A Guide to Biblical Sites in Greece and Turkey Clyde E. Fant 2003-10-23 Nearly two-thirds of the New Testament—including all of the letters of Paul, most of the book of Acts, and the book of Revelation—is set outside of Israel, in either Turkey or Greece. Although biblically-oriented tours of the areas that were once ancient Greece and Asia Minor have become increasingly popular, up until now there has been no definitive guidebook through these important sites. In *A Guide to Biblical Sites in Greece and Turkey*, two well-known, well-traveled biblical scholars offer a fascinating historical and archaeological guide to these sites. The authors reveal countless new insights into the biblical text while reliably guiding the traveler through every significant location mentioned in the Bible. The book completely traces the journeys of the Apostle Paul across Turkey (ancient Asia Minor), Greece, Cyprus, and the islands of the Mediterranean. A description of the location and history of each site is given, followed by an intriguing discussion of its biblical significance. Clearly written and in non-technical language, the work links the latest in biblical research with recent archaeological findings. A visit to the site is described, complete with easy-to-follow walking directions, indicating the major items of archaeological interest. Detailed site maps, historical charts, and maps of the regions are integrated into the text, and a glossary of terms is provided. Easy to use and abundantly illustrated, this unique guide will help visitors to Greece, Turkey, and Cyprus appreciate the rich history, significance, and great wonder of the ancient world of the Bible.

Power and Pathos Jens M. Deahner 2015-05-24 For the general public and specialists alike, the Hellenistic period (323–31 BC) and its diverse artistic legacy remain underexplored and not well understood. Yet it was a time when artists throughout the Mediterranean developed new forms, dynamic compositions, and graphic realism to meet new expressive goals, particularly in the realm of portraiture. Rare survivors from antiquity, large bronze statues are today often displayed in isolation, decontextualized as masterpieces of ancient art. Power and Pathos gathers together significant examples of bronze sculpture in order to highlight their varying styles, techniques, contexts, functions, and histories. As the first comprehensive volume on

large-scale Hellenistic bronze statuary, this book includes groundbreaking archaeological, art-historical, and scientific essays offering new approaches to understanding ancient production and correctly identifying these remarkable pieces. Designed to become the standard reference for decades to come, the book emphasizes the unique role of bronze both as a medium of prestige and artistic innovation and as a material exceptionally suited for reproduction. *Power and Pathos* is published on the occasion of an exhibition on view at Palazzo Strozzi in Florence from March 14 to June 21, 2015; at the J. Paul Getty Museum from July 20 through November 1, 2015; and at the National Gallery of Art in Washington, DC, from December 6, 2015, through March 20, 2016.

Christian Origins in Ephesus and Asia Minor Mark R. Fairchild 2017 In a region where most artifacts remain in the field, the enormous work of documenting and analyzing the early history of Christianity is open to original research. Often the first scholar to reach isolated communities in remote parts of Turkey who guide his work, Dr. Fairchild has taken over 200,000 photographs capturing the remains of churches and Christian homes in remote locations. This second edition of Christian Origins in Ephesus and Asia Minor adds the current research underway on the cities of Priene and Tripolis in western Turkey to Mark Fairchild's work, documenting isolated and previously unstudied sites across eastern Turkey, some that have not been visited in the past 1,400 years. In the first two centuries after Christ, the cradle of the Early Church was in Asia Minor, modern day Turkey, home to Ephesus, Colossae, and all twelve churches addressed in the book of Revelation. The ancient city of Ephesus was the largest city in Asia Minor, where the gospel was first shared in the middle of the first century.

Gathering together a wealth of information, original photographs, and detailed maps of the region, *Christian Origins in Ephesus and Asia Minor* describes the progress and perils of the developing Christian community as it struggled to find its way in a hostile world. This volume provides crucial context for the biblical account with historical information gathered from ancient literary sources, archaeological discoveries, and a variety of early Christians, charting the growth and development of the early Christian church as ministry from the community at Ephesus produced Christian congregations throughout Asia Minor.

The Temporary European Cameron Hewitt 2022-02-01 Write guidebooks, make travel TV, lead bus tours? Cameron Hewitt has been Rick Steves' right hand for more than 20 years, doing just that. The Temporary European is a collection of vivid, entertaining travel tales from across Europe. Cameron zips you into his backpack for engaging and inspiring experiences: sampling spleen sandwiches at a Palermo street market; hiking alone with the cows high in the Swiss Alps; simmering in Budapest's thermal baths; trekking across an English moor to a stone circle; hand-rolling pasta at a Tuscan agriturismo; shivering through Highland games in a soggy Scottish village; and much more. Along the way, Cameron introduces us to his favorite Europeans. In Mostar, Alma demonstrates how Bosnian coffee isn't just a drink, but a social ritual. In France, Mathilde explains that the true mastery of a fromager isn't making cheese, but aging it. In Spain, Fran proudly eats acorns, but never corn on the cob. While personal, the stories also tap into the universal joy of travel. Cameron's travel motto (inspired by a globetrotting auntie) is "Jams Are Fun"—the fondest memories arrive when your best-laid plans go sideways. And he encourages travelers to stow their phones and guidebooks, slow down, and savor those magic moments that arrive between stops on a busy itinerary. The stories are packed with inspiration and insights for your next trip, including how to find the best gelato in Italy, how to select the best produce at a Provençal market, how to navigate Spain's confusing tapas scene, and how to survive the experience of driving in Sicily (hint: just go numb). And you'll get a reality check for every traveler's "dream job": researching and writing guidebooks; guiding busloads of Americans on tours around Europe; scouting and producing a travel TV show; and working with Rick Steves and his merry band of travelers. It's a candid account of how the sausage gets made in the travel business—told with warts-and-all honesty and a sense of humor. For Rick Steves fans, or anyone who loves Europe, The Temporary European is inspiring, insightful, and fun.

Travel as a Political Act Rick Steves 2018-02-06 Change the world one trip at a time. In this illuminating collection of stories and lessons from the road, acclaimed travel writer Rick Steves shares a powerful message that resonates now more than ever. With the world facing divisive and often frightening events, from Trump, Brexit, and Erdogan, to climate change, nativism, and populism, there's never been a more important time to travel. Rick believes the risks of travel are widely exaggerated, and that fear is for people who don't get out much. After years of living out of a suitcase, he still marvels at how different cultures find different truths to be self-evident. By sharing his experiences from Europe, Central America, Asia, and the Middle East, Rick shows how we can learn more about own country by viewing it from afar. With gripping stories from Rick's decades of exploration, this fully revised edition of *Travel as a Political Act* is an antidote to the current climate of xenophobia. When we travel thoughtfully, we bring back the most beautiful souvenir of all: a broader perspective on the world that we all call home. All royalties from the sale of *Travel as a Political Act* are donated to support the work of Bread for the World, a non-partisan organization working to end hunger at home and abroad.
