**On Lying** St. Augustine St. Augustine of Hippo 2017-12-10 This book appears from its place in the *Retractations* to have been written about A.D. 395, as it is the last work named in the first book, which contains those which he wrote before he was Bishop. Some editions represent it as addressed to Consentius, but not the manuscripts. The latter are probably right, as his other work on the subject was written in answer to the inquiries of Consentius on the case of the Priscillianists many years later.- Bened. Ed. From *Retractations*, Book I, last Chapter: I have also written a Book on Lying, which though it takes some pains to understand, contains much that is useful for the exercise of the mind, and more that is profitable to morals, in inculcating the love of speaking the truth. This also I was minded to remove from my works, because it seemed to me obscure, and intricate, and altogether troublesome; for which reason I had not sent it abroad. And when I had afterwards written another book, under this title, *Against Lying*, much more had I determined and ordered that the former should cease to exist; which however was not done. Therefore in this retraction of my works, as I have found this still in being, I have ordered that it should remain; chiefly because therein are to be found some necessary things which in the other are not. Why the other has for its title, *Against Lying*, but this, *Of Lying*, the reason is this, that throughout the one is an open assault upon lying, whereas great part of this is taken up with the discussion of the question for and against. Both, however, are directed to the same object. This book begins thus: " Magna quaestio est de Mendacio."

Through a Glass Darkly J. Sheridan Le Fanu 2016-09-03 This collection of stories, first published in 1872, includes *Green Tea*, *The Familiar*, *Mr. Justice Harbottle*, *The Room in the Dragon Volant*, and *Carmilla*. The five stories are purported to be cases by Dr. Hesselius, a 'metaphysical' doctor, who is willing to consider the ghosts both as real and as hallucinatory obsessions. The reader's doubtful anxiety mimics that of the protagonist, and each story thus creates that atmosphere of mystery which is the supernatural experience. This new edition includes alternate versions of some stories and a brief biography of the author.

**The Story of My Purity** Francesco Pacifico 2013-03-05 An exuberant tale of a man caught between faith and freedom, from one of Italy's most talented young novelists Thirty years old, growing flabby in a sexless marriage, Piero Rosini has decided to dedicate his life to Jesus. He's renounced the novels and American music that were filling his head with bullshit; he's moved out of his fancy bourgeois neighborhood, which was keeping him from finding spiritual purity and the Lord's truth. Now that he and his wife have settled into an unfinished housing development on the far outskirts of Rome, he'll be able to really concentrate on his job at an ultraconservative Catholic publishing house, editing books that highlight the decadence and degradation of modern society, including one claiming that Pope John Paul II was secretly Jewish. But Piero is suffocating. He worries that The Jewish Pope might be taking things too far. He can't get his beautiful sister-in-law out of his head. Temptations are breaking down his religious resolve. He decides to flee to Paris, which turns out not to be the best way of guarding his purity. With a charismatic narrator as familiar with the finer points of Christian theology as with the floor layout of IKEA and the schedules of European budget airlines, Francesco Pacifico's exuberant novel brings us Europe old and new and the inner workings of a conflicted but always compelling mind. The Story of My Purity is fiction with great humor, intelligence, neuroticism, and vision, from a young writer at the beginning of a tremendous career.

**After Words** Elizabeth Leake 2011-01-01 *After Words* investigates how the suicide of an author informs critical interpretations of the author's works. Suicide itself is a form of authorship as well as a revision, both on the part of the author, who has written his or her final scene and revised the 'natural' course of his or her life, and on the part of the reader, who must make sense of this final act of writing. Elizabeth Leake focuses on twentieth-century Italian writers Guido Mor-selli, Amelia Rosselli, Cesare Pavese, and Primo Levi, examining personal correspondence, diaries, and obituaries along with popular and academic commemorative writings to elucidate the ramifications of the authors' suicides for their readership. She argues that authorial suicide points to the limitations of those critical stances that exclude the author from the practice of reading. In this innovative and accessible assessment of some of the key issues of authorship, Leake shows that in the aftermath of suicide, an author's life and death themselves become texts to be read.

*Geometry of the Passions* Remo Bodei 2018-08-08 The passions have long been condemned as a creator of disturbance and purveyor of the temporary loss of reason, but as Remo Bodei argues in *Geometry of the Passions*, we must abandon the perception that order and disorder are in a constant state of collision. By means of a theoretical and historical analysis, Bodei interprets the relationship between passion and reason as a conflict between two complementary logics. *Geometry of the Passions* investigates the paradoxical conflict-collaboration between passions and reason, and between individual and political projects. Tracing the roles passion and reason have played throughout history, including in the political agendas of Descartes, Hobbes, and the French Jacobins, *Geometry of the Passions* reveals how passion and reason may be used as a vehicle for affirmation rather than self-enslavement.

