When Stereotype Meets Prejudice Timofey Agarin 2014-09-01

Polymer Clay Gemstones-The Art of Deception Kim Schlinke 2013-10 This is not your ordinary how-to book! Austin TX based authors and polymer clay artists Kim Schlinke and Randee M. Ketzler artfully mix a clever mystery with 20 how-to projects that show step-by step photographs and instructions to create your own "ancient artifacts." These polymer clay masterpieces are beautiful enough to grace a museum collection-or yours! At 206 pages, this lavishly photographed book is stuffed with a multitude of projects that can be done just as presented with highly detailed step-by-step instruction, or used as starting points to make faux gems for use in all sorts of designs. Priced retail at \$30, the hefty book's how-to projects weigh in at the mere cost of \$1.50 each. Animal lovers will be pleased to note that our authors also give us the secrets of making replicas of ivory and tiger claw that involve no cruelty towards elephants or wild cats whatsoever! Projects featured in this compendium include: Celtic Bronze Fibula, Navajo Silver Pendant, Art Nouveau Golden Ginkgo Brooch, Carnelian Choker of Ancient Rome, Amethyst Cabochons and Nugget Beads, Amethyst Silver Art Nouveau Pendant, Black Opal Cabochons, Barbarian Bracelet, Chrysoprase Cabochons (A and B Grade), Hammered Cuff Bracelet, Ancient Limestone Fossil Pebbles, Cycladic Goddess, Leopardskin Jasper, Primitive Pebble Bracelet, Faux Twigs, Fantastical Forgeries Bracelet, Blue Lace Agate Tile Bracelet, Copper & Rhodochrosite Tiered Necklace, Snowflake Jades, Qin Dynasty Bangles, Amber Caravan Necklace, Primeval Coral Rock Hound Necklace, Ammolite Cabochons, Gothic Revival Pendant, Victorian Mourning Brooch, Faux Tiger Claw, Victorian Raj Brooch, Faux Tiffany Glass Scarabs, Faux Ivory Cuff Bracelet Find out how it is all done-and "who done it"-along with our intrepid protagonists, Parker and Peele. "What is this stuff?" wondered Parker, and her companion pointed her umbrella to the drawings that plastered the walls. "The raw materials for the best forgeries ever seen" replied her friend. "This is where they were created." Together they examined the drawings, exclaiming softly as they recognized several objects from the Museum. Parker picked up one of the colorful lumps and frowned. "What is this, Peele? It's soft like clay, but I've never seen these colors before." "No," said her friend, "nor have I-at least in this form. I suspect it requires a catalyst of some

type to render it into the false gems-ah, here!" Peele uncovered an array of electric ovens. "Heat-how charming. This must be some type of polymer, which, when brought to the proper temperature, then hardens. I have heard rumors. Could become just about anything, in skilled hands."

Die Mehreren Wehmüller und Ungarischen Nationalgesichter Clemens Brentano 2012-06
Dieses Werk ist Teil der Buchreihe TREDITION CLASSICS. Der Verlag tredition aus Hamburg veröffentlicht in der Buchreihe TREDITION CLASSICS Werke aus mehr als zwei Jahrtausenden. Diese waren zu einem Grossteil vergriffen oder nur noch antiquarisch erhältlich. Mit der Buchreihe TREDITION CLASSICS verfolgt tredition das Ziel, tausende Klassiker der Weltliteratur verschiedener Sprachen wieder als gedruckte Bücher zu verlegen - und das weltweit! Die Buchreihe dient zur Bewahrung der Literatur und Forderung der Kultur. Sie trägt so dazu bei, dass viele tausend Werke nicht in Vergessenheit geraten

The Phonology of German Richard Wiese 2000 Featuring the most complete and up-to-date description of the phonology of German presently available, this book applies recent models of phonological theory, putting particular emphasis on the interaction of morphology and phonology. It focuses on the present-day standard language, but includes discussions of other variants and registers.

