Ten Days In a Mad-House Nellie Bly 2014-06-02 Ten Days In a Mad-House (1887) by Nellie Bly. Nellie Bly (1864-1922) was the pen name of American journalist Elizabeth Jane Cochrane. She was a ground-breaking reporter known for a record-breaking trip around the world in 72 days, in emulation of Jules Verne's fictional character Phileas Fogg, and an exposé in which she faked insanity to study a mental institution from within. She was a pioneer in her field, and launched a new kind of investigative journalism. Nellie Bly, whose given name was Elizabeth Jane Cochran, was a pio-neer of investigative journalism. She died in 1922. Of her many exposé assignments for Joseph Pulitzer's NEW YORK WORLD, her voluntary (and undercover) journey into the "lunatic asylum" on Blackwell's (now Roosevelt) Island is perhaps the most well known. In previous chapters of the series, she has (without much difficulty) fooled various doctors and authorities into deeming her insane and admitting her tothe asylum, which is located on an island just east of Manhattan. "SINCE my experiences in Blackwell's Island Insane Asylum were published in the World I have received hundreds of letters in regard to it. The edition containing my story long since ran out, and I have been prevailed upon to allow it to be published in book form, to satisfy the hundreds who are yet asking for copies."

Miracle in the Andes Nando Parrado 2006-05-09 NEW YORK TIMES BESTSELLER • A harrowing, moving memoir of the 1972 plane crash that left its survivors stranded on a glacier in the Andes—and one man's quest to lead them all home—now in a special edition for 2022, commemorating the fiftieth anniversary of the crash, featuring a new introduction by the author “In straightforward, staggeringly honest prose, Nando Parrado tells us what it took—and what it actually felt like—to survive high in the Andes for seventy-two days after having been given up for dead.”—Jon Krakauer, author of Into the Wild “In the first hours there was nothing, no fear or sadness, just a black and perfect silence.” Nando Parrado was unconscious for three days before he woke to discover that the plane carrying his rugby team to Chile had crashed deep in the Andes, killing many of his teammates, his mother, and his sister. Stranded with the few remaining survivors on a lifeless glacier and thinking constantly of his father's grief, Parrado resolved that he could not simply wait to die. So Parrado, an ordinary young man with no particular disposition for leadership or heroism, led an expedition up the treacherous slopes of a snowcapped mountain and across forty-five miles of frozen wilderness in an attempt to save

his friends' lives as well as his own. Decades after the disaster, Parrado tells his story with remarkable candor and depth of feeling. *Miracle in the Andes*, a first-person account of the crash and its aftermath, is more than a riveting tale of true-life adventure; it is a revealing look at life at the edge of death and a meditation on the limitless redemptive power of love.

Salt Mark Kurlansky 2011-03-18 From the award-winning and bestselling author of *Cod* comes the dramatic, human story of a simple substance, an element almost as vital as water, that has created fortunes, provoked revolutions, directed economies and enlivened our recipes. Salt is common, easy to obtain and inexpensive. It is the stuff of kitchens and cooking. Yet trade routes were established, alliances built and empires secured - all for something that filled the oceans, bubbled up from springs, formed crusts in lake beds, and thickly veined a large part of the Earth's rock fairly close to the surface. From pre-history until just a century ago - when the mysteries of salt were revealed by modern chemistry and geology - no one knew that salt was virtually everywhere. Accordingly, it was one of the most sought-after commodities in human history. Even today, salt is a major industry. Canada, Kurlansky tells us, is the world's sixth largest salt producer, with salt works in Ontario playing a major role in satisfying the Americans' insatiable demand. As he did in his highly acclaimed *Cod*, Mark Kurlansky once again illuminates the big picture by focusing on one seemingly modest detail. In the process, the world is revealed as never before.

Following Nellie Bly Rosemary J Brown 2021-05-31 Intrepid journalist Nellie Bly raced through a 'man's world' - alone and literally with just the clothes on her back - to beat the fictional record set by Jules Verne's Phileas Fogg in *Around the World in 80 Days*. She won the race on 25 January 1890, covering 21,740 miles by ocean liner and train in 72 days, and became a global celebrity. Although best known for her record-breaking journey, even more importantly Nellie Bly pioneered investigative journalism and paved the way for women in the newsroom. Her undercover reporting, advocacy for women's rights, crusades for vulnerable children, campaigns against oppression and steadfast conviction that 'nothing is impossible' makes the world that she circled a better place. Adventurer, journalist and author, Rosemary J Brown, set off 125 years later to retrace Nellie Bly's footsteps in an expedition registered with the Royal Geographical Society. Through her recreation of that epic global journey, she brings to life Nellie Bly's remarkable achievements and shines a light on one of the world's greatest female adventurers and a forgotten heroine of history.

