The Chronicles of Narnia Vol III: The Voyage of the Dawn Treader C.S.Lewis 2016-08-12 The Voyage of the Dawn Treader sees Edmund and Lucy, along with their priggish cousin Eustace Scrubb, return to Narnia. Once there, they join Caspian's voyage on the ship to find the seven lords who were banished when Miraz took over the throne. As they sail toward Aslan's country at the edge of the world, they come face to face with many dangers and wonders, including the place where dreams come true. They discover that their quest is more than they imagined and that the world's end is only the beginning...

Assassination Classroom, Vol. 6 Yusei Matsui 2015-10-06 The 3-E students discover that Koro Sensei's greatest weakness might be a common substance. Will they be able to use it to assassinate him while he helps Meg, formerly of the varsity swim team, with her greatest weakness? The next assassination attempt, implemented by Terasaka, is more elaborate but endangers his fellow students. Can he save them without saving his target? Then, the top class at school, including Principal Asano's son, conspires to prevent 3-E from ever rising closer to the top! -- VIZ Media

Assassination Classroom, Vol. 17 Yusei Matsui 2017-08-01 The class is divided: one half wants to carry on with the plan to assassinate Koro Sensei, while the other half wants to save him. So Koro Sensei splits them into two teams, led by Nagisa and Karma, and has them battle it out. The students of 3-E draw on everything they've learned so far to battle for or against Koro Sensei's life! Then, to uphold their now unified goal, they need to infiltrate the International Space Station... -- VIZ Media

Assassination Classroom, Vol. 18 Yusei Matsui 2017-10-03 Nagisa and Karma travel to the International Space Station in hopes of learning the secret to saving Koro Sensei's life. Meanwhile, Yanagisawa and the upstart Grim Reaper II train ever harder to assassinate him. Then, when academic setbacks lower the spirits of his students, Koro Sensei comes up with an ingenious—or perhaps idiotic—way to cheer them up. Next, Valentine's Day arrives! Will

any of the 3-E students or teachers find true love? And will the meddling and teasing of the others help or hinder Cupid's arrow in finding its target...? -- VIZ Media

Assassination Classroom, Vol. 2 Yusei Matsui 2015-02-03 A sexy new teacher comes to Class 3-E to do the students' job for them. When the 3-E students begin exhibiting signs of self-esteem, Principal Asano demands that Koro Sensei crush their spirits so they continue to set a bad example for the rest of the school to rise above. Then a class field trip goes terribly wrong when two 3-E girls are abducted. Who will come to their rescue...? -- VIZ Media

Narratives of fear and safety Kaisa Kaukiainen 2020-09-01 The essays in this edited volume, written in English and French, tackle the intriguing problems of fear and safety by analysing their various meanings and manifestations in literature and other narrative media. The articles bring forth new, cross-cultural interpretations on fear and safety through examining what kinds of genre-specific means of world-making narratives use to express these two affectivities. The articles also show how important it is to study these themes in order to understand challenges in times of global threats, such as the climate crisis. The main themes of the book are approached from various theoretical perspectives as related to their literary and cultural representations. Recent trends in research, such as affect and risk theory, serve as the basis for the discussion. The articles in the volume also draw from disciplines such as gender studies and trauma studies to examine the threats posed by collective fears and aggression on individuals' lives and propose ways of coping with fear. These themes are addressed also in articles analysing new adaptations of old myths that retell stories of the past. Many of the articles in the volume discuss apocalyptic and dystopian narratives that currently permeate the entire cultural landscape. Dystopian narratives do not only deal with future threats, such as totalitarianism, technocracy, or environmental disasters, but also suggest alternative ways of being and new hopes in the form of political resistance.

Assassination Classroom Yusei Matsui 2017-12-05 Koro Sensei's lessons in verbal defense are put to the test when Karma must use his brains instead of his brawn to rescue a classmate. Then things finally begin to go smoothly for the students of 3-E. Everyone receives some good news about their futures, and Nagisa settles on a career goal. But the peace is broken when the world's nations miraculously manage to coordinate their efforts long enough to launch a plan to assassinate Koro Sensei—with the aid of the strongest mercenary in the world and an ultimate weapon! Will anyone break ranks to protect everyone's favorite tentacled teacher...? -- VIZ Media

Diaspora and Trust Adrian H. Hearn 2016-03-25 In *Diaspora and Trust* Adrian H. Hearn proposes that a new paradigm of socio-economic development is gaining importance for Cuba and Mexico. Despite their contrasting political ideologies, both countries must build new forms of trust among the state, society, and resident Chinese diaspora communities if they

are to harness the potentials of China's rise. Combining political and economic analysis with ethnographic fieldwork, Hearn analyzes Cuba's and Mexico's historical relations with China, and highlights how Chinese diaspora communities are now deepening these ties. Theorizing trust as an alternative to existing models of exchange—which are failing to navigate the world's shifting economic currents—Hearn shows how Cuba and Mexico can reformulate the balance of power between state, market, and society. A new paradigm of domestic development and foreign engagement based on trust is becoming critical for Cuba, Mexico, and other countries seeking to benefit from China's growing economic power and social influence.