New Technologies and Higher Education in Germany Claudia Handwerker 2001

Cambridge English For The Media Nick Ceramella & Elizabeth Lee 2009-06-01 Cambridge English for the Media is for intermediate to upper-intermediate level (B1-B2) learners of English who need to use English for their studies or work in the media. The course can be used in the classroom or for self-study. Cambridge English for the Media is designed to improve the communication skills and specialist knowledge of media studies students and professionals, enabling them to work more confidently and effectively. The eight standalone units enable cover topics common to a range of media-related fields, including newspapers, radio, TV, film and advertising. Authentic teaching materials based on everyday work scenarios - such as producing and editing for print, radio and screen - make the course practical and motivating. The online Teacher's Book has extensive background information for the non-specialist teacher, useful web links and extra printable activities. The course comprises: * Student's Book with Audio CD * Teacher's Book online

A Brief History of the Vikings Jonathan Clements 2013-02-07 'From the Fury of the Northmen deliver us, O Lord.' Between the eighth and eleventh centuries, the Vikings surged from their Scandinavian homeland to trade, raid and invade along the coasts of Europe. Their influence and expeditions extended from Newfoundland to Baghdad, their battles were as far-flung as Africa and the Arctic. But were they great seafarers or desperate outcasts, noble heathens or oafish pirates, the last pagans or the first of the modern Europeans? This concise study puts medieval chronicles, Norse sagas and Muslim accounts alongside more recent research into ritual magic, genetic profiling and climatology. It includes biographical sketches of some of the most famous Vikings, from Erik Bloodaxe to Saint Olaf, and King Canute to Leif the Lucky. It explains why the Danish king Harald Bluetooth lent his name to a twenty-first century wireless technology; which future saint laughed as she buried foreign ambassadors alive; why so many Icelandic settlers had Irish names; and how the last Viking colony was destroyed by English raiders. Extending beyond the traditional 'Viking age' of

most books, *A Brief History of the Vikings* places sudden Scandinavian population movement in a wider historical context. It presents a balanced appraisal of these infamous sea kings, explaining both their swift expansion and its supposed halt. Supposed because, ultimately, the Vikings didn't disappear: they turned into us.

Titian and the Renaissance in Venice Bastian Eclercy 2019-04-30 This dazzling survey of 16th-century Venetian painting captures the striking colors and revolutionary characteristics of one of art history's greatest chapters. It is hard to imagine more profoundly influential artists than the Venetian painters of the 16th century. Whether creating sweeping devotional altarpieces or intimate portraits, the Venetian painters changed the way artists employed color and composition. These defining qualities are on brilliant display in this book that covers fascinating aspects of the work of Titian, Veronese, Tintoretto, Lorenzo Lotto, Jacopo Bassano, and many others. More than one hundred paintings, drawings, and prints are reproduced in stunning detail. Side-by-side comparisons draw readers into the conversations between Venetian artists as they tackled similar subjects and vied for commissions. The book opens with fascinating essays about the history of 16th-century Venice, the Venetian School of painting, and the techniques of the Venetian masters. As beautiful as it is informative, this book features all of the excitement and splendor of one of the most prolific and important chapters in the history of European art.

Shetland PAUL. WEBSTER WEBSTER (HELEN.) 2018-05 The most northerly of Britain's island groups, Shetland is so far removed from the rest of the UK that it usually appears as an inset on maps. Although relatively little known to those from outside the islands, Shetland is a magnificent terrain for walkers, especially those who love to really explore and get away from the beaten track. The coastal walking here includes some of the finest in the country, with superb cliffs, towering sea stacks, caves and natural arches seemingly around every corner. Added to this is Shetland's better known claim to fame for its spectacular seabird colonies – huge gannetries, moorland packed with arctic and great skuas, arctic terns in the more sheltered spots, and everyone's favourite – the puffins. The islands also enjoy a dense population of otters, many seals, and a chance to see killer whales or other giants of the deep. Beyond all this natural grandeur, Shetland's history is fascinating too. The archaeological attractions are much less known than those on Orkney, but sites such as Jarlshof have amazingly preserved remains from prehistory right up to more recent times. These include iron age villages, chambered cairns, viking longhouses, pictish carvings, and impressive brochs – including the most complete of all these iron-age defensive towers, on Mousa. Size 105 x 148mm

More Instant English John Peter Sloan 2014

Oskar Schlemmer Ina Conzen 2014 Oskar Schlemmer (1888–1943) was one of the most versatile all-rounders of the last century and as unusual as a painter as he was as a sculptor, draughtsman, graphic artist, stage designer, wall designer, creator of epochal dance projects and author. His vision was the “new” man living in functional architecture, thinking clearly and acting clearly in the modern age which would never again sink into the chaos of war. The catalogue includes the seven original costumes of the Triadisches Ballett (Triadic Ballet) together with rare documents of the time. The connection between the all-encompassing attempts at reform of the Bauhaus are discussed as well as Schlemmer's vain attempts to reconcile his “unpolitical” art with the Nazi dictatorship's ideas of state-controlled art. The

focus will be directed towards Schlemmer's lofty ethical demands, which always regarded man, typified as a "Kunstfigur" (artistic figure) as the "measure of all things".

