

American Creation Triumphs And Tragedies In The Fo

Yeah, reviewing a books **american creation triumphs and tragedies in the fo** could mount up your close contacts listings. This is just one of the solutions for you to be successful. As understood, carrying out does not recommend that you have astounding points.

Comprehending as capably as conformity even more than other will manage to pay for each success. next-door to, the proclamation as skillfully as sharpness of this american creation triumphs and tragedies in the fo can be taken as capably as picked to act.

American Creation Joseph J. Ellis 2008 A masterful examination of the early years of the American Republic analyzes the eventful last quarter of the eighteenth century, the accomplishments of the American founders, and the triumphs and failures that shaped the early nation and the American character. Reprint. 175,000 first printing.

American Sphinx Joseph J. Ellis 1998-11-19 Following Thomas Jefferson from the drafting of the Declaration of Independence to his retirement in Monticello, Joseph J. Ellis unravels the contradictions of the Jeffersonian character. He gives us the slaveholding libertarian who was capable of decrying mescegenation while maintaing an intimate relationship with his slave, Sally Hemmings; the enemy of government power who exercisdd it audaciously as president; the visionarty who remained curiously blind to the inconsistencies in his nature. American Sphinx is a marvel of scholarship, a delight to read, and an essential gloss on the Jeffersonian legacy.

Revolutionaries Jack Rakove 2010-05-11 “[A] wide-ranging and nuanced group portrait of the Founding Fathers” by a Pulitzer Prize winner (The New Yorker). In the early 1770s, the men who invented America were living quiet, provincial lives in the rustic backwaters of the New World, devoted to family and the private pursuit of wealth and happiness. None set out to become “revolutionary.” But when events in Boston escalated, they found themselves thrust into a crisis that moved quickly from protest to war. In *Revolutionaries*, a Pulitzer Prize-winning historian shows how the private lives of these men were suddenly transformed into public careers—how Washington became a strategist, Franklin a pioneering cultural diplomat, Madison a sophisticated constitutional thinker, and Hamilton a brilliant policymaker. From the Boston Tea Party to the First Continental Congress, from Trenton to Valley Forge, from the ratification of the Constitution to the disputes that led to our two-party system, Rakove explores the competing views of politics, war, diplomacy, and society that shaped our nation. We see the founders before they were fully formed leaders, as ordinary men who became extraordinary, altered by history. “[An] eminently readable account of the men who led the Revolution, wrote the Constitution and persuaded the citizens of the thirteen original states to adopt it.” —San Francisco Chronicle “Superb . . . a distinctive, fresh retelling of this epochal tale . . . Men like John Dickinson, George Mason, and Henry and John Laurens, rarely leading characters in similar works, put in strong appearances here.

But the focus is on the big five: Washington, Franklin, John Adams, Jefferson, and Hamilton. Everyone interested in the founding of the U.S. will want to read this book.” —Publishers Weekly, starred review

American Prometheus Kai Bird 2007-12-18 WINNER OF THE PULITZER PRIZE FOR NONFICTION • “The definitive biography” (Newsweek) of J. Robert Oppenheimer, one of the iconic figures of the twentieth century, a brilliant physicist who led the effort to build the atomic bomb for his country in a time of war, and who later found himself confronting the moral consequences of scientific progress. In this magisterial, acclaimed biography twenty-five years in the making, Kai Bird and Martin Sherwin capture Oppenheimer’s life and times, from his early career to his central role in the Cold War. This is biography and history at its finest, riveting and deeply informative. “A masterful account of Oppenheimer’s rise and fall, set in the context of the turbulent decades of America’s own transformation. It is a tour de force.” —Los Angeles Times Book Review

Chicago History for Kids Owen Hurd 2007-07-01 From the Native Americans who lived in the Chicago area for thousands of years, to the first European explorers Marquette and Jolliet, to the 2005 Chicago White Sox World Series win, parents, teachers, and kids will love this comprehensive and exciting history of how Chicago became the third largest city in the U.S. Chicago's spectacular and impressive history comes alive through activities such as building a model of the original Ferris Wheel, taking architectural walking tours of the first skyscrapers and Chicago's oldest landmarks, and making a Chicago-style hotdog. Serving as both a guide to kids and their parents and an engaging tool for teachers, this book details the first Chicagoan Jean Baptiste Point du Sable, the Fort Dearborn Massacre, the Great Chicago Fire of 1871, the building of the world's first skyscraper, and the hosting of two World's Fairs. In addition to uncovering Windy City treasures such as the birth of the vibrant jazz era of Louis Armstrong and the work of Chicago poets, novelists, and songwriters, kids will also learn about Chicago's triumphant and tortured sports history.

