Sectarianism in Iraq Khalil Osman 2014-10-10 This book links sectarianism in Iraq to the failure of the modern nation-state to resolve tensions between sectarian identities and concepts of unified statehood and uniform citizenry. After a theoretical excursus that recasts the notion of primordial identity as a socially constructed reality, the author sets out to explain the persistence of sectarian affiliations in Iraq since its creation following the dismemberment of the Ottoman Empire. Despite the adoption of homogenizing state policies, the uneven sectarian composition of the ruling elites nurtured feelings of political exclusion among marginalized sectarian groups, the Shicites before 2003 and the Sunnis in the post-2003 period. The book then examines how communal discourses in the educational curriculum provoked masked forms of resistance that sharpened sectarian consciousness. Tracing how the anti-Persian streak in the nation-state's Pan-Arab ideology, which camouflaged anti-Shicism, undermined Iraq's national integration project, *Sectarianism in Iraq* delves into the country's slide from a totalizing Pan-Arab ideology in the pre-2003 period toward the atomistic impulse of the federalist debate in the post-2003 period. Employing extensive fieldwork, this book sheds light on the dynamics of political life in post-Saddam Iraq and is essential reading for Iraqi and Middle East specialists, as well as those interested in understanding the current heightening of sectarian Sunni-Shicite tensions in the Middle East.

Muslim Women in Contemporary North America Meena Sharify-Funk 2022-12-06 *Muslim Women in Contemporary North America* is a provocative study of how strongly held and divergent opinions, values, and beliefs, as well as misconceptions, overgeneralizations, and political agendas pertaining to Muslim women in the

region, enter the public frame of reference. Interrogating contested topics in a series of case studies from both Canada and the United States, this book probes below the surface in pursuit of deeper understanding and more productive dialogue. Chapters analyze controversies over "clash" literature, dissident reformists, female religious leadership, veils, and the nature of emancipation in a compelling examination of the ways in which "Muslim," "American," and "Canadian" identities and values are being defined, differentiated, and projected. By pinpointing both sources of dissonance and unexpected patterns of resonance among complex, composite, and at times overlapping identity constellations, this book uncovers the impact of controversies on broader cultural negotiations in the United States and Canada. Transforming controversy and cliché into genuine conversation, *Muslim Women in Contemporary North America* is an invaluable resource for scholars and students in the fields of Islamic and Muslim Studies, Gender Studies, International Relations, Political Science, and Sociology.

Contemporary Sufism Meena Sharify-Funk 2017-12-22 What is Sufism? Contemporary views vary tremendously, even among Sufis themselves. *Contemporary Sufism: Piety, Politics, and Popular Culture* brings to light the religious frameworks that shape the views of Sufism's friends, adversaries, admirers, and detractors and, in the process, helps readers better understand the diversity of contemporary Sufism, the pressures and cultural openings to which it responds, and the many divergent opinions about contemporary Sufism's relationship to Islam. The three main themes: piety, politics, and popular culture are explored in relation to the Islamic and Western contexts that shape them, as well as to the historical conditions that frame contemporary debates. This book is split into three parts: • Sufism and anti-Sufism in contemporary contexts; • Contemporary Sufism in the West: Poetic influences and popular manifestations; • Gendering Sufism: Tradition and transformation. This book will fascinate anyone interested in the challenges of contemporary Sufism as well as its relationship to Islam, gender, and the West. It offers an ideal starting point from which undergraduate and postgraduate students, teachers and lecturers can explore Sufism today.

BERANGKAT DARI PESANTREN K.H. Saifuddin Zuhri 2013 Autobiography of Saifuddin Zuhri, an Indonesian ulama and politician.

