Cohesion, Coherence and Temporal Reference from an Experimental Corpus Pragmatics Perspective Cristina Grisot 2018-10-06 This open access book provides new methodological and theoretical insights into temporal reference and its linguistic expression, from a cross-linguistic experimental corpus pragmatics approach. Verbal tenses, in general, and more specifically the categories of tense, grammatical and lexical aspect are treated as cohesion ties contributing to the temporal coherence of a discourse, as well as to the cognitive temporal coherence of the mental representations built in the language comprehension process. As such, it investigates the phenomenon of temporal reference at the interface between corpus linguistics, theoretical linguistics and pragmatics, experimental pragmatics, psycholinguistics, natural language processing and machine translation.

Modern Italian Grammar Anna Proudfoot 2005 This new edition of the Modern Italian Grammar is an innovative reference guide to Italian, combining traditional and function-based grammar in a single volume. With a strong emphasis on contemporary usage, all grammar points and functions are richly illustrated with examples. Implementing feedback from users of the first edition, this text includes clearer explanations, as well as a greater emphasis on areas of particular difficulty for learners of Italian. Divided into two sections, the book covers: traditional grammatical categories such as word order, nouns, verbs and adjectives language functions and notions such as giving and seeking information, describing processes and results, and expressing likes, dislikes and preferences. This is the ideal reference grammar for learners of Italian at all levels, from beginner to advanced. No prior knowledge of grammatical terminology is needed and a glossary of grammatical terms is provided. This Grammar is complemented by the Modern Italian Grammar Workbook Second Edition which features related exercises and activities.

Time on a Line Christine Herring 2015-03-03 Time on a Line is a chart offering a visual guide of the main tenses used in spoken English. Having a visual is a fast way to understand where the tenses (called tempi in Italian) are in relation to time. This book is not a grammar book full of theories and long detailed explanations of the hows and whys of grammar. Nor is it a pretense to a complete in depth coverage of all the possible tenses used in the English language. I intentionally did not include such gems as future in the past, reported speech or even the passive. This book is a quick study of the most commonly used tenses necessary for "speaking". It is written for anyone who has ever studied English but can't quite put this knowledge into practice. Its aim is to help bridge the gap between knowing English grammar and using it either in speaking or understanding it. Time on a Line è una mappa che offre una guida - subito comprensibile visivamente - dei tempi usati in inglese. Osservare una mappa è una via veloce per capire quali tempi verbali usare in relazione alla dimensione tempo (in inglese si distingue opportunamente fra tense, il tempo verbale, e time, il tempo in generale). Questo libretto non è una grammatica teorica, né una lunga dettagliata esposizione del come e del perché di un determinato uso grammaticale. Non ha nemmeno la pretesa di coprire tutti i possibili tempi verbali usati in inglese. Intenzionalmente, non ho voluto includere preziosità come il future in the past, i tempi del discorso indiretto, e nemmeno la forma passiva del verbo. Questo libretto è invece un'illustrazione concisa dei tempi più comunemente usati in inglese e necessari per "parlare" la lingua. È scritto per chiunque abbia studiato un po' di inglese ma non è in grado di tradurre in pratica quello che già sa. Il suo scopo è quello di aiutare a colmare la distanza fra la conoscenza della grammatica inglese e l'uso della lingua, nel parlato e nella comprensione.