Caste (Oprah's Book Club) Isabel Wilkerson 2020-08-04 #1 NEW YORK TIMES BESTSELLER • OPRAH'S BOOK CLUB PICK • NATIONAL BOOK AWARD LONGLIST • "An instant American classic and almost certainly the keynote nonfiction book of the American century thus far."—Dwight Garner, *The New York Times* The Pulitzer Prize-winning, bestselling author of *The Warmth of Other Suns* examines the unspoken caste system that has shaped America and shows how our lives today are still defined by a hierarchy of human divisions. NAMED THE #1 NONFICTION BOOK OF THE YEAR BY TIME, ONE OF THE TEN BEST BOOKS OF THE YEAR BY People • *The Washington Post* • *Publishers Weekly* AND ONE OF THE BEST BOOKS OF THE YEAR BY *The New York Times Book Review* • *O: The Oprah Magazine* • NPR • Bloomberg • *Christian Science Monitor* • *New York Post* • *The New York Public Library* • *Fortune* • *Smithsonian Magazine* • *Marie Claire* • *Town & Country* • *Slate* • *Library Journal* • *Kirkus Reviews* • *LibraryReads* • PopMatters Winner of the Los Angeles Times Book Prize • National Book Critics Circle Award Finalist • Dayton

Literary Peace Prize Finalist • PEN/John Kenneth Galbraith Award for Nonfiction Finalist • PEN/Jean Stein Book Award Longlist “As we go about our daily lives, caste is the wordless usher in a darkened theater, flashlight cast down in the aisles, guiding us to our assigned seats for a performance. The hierarchy of caste is not about feelings or morality. It is about power—which groups have it and which do not.” In this brilliant book, Isabel Wilkerson gives us a masterful portrait of an unseen phenomenon in America as she explores, through an immersive, deeply researched narrative and stories about real people, how America today and throughout its history has been shaped by a hidden caste system, a rigid hierarchy of human rankings. Beyond race, class, or other factors, there is a powerful caste system that influences people’s lives and behavior and the nation’s fate. Linking the caste systems of America, India, and Nazi Germany, Wilkerson explores eight pillars that underlie caste systems across civilizations, including divine will, bloodlines, stigma, and more. Using riveting stories about people—including Martin Luther King, Jr., baseball’s Satchel Paige, a single father and his toddler son, Wilkerson herself, and many others—she shows the ways that the insidious undertow of caste is experienced every day. She documents how the Nazis studied the racial systems in America to plan their out-cast of the Jews; she discusses why the cruel logic of caste requires that there be a bottom rung for those in the middle to measure themselves against; she writes about the surprising health costs of caste, in depression and life expectancy, and the effects of this hierarchy on our culture and politics. Finally, she points forward to ways America can move beyond the artificial and destructive separations of human divisions, toward hope in our common humanity. Beautifully written, original, and revealing, *Caste: The Origins of Our Discontents* is an eye-opening story of people and history, and a reexamination of what lies under the surface of ordinary lives and of American life today.

One Hundred Years of Solitude Gabriel Garcia Marquez 2003-06-24 One of the 20th century's enduring works, *One Hundred Years of Solitude* is a widely beloved and acclaimed novel known throughout the world, and the ultimate achievement in a Nobel Prize-winning career. The novel tells the story of the rise and fall of the mythical town of Macondo through the history of the Buendía family. It is a rich and brilliant chronicle of life and death, and the tragicomedy of humankind. In the noble, ridiculous, beautiful, and tawdry story of the Buendía family, one sees all of humanity, just as in the history, myths, growth, and decay of Macondo, one sees all of Latin America. Love and lust, war and revolution, riches and poverty, youth and senility -- the variety of life, the endlessness of death, the search for peace and truth -- these universal themes dominate the novel. Whether he is describing an affair of passion or the voracity of capitalism and the corruption of government, Gabriel García Márquez always writes with the simplicity, ease, and purity that are the mark of a master. Alternately reverential and comical, *One Hundred Years of Solitude* weaves the political, personal, and spiritual to bring a new consciousness to storytelling. Translated into dozens of languages, this stunning work is no less than an accounting of the history of the human race.