Reassembling the Social Bruno Latour 2007-09-06 Reassembling the Social is a fundamental challenge from one of the world's leading social theorists to how we understand society and the 'social'. Bruno Latour's contention is that the word 'social', as used by Social Scientists, has become laden with assumptions to the point where it has become misnomer. When the adjective is applied to a phenomenon, it is used to indicate a stabilized state of affairs, a bundle of ties that in due course may be used to account for another phenomenon. But Latour also finds the word used as if it described a type of material, in a comparable way to an adjective such as 'wooden' or 'steely'. Rather than simply indicating what is already assembled together, it is now used in a way that makes assumptions about the nature of what is assembled. It has become a word that designates two distinct things: a process of assembling; and a type of material, distinct from others. Latour shows why 'the social' cannot be thought of as a kind of material or domain, and disputes attempts to provide a 'social explanations' of other states of affairs. While these attempts have been productive (and probably necessary) in the past, the very success of the social sciences mean that they are largely no longer so. At the present stage it is no longer possible to inspect the precise constituents entering the social domain. Latour returns to the original meaning of 'the social' to redefine the notion, and allow it to trace connections again. It will then be possible to resume the traditional goal of the social sciences, but using more refined tools. Drawing on his extensive work examining the 'assemblages' of nature, Latour finds it necessary to scrutinize thoroughly the exact content of what is assembled under the umbrella of Society. This approach, a 'sociology of associations', has become known as Actor-Network-Theory, and this book is an essential introduction both for those seeking to understand Actor-Network Theory, or the ideas of one of its most influential proponents.

Assassination Classroom, Vol. 12 Yusei Matsui 2016-10-04 Mr. Karasuma gives the 3-E students superpowered uniforms...with great results. What amazing feats will they perform in their snazzy new outfits? Then, Mr. Karasuma gives Ms. Vitch a bouquet for her birthday...with disastrous results. Next, a 3-E teacher is kidnapped by master assassin the Grim Reaper, who threatens to kill his hostage if the students tell anyone. Their rescue attempt goes horribly awry, and soon they are the ones in need of rescuing! But at what cost to the world...? -- VIZ Media

Assassination Classroom Yusei Matsui 2014-12-02 Meet the would-be assassins of class 3-E: Sugino, who let his grades slip and got kicked off the baseball team. Karma, who's doing well in his classes but keeps getting suspended for fighting. And Okuda, who lacks both academic and social skills, yet excels at one subject: chemistry. Who has the best chance of winning that reward? Will the deed be accomplished through pity, brute force or poison...? And what chance does their teacher have of repairing his students' tattered self-esteem? -- VIZ Media

Assassination Classroom Yusei Matsui 2018-02-06 The battle for Koro Sensei's life against a multinational operation's soldiers and weaponry is difficult enough, but now his creator, mad scientist Yanagisawa, and his former protégé, Grim Reaper II, join the battle to destroy him—and they've both had major enhancements! But the stakes abruptly change when a 3-E student is fatally caught in the crossfire... If there's one thing that enrages 3-E's teacher, it's harming—let alone killing—his students! Koro Sensei's fury and ingenuity know no bounds, even as fate inexorably catches up to him... -- VIZ Media

Abnormal Michel Foucault 2016-09-01 Michel Foucault remains the essential philosopher of the modern world Three decades after his death, Michel Foucault remains one of the towering intellectual figures of the last half-century. His works on sexuality, madness, the prison, and medicine are enduring classics. From 1971 until his death in 1984, Foucault gave public lectures at the famous Collège de France. These seminal events, attended by thousands, created the benchmarks for contemporary social enquiry. The lectures comprising *Abnormal* begin by examining the role of psychiatry in modern criminal justice, and its

method of categorising individuals who “resemble their crime before they commit it.” Building on the themes of societal self-defence developed in earlier works, Foucault shows how defining “normality” became a prerogative of power in the nineteenth century, shaping the institutions—from the prisons to the family—meant to deal with “monstrosity,” whether sexual, physical, or spiritual. The Collège de France lectures add immeasurably to our appreciation and understanding of Foucault’s thought.

The Economic Impact of the 2014 Ebola Epidemic The World Bank 2014-11-26 Beyond the terrible toll in human lives and suffering, the Ebola epidemic currently afflicting West Africa is already having a measurable economic impact. This report provides a systematic analysis of the channels of economic impact and the likely magnitude of that impact for Guinea, Liberia, and Sierra Leone, as well as West Africa as a whole.