The Founders at Home: The Building of America, 1735-1817 Myron Magnet 2013-11-11 Discusses the history of America's Founding Fathers through their words and actions but also through the architectural treasures of the homes they built while they conspired to change the world. 17,000 first printing.

After the Revolution Joseph J. Ellis 2002 Portraits of Charles Willson Peale, Hugh Henry Brackenridge, William Dunlap, and Noah Webster provide a perspective on the role of culture in post-Revolutionary America, both its high expectations and its frustrations.

Founding Brothers Joseph J. Ellis 2002 The introduction, discussion questions, suggestions for further reading, and author biography that follow are intended to enhance your reading group's discussion of Joseph Ellis's *Founding Brothers: The Revolutionary Generation*. We hope they will enrich your experience of this Pulitzer Prize-winning study of the intertwined lives of the founders of the American republic--John Adams, Aaron Burr, Benjamin Franklin, Alexander Hamilton, Thomas Jefferson, James Madison, and George Washington.

The Cause Joseph J. Ellis 2022 George Washington claimed that anyone who attempted to provide an accurate account of the war for independence would be accused of writing fiction.

At the time, no one called it the "American Revolution" former colonists still regarded themselves as Virginians or Pennsylvanians, not Americans, while John Adams insisted that the British were the real revolutionaries, for attempting to impose radical change without their colonists' consent. With *The Cause*, Ellis takes a fresh look at the events between 1773 and 1783, recovering a war more brutal than any in American history save the Civil War and discovering a strange breed of "prudent" revolutionaries, whose prudence proved wise yet tragic when it came to slavery, the original sin that still haunts our land. Written with flair and drama, *The Cause* brings together a cast of familiar and forgotten characters who, taken together, challenge the story we have long told ourselves about our origins as a people and a nation.

Angel in the Whirlwind Benson Bobrick 2011-01-11 *Angel in the Whirlwind* is the epic tale of the American Revolution, from its roots among tax-weary colonists to the triumphant Declaration of Independence and eventual victory and liberty, recounted by Benson Bobrick, lauded by *The New York Times* as "perhaps the most interesting historian writing in America today." Overwhelmed with debt following its victory in the French and Indian Wars, England began imposing harsh new tariffs and taxes on its colonists in the 1760s. Rebellion against these measures soon erupted into war. Bobrick thrillingly describes all the major battles, from Lexington and Concord to the dramatic siege of Yorktown, when the British flag was finally lowered before patriot guns. At the same time he weaves together social and political history along with the military history, bringing to life not only the charismatic leaders of the independence movement, but also their lesser-known compatriots, both patriot and loyalist, English and American, whose voices vividly convey the urgency of war. Illuminated by fresh insight, *Angel in the Whirlwind* is a dramatic narrative of our nation's birth, in all its passion and glory.

School for Soldiers Joseph J. Ellis 1976

Shays' Rebellion David P. Szatmary 1980

The Quartet Joseph J. Ellis 2015 The Pulitzer Prize-winning author of *Founding Brothers* shares historical insights into America's post-Revolution efforts for independence, citing key debates over the creations of the Articles of Confederation and the Bill of Rights.

It's Cool to Learn About Countries: Indonesia Tamra B. Orr 2010-08-01 An introduction to the geography, history, economy, culture, and people of Indonesia. Bright, colorful designs and hands on activities will keep children engaged as they learn about Indonesia and its people.

Katy Perry: Chart-Topping Superstar Lisa Owings 2015-01-01 This title examines the life of Katy Perry. Readers will learn about Perry's childhood, family, education, and rise to fame. Colorful graphics, oversize photos, and informative sidebars accompany easy-to-read text that explores Perry's early interest in music and talent in singing and songwriting that led to the release of her albums. Perry's multiple Number 1 singles and charitable work are also described. Aligned to Common Core Standards and correlated to state standards. Essential Library is an imprint of Abdo Publishing, a division of ABDO.