The Bilingual Reform Wolfgang Butzkamm 2009

Intercultural Perspectives Reinhard Tenberg 1999

Experiments in Ethics Kwame Anthony Appiah 2010-03-30 In the past few decades, scientists of human nature—including experimental and cognitive psychologists, neuroscientists, evolutionary theorists, and behavioral economists—have explored the way we arrive at moral judgments. They have called into question commonplaces about character and offered troubling explanations for various moral intuitions. Research like this may help explain what, in fact, we do and feel. But can it tell us what we ought to do or feel? In *Experiments in Ethics*, the philosopher Kwame Anthony Appiah explores how the new empirical moral psychology relates to the age-old project of philosophical ethics. Some moral theorists hold that the realm of morality must be autonomous of the sciences; others maintain that science undermines the authority of moral reasons. Appiah elaborates a vision of naturalism that resists both temptations. He traces an intellectual genealogy of the burgeoning discipline of "experimental philosophy," provides a balanced, lucid account of the work being done in this controversial and increasingly influential field, and offers a fresh way of thinking about ethics in the classical tradition. Appiah urges that the relation between empirical research and morality, now so often antagonistic, should be seen in terms of dialogue, not contest. And he shows how experimental philosophy, far from being something new, is actually as old as philosophy itself. Beyond illuminating debates about the connection between psychology and ethics, intuition and theory, his book helps us to rethink the very nature of the philosophical enterprise.

Deutsche Nationalbibliografie 2005-07

Learn Danish Christopher Panaretos 2020-05-09 Welcome to Learn Danish - this book will help you understand the basic rules of Danish. It covers pronouns, nouns, articles, adjectives, possession, verbs, adverbs, and prepositions. If you are studying, traveling, or just interested in learning more about the language, this is a great place to start. [67 pages]

Distinctive Feature Theory T. Alan Hall 2001-01-01 This volume consists of nine articles dealing with topics in distinctive feature theory in various typologically diverse languages, including Acehnese, Afrikaans, Basque, Dutch, Finnish, French, German, Hungarian, Japanese, Korean, Navajo, Portuguese, Tahltan, Terena, Tswana, Tuvan, and Zoque. The subjects dealt with in the book include feature geometry, underspecification (in rule-based and in Optimality Theoretic treatments) and the phonetic implementation of phonological features. Other topics include laryngeal features (e.g. [voice], [spread glottis], [nasal]), and place features for consonants and vowels. The volume will be of interest to all linguists and advanced students of linguistics working on feature theory and/or the phonetics-phonology interface.

Cambridge English Empower Elementary Presentation Plus with Student's Book and Workbook Herbert Puchta 2015-07-30 Cambridge English Empower is a general adult

course that combines course content from Cambridge University Press with validated assessment from the experts at Cambridge English Language Assessment. Elementary Presentation Plus provides the complete Elementary Student's Book content and the Workbook content with built-in annotation tools, embedded audio, and class video in an easy-to-operate format for interactive whiteboards or computers and projectors.

Butterfly's Tongue Manuel Rivas 2011-04-05 "Butterfly's Tongue" tells of the friendship between a boy and an anarchist schoolmaster, born of their mutual interest in animal and insect life, and destroyed by the start of the Spanish Civil War. "A Saxophone in the Mist" and "Carmina" also tell of first experiences with the adult world.

Short Course Series B1-B2. English for Trade Fairs and Events Britta Landermann 2012

Dynamics of Language Contact Michael Clyne 2003-03-20 The past decade has seen an unprecedented growth in the study of language contact, associated partly with the linguistic effects of globalization and increased migration all over the world. Written by a leading expert in the field, this much-needed account brings together disparate findings to examine the dynamics of contact between languages in an immigrant context. Using data from a wide range of languages, including German, Dutch, Hungarian, Italian, Spanish, Croatian and Vietnamese, Michael Clyne discusses the dynamics of their contact with English. Clyne analyzes how and why these languages change in an immigration country like Australia, and asks why some languages survive longer than others. The book contains useful comparisons between immigrant vintages, generations, and between bilinguals and trilinguals. An outstanding contribution to the study of language contact, this book will be welcomed by students and researchers in linguistics, bilingualism, the sociology of language and education.