Assassination Classroom Yusei Matsui 2017-06-06 Koro Sensei tells all: his former profession, his nickname, the mad scientists responsible for his unique cephalopod physiognomy, the love of his life, and why he wants to teach the 3-E students. New light is shed not only on his character, but on the reason he vowed to destroy the Earth in March. Will these revelations change 3-E’s commitment to assassinating their teacher (and saving the planet)? -- VIZ Media

Childhood in the Middle Ages and the Renaissance Albrecht Classen 2011-12-22 Earlier theses on the history of childhood can now be laid to rest and a fundamental paradigm shift initiated, as there is an overwhelming body of evidence to show that in medieval and early modern times too there were close emotional relations between parents and children. The contributors to this volume demonstrate conclusively on the one hand how intensively parents concerned themselves with their children in the pre-modern era, and on the other which social, political and religious conditions shaped these relationships. These studies in emotional history demonstrate how easy it is for a subjective choice of sources, coupled with faulty interpretations - caused mainly by modern prejudices toward the Middle Ages in particular - to lead to the view that in the past children were regarded as small adults. The contributors demonstrate convincingly that intense feelings - admittedly often different in nature - shaped the relationship between adults and children.

Permanent Record Edward Snowden 2019-09-17 NEW YORK TIMES BESTSELLER Edward

Snowden, the man who risked everything to expose the US government's system of mass surveillance, reveals for the first time the story of his life, including how he helped to build that system and what motivated him to try to bring it down. In 2013, twenty-nine-year-old Edward Snowden shocked the world when he broke with the American intelligence establishment and revealed that the United States government was secretly pursuing the means to collect every single phone call, text message, and email. The result would be an unprecedented system of mass surveillance with the ability to pry into the private lives of every person on earth. Six years later, Snowden reveals for the very first time how he helped to build this system and why he was moved to expose it. Spanning the bucolic Beltway suburbs of his childhood and the clandestine CIA and NSA postings of his adulthood, *Permanent Record* is the extraordinary account of a bright young man who grew up online—a man who became a spy, a whistleblower, and, in exile, the Internet's conscience. Written with wit, grace, passion, and an unflinching candor, *Permanent Record* is a crucial memoir of our digital age and destined to be a classic.

Dialogues with Ethnography Jan Blommaert 2018-01-05 This book persuasively argues the case that ethnography must be viewed as a full theoretical system, rather than just as a research method. Blommaert traces the influence of his reading of classic works about ethnography on his thinking, and discusses a range of authors who have influenced the development of a theoretical system of ethnography, or whose work might be productively used to develop it further. Authors examined include Hymes, Scollon, Kress, Bourdieu, Bakhtin and Lefebvre. This book will be required reading for students and scholars involved in ethnographic research, or those interested in the theory of ethnography.

The Enigma of Good and Evil: The Moral Sentiment in Literature Anna-Teresa Tymieniecka 2006-08-27 Striking toward peace and harmony the human being is ceaselessly torn apart in personal, social, national life by wars, feuds, inequities and intimate personal conflicts for

which there seems to be no respite. Does the human condition in interaction with others imply a constant adversity? Or, is this conflict owing to an interior or external factor of evil governing our attitudes and conduct toward the other person? To what criteria should I refer for appreciation, judgment, direction concerning my attitudes and my actions as they bear on the well-being of others? At the roots of these questions lies human experience which ought to be appropriately clarified before entering into speculative abstractions of the ethical theories and precepts. Literature, which in its very gist, dwells upon disentangling in multiple perspective the peripeteia of our life-experience offers us a unique field of source-material for moral and ethical investigations. Literature brings preeminently to light the Moral Sentiment which pervades our life with others -- our existence tout court. Being modulated through the course of our experiences the Moral Sentiment sustains the very sense of literature and of personal human life (Tymieniecka).

Conflict Bodies Régine Michelle Jean-Charles 2016-01-08 "Conflict Bodies: The Politics of Rape Representation in the Francophone Imaginary" explores the relationship between rape and narratives of violence in francophone literature and culture. The book offers ways to account for the raped bodies beneath the conflicts of slavery, genocide, dictatorship, natural disasters, and war—and to examine why doing so is necessary. Through a feminist analysis of the rhetoric and representation of rape in francophone African and Caribbean cultural production, "Conflict Bodies" examines theoretical, visual, and literary texts that challenge the dominant views of postcolonial violence. Using an interdisciplinary and comparative framework to consider different contexts-Haiti, Guadeloupe, Rwanda, and Democratic Republic of the Congo-Régine Michelle Jean-Charles illuminates how analyzing survivors' subjectivities, stories, and embodied experiences provides a nuanced understanding of what is at stake in rape representation. Referencing theories from francophone literary studies, transnational black feminisms, and rape cultural criticism to analyze novels, film, photography, drama, and documentaries, Jean-Charles argues that in today's global climate—where one in three women worldwide has been raped, rape is being used as a tool of war, and rape myths circulate with vehemence—traditional "scripts of violence" that fail to account for sexual violence demand refusal, re-thinking, and re-imagining. Régine Michelle Jean-Charles is assistant professor of romance languages and literatures and in the African and African Diaspora Studies Program at Boston College."
