The Education Systems of Europe Wolfgang Hörner 2007-05-03 This unique handbook offers an analytical review of the education systems of all European countries, following common analytical guidelines, and highlighting the paradox that education simultaneously pursues a universal value as well as a national character. Coverage includes international student performance studies, and a comparison of education dynamics in Eastern "new Europe" with "older" western EU members. The book provides a differentiated analytical data base, and offers suggestions for further research.