Cornell Notes Notebook Pretty Prints 2019-03-30 Promotional Limited Time Offer Cornell Notes Notebook Features 110 sturdy, white Cornell note pages The perfect Cornell method for more efficient note-taking in class Measures 8.5" x 11" inch; excellent for everyone using the Cornell notes system Sturdy matte cover, professionally bound, to protect your book Ideal gift idea for anyone occasion Designed in USA

Arabic with Ease (Superpack) Jean Jacques Schmidt 2015 Contains Book, 4 audio CDs (3hrs 20min) & 1 CD mp3. Arabic is the official language of 22 countries, about 300 million speakers in the world. Includes many Arabic dialects, but there is a modern Arabic as an instrument unification of the language. What is Arabic for médiaqui is presented in this method, common language very close to Arabic classical or literal, called "unified modern Arabic". As an anglophone, you learn to master without much effort reading and assimilating number of simple construction and sentences of life while learning to writing, very gradually. Your skills gradually give you way to express yourself and make yourself understood in an Arabic-speaking environment. The advice accompanying lessons guide you step by step on the road to independence, and after this study, you can understand the press and radio and express yourself in all situations of daily life. The MP3 CD allows you to load all or part of the records on your MP3 player and view texts simultaneously.

The Structure of the Lexicon Jürgen Handke 1995-01-01

Gold Elsie E. Marlitt 2015-07-17 Gold Elsie The forester had come with her father to enjoy Elizabeth's surprise and delight. He now leaned silently against the wall, as the wondrous sounds flowed forth from beneath the girl's touch. For the first time he heard the true speech of the glowing life that animated the delicate young frame. How thoughtful and inspired was the air of the finely-shaped head which crowned her graceful form, so suggestive of earnest maidenhood! Hitherto only jests and merry repartee had been exchanged between uncle and niece. He often called her his butterfly, because of the airy grace of her motions and her quickness of mind, which never left her at a loss for a reply to his merry attacks; but his favourite name for her was "Gold Elsie," for he maintained that her hair was such perfect gold that he could see it shining and shimmering in the darkest parts of the forest as she approached, and that it heralded her coming to him as the jewel in the giant's shield had once announced his approach to Childe Roland. When Elizabeth had finished she spread her arms above the instrument as if to embrace it, and, leaning her head upon it, smiled the happiest smile; but her uncle approached her softly, gave her a silent kiss upon the forehead, and departed without a word. From this time he came up every evening to the old castle. As soon as the last rays of the setting sun had faded from the tree-tops, Elizabeth sat down at the piano. The little family took their places in the large low window-seat, and lost themselves in the fairy world, which was opened to them by the great master whose image looked down from the wall upon the inspired young performer. And then Ferber would think of how Elizabeth had portrayed the free life in the forest when the letter from her uncle had first arrived in B—. 'Tis true no elves or gnomes appeared, but the spirits which the mightiest of the masters of music had imprisoned in sound floated forth from their prison-house on a flood of melody, breathing into the solemn silence around a mysterious life—a life of whose joys and sorrows every sympathetic human soul is conscious, although to genius alone is granted power to embody and reveal them.

□□□□301□ K'ang Yü-hua 1999-01-01 An intensive, one-volume beginning course for adults that can be used in classrooms or for self-study. The 40 lessons develop an 800-word vocabulary and 301 basic conversational sentence patterns. Students should be able to carry on simple conversation upon completion.

Fearless Females TENEUES. 2021-10-15 -The first photo book to focus on the feminine side of the animal kingdom -Some 150 photographs of female lions, elephants, and many other animals -Fascinating facts, exciting stories -- nature infotainment at its best -Text in English and German ...a captivating book covering a wide spectrum of animal behavior and species... this is a book to make you re-think the role of the female. --BBC Wildlife In the lion world, only the females hunt -- because they do it best! The boss of a hyena pack? An alpha female. Even the lowest-ranking female of the pack is superior to her male counterparts. As for praying mantises? They keep interaction with men to the essentials, eating them right after mating for added nutrition. The first photo book to focus exclusively on the female of the species, *Fearless Females* is a fascinating account of "feminine" strength throughout the

animal kingdom. With some 150 photographs, accompanied by remarkable facts and extraordinary stories, the book reveals the fierce, formidable, and fascinating antics of she lions, elephants, and many other creatures. A refreshing reappraisal of "feminine" behavior and a long overdue emancipation of nature and wildlife photography. Text in English and German.

Details about all of the winners of the AA Caravan and Camping Awards. Platinum Pennant ratings for Britain's very best sites. Over 250 Glamping and Holiday Parks also reviewed and rated. Clear AA mapping makes all sites easy to find.

