School of Slide Trombone Antonio Pugliese 2020-12-21 The first part. Spanish English edition. Antonio Pugliese is a Soloist at the Colón theater and Professor at the National Conservatory of Buenos Aires and the Provincial Conservatory of La Plata. The main objective of this method is to apply a new system to the teaching of Slide trombone to facilitate the initial study of this difficult instrument.] We have carefully examined the]SLIDE TROMBONE METHOD] by Professor Antonio Pugliese, which includes abundant exercises comprising every aspect of trombone technique. And many new and useful observations concerning the peculiar possibilities of the instrument in elementary teaching and which have not been conveniently worked out in the ordinary text books. We believe that a conscientious study of this first part of the method will simplify the initiation of young students in the practice of this difficult instrument]. Cayetano Carbone (First Trombone of National Orchestra And Colon Theater of Buenos Aires). MELOS EDITORIAL COMPANY - ARGENTINA. This book contains the development of the following topics: The principal aim of this Method is to apply a new system to the teaching of the slide trombone, with the object of simplifying the elementary study of this difficult instrument. As a rule, teaching begins with the study of scales and exercises in a way similar to that used by other brass instruments operated by keys, these being mechanical devices which make playing easier. It is not profitable to begin the study of the slide trombone in this way, as the instrument has no mechanical device in its structure, and therefore presents the following difficulties: the intonation and the handling of the slide; the latter is an element which bears the same importance as the bow does for string instruments. My long experience as a teacher has convinced me that the rudimentary study of this instrument must be similar to that of string instruments. Studying it successively by positions and practicing the series of the harmonics in each of the seven positions. With this book you will be able to develop your potential to play the Slide Trombone. Download this book now and begin to know in depth the world of this wonderful and peculiar instrument! Melos, Slide Trombone, sheet music, Pentagram, chord, Bronze. Wind instrument. Composition.

25 Elementary Studies, Op. 176 Jean-Baptiste Duvernoy These short etudes explore a variety of keyboard patterns and articulations. The studies, limited to key signatures of three sharps or flats or less, develop legato phrasing, dynamic graduations and voicing. Approximately the same level of difficulty as Köhler's 12 Easy Studies and Czerny's Practical Method for Beginners, Op. 599 and The Young Pianist, Op. 823.

Alfred's Basic Piano Course: Sight Reading Book 1A Gayle Kowalchuk 2005-05-03
The Sight Reading Books teach sight reading in a systematic way by creating exercises based on the same concepts that students are studying in the Lesson Books. Also includes rhythm sight reading drills and improvisation exercises to develop tactile freedom on the keyboard. Exercises are short and the music is generally easier than the corresponding pages in the Lesson Book.

Hanon C. L. Hanon 2016-05-27 Studying the exercises in Hanon's *The Virtuoso Pianist* is a rite of passage for serious piano players--and it has been for over 100 years. A staple of conservatory curricula around the world, the thorough technical training offered by this book is unmatched by any other. Hanon's drills are divided into three distinct sections, progressing from simple to complex. The first set aims to develop strength and independence in the fingers. The second set moves on to scales and arpeggios. The final group of exercises is considerably more difficult and focuses on surmounting the greatest technical challenges of piano playing. This part includes repeated notes, repeated double notes, scales in thirds and octaves, tremolos, trills, and more. *The Virtuoso Pianist* is a challenging and instructive book for players of all ages, skill levels, and traditions.

School of Velocity, Op. 299 (Complete) Carl Czerny 2005-05-03 This popular volume offers practical training in well-articulated pianistic passage work, particularly in playing the virtuoso music of the romantic period. In addition to this, each study is a complete music composition, demanding attention to dynamics and phrasing. Students who master Opus 299 have indeed progressed a long way in the "school of velocity." Available in a 112-page complete volume or in two separate books.