American Creation Joseph J. Ellis 2007-10-01 From the first shots fired at Lexington to the signing of the Declaration of Independence to the negotiations for the Louisiana Purchase,

Joseph J. Ellis guides us through the decisive issues of the nation's founding, and illuminates the emerging philosophies, shifting alliances, and personal and political foibles of our now iconic leaders—Washington, Jefferson, Madison, Hamilton, and Adams. He casts an incisive eye on the founders' achievements, arguing that the American Revolution was, paradoxically, an evolution—and that part of what made it so extraordinary was the gradual pace at which it occurred. He explains how the idea of a strong federal government was eventually embraced by the American people and details the emergence of the two-party system, which stands as the founders' most enduring legacy. Ellis is equally incisive about their failures, and he makes clear how their inability to abolish slavery and to reach a just settlement with the Native Americans has played an equally important role in shaping our national character. With eloquence and insight, Ellis strips the mythic veneer of the revolutionary generation to reveal men both human and inspired, possessed of both brilliance and blindness. *American Creation* is an audiobook that delineates an era of flawed greatness, at a time when understanding our origins is more important than ever.

Passionate Sage: The Character and Legacy of John Adams Joseph J. Ellis 2011-02-14
"Impassioned and erudite....A captivating portrait of this Massachusetts native as a wonderfully contrary genius possessed of an uncommon moral intelligence and farsighted political wisdom." —Michiko Kakutani, *New York Times* A fresh look at this astute, likably quirky statesman, by the author of the Pulitzer Award-winning *Founding Brothers* and the National Book Award winning *American Sphinx*. "The most lovable and most laughable, the warmest and possibly the wisest of the founding fathers, John Adams knew himself as few men do and preserved his knowledge in a voluminous correspondence that still vibrates. Ellis has used it with great skill and perception not only to bring us the man, warts and all, but more importantly to reveal his extraordinary insights into the problems confronting the founders that resonate today in the republic they created." —Edmund S. Morgan, Sterling Professor of History Emeritus, Yale University

The Great Upheaval Jay Winik 2009-10-13 It is an era that redefined history. As the 1790s began, a fragile America teetered on the brink of oblivion, Russia towered as a vast imperial power, and France plunged into revolution. But in contrast to the way conventional histories tell it, none of these remarkable events occurred in isolation. Now, for the first time, acclaimed historian Jay Winik masterfully illuminates how their fates combined in one extraordinary moment to change the course of civilization. A sweeping, magisterial drama featuring the richest cast of characters ever to walk upon the world stage, including Washington, Jefferson, Louis XVI, Robespierre, and Catherine the Great, *The Great Upheaval* is a gripping, epic portrait of this tumultuous decade that will forever transform the way we see America's beginnings and our world

Making Sense of Social Security Reform Daniel Shaviro 2001-11 The Social Security Act of 1935 must be counted among the most monumental pieces of legislation ever passed by Congress. Today, sixty-five years after its enactment, public support for Social Security remains extremely strong. At the same time, there have been reports that Social Security is in grave danger of financial collapse, and numerous groups across the political spectrum have agitated for its reform. The president has put forward proposals to rescue Social Security, conservatives argue for its privatization, and liberals advocate increases in its funding from surplus tax revenues. But what is the average person to make of all this? How many Americans know where the money for Social Security benefits really comes from, or

who wins and loses from the system's overall operations? Few people understand the current Social Security system in even its broadest outlines. And yet Social Security reform is ranked among the most important social issues of our time. With *Making Sense of Social Security Reform*, Daniel Shaviro makes an important contribution to the public understanding of the issues involved in reforming Social Security. His book clearly and straightforwardly describes the current system and the pressures that have been brought to bear upon it, before dissecting and evaluating the various reform proposals. Accessible to anyone who has an interest in the issue, Shaviro's new work is unique in offering a balanced, nonpartisan account.