**Pasolini After Dante** Emanuela Patti 2020-06-30 What role did Dante play in the work of Pier Paolo Pasolini (1922-1975)? His unfinished and fragmented imitation of the *Comedia*, *La Divina Mimesis*, is only one outward sign of what was a sustained dialogue with Dante on representation begun in the early 1950s. During this period, the philologists Gianfranco Contini (1912-1990) and Erich Auerbach (1892-1957) played a crucial role in Pasolini's re-thinking of 'represented reality', suggesting Dante as the best literary, authorial and political model for a generation of postwar Italian writers. This emerged first as 'Dantean realism' in Pasolini's prose and poetry, alter Contini's interpretation of Dante and of his plurilingualism, and then as 'figural realism' in his cinema, after Auerbach's concepts of Dante's *figura* and 'mingling of styles'. Following the evolution of Pasolini's mimetic ideal from these formative influences through to *La Divina Mimesis*, Emanuela Patti explores Pasolini's politics of representation in relation to the 'national-popular', the 'questione della lingua' and the Italian post-war debates on neorealism, while also providing a new interpretation of some of his major literary and cinematic works. **Comparative Poetics** Earl Roy Miner 1990-10-23 "Comparative literature," Earl Miner writes, "clearly involves something more than comparing two great German poets, and something different from a Chinese studying French literature or a Russian studying Italian literature." But what would a true intercultural poetics be? This work proposes various ways to "study something other than what are, all things considered, the short and simple annals of one cultural parish at one historic moment." The first developed account of theories of literature from an intercultural standpoint, the book shows that an "originative" or "foundational" poetics develops in cultures with explicit poetics when critics define the nature and conditions of literature in terms of the then most esteemed genres drama, lyric, or narrative. Earl Miner demonstrates that these definitions and inferences from them constitute useful bases for comparative poetics.

**Agroecology Now!** Colin Ray Anderson 2020-12-07 This open access book develops a framework for advancing agroecology transformations focusing on power, politics and governance. It explores the potential of agroecology as a sustainable and socially just alternative to today's dominant food regime. Agroecology is an ecological approach to farming that addresses climate change and biodiversity loss while contributing to the Sustainable Development Goals. Agroecology transformations represent a challenge to the power of corporations in controlling food system and a rejection of the industrial food systems that are at the root of many social and ecological ills. In this book the authors analyse the conditions that enable and disable agroecology's potential and present six 'domains of transformation' where it comes into conflict with the dominant food system. They argue that food sovereignty, community-self organization and a shift to bottom-up

governance are critical for the transformation to a socially just and ecologically viable food system. This book will be a valuable resource to researchers, students, policy makers and professionals across multidisciplinary areas including in the fields of food politics, international development, sustainability and resilience.

**Fear in the World** Corrado Alvaro 2021-03-23 Corrado Alvaro's *Fear in the World* was published a decade before Orwell's 1984, but is not well known outside Italy, perhaps because of the timing of the publication just before the Second World War. Alvaro had visited the Soviet Union as a journalist, but was probably motivated to write this dystopian novel by aspects of modernity that concerned him, particularly the use of fear for political purposes which was not afflicting Russia alone. He was interested in the psychology of fear and the extent to which individuals and the crowd participate in their own regimentation. The names of countries, cities and leading political figures such as Stalin are never referred to, but as in the works of Orwell they are clearly identifiable from their descriptions: the author was writing in a Fascist country against a Fascist censor and had to cut his cloth accordingly. This is a dark novel, not quite as dark as 1984, but it is more claustrophobic. The feeling of inevitability is there from the first page, and it is experienced as we experience real life. The imagined truth takes us closer to where we really are. The travails of the love affair at the core of this novel quite possibly arise from perceptions that the regime exploits in a quite ad hoc manner. And it leads the reader through an extraordinary sequence of events and observations which encompass a vast range of emotions and ideas expressed in a unique prose style. The modern Leviathan appears to be a well-oiled machine, but towards the end it becomes clear that this is merely an appearance of efficiency and omniscience, but appearances can be powerful. Alvaro is particularly interested in how the state uses quasireligious mechanisms and rituals to assert its power. The central character returns to the country after a long period abroad, and sees things initially through foreign eyes, living a life similar to the one Alvaro did when in Russia. He is not a natural rebel, and very much wants to fit in, but he finds this difficult to achieve. The regime boasts that it has an ally in history, but destiny is elusive, however much the characters feel that they are driven by it.