Seven Days in the Art World Sarah Thornton 2008-11-17 A fly-on-the-wall account of the smart and strange subcultures that make, trade, curate, collect, and hype contemporary art. Contemporary art has become a mass entertainment, a luxury good, a job description, and, for some, a kind of alternative religion. In a series of beautifully paced narratives, Sarah Thornton investigates the drama of a Christie's auction, the workings in

Takashi Murakami's studios, the elite at the Basel Art Fair, the eccentricities of Artforum magazine, the competition behind an important art prize, life in a notorious art-school seminar, and the wonderland of the Venice Biennale. She reveals the new dynamics of creativity, taste, status, money, and the search for meaning in life. A judicious and juicy account of the institutions that have the power to shape art history, based on hundreds of interviews with high-profile players, Thornton's entertaining ethnography will change the way you look at contemporary culture.

Adrift Steven Callahan 2002-10-17 Before *The Perfect Storm*, before *In the Heart of the Sea*, Steven Callahan's dramatic tale of survival at sea was on the New York Times bestseller list for more than thirty-six weeks. In some ways the model for the new wave of adventure books, *Adrift* is an undeniable seafaring classic, a riveting firsthand account by the only man known to have survived more than a month alone at sea, fighting for his life in an inflatable raft after his small sloop capsized only six days out. "Utterly absorbing" (Newsweek), *Adrift* is a must-have for any adventure library.

Around the World in Seventy-Two Days Nellie Bly 2021-04-27 "She was part of the 'stunt girl' movement that was very important in the 1880s and 1890s as these big, mass-circulation yellow journalism papers came into the fore." -Brooke Kroeger *Around the World in Seventy-Two Days* (1890) is a travel narrative by American investigative journalist Nellie Bly. Proposed as a recreation of the journey undertaken by Phileas Fogg in Jules Verne's *Around the World in Eighty Days* (1873), Bly's journey was covered in Joseph Pulitzer's popular newspaper the *New York World*, inspiring countless others to attempt to surpass her record. At the time, readers at home were encouraged to estimate the hour and day of Bly's arrival, and a popular board game was released in commemoration of her undertaking. Embarking from Hoboken, noted investigative journalist Nellie Bly began a voyage that would take her around the globe. Bringing only a change of clothes, money, and a small travel bag, Bly travelled by steamship and train through England, France—where she met Jules Verne—Italy, the Suez Canal, Ceylon, Singapore, Hong Kong, and Japan. Sending progress reports via telegraph, she made small reports back home while recording her experiences for publication upon her return. Despite several setbacks due to travel delays in Asia, Bly managed to beat her estimated arrival time by several days despite making unplanned detours, such as visiting a Chinese leper colony, along the way. Unbeknownst to Bly, her trip had inspired *Cosmopolitan's* Elizabeth Brisland to make a similar circumnavigation beginning on the exact day, launching a series of copycat adventures by ambitious voyagers over the next few decades. Despite being surrounded by this air of popularity and competition, however, Bly took care to make her journey worthwhile, showcasing her skill as a reporter and true pioneer of investigative journalism. With a beautifully designed cover and professionally typeset manuscript, this edition of Nellie Bly's *Around the World in Seventy-Two Days* is a classic work of American travel literature reimagined for modern readers.

Start-up Nation Dan Senor 2011-09-07 START-UP NATION addresses the trillion dollar question: How is it that Israel-- a country of 7.1 million, only 60 years old, surrounded by enemies, in a constant state of war since its founding, with no natural resources-- produces more start-up companies than large, peaceful, and stable nations like Japan, China, India, Korea, Canada and the UK? With the savvy of foreign policy insiders, Senor and Singer examine the lessons of the country's adversity-driven culture, which flattens hierarchy and elevates informality-- all backed up by government policies focused on innovation. The Half Has Never Been Told Edward E Baptist 2016-10-25 Winner of the 2015 Avery O. Craven Prize from the Organization of American Historians Winner of the 2015 Sidney Hillman Prize A groundbreaking history demonstrating that America's economic supremacy was built on the backs of slaves Americans tend to cast slavery as a pre-modern institution -- the nation's original sin, perhaps, but isolated in time and divorced from America's later success. But to do so robs the millions who suffered in bondage of their full legacy. As historian Edward E. Baptist reveals in *The Half Has Never Been Told*, the expansion of slavery in the first eight decades after American independence drove the evolution and modernization of the United States. In the span of a single lifetime, the South grew from a narrow coastal strip of worn-out tobacco plantations to a continental cotton empire, and the United States grew into a

modern, industrial, and capitalist economy. Told through intimate slave narratives, plantation records, newspapers, and the words of politicians, entrepreneurs, and escaped slaves, *The Half Has Never Been Told* offers a radical new interpretation of American history.