American Sphinx Joseph J. Ellis 1998 Offers a reassessment of the life, image, and career of Thomas Jefferson, examining his complex personality, controversies about the man and his beliefs, and his accomplishments

Power and Liberty Gordon S. Wood 2021-08-02 New York Times bestseller and Pulitzer Prize-winning author Gordon S. Wood elucidates the debates over the founding documents of the United States. The half century extending from the imperial crisis between Britain and its colonies in the 1760s to the early decades of the new republic of the United States was the greatest and most creative era of constitutionalism in American history, and perhaps in the world. During these decades, Americans explored and debated all aspects of politics and constitutionalism--the nature of power, liberty, representation, rights, the division of authority between different spheres of government, sovereignty, judicial authority, and written constitutions. The results of these issues produced institutions that have lasted for over two centuries. In this new book, eminent historian Gordon S. Wood distills a lifetime of work on constitutional innovations during the Revolutionary era. In concise form, he illuminates critical events in the nation's founding, ranging from the imperial debate that led to the Declaration of Independence to the revolutionary state constitution making in 1776 and the creation of the Federal Constitution in 1787. Among other topics, he discusses slavery and constitutionalism, the emergence of the judiciary as one of the major tripartite institutions of government, the demarcation between public and private, and the formation of states' rights. Here is an immensely readable synthesis of the key era in the making of the history of the United States, presenting timely insights on the Constitution and the nation's foundational legal and political documents.

The Field of Blood Joanne B. Freeman 2018-09-11 The previously untold story of the violence in Congress that helped spark the Civil War In *The Field of Blood*, Joanne B. Freeman recovers the long-lost story of physical violence on the floor of the U.S. Congress. Drawing on an extraordinary range of sources, she shows that the Capitol was rife with conflict in the decades before the Civil War. Legislative sessions were often punctuated by mortal threats, canings, flipped desks, and all-out slugfests. When debate broke down, congressmen drew pistols and waved Bowie knives. One representative even killed another in a duel. Many were beaten and bullied in an attempt to intimidate them into compliance, particularly on the issue of slavery. These fights didn't happen in a vacuum. Freeman's dramatic accounts of brawls and thrashings tell a larger story of how fisticuffs and journalism, and the powerful emotions they elicited, raised tensions between North and South and led toward war. In the process, she brings the antebellum Congress to life, revealing its rough realities—the feel, sense, and sound of it—as well as its nation-shaping import. Funny, tragic, and rivetingly told, *The Field of Blood* offers a front-row view of congressional mayhem and sheds new light on the careers

of John Quincy Adams, Henry Clay, and other luminaries, as well as introducing a host of lesser-known but no less fascinating men. The result is a fresh understanding of the workings of American democracy and the bonds of Union on the eve of their greatest peril.

Summary: American Creation BusinessNews Publishing 2017-01-30 The must-read summary of Joseph J. Ellis's book: "American Creation: Triumphs and Tragedies at the Founding of the Republic". This complete summary of "American Creation" by Joseph J. Ellis, a previous Pulitzer Prize winner and a renowned American historian, outlines Ellis's examination of the founding years of American society. It examines six key moments in early American history, including the writing of the Declaration of Independence and the founding of the political parties. Against the tide, he shows that the founding fathers were in fact simply flawed men who shaped American society but failed to deal with problems such as slavery and the treatment of Native Americans. Added-value of this summary: • Save time • Understand the founding years of American society • Expand your knowledge of American society and history To learn more, read "American Creation" and benefit from Ellis's analysis of the main turning points of the United States' early history.

The Creation of the American Republic, 1776-1787 Gordon S. Wood 2011-02-01 One of the half dozen most important books ever written about the American Revolution.--New York Times Book Review "During the nearly two decades since its publication, this book has set the pace, furnished benchmarks, and afforded targets for many subsequent studies. If ever a work of history merited the appellation 'modern classic,' this is surely one.--William and Mary Quarterly "[A] brilliant and sweeping interpretation of political culture in the Revolutionary generation.--New England Quarterly "This is an admirable, thoughtful, and penetrating study of one of the most important chapters in American history.--Wesley Frank Craven

American Creation Joseph J. Ellis 2007-10-30

Louisiana Creole and Cajun Cultures in Perspective Tracy Kathleen 2014-06-10 Louisiana Creole and Cajun Cultures in Perspective is an in-depth look at the different regional cultures of Louisiana that have developed, with an emphasis on current culture. The young reader is presented with an overview of a variety of regional cultures that developed historically and analyzes how the cultural history shapes Louisiana's current cultures. The book is written in a lively and interesting style and contains the Louisiana region's languages, foods, music/dance, art/literature, religions, holidays, lifestyle, and most importantly contemporary culture in the area today. The book has been developed to address many of the Common Core specific goals, higher level thinking skills, and progressive learning strategies from informational texts for middle grade and junior high level students.

