**What to Knit When You're Expecting** Nikki Van De Car 2018-08-23 Nikki Van De Car spent the months before her daughter's birth knitting constantly to keep her hands busy and to help the time before her arrival pass more quickly. She knitted everything from sweaters and hats to burp cloths and stuffed animals. Over the course of the following year, she learned which items were actually useful, and which sat in a drawer, never to be worn. The 28 patterns collected in 'What to Knit When You're Expecting', for babies aged from 0 to 12 months, are the best of these, and include booties, mittens, bibs and blankets, as well as sweaters, hats and cardigans. All are relatively simple, so can be knit while your mind is elsewhere, and all are immensely practical. This title is organized according to where you are in your pregnancy, the patterns for the first trimester reflect the fact there is still plenty of time to finish a longer project; those for the second, when many women learn the sex of their baby, focus on clothes for girls and boys; and projects for the third are quick and easy.

**Special Knits** Debbie Bliss 2006-10-26 The birth of a baby is a celebration, and *Special Knits* is based on our need to create lovingly-made items for new little people, in soft yarns that are gentle against delicate skin. Each stitch is invested with affection and care by the knitter. Some of the designs in this book are simple to make - their special quality lies in the softness of the fabric, usually a cashmere mix. There are other projects where the uniqueness of the design comes from a scattering of beads, a velvet bow, or an organza ribbon that frames the gentle curve of a baby's cheek. Most of the designs require little knowledge of complicated techniques; a simple garter-stitch blanket is perfect for a beginner and is given a touch of luxury with an edging of satin. Easy knits are embellished with a ribbon or a scattering of beads, while for those knitters who prefer more of a challenge, there is a sampler blanket or a cross-stitch embroidered gingham cardigan. What better gift for a new-born than to create a special hand-knitted and unique garment. In an age of the throwaway, these are garments that will become the modern classic, knits to cherish and hand down through generations.