The Book of Joy Dalai Lama 2016-09-20 NATIONAL BESTSELLER Two great spiritual masters share their own hard-won wisdom about living with joy even in the face of adversity. The occasion was a big birthday. And it inspired two close friends to get together for a talk about something very important to them. The friends were His Holiness the Dalai Lama and Archbishop Desmond Tutu. The subject was joy. Both winners of the Nobel Prize, both great spiritual masters and moral leaders of our time, they are also known for being among the most infectiously happy people on the planet, despite having experienced great personal and national suffering. From the beginning the book was envisioned as a three-layer birthday cake, the first being their personal stories and teachings about joy. Both the Dalai Lama and Tutu have been tested by extraordinary adversity, oppression, and conflict. The second layer consists of the exciting research into joy as well as the other qualities essential for any enduring happiness, like gratitude, humility, humour, compassion, generosity, and forgiveness. And the third encompasses practical exercises and guidance based on the Dalai Lama's and Tutu's own daily practices, which anchor their emotional and spiritual lives. Most of all, during that landmark week in Dharamsala, they demonstrated by their own exuberance, compassion, and even wise-cracking humour, how joy can be transformed from a fleeting emotion into an enduring way of being.

Where the Crawdads Sing Delia Owens 2018-08-14 NOW A MAJOR MOTION PICTURE--The #1 New York Times bestselling worldwide sensation with more than 15 million copies sold, hailed by The New York Times Book Review as "a painfully beautiful first novel that is at once a murder mystery, a coming-of-age narrative and a celebration of nature." So in late 1969, when handsome Chase Andrews is found dead, the locals immediately suspect Kya Clark, the so-called Marsh Girl. But Kya is not what they say. Sensitive and intelligent, she has survived for years alone in the marsh that she calls home, finding friends in the gulls and lessons in the sand. Then the time comes when she yearns to be touched and loved. When two young men from town become intrigued by her wild beauty, Kya opens herself to a new life--until the unthinkable happens. *Where the Crawdads Sing* is at once an exquisite ode to the natural world, a heartbreaking coming-of-age story, and a surprising tale of possible murder. Owens reminds us that we are forever shaped by the children we once were, and that we are all subject to the beautiful and violent secrets that nature keeps.

Around the World in Seventy-Two Days Nellie Bly 2017-11-10 WHAT gave me the idea? It is sometimes difficult to tell exactly what gives birth to an idea. Ideas are the chief stock in trade of newspaper writers and generally they are the scarcest stock in market, but they do come occasionally, This idea came to me one Sunday. I had spent a greater part of the day and half the night vainly trying to fasten on some idea for a newspaper article. It was my custom to think up ideas on Sunday and lay them before my editor for his approval or disapproval on Monday. But ideas did not come that day and three o'clock in the morning found me weary and with an aching head tossing about in my bed...

Patchett ponders this truth in these wise essays that afford a fresh and intimate look into her mind and heart. At the center of These Precious Days is the title essay, a surprising and moving meditation on an unexpected friendship that explores "what it means to be seen, to find someone with whom you can be your best and most complete self." When Patchett chose an early galley of actor and producer Tom Hanks' short story collection to read one night before bed, she had no idea that this single choice would be life changing. It would introduce her to a remarkable woman-Tom's brilliant assistant Sooki-with whom she would form a profound bond that held monumental consequences for them both. A literary alchemist, Patchett plumbs the depths of her experiences to create gold: engaging and moving pieces that are both self-portrait and landscape, each vibrant with emotion and rich in insight. Turning her writer's eye on her own experiences, she transforms the private into the universal, providing us all a way to look at our own worlds anew, and reminds how fleeting and enigmatic life can be. From the enchantments of Kate DiCamillo's children's books (author of The Beatryce Prophecy) to youthful memories of Paris; the cherished life gifts given by her three fathers to the unexpected influence of Charles Schultz's Snoopy; the expansive vision of Eudora Welty to the importance of knitting, Patchett connects life and art as she illuminates what matters most. Infused with the author's grace, wit, and warmth, the pieces in These Precious Days resonate deep in the soul, leaving an indelible mark-and demonstrate why Ann Patchett is one of the most celebrated writers of our time.
