Capoeira Gerard Taylor 2007-04-24 Capoeira evolved as a Brazilian martial art developed initially by that country's African slaves. Marked by deft, deceptive movements played on the ground or completely inverted, the form started gaining worldwide popularity in the early 20th century, when this second volume of Gerard Taylor's wide-ranging history begins. The book opens with a study of the capoeira "Bamba," Mestre Bimba, who became renowned as a fighting champion in Bahia and opened the first legal academy during the dictatorship of Getulio Vargas. Taylor investigates the dramatic development of the schism that resulted in the competing styles of Regional and Angola. Moving into contemporary capoeira, the author provides an overview of new trends, such as international encounters, long distance "mail-order mestres," mass membership capoeira associations, cyber-capoeira, and grading systems. The book features the wisdom of a number of important mestres recounting their experiences teaching capoeira professionally around the world. In frank, inspiring interviews they talk about the highs and lows of the capoeira life, and how its lessons can enrich people's lives. Photographs, illustrations, and an extensive glossary of terms illuminate the complex history of this fighting art.

Textos do Trópico de Capricórnio: Modernismo, arte moderna e o compromisso com o lugar Aracy A. Amaral 2006 Aracy Amaral constructs a careful criticism and history of modern and contemporary art in Brazil. She was director of the Pinacoteca do Estado de Sao Paulo (1975-1979) and the Museum of Contemporary Art, University of SÀo Paulo (1982-1986). Amaral combines the thorough work of the researcher provision of combative intellectual who constantly asks about the place of art and the artist in society. The three volumes of texts of the Tropic of Capricorn bring together some 150 articles, essays and interviews conducted by the author from the beginning of the 80s and 2005, providing a point of view very rich for the reader who wants to be fully informed about the development of fine arts in our time. Modernism, modern art and commitment to the place, the first title of the collection, paints a picture of Brazilian modernism, from its beginning until the unfolding of the 50's, without ever losing sight of their relationship to the international scene, and the crossings between aesthetics and politics that characterize the modern and contemporary art. Circuits of art in Latin America and Brazil, the second volume, has written in the Latin American cultural reality, discussing, among other topics, the issue of Brazilian art integration on the continent. In this context, the author devotes special attention to the multiple relationships between the circuits of art and urban areas, particularly in Third World countries. The third volume of the collection, Contemporary artists Biennial in

Brazil, begins with a comprehensive reflection on the role of the Sao Paulo Biennial, in light of its history and the comparison with models such as Documenta in Kassel, Germany, and the Venice Biennale, in Italy. The second part begins with a conversation with Helio Oiticica, held in New York in 1977 - and until now unknown - and then presents a portrait of dozens of Brazilian artists working in the 80s and 90s, many of them caught here as they emerged in the cultural scene.

The Canela William Henry Crocker 2004 This text is a case study of one people, the Canela, which traces changes through time, a group uniquely held together by social and sexual bonds, and reveals the ethnographer's fieldwork practices. The authors present much of the material through short narratives and examples and Native points of view are expressed through their diaries. The reader is introduced to the Canela with an account of one of the author's arrivals in the tribe. This is followed by a brief history of the Canela that clarifies how the network of the kinship system holds the society together, and how the unusual sex practices create satisfying bonds among the people. The case study also shows how the practice of rituals affirms the group way of life for the individual. Many contemporary influences have caused the gradual demise of the Canela way of life. The case study concludes with an epilogue on the Canela's future adaptation to Brazilian life.

Reflexões filosóficas II Bianca Kelly de Souza 2021-08-16 O Grupo de Estudos As máscaras do sagrado realiza todos os anos suas jornadas de estudos, nas quais são apresentados os resultados das pesquisas das e dos participantes desenvolvidas ao longo de um ano. Ao longo das apresentações várias sugestões são propostas e há uma intensa troca de ideias sobre cada pesquisa. Posteriormente, autores e autoras dedicam-se a aprofundar as pesquisas e finalizá-las em forma de capítulo de livro, artigos ou ensaios. Desta forma, colocamos em prática a ideia de que trabalhos acadêmicos devem ser resultado de um intenso diálogo com os pares, não somente especialistas, mas também com uma - ou mais - comunidade de pesquisa, ou seja, uma experiência de liberdade! O que pauta as ações do grupo são a postura de leveza, sem arrogâncias ou vaidades inúteis. Os diálogos são divertidos e empáticos, combinando rigor com humanidade. Convidamos leitoras e leitores a verem os resultados das pesquisas, considerando que todos estamos em desenvolvimento e que o pensamento filosófico é livre e sempre em processo, por isso, colocamo-nos à disposição para interagir dialogicamente com todo mundo que, como nós, acredite que a democracia e a liberdade são fundamentos de uma sociedade equilibrada.