Political Islam and Human Security Shahram Akbarzadeh 2009-03-26 In the wake of the September 11 and subsequent terrorist attacks, the academic and media commentaries on Islam the religion and Islam the basis for political ideology have received an unprecedented high level of exposure and attention. The acts of political violence by extremist groups and the omnipresent war on terror have added fresh uncertainties to an already complex global order. Just as terrorism and counter-terrorism are locked in a mutually re-enforcing

symbiosis, the sense of insecurity felt by Muslims and non-Muslims alike is mutually dependent and has the potential to escalate. This general assessment holds true for Muslims living in the Muslim world and beyond. The pervasive sense of being under attack physically and culturally by the United States and its allies has contributed to a growing unease among Muslims and re-enforced deep-seated mistrust of the 'West'. Public articulation of such misgivings has in turn, lent credence to Western observers who posit an inherent antipathy between the West and the Muslim world. The subsequent policies that have emerged in this context of fear and mutual distrust have contributed to the vicious cycle of insecurity. The present volume is anchored in the current debates on the uneasy and potentially mutually destructive relationship between the Muslim world and certain West countries. It brings together leading international scholars in this interdisciplinary field to deal with such inter-related questions as the nature of Islamism, the impact of the 'war on terror' on the spread of militancy, the growing sense of being under siege by Muslim Diasporas and the many unintended ramifications of a security-minded world order. This volume deliberately focuses on these issues both at a broad theoretical level but more importantly in the form of a number of prominent case studies including Indonesia, Algeria and Turkey

Before Orthodoxy Shahab Ahmed 2017-04-24 A controversial episode in the life of the Prophet Muhammad concerns an incident in which he allegedly mistook words suggested by Satan as divine revelation. Muslims now universally deny that the Satanic verses incident took place. But Muslims did not always hold this view. Shahab Ahmed uses this case to explore how religions establish truth.

Islam in Contemporary Egypt Denis Joseph Sullivan 1999 Tracing the development of Islam as a multidimensional force in Egypt, Sullivan (political science, Northeastern U.) and Abed-Kotob (associate editor, Middle East Journal) analyze the role it plays in governance and opposition to political authority; in social relations (including between women and men, and Muslims and Christians); and in the often overlooked area of socioeconomic development. They conclude by weighing the potential for cooperation between a secular regime and a resurgent religious society. Many of the references are translated from Arabic.

Arab Human Development in the Twenty-first Century Bahgat Korany 2014-10-01 With its emphasis on the primacy of change, this study arrives at a particularly auspicious moment, as the Middle East continues to be convulsed by the greatest upheavals in generations, which have come to be known as the Arab Spring. Originally prepared as the tenth-anniversary volume of the UNDP's Arab Human Development Report, *Arab Human Development in the Twenty-first Century* places empowerment at the center of human development in the Arab world, viewing it not only from the vantage point of a more equitable distribution of economic resources but also of fundamental legal, educational, and political reform. The ten chapters in this book follow closely this political economy framework. They look back at what Arab countries have achieved since the early 2000s and forward to what remains to be done to reach full development. Supported by a wealth of statistical material, they cover the rule of law, the evolution of media, the persistence of corruption, the draining of resources through armed conflict, the dominance and increase of poverty, the environment, and religious education. The concluding chapter attempts an inventory of the world literature and different experiences on democratic transition to explore where the region could be heading. This critical and timely study is indispensable reading to development specialists and to Middle East scholars and students alike, as well as to anyone with an interest in the future trajectory of the region.

Zionism in Arab discourses Uriya Shavit 2016-04-30 This study presents the debates between and within contesting Arab ideological trends on a conflict that has shaped, and is certain to continue and shape, one of the most complicated regions in the world.

Modern Written Arabic El Said Badawi 2013-06-17 *Modern Written Arabic* is a complete reference guide to the grammar of modern written Arabic. The Grammar presents an accessible and systematic description of the language, focusing on real patterns of use in contemporary written Arabic, from street signs to literature. Examples are drawn from authentic texts, both literary and journalistic, published since 1990. This comprehensive work is an invaluable resource for intermediate and advanced students of Arabic and anyone interested in Arabic linguistics and the way modern written Arabic works. Features include: comprehensive coverage of all parts of speech full cross-referencing authentic examples, given in Arabic script, transliteration and translation a detailed index.

