Distraction Satrece 2017-07-28 Satrece, a young Texas-born, contemporary woman finds herself all alone in this world after the death of her father. Yearning for healing and recovery, she travels to Bali, Indonesia and soon discovers the way of life she wants to live. She builds a thriving furniture business on Java, in the jungle, amidst the mahogany and teak forest, despite the harsh conditions and daily challenges of language and culture barriers. Satrece becomes deeply attached with the native people, and cares for them as if they were her family. Her one year plan quickly turns into a five year plan, extended to a ten year plan. In a flash, it's 15 years later and she finds herself thoroughly immersed in her fulfilling life between Bali, Java and exploring the waters of Southeast Asia with her own yacht and crew. She feels complete in this life she has created. But love may have other ideas for Satrece... In the airport, she meets an American man named Ron who has a confident and commanding presence. He becomes determined to win her heart and travels to Indonesia in hopes of romancing her. Despite their intoxicating attraction, she thinks has no room for him in her life and little interest since he lives oceans and continents away. Will Satrece allow him to enter her world? Will love be allowed to blossom, will their attraction survive coming from such different lives? Read "distraction" (the first of a three-part series) to find out. Note from the author: "As I lived my life in remote Indonesia, it never ceased to amaze me of the daily lessons I learned from the native people or what living a life "without" and alone could give birth to. I frequently thought to myself, I must write a book one day to share all these remarkable and unbelievable experiences. I believe as you turn the pages of this book, you will be inspired, find hope, healing, and love, learn about other parts of the world and be fully distracted. Live, learn and love with passion "

Glimpse D.S. Sully 2011-03-02 There's nothing fair about losing sight of the world around you. However, that's exactly what happened to D.S. Sully. At age eight, he started evolving into a young kid with old man eyes. Beset with a gradual vision loss known as macular degeneration, he got a head start on what is more commonly associated with geezer status. Scared silly of misfitting within the mainstream, his defiance culminated into both hilarity and hard knocks. Following the successful debut of *A Town Untangled*, Sully gets even more personal with a wiseacre anthology that took over a half century to complete. In doing so, *Glimpse* profiles the outlandish predicaments of dashing and crashing through adversity. Without a doubt, *Glimpse* personifies a true tale of What you see is what you get. Altogether audacious and somewhat off-kilter, this incriminating tattle shares a candid glimpse into the Good Grief reality of being the proverbial square peg in a round hole. As such, what now comes to light, are the extraordinary measures, taken by some of us, just for the sake of fitting in.