Technology of the Oppressed David Nemer 2022-02-15 How Brazilian favela residents engage with and appropriate technologies, both to fight the oppression in their lives and to represent themselves in the world. Brazilian favelas are impoverished settlements usually located on hillsides or the outskirts of a city. In *Technology of the Oppressed*, David Nemer draws on extensive ethnographic fieldwork to provide a rich account of how favela residents engage with technology in community technology centers and in their everyday lives. Their stories reveal the structural violence of the information age. But they also show how those oppressed by technology don't just reject it, but consciously resist and appropriate it, and how their experiences with digital technologies enable them to navigate both digital and nondigital sources of oppression—and even, at times, to flourish. Nemer uses a decolonial and intersectional framework called Mundane Technology as an analytical tool to understand how digital technologies can simultaneously be sites of oppression and tools in the fight for freedom. Building on the work of the Brazilian educator and philosopher Paulo Freire, he shows how the favela residents appropriate everyday technologies—technological artifacts (cell phones, Facebook), operations (repair), and spaces (Telecenters and Lan Houses)—and use them to alleviate the oppression in their everyday lives. He also addresses the relationship of misinformation to radicalization and the rise of the new far right. Contrary to the simplistic techno-optimistic belief that technology will save the poor, even with access to technology these marginalized people face numerous sources of oppression, including technological biases, racism, classism, sexism, and censorship. Yet the spirit, love, community, resilience, and resistance of favela residents make possible their pursuit of freedom.

An Offer From a Gentleman Julia Quinn 2015-08-25 A New York Times Bestseller
From #1 New York Times bestselling author Julia Quinn comes the story of Benedict Bridgerton, in the third of her beloved Regency-set novels featuring the charming, powerful Bridgerton family, now a series created by Shondaland for Netflix. **BENEDICT'S STORY** Sophie Beckett never dreamed she'd be able to sneak into Lady Bridgerton's famed masquerade ball—or that "Prince Charming" would be waiting there for her! Though the daughter of an earl, Sophie has been relegated to the role of servant by her disdainful stepmother. But now, spinning in the strong arms of the debonair and devastatingly handsome Benedict Bridgerton, she feels like royalty. Alas, she knows all enchantments must end when the clock strikes midnight. Ever since that magical night, a radiant vision in silver has blinded Benedict to the attractions of any other—except, perhaps, this alluring and oddly familiar beauty dressed in housemaid's garb whom he feels compelled to rescue from a most disagreeable situation. He has sworn to find and wed his mystery miss, but this breathtaking maid makes him weak with wanting her. Yet, if he offers her his heart, will Benedict sacrifice his only chance for a fairy-tale love?

International Law, Sustainable Development and Water Management Antoinette Hildering 2004 Water covers about three-fourths of the earth's surface. Still, over one billion people do not have access to clean drinking water—a problem that many governments across the globe seem unable to redress. *International Law, Sustainable Development and Water Management* explores the political issues inherent in global water management, analysing water as a social, economic, and ecological good, and then applying the principles of international law to resource development policies. Antoinette Hildering's proposed framework for change, "Guardianship Over Water," offers policymakers practical guidelines for water management at a local, national, and international level.

Paca, Tatu, Cutia! Mouzar Benedito 2015-05-06 Você sabe o que Bauru, Jurema, jacaré e pereba têm em comum? Todas são palavras originadas das línguas faladas no Brasil na época do descobrimento. Os indígenas do litoral brasileiro falavam dialetos muito parecidos de uma língua brasílica, que era só oral. Os jesuítas tentaram unificar esses dialetos por meio da criação de uma escrita, o "nheengatu" ("língua boa" ou "falar bem", em tupi). Com o objetivo de valorizar nossa cultura e linguagem, Mouzar Benedito compilou os vocábulos do nheengatu neste glossário. Além de muito importante para estudantes do ensino fundamental e do ensino médio, este livro é também de interesse dos adultos. O autor procurou levantar o máximo de palavras do cotidiano (adjetivos, substantivos e verbos) e uma pequena parcela dos muitos nomes de cidades e bairros, rios e serras, estados e antropônimos. O leitor vai conhecer essas palavras, seus significados e muitas curiosidades sobre elas.
