Anna and Froga: Wanna Gumball? Anouk Ricard 2012-06-19 THE MISADVENTURES OF FIVE CHARMING TROUBLEMAKERS Anouk Ricard's Anna and Froga features the adventures of a little girl named Anna and her gang of animal friends. Anna's best friend is the titular Froga, and they often hang out with Bubu the dog (an aspiring artist), Christopher the gourmand earthworm, and Ron (a practical joker of a cat). With a sly humor, Ricard spins yarns that will delight and entertain the whole family. Whether the conflict is driven by eating too many French fries, bossing around Johnny the Tuna, or trying to beat a difficult video game, you know that Anna, Froga, Bubu, Ron, and Christopher will come out all right in the end, which makes the layers of confusion they pile on one another all the funnier. Ricard's characters are sweet without ever veering into preciousness, as they constantly find opportunities for a laugh at one another's expense. Ricard works in a fanciful and childlike style, with vibrant colors and simple story lines. The illustrations in Anna and Froga are inviting and the stories well told, employing short, snappy dialogue. Without sacrificing quality, intelligence, or humor, Angoulême Festival-nominated author Ricard is able to write from childhood effectively and charmingly.

The Moon Maid Illustrated Edgar Rice Burroughs 2021-01-13 The Moon Maid is a fantasy novel by American writer Edgar Rice Burroughs, belonging to the Lost World sub-genre. It was written in three parts, Part 1 was begun in June 1922 under the title The Moon Maid, Part 2 was begun in 1919 under the title Under the Red Flag, later retitled The Moon Men, Part 3 was titled The Red Hawk. As evident from its name, Under the Red Flag was originally set in contemporary Soviet Russia, with the Bolsheviks as villains; as this was not popular with the publishers, Burroughs transferred it to a science-fictional setting, with the evil Communist-like "Kalkars" taking over the Moon (in the first part) and then the Earth (in the second part, with the help of a renegade Earthman) and being finally overthrown in the third part. (Also the Thorists, villains of Pirates of Venus, are clearly modeled on the Russian Communists.)

One of These is Not Like the Others Barney Saltzberg 2021-07-13 One of these is not like that other-- and that's great! This gently subversive picture book points out-- and celebrates!-- the differences between subjects. Barney Saltzberg's hilarious and delightfully direct text and simple illustrations introduce children to the concept and splendor of inclusiveness, through recognizing who or what's different on each spread and celebrating the unity as it is. For example, the reader sees three cows and an elephant accompanied by the text "One of these is not like the other," turn the page... and all four animals take part in an exuberant conga line and say "that's just fine with us"! In a series of similar examples children are encouraged to notice both the similarities and differences between characters and celebrate both. Barney Saltzberg's picture book is a pointed and timely tribute to the power of inclusivity and as well as a riotous read-aloud.

Hostage Guy Delisle 2017-05-04 HOW DOES ONE SURVIVE WHEN ALL HOPE IS LOST? In the middle of the night in 1997, Doctors Without Borders administrator Christophe André was kidnapped by armed men and taken away to an unknown destination in the Caucasus region. For three months, André was kept handcuffed in solitary confinement, with little to survive on and almost no contact with the outside world. Close to twenty years later, award-winning cartoonist Guy Delisle (Pyongyang, Jerusalem, Shenzhen, Burma Chronicles) recounts André's harrowing experience in *Hostage*, a book that attests to the power of one man's determination in the face of a hopeless situation. Marking a departure from the author's celebrated first-person travelogues, Delisle tells the story through the perspective of the titular captive, who strives to keep his mind alert as desperation starts to set in. Working in a pared down style with muted colour washes, Delisle conveys the psychological effects of solitary confinement, compelling us to ask ourselves some difficult questions regarding the repercussions of negotiating with kidnappers and what it really means to be free. Thoughtful, intense, and moving, *Hostage* takes a profound look at what drives our will to survive in the darkest of moments.

Limit Frank Schatzing 2013-11-05 Frank Schatzing's *The Swarm* was an international science-fiction blockbuster, winner of the Koln Literatur Prize, the Corine Prize, and the German Science Fiction Prize. *Limit* is his most ambitious work to-date--a multilayered thriller that balances astonishing scientific, historical, and technical detail. Against this backdrop, Schatzing convincingly realizes a possible near future when humankind's ingenuity may become the greatest risk to its continued existence. In 2025, entrepreneur Julian Orley opens the first-ever hotel on the moon. But Orley Enterprises deals in more than space tourism--it also operates the world's only space elevator, which in addition to allowing the very wealthy to play tennis on the lunar surface connects Earth with the moon and enables the transportation of helium-3, the fuel of the future, back to the planet. Julian has invited twenty-one of the world's richest and most powerful individuals to sample his brand-new lunar accommodation, hoping to

secure the finances for a second elevator. On Earth, meanwhile, cybercop Owen Jericho is sent to Shanghai to find a young female hacker known as Yoyo, who's been on the run since acquiring access to information that someone seems quite determined to keep quiet. As Jericho closes in on the girl and the conspiracy swirling around her, he finds mounting evidence that connects her to Julian Orley as well as to the entrepreneur's many competitors and enemies. Soon, the detective realizes that the lunar junket to Orley's hotel is in real and immediate danger. From the Hardcover edition.

South Sea Tales Robert Louis Stevenson 2008-05-08 The literary world was shocked when in 1889, at the height of his career, Robert Louis Stevenson announced his intention to settle permanently on the Pacific island of Samoa. His readers were equally shocked when he began to use the subject material offered by his new environment, not to promote a romance of empire, but to produce some of the most ironic and critical treatments of imperialism in nineteenth-century fiction. In these stories, as in his work generally, Stevenson shows himself to be a virtuoso of narrative styles: his Pacific fiction includes the domestic realism of 'The Beach at Falesé, the folktale plots of 'The Bottle Imp' and 'The Isle of Voices', and the modernist blending of naturalism and symbolism in The Ebb-Tide. But beyond their generic diversity the stories are linked by their concern with representing the multiracial society of which their author had become a member. In this collection - the first to bring together all his shorter Pacific fiction in one volume - Stevenson emerges as a witness both to the cross-cultural encounters of nineteenth-century imperialism and to the creation of the global culture which characterizes the post-colonial world. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.