American Dialogue Joseph J. Ellis 2019-11-26 The author of the bestselling *The Founding Brothers* and *The Quartet* now gives a deeply insightful examination of the relevance of Jefferson's, Madison's, and Adams's views to some of the most divisive issues in American politics and society today.

His Excellency Joseph J. Ellis 2005 Draws on the Washington papers from archives at the University of Virginia to chronicle George Washington's military career and presidential years, discussing his struggle to keep an emerging America united and other accomplishments.

Revolutionary Summer Joseph J. Ellis 2013-06-04 The Pulitzer Prize and National Book Award-winning author of *First Family* presents a revelatory account of America's declaration of independence and the political and military responses on both sides throughout the summer of 1776 that influenced key decisions and outcomes.

Caribbean Cultures in Perspective Tammy Gagne 2020-05-11 *Caribbean Cultures in Perspective* is an in-depth look at the cultures of the Caribbean with an emphasis on current cultures of the major regional countries. The young reader is presented with an overview of a variety of regional cultures and analyzes how the cultural History shapes the Caribbean region's current culture. The book is written in a lively and interesting style and contains the Caribbean region's languages, foods, music/dance, colonial History, religions, holidays, lifestyle, and most importantly contemporary culture in the region today. The book has been developed to address many of the Common Core specific goals, higher level thinking skills, and progressive learning strategies for informational texts for middle grade and junior high level students.

Writing the Declaration of Independence Joseph J. Ellis 2015-06-30 A colorful, enlightening account of how Thomas Jefferson wrote the Declaration of Independence, and the road to July 4: a selection from Joseph J. Ellis's *American Sphinx*, winner of the National Book Award. How did the newest and youngest member of Virginia's delegation to the Constitutional Congress come to write the founding document of the American project? In "Writing the Declaration of Independence," Pulitzer Prize-winning historian Joseph J. Ellis outlines the life of the document and the road to its adoption on July 4. From Jefferson's arrival in Philadelphia in 1775 in an ornate carriage along with four horses and three slaves, to a fascinating guided tour of the drafts and discussions (including the importance of a good speaking voice, the theatricality of Patrick Henry, and Jefferson's tortured, ultimately discarded section blaming the king for American slavery), this is the true history of Independence Day.

Empire of Liberty Gordon S. Wood 2009-10-28 The Oxford History of the United States is by far the most respected multi-volume history of our nation. The series includes three Pulitzer Prize winners, two New York Times bestsellers, and winners of the Bancroft and Parkman Prizes. Now, in the newest volume in the series, one of America's most esteemed historians, Gordon S. Wood, offers a brilliant account of the early American Republic, ranging from 1789 and the beginning of the national government to the end of the War of 1812. As Wood reveals, the period was marked by tumultuous change in all aspects of American life--in politics, society, economy, and culture. The men who founded the new government had high hopes for the future, but few of their hopes and dreams worked out quite as they expected. They hated political parties but parties nonetheless emerged. Some wanted the United States to become a great fiscal-military state like those of Britain and France; others wanted the country to remain a rural agricultural state very different from the European states. Instead, by 1815 the United States became something neither group anticipated. Many leaders expected American culture to flourish and surpass that of Europe; instead it became popularized and vulgarized. The leaders also hope to see the end of slavery; instead, despite the release of many slaves and the end of slavery in the North, slavery was stronger in 1815 than it had been in 1789. Many wanted to avoid entanglements with Europe, but instead the country became involved in Europe's wars and ended up waging another war with the former mother country. Still, with a new generation emerging by 1815, most Americans were

confident and optimistic about the future of their country. Named a New York Times Notable Book, *Empire of Liberty* offers a marvelous account of this pivotal era when America took its first unsteady steps as a new and rapidly expanding nation.