Islamists and Secularists in Egypt Dina Shehata 2009-12-04 In a detailed analysis of the continued survival of authoritarian governments in the Arab world, this book uses Egypt as a case study to address the timely and complex issue of democratization in the Middle East. This book examines how relations between different actors in the Egyptian opposition have contributed to the endurance of authoritarianism in Egypt over the past three decades. The author argues that the longevity of the authoritarian government is not only a function of the strength and cohesion of the regime, but is also related to the weaknesses and divisions between opposition groupings, particularly between Islamists and non-Islamists. Looking at how such ideological differences and mobilizational asymmetries have impeded successful cooperation between different opposition groups, and how this allows the authoritarian regime to successfully ensure its continued hegemony, the author illustrates the extent to which opposition strategies profoundly affect successful transitions to democracy in the Arab world. Highlighting the main obstacles to democratic political reform in the region, the author provides important insights for the promotion of democracy in the region which will be a valuable addition to the literature on Middle Eastern politics and government.

A History of Arab Graphic Design Bahia Shehab 2020-12-15 The first-ever book-length history of Arab graphic design PROSE AWARD WINNER, ART HISTORY & CRITICISM Arab graphic design emerged in the early twentieth century out of a need to influence, and give expression to, the far-reaching economic, social, and political changes that were taking place in the Arab world at the time. But graphic design as a formally recognized genre of visual art only came into its own in the region in the twenty-first century and, to date, there has been no published study on the subject to speak of. A History of Arab Graphic Design traces the people and events that were integral to the shaping of a field of graphic design in the Arab world. Examining the work of over eighty key designers from Morocco to Iraq, and covering the period from pre-1900 to the end of the twentieth century, Bahia Shehab and Haytham Nawar chart the development of design in the region, beginning with Islamic art and Arabic calligraphy, and their impact on Arab visual culture, through to the digital revolution and the arrival of the Internet. They look at how cinema, economic prosperity, and political and cultural events gave birth to and shaped the founders of Arab graphic design. Highlighting the work of key designers and stunningly illustrated with over 600 color images, A History of Arab Graphic Design is an invaluable resource tool for graphic designers, one which, it is hoped, will place Arab visual culture and design on the map of a thriving international design discourse.

Islamic Economics and the Final Jihad David J. Jonsson 2006-05 Jonsson presents the history and Islamist strategy for achieving world domination without terrorism through gradual Islamization of the West by controlling currency, oil resources, free trade zones, transportation, media, and financial markets. Theory and Practice of Muslim State in India Kishori Saran Lal 1999 The theory part is traced to the Quran, the Hadis and the Sunnah of the Prophet; the practice part to the principal activities of Muslim rulers in India as narrated by their chroniclers. Muslim state in India has not ceased to exist even in modern times and Indian Muslims on account of Islamic laws and separate identity almost form a separate state within the Indian State.

Arab Gulf States Gordon Robison 1996 Thoroughly expanded and updated, this guide covers Bahrain, Kuwait, Oman, Qatar, Saudi Arabia, and the United Arab Emirates. Features include accommodation and restaurant suggestions for all budgets, comprehensive political and historical notes, and other invaluable information about post-war Kuwait. There is coverage of Saudi Arabia's rich archaeological heritage, a significantly expanded chapter on Oman and the recently-opened Musandem Peninsula, plus tips for buying Bedouin silver.