**The Iguana** Anna Maria Ortese 1987 In this magical novel a count from Milan stumbles upon a desolate community of lost noblemen on an uncharted island off the coast of Portugal. When he discovers, to his astonishment, that their ill-treated servant is in fact a maiden iguana, and then proceeds to fall in love with her, the reader is given a fantastic tale of tragic love and delusion that ranks among the most affecting in contemporary literature. "The reptilian servant is only the first in a series of fantastic touches that transform the narrative into a satiric fable dense with the echoes of Shakespeare's 'Tempest' and Kafka's 'Metamorphosis.' . . . The Iguana is a superb performance." "€"New York Times Book Review

Frontier Socialism Monica Quirico 2021-07-05 Considering the history of workers' and socialist movements in Europe, Frontier Socialism focuses on unconventional forms of anti-capitalist thought, particularly by examining several militant-intellectuals whose legacy is of particular interest for those aiming for a radical critique of capitalism. Following on the work of Michael Löwy, Quirico & Ragona identify relationships of “elective affinity” between figures who might appear different and dissimilar, at least at first glance: the German Anarchist Gustav Landauer, the Bolshevik Alexandra Kollontai, the German communist Paul Mattick, the Italian Socialist Raniero Panzieri, the Greek-born French euro-communist Nikos Poulantzas, the German-born Swedish Social Democrat Rudolf Meidner, and the French social scientist Alain Bihr as well as two historical struggle experiences, the Spanish Republic and the Italian revolutionary group “Lotta continua”. Frontier Socialism then analyzes these thinkers' and experiences' respective paths to socialism based on and achieved through self-organization and self-government, not to build a new tradition but to suggest a path forward for both research and political activism.

Germaine Dulac Tami Williams 2014-06-15 Best known for directing the Impressionist classic The Smiling Madame Beudet and the first Surrealist film The Seashell and the Clergyman, Germaine Dulac, feminist and

pioneer of 1920s French avant-garde cinema, made close to thirty fiction films as well as numerous documentaries and newsreels. Through her filmmaking, writing, and cine-club activism, Dulac's passionate defense of the cinema as a lyrical art and social practice had a major influence on twentieth century film history and theory. In *Germaine Dulac: A Cinema of Sensations*, Tami Williams makes unprecedented use of the filmmaker's personal papers, production files, and archival film prints to produce the first full-length historical study and critical biography of Dulac. Williams's analysis explores the artistic and sociopolitical currents that shaped Dulac's approach to cinema while interrogating the ground breaking techniques and strategies she used to critique conservative notions of gender and sexuality. Moving beyond the director's work of the 1920s, Williams examines Dulac's largely ignored 1930s documentaries and newsreels establishing clear links with the more experimental impressionist and abstract works of her early period. This vivid portrait will be of interest to general readers, as well as to scholars of cinema and visual culture, performance, French history, women's studies, queer cinema, in addition to studies of narrative avant-garde, experimental, and documentary film history and theory.

**The Queen of the Frogs** Davide Cali 2017-03-20 "When a frog discovers a crown at the bottom of the pond, she is instantly pronounced queen over all the other frogs"--

*1848* Mike Rapport 2009-02-03 In 1848, a violent storm of revolutions ripped through Europe. The torrent all but swept away the conservative order that had kept peace on the continent since Napoleon's defeat at Waterloo in 1815—but which in many countries had also suppressed dreams of national freedom. Political events so dramatic had not been seen in Europe since the French Revolution, and they would not be witnessed again until 1989, with the revolutions in Eastern and Central Europe. In 1848, historian Mike Rapport examines the roots of the ferment and then, with breathtaking pace, chronicles the explosive spread of violence across Europe. A vivid narrative of a complex chain of interconnected revolutions, 1848 tells the exhilarating story of Europe's violent "Spring of Nations" and traces its reverberations to the present day.

**On Ugliness** Umberto Eco 2011 Beauty and ugliness are two sides of the same coin; by ugliness we usually mean the opposite of beauty and we often define the first in order to understand the nature of the second. But the various depictions of ugliness over the centuries are richer and more unpredictable than is commonly thought. The striking images and anthological quotations in *On Ugliness* lead us on an extraordinary journey through the passions, terrors and nightmares of almost three thousand years, where acts of rejection go hand in

hand with touching instances of empathy, and an aversion to deformity is accompanied by seductive violations of all classical canons. With his characteristic wit and erudition, Umberto Eco draws on examples in art and literature from ancient times to the present day. Abundantly illustrated with demons, madmen, vile enemies and disquieting presences, with freaks and the living dead, *On Ugliness* is conceived for a vast and diverse readership, and is an invaluable companion volume to *On Beauty*.

*The Call of the Swamp* Davide Cali 2017 "Boris, a swamp creature who was adopted by human parents, starts to question where he truly belongs"--