My Promised Land Ari Shavit 2013-11-19 NEW YORK TIMES BESTSELLER • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW AND THE ECONOMIST Winner of the Natan Book Award, the National Jewish Book Award, and the Anisfield-Wolf Book Award An authoritative and deeply personal narrative history of the State of Israel, by one of the most influential journalists writing about the Middle East today Not since Thomas L. Friedman's groundbreaking *From Beirut to Jerusalem* has a book captured the essence and the beating heart of the Middle East as keenly and dynamically as *My Promised Land*. Facing unprecedented internal and external pressures, Israel today is at a moment of existential crisis. Ari Shavit draws on interviews, historical documents, private diaries, and letters, as well as his own family's story, illuminating the pivotal moments of the Zionist century to tell a riveting narrative that is larger than the sum of its parts: both personal and national, both deeply human and of profound historical dimension. We meet Shavit's great-grandfather, a British Zionist who in 1897 visited the Holy Land on a Thomas Cook tour and understood that it was the way of the future for his people; the idealist young farmer who bought land from his Arab neighbor in the 1920s to grow the Jaffa oranges that would create Palestine's booming economy; the visionary youth group leader who, in the 1940s, transformed Masada from the neglected ruins of an extremist sect into a powerful symbol for Zionism; the Palestinian who as a young man in 1948 was driven with his family from his home during the expulsion from Lydda; the immigrant orphans of Europe's Holocaust, who took on menial work and focused on raising their children to become the leaders of the new state; the pragmatic engineer who was instrumental in developing Israel's nuclear program in the 1960s, in the only interview he ever gave; the zealous religious Zionists who started the settler movement in the 1970s; the dot-com entrepreneurs and young men and women behind Tel-Aviv's booming club scene; and today's architects of Israel's foreign policy with Iran, whose nuclear threat looms ominously over the tiny country. As it examines the complexities and contradictions of the Israeli condition, *My Promised Land* asks difficult but important questions: Why did Israel come to be? How did it come to be? Can Israel survive? Culminating with an analysis of the issues and threats that Israel is currently facing, *My Promised Land* uses the defining events of the past to shed new light on the present. The result is a landmark portrait of a small, vibrant country living on the edge, whose identity and presence play a crucial role in today's global political landscape. Praise for *My Promised Land* "This book will sweep you up in its narrative force and not let go of you until it is done. [Shavit's] accomplishment is so unlikely, so total . . . that it makes you believe anything is possible, even, God help us, peace in the Middle East."—Simon Schama, *Financial Times* "[A] must-read book."—Thomas L. Friedman, *The New York Times* "Important and powerful . . . the least tendentious book about Israel I have ever read."—Leon Wieseltier, *The New York Times Book Review* "Spellbinding . . . Shavit's prophetic voice carries lessons that all sides need to hear."—*The Economist* "One of the most nuanced and challenging books written on Israel in years."—*The Wall Street Journal*

American Dialogue Joseph J. Ellis 2018-10-16 The award-winning author of *Founding Brothers* and *The Quartet* now gives us a deeply insightful examination of the relevance of the views of George Washington, Thomas Jefferson, James Madison, and John Adams to some of the most divisive issues in America today. The story of history is a ceaseless conversation

between past and present, and in American Dialogue Joseph J. Ellis focuses the conversation on the often-asked question "What would the Founding Fathers think?" He examines four of our most seminal historical figures through the prism of particular topics, using the perspective of the present to shed light on their views and, in turn, to make clear how their now centuries-old ideas illuminate the disturbing impasse of today's political conflicts. He discusses Jefferson and the issue of racism, Adams and the specter of economic inequality, Washington and American imperialism, Madison and the doctrine of original intent. Through these juxtapositions--and in his hallmark dramatic and compelling narrative voice--Ellis illuminates the obstacles and pitfalls paralyzing contemporary discussions of these fundamentally important issues.