Contemporary Thought in the Muslim World Carool Kersten 2019-06-17 This book presents an intellectual history of today's Muslim world, surveying contemporary Muslim thinking in its various manifestations, addressing a variety of themes that impact on the lives of present-day Muslims. Focusing on the period from roughly the late 1960s to the first decade of the twenty-first century, the book is global in its approach and offers an overview of different strands of thought and trends in the development of new ideas, distinguishing between traditional, reactionary, and progressive approaches. It presents a variety of themes and issues including: The continuing relevance of the legacy of traditional Islamic learning as well as the use of reason; the centrality of the Qur'an; the spiritual concerns of contemporary Muslims; political thought regarding secularity, statehood, and governance; legal and ethical debates; related current issues like human rights, gender equality, and religious plurality; as well as globalization, ecology and the environment, bioethics, and life sciences. An alternative account of Islam and the Muslim world today, counterbalancing narratives that emphasise politics and confrontations with the West, this book is an essential resource for students and scholars of Islam.

comprehensive survey gathers Iraq's globally scattered talents into one volume. Due to recent world events, many Iraqis have had to seek alternative habitations outside their homeland, and an innovative body of artworks has emerged. Much of the new artwork addresses the complexities in the artists' lives, be it outside Iraq, or inside the country, where day to day survival is an enormous struggle. Based on extensive research and interviews, this volume incorporates essays which explore the status and content of current artworks, and a comprehensive collection of biographical notes on the artists.

Guide to the Western Mediterranean Macmillan & Co 1906

The Legacy of Arab-Islam in Africa John Allembillah Azumah 2014-10-01

Thoughtful and challenging, this book argues for a reassessment of the role historically played by Islam in Africa, and offers new hope for increased mutual understanding between African people of different faiths. Drawing on a wealth of sources, from the colonial period to the most up-to-date scholarship, the author challenges the widely held perception that, while Christianity oppressed and subjugated the African people, Islam fitted comfortably into the indigenous landscape. Instead, this penetrating account reveals Muslim settlers to be as guilty of enforcing slavery and conversion as those of their more maligned sister tradition. Only with an acknowledgement of the true roles of both faiths in African history, suggests Azumah, can the people of both traditions move themselves and their continent towards a new future of tolerance and self-awareness.

Pendidikan Islam Transformatif ala KH. Abdurrahman Wahid Efendi, S.Pd.I

2016-10-27 Penulis : Efendi, S.Pd.I Hal : 192 ISBN : 978-602-6364-96-8 Sinopsis : Berbicara tentang dinamika pendidikan Indonesia, berarti tidak bisa meninggalkan pembahasan tentang keadaan masyarakatnya yang pluralis, baik itu agamanya atau kebudayaannya. Realitas tersebut kemudian mengidealkan penyikapan yang toleran serta demokratis. Harapannya agar interaksi sosial dan dalam membangun peradaban bangsa sesuai dengan amanah Pancasila dan UUD 1945, sehingga komunikasi yang terjalin bisa positif dan sesuai dengan nilai-nilai kearifan lokal. Realita peradaban suatu masyarakat dewasa ini semakin hari terus berkembang dan tak terhentikan, mulai dari kontak antara satu budaya dengan budaya lainnya, pendidikan, sikap toleransi umat manusia, dan orientasi masa depan manusia. Hal tersebut merupakan hal-hal yang mau tidak mau selalu dilakukan. Padahal, manusia sebagai makhluk sosial berarti setiap individu tidak mungkin hidup layak tanpa terkait dengan kelompok masyarakat manusia lainnya. K.H. Abdurrahman Wahid, atau yang biasa disapa dengan Gus Dur memberi jalan tengah dari permasalahan tersebut. Pemikiran Gus Dur mengenai pendidikan Islam berusaha mengambil jalan tengah, tetap menjaga nilai-nilai tradisional dan menyerap modernisme barat. Pemikiran Gus Dur ini disebut neomodernisme, yaitu suatu gerakan progresif dalam pemikiran Islam yang tidak hanya timbul modernisme Islam, tetapi juga sangat tertarik pada pengetahuan tradisional. Neomodernis mengajukan argumen bagi diterimanya pendekatan yang bersifat hilistik terhadap ijtihad. Pendidikan Islam dalam perspektif Gus Dur tidak lepas dari peran pesantren sebagai salah satu instansi pendidikan Islam yang

menjadi wahana resistensi moral dan budaya atau pewaris tradisi intelektual Islam tradisional.

