military is organized and how its branches operate, both independently and together. This straightforward guide examines the causes for each of America's wars and reveals how these conflicts have shaped the nation's borders, society, politics, culture, and future. You'll meet heroes, cowards,

patriots, and traitors; relive great battles; and get a taste of what combat is really like, as you discover: How the French/Indian war sowed the seeds of the Revolutionary War Why America's battle for independence didn't end at Yorktown Early U.S. wars against Indians, tax cheats, and pirates The War of 1812: guaranteeing U.S. sovereignty "Manifest Destiny" wars that stretched America from sea to shining sea Why the American Civil War could not be avoided The Spanish American War and the U.S. as an emerging global power Why World War I failed to "make the world safe for democracy" How World War II changed America's role in the world Korea and Vietnam: hot wars during the Cold War Featuring important insights on technological, political, and social changes that transformed the way America fights its wars U.S. Military History For Dummies is your key to understanding the evolution of the most powerful military force in history.

*Music* Steven Cornelius 2016-06-03 *Music: A Social Experience* offers a topical approach for a music appreciation course. Through a series of subjects—from Music and Worship to Music and War and Music and Gender—the authors present active listening experiences for students to experience music's social and cultural impact. The book offers an introduction to the standard concert repertoire, but also gives equal treatment to world music, rock and popular music, and jazz, to give students a thorough introduction to today's rich musical world. Through lively narratives and innovative activities, the student is given the tools to form a personal appreciation and understanding of the power of music. The book is paired with an audio compilation featuring listening guides with streaming audio, short texts on special topics, and sample recordings and notation to illustrate basic concepts in music. There is not a CD-set, but the companion website with streaming audio is provided at no additional charge.

**The Music of Bill Monroe** Neil V. Rosenberg 2007 Spanning over 1,000 separate performances, *The Music of Bill Monroe* presents a complete chronological list of all of Bill Monroe's commercially released sound and visual recordings. Each chapter begins with a narrative describing Monroe's life and career at that point, bringing in producers, sidemen, and others as they become part of the story. The narratives read like a "who's who" of bluegrass, connecting Monroe to the music's larger history and containing many fascinating stories. The second part of each chapter presents the discography. Information here includes the session's place, date, time, and producer; master/matrix numbers, song/tune titles, composer credits, personnel, instruments, and vocals; and catalog/release numbers and reissue data. The only complete bio-discography of this American musical icon, *The Music of Bill Monroe* is the starting point for any study of Monroe's contributions as a composer, interpreter, and performer.

*Medicine Bags and Dog Tags* Al Carroll 2008 As far back as colonial times, Native individuals and communities have fought alongside European and American soldiers against common enemies. *Medicine Bags and Dog Tags* is the story of these Native men and women whose military service has defended ancient homelands, perpetuated longstanding warrior traditions, and promoted tribal survival and sovereignty.

**The Ghost Dancers** Adrian C. Louis 2021-09-14 Adrian C. Louis's previously unpublished early novel has given us "the unsayable said" of the Native American reservation. A realistic look at reservation life, *The Ghost Dancers* explores—very candidly—many issues, including tribal differences, "urban Indians" versus "rez Indians," relationships among Blacks, Whites, and Indians, police tactics on and off the rez, pipe ceremonies and sweat-lodge ceremonies, alcoholism and violence on the rez, visitations of the supernatural, poetry and popular music, the Sixties and the Vietnam War, the aims and responsibilities of journalism, and, most prominently, interracial sexual relationships. Readers familiar with Louis's life and other works will note interesting connections between the protagonist, Bean, and Louis himself, as

well as a connection between *The Ghost Dancers* and other Louis writings—especially his sensational novel *Skins*. It's 1988, and Lyman "Bean" Wilson, a Nevada Indian and middle-aged professor of journalism at Lakota University in South Dakota, is reassessing his life. Although Bean is the great-grandson of Wovoka, the Paiute leader who initiated the Ghost Dance religion, he is not a full-blood Indian and he endures the scorn of the Pine Ridge Sioux, whose definition of Indian identity is much narrower. A man with many flaws, Bean wrestles with his own worst urges, his usually ineffectual efforts to help his family, and his determination to establish his identity as an Indian. The result is a string of family reconnections, sexual adventures, crises at work, pipe and sweat-lodge ceremonies, and—through his membership in the secret Ghost Dancers Society—political activism, culminating in a successful plot to blow the nose off George Washington's face on Mount Rushmore. Quintessentially Louis, this raw, angry, at times comical, at times heartbreaking novel provides an unflinching look at reservation life and serves as an unyielding tribute to a generation without many choices.

*Religion, Supernaturalism, the Paranormal and Pseudoscience* Homayun Sidky 2019-11-30 "Religion, Supernaturalism, the Paranormal, and Pseudoscience" provides a comprehensive rejoinder to the challenges posed to science, scientific anthropology, evolutionary theory and rationality by the advocates of supernatural, paranormal, and pseudoscientific perspectives and modes of thought associated with the current rise of irrationalism, antiintellectualism, and emboldened religious fundamentalism and violence. Drawing upon H. Sidky's scientific anthropological background and ethnographic field research of supernatural and paranormal beliefs and practices in several cultures over three decades, the book answers several important questions: Why do humans have a proclivity for the supernatural and paranormal thinking? Why has humanity remained shackled to sets of ideas inherited from a violent past that have no basis in reality and which bestow an illusionary solace, promote bloodshed, endless cruelties and fervent hatreds, and have come at a high cost? Why have ancient superstitions been held as sacred, inviolate truths while other aspects of the archaic belief systems of which they were a part have long been discarded? Why have not humans outgrown religion and paranormal beliefs?