We Visit Oman Khadija Ejaz 2011 Oman is the land that enchanted Marco Polo. It is the country of Sinbad the Sailor, of jinns, of ancient cities that slumber under the desert sands. The foundations of the modern Arab nation of the Sultanate of Oman were laid in 1970 by its monarch and architect, His Majesty Sultan Qaboos bin Said bin Taimur al Said, under whose watchful eye it reemerged onto the global stage and reclaimed thousands of years of its identity. Today, Oman is a modern-day oasis where the old lives in harmony with the new. People flock to its shores from all over the world for the sparkle of its beaches and the generosity of its people. The world is still discovering the magic of this ancient Arabian land, from the whiff of its legendary frankincense to the hush of its yawning deserts and the sweetness of its sticky halwa. Come immerse yourself, Oman welcomes you—marhaba!

The Southern Past William Fitzhugh Brundage 2009-07 Since the Civil War whites and blacks have struggled over the meanings and uses of the Southern past. Indeed, today's controversies over flying the Confederate flag, renaming schools and streets, and commemorating the Civil War and the civil rights movement are only the latest examples of this ongoing divisive contest over issues of regional identity and heritage. The Southern Past argues that these battles are ultimately about who has the power to determine what we remember of the past, and whether that remembrance will honor all Southerners or only select groups. For more than a century after the Civil War, elite white Southerners systematically refined a version of the past that sanctioned their racial privilege and power. In the process, they filled public spaces with museums and monuments that made their version of the past sacrosanct. Yet, even as segregation and racial discrimination worsened, blacks contested the white version of Southern history and demanded inclusion. Streets became sites for elaborate commemorations of emancipation and schools became centers for the study of black history. This counter-memory surged forth, and became a potent inspiration for the civil rights movement and the black struggle to share a common Southern past rather than a divided one. W. Fitzhugh Brundage's searing exploration of how those who have the political power to represent the past simultaneously shape the present and determine the future is a valuable lesson as we confront our national past to meet the challenge of current realities.

Thomas Jefferson Joseph J. Ellis 2000 Written to accompany the Library of Congress bicentennial exhibition, this lively biography of Thomas Jefferson explores the private and public life of the former president and author of Declaration of Independence, candidly confronting the conflicts between his ideals and his lifestyle. 25,000 first printing.

Billy, Alfred, and General Motors William Pelfrey 2006 "Painstakingly researched, the

book sheds new light on how the divergent approaches of Durant and Sloan were destined to forge an entirely new business archetype, one that would become (and today remains) a global standard."--Jacket.

First Family Joseph J. Ellis 2010-10-26 The Pulitzer Prize-winning, best-selling author of *Founding Brothers* and *His Excellency* brings America's preeminent first couple to life in a moving and illuminating narrative that sweeps through the American Revolution and the republic's tenuous early years. John and Abigail Adams left an indelible and remarkably preserved portrait of their lives together in their personal correspondence: both Adamses were prolific letter writers (although John conceded that Abigail was clearly the more gifted of the two), and over the years they exchanged more than twelve hundred letters. Joseph J. Ellis distills this unprecedented and unsurpassed record to give us an account both intimate and panoramic; part biography, part political history, and part love story. Ellis describes the first meeting between the two as inauspicious—John was twenty-four, Abigail just fifteen, and each was entirely unimpressed with the other. But they soon began a passionate correspondence that resulted in their marriage five years later. Over the next decades, the couple were separated nearly as much as they were together. John's political career took him first to Philadelphia, where he became the boldest advocate for the measures that would lead to the Declaration of Independence. Yet in order to attend the Second Continental Congress, he left his wife and children in the middle of the war zone that had by then engulfed Massachusetts. Later he was sent to Paris, where he served as a minister to the court of France alongside Benjamin Franklin. These years apart stressed the Adamses' union almost beyond what it could bear: Abigail grew lonely, while the Adams children suffered from their father's absence. John was elected the nation's first vice president, but by the time of his reelection, Abigail's health prevented her from joining him in Philadelphia, the interim capital. She no doubt had further reservations about moving to the swamp on the Potomac when John became president, although this time he persuaded her. President Adams inherited a weak and bitterly divided country from George Washington. The political situation was perilous at best, and he needed his closest advisor by his side: "I can do nothing," John told Abigail after his election, "without you." In Ellis's rich and striking new history, John and Abigail's relationship unfolds in the context of America's birth as a nation.

Other Council Fires Were Here Before Ours Jamie Sams 1991-09-27 A retelling of the Seneca creation story and prophecies for the future.