The Dove Flyer Eli Amir 2014-02-11 The Dove Flyer tells the story of the last years of the Jewish community in Baghdad, before their expulsion in 1950 and settlement in Israel. The young narrator, Kabi, watches as the members of his extended family each develop different dreams and a different sets of fears throughout these tumultuous, transitional times: his mother wants to move out of the new Jewish quarter and back to their old Muslim neighborhood where she felt safer; his father wants to emigrate to the promised land, the new State of Israel, where he will farm and grow rice; his uncle Hizkel, a Zionist, is arrested and taken off to prison to await trial and a possible death sentence; his headmaster, Salim, believes in the equality of Arabs and Jews; and his uncle Edouard just wants to hang out on the rooftop with his doves. Meanwhile, as World War II draws closer and Israeli statehood seems more assured, a noose begins to tighten around Jewish Iraqis. Houses are appropriated, Jews are beaten in the streets and hung in public, and young Kabi watches as the storied legacy of the Jewish community in Baghdad is dismantled piecemeal and finally decimated. As for the land of milk and honey, there is neither milk, nor honey. It is a desert, a place as barren and coarse as the community Kabi and his family left behind was vibrant, bountiful, and dreamy.

So Many Ways to Begin Jon McGregor 2008-12-27 In this potent examination of family and memory, Jon McGregor charts one man's voyage of self-discovery. Like Kazuo Ishiguro's *The Remains of the Day*, *So Many Ways to Begin* is rich in the intimate details that shape a life, the subtle strain that defines human relationships, and the personal history that forms identity. David Carter, the novel's protagonist, takes a keen interest in history as a boy. Encouraged by his doting Aunt Julia, he begins collecting the things that tell his story: a birth certificate, school report cards, annotated cinema and train tickets. After finishing school, he finds the perfect job for his lifetime obsession-curator at a local history museum. His professional and romantic lives take shape as his beloved aunt and mentor's unravels. Lost in a fog of senility, Julia lets slip that David had been adopted. Over the course of the next decades, as David and his wife Eleanor live out their lives-struggling through early marriage, professional disappointments, the birth of their daughter, Eleanor's depression, and an affair that ends badly- David attempts to physically piece together his past, finding meaning and connection where he least expects it.

Buddhist Warfare Michael Jerryson 2010-01-08 This book offers eight essays examining the dark side of a tradition often regarded as the religion of peace. The authors note the conflict between the Buddhist norms of non-violence and the prohibition of the killing of sentient beings and acts of state violence supported by the Buddhist community (sangha), acts of civil violence in which monks participate, and Buddhist intersectarian violence.

Voice Attractiveness Benjamin Weiss 2020-10-10 This book addresses various aspects of acoustic-phonetic analysis, including voice quality and fundamental frequency, and the effects of speech fluency and non-native accents, by examining read speech, public speech, and conversations. Voice is a sexually dimorphic trait that can convey important biological and social information about the speaker, and empirical findings suggest that voice characteristics and preferences play an important role in both intra- and intersexual

selection, such as competition and mating, and social evaluation. Discussing evaluation criteria like physical attractiveness, pleasantness, likability, and even persuasiveness and charisma, the book bridges the gap between social and biological views on voice attractiveness. It presents conceptual, methodological and empirical work applying methods such as passive listening tests, psychoacoustic rating experiments, and crowd-sourced and interactive scenarios and highlights the diversity not only of the methods used when studying voice attractiveness, but also of the domains investigated, such as politicians' speech, experimental speed dating, speech synthesis, vocal pathology, and voice preferences in human interactions as well as in human-computer and human-robot interactions. By doing so, it identifies widespread and complementary approaches and establishes common ground for further research.

Walking on Samos Dieter Graf 2012-04 This is the first edition of the Walking on Samos guidebook, describing 21 walks on the Greek island of Samos, a paradise for walkers. The northern coast with its wooded slopes and vineyards is interlaced with old mule tracks and, together with the old monasteries and the archaeological sites around Pythagorio, these are strong features of the book. And in the south-west you can climb the highest mountain in the Aegean, 1,440 above sea level! 21 of the best old walking trails are described with detailed maps, GPS data and route photos along with lots of interesting facts worth knowing about the island. There is plenty to discover on one of the finest walking islands of Greece.

The Mouton Interactive Introduction to Phonetics and Phonology Jürgen Handke 2000-01-01 This system is primarily designed for students attending introductory courses in phonetics and phonology but also allows students from other areas to learn more about the field, as well as introducing them to the advantages of multimedia presentation.