Tunisia Since the Arab Conquest Jacob Abadi 2013 This comprehensive history of Tunisia covers an essential period in the country's development, from the Arab conquest of the 7th century to the Jasmine Revolution and the fall of Ben Ali's regime in 2010. The book describes the evolution of the Tunisian state, its place in the Mediterranean basin, and its contacts with the civilizations of that region. Beginning with the conquest of AD 648-669, it analyzes the crucial events that shaped the country's history in the dynastic age. The book then goes on to discuss the impact of the Ottoman conquest, as well as the impact of the European competition in the Mediterranean, on the development of the Tunisian state. Tunisia since the Arab Conquest provides a thorough coverage of the French conquest and the French Protectorate, and their influence on the country's development. It discusses Franco-Tunisian relations in a vivid manner and explores the impact of the first and second World Wars on the country. The book then examines the Tunisian nationalist movement and the country's struggle for independence, assessing the main personalities who played a role in that movement. Tunisia's relations with France and the methods by which the country obtained its independence are discussed in great detail. The narrative continues with an analysis of the political, social, economic, and cultural developments in Tunisia since its independence, including an in-depth analysis of the country's achievements and failures under the regimes of Habib Bourguiba and Ben Ali. Based on primary and secondary sources in Arabic, French, Italian, Hebrew, and English, this book provides the reader with a comprehensive history of the country. It will be essential reading for students and academics who wish to understand the formative years of the Tunisian state, as well as the political developments which took place after its independence. *** "Abadi provides a comprehensive, detailed, and factual narrative of Tunisian history..." Recommended. - Choice, July 13, Vol. 50 No. 11

The Egyptian Revolution of 1919 H.A Hellyer 2022-08-11 The 1919 Egyptian revolution was the founding event for modern Egypt's nation state. So far there has been no text that looks at the causes, consequences and legacies of the 1919 Egyptian Revolution. This book addresses that gap, with Egyptian and non-Egyptian scholars discussing a range of topics that link back to that crucial event in Egyptian history. Across nine chapters, the book analyzes the causes

and course of the 1919 revolution; its impacts on subsequent political beliefs, practices and institutions; and its continuing legacy as a means of regime legitimation. The chapters reveal that the 1919 Egyptian Revolution divided the British while uniting Egyptians. However, the "revolutionary moment" was superseded by efforts to restore Britain's influence in league with a reassertion of monarchical authority. Those efforts enjoyed tactical, but not long-term strategic success, in part because the 1919 revolution had unleashed nationalist forces that could never again be completely contained. The book covers key issues surrounding the 1919 Egyptian Revolution such as the role played by Lord Allenby; internal schisms within the British government struggling to cope with the revolution; Muslim-Christian relations; and divisions among the Egyptians.

Islamic Legitimacy in a Plural Asia Anthony Reid 2008-03-25 A global debate has emerged within Islam about how to coexist with democracy. Even in Asia, where such ideas have always been marginal, radical groups are taking the view that scriptural authority requires either Islamic rule (Dar-ul-Islam) or a state of war with the essentially illegitimate authority of non-Muslims or secularists. This book places the debate in a specifically Asian context. It draws attention to Asia (east of Afghanistan), as not only the home of the majority of the world's Muslims but also Islam's historic laboratory in dealing with religious pluralism. In Asia, pluralism is not simply a contemporary development of secular democracies, but a long-tested pattern based on both principle and pragmatism. For many centuries, Muslims in Asia have argued about the legitimacy of non-Islamic government over Muslims, and the legitimacy of non-Muslim peoples, polities and rights under Islamic governance. This book analyses such debates and the ways they have been reconciled, in South and Southeast Asia, up to the present. The evidence presented here suggests that Muslims have adapted flexibly and creatively to the pluralism with which they have lived, and are likely to continue to do so.
