A Fork in the Road André Brink 2010 André Brink grew up in the deep interior of South Africa, as his magistrate father moved from one dusty dorp to the next. With searing honesty he describes his conflicting experiences of growing up in a world where innocence was always surrounded by violence. From an early age he found in storytelling the means of reconciling the stark contrasts between religion and play-acting, between the breathless discovery of a girl called Maureen and the merciless beating of a black boy, between a meeting with a dwarf who lived in a hole in the ground and an encounter with a magician who threatened to teach him what he hadn't bargained for. While living in Paris in the sixties his discovery of a wider artistic life, allied to the exhilaration of the student uprising of 1968, confirmed in him the desire to become a writer. At the same time the tragedy of Sharpeville crystallised his growing political awareness and sparked the decision to return home and oppose the apartheid establishment with all his strength. This resulted in years of harassment by the South African secret police, in censorship, and in fractured relationships with many people close to him. Equally it led to extraordinary friendships sealed by meetings with leaders of the ANC in exile in both Africa and Europe. André Brink tells the story of a life lived in tumultuous times. His long love affair with music, art, the theatre, literature and sport illuminate this memoir as do relationships with remarkable women, among them the poet Ingrid Jonker, who have shared and shaped his life, and encounters with people like Ariel Dorfman, Anna Netrebko, Nadine Gordimer, Günter Grass, Beyers Naudé, Desmond Tutu and Nelson Mandela. Above all, A Fork in the Road is a love song to the country where he was born, and where, despite its recent troubles and tragedies, he still lives.

Back from the Brink Alistair Darling 2012-04 As Chancellor, Alistair Darling had to avert the collapse of RBS hours before the cash machines would have ceased to function; at the eleventh hour, he stopped Barclays from acquiring Lehman Brothers in order to protect UK taxpayers; he used anti-terror legislation to stop Icelandic banks from withdrawing funds from British Banks. From crisis talks in Washington, to dramatic meeting with the titans of international banking, to dealing with the massive political and economic fallout in the UK, Darling places the reader in the rooms where the destinies of millions weighed heavily on the shoulders of the few. In My Own Words Paul Galvin 2014-10-30 One of the greatest GAA footballers of the modern era, Paul Galvin has enjoyed a brilliant and at times controversial career. Winning four senior All Ireland medals with Kerry and eight Munster championships, he was also a three-time All Star and 2009 Footballer of the Year. His inter-county career took off in the late 1990s, when he picked up a Munster minor championship medal in 1997 and another at under-21 level in 1999. But it was in the senior team throughout the 2000s that Paul came into his own. In a period defined by great rivalry with Tyrone, he became a key playmaker for Kerry, never failing to give his all in pursuit of victory. Over the course of a career marked by courage, physicality and an intense passion for the Green and Gold, there were many glorious days. There were other days too, with controversial incidents that led to a number of suspensions, most notably in 2008, the year in which Paul also had the honour of being the Kerry captain. 2009 brought redemption. But 2010 presented new challenges. In this fiercely honest autobiography, Paul offers - in his own words - a compelling, unflinching account of a career that has fascinated football fans for over a decade.

Blitzed! Steve Strange 2002 Steve Strange was head boy of the New Romantic movement. He ran the best clubs in London: Billy's, Blitz and Camden Palace, which defined the glitzy banality of the era; places where Spandau Ballet and Boy George came to life. He was the glamourpuss of glamourpusses, the campest boy in town. He formed, with Midge Ure, Visage, which became one of the biggest bands of the time, selling millions of records and gaining tabloid notoriety. This work recounts the rise and fall of the Blitz Kid himself and recounts from the epicentre the excess of the early eighties: the clubs, the people, the music, the money, his time spent recovering in Ibiza and India, the subsequent steady decline into cocaine and heroin abuse and his rise back to sanity. Steve recounts how he lost all his possessions in a house fire and days later learned of the death of his close friend Michael Hutchence. Within a couple of years Paula Yates had also committed suicide and Strange had ended up back in South Wales, homeless, mentally unstable and facing a court order for shoplifting. Somehow he managed to pull himself back from the brink.

Now, for the first time, the legendary Jerry West tells his story—from his tough childhood in West Virginia, to his unbelievable college success at West Virginia University, his 40-year career with the Los Angeles Lakers, and his relationships with NBA legends like Bill Russell, Wilt Chamberlain, Kareem Abdul-Jabbar, Magic Johnson, Shaquille O'Neal, and Kobe Bryant. Unsparing in its self-assessment and honesty, West by West is far more than a sports memoir: it is a profound confession and a magnificent inspiration.

But Lee Iacocca didn't get mad, he got even. He led a battle for Chrysler's survival that made his name a symbol of integrity, know-how, and guts for millions of Americans. mayhem funk. Over twenty years later, the Red Hot Chili Peppers, against all odds, have become one of the most successful bands in the world. Though the band has gone through many incarnations, Anthony Kiedis, the group's lyricist and dynamic lead singer, has been there for the whole roller-coaster ride. In *Scar Tissue*, Kiedis delivers a compelling life story from a man "in love with everything" -- the darkness, the death, the disease. Even his descent into drug addiction was a part of that journey, another element transformed into art. Whether he's honoring the influence of the beautiful, strong women who have been his muses or remembering the roaring crowds of Woodstock and the Dalai Lama's humble compound, Kiedis shares a compelling story about the price of success and excess. *Scar Tissue* is a story of dedication and debauchery, of intrigue and integrity, of recklessness and redemption -- a story that could only have come out of the world of rock.

Only by the Grace of God Pamela J. Brink 2016-12-29 Three siblings from the Philippines wrote down what they remembered about being imprisoned by the Japanese during World War II. Pamela J. Brink, Robert A. Brink, and John W. Brink all survived the ordeal, but only one of them Pamelais still alive today. She shares their experiences in this memoir that recounts the horrors of war as seen through the eyes of children. At age thirteen, John W. was the oldest when they were captured, and his account is likely the most accurate of all three. Robert and Pamelas versions are different as they saw everything through younger, more fearful eyes. All three, however, remember being overjoyed when they were rescued from the Los Baos prison camp. When they were freed, everyone wanted to hear about atrocities, but their slow starvation could not compete with the horrors that Jews suffered in Nazi Germany. Most ignored their tales, and over time, they stopped telling them. Three adults look back at their childhood experiences as prisoners of war, how they survived, and how they continued on in *Only by the Grace of God*.

years. Here, for the first time, he looks back to the beginning of his career and charmingly evokes the young man he once was. Born in Texas but raised in California, Steve was seduced early by the comedy shows that played on the radio when the family travelled back and forth to visit relatives. When Disneyland opened just a couple of miles away from home, an enchanted Steve was given his first chance to learn magic and entertain an audience. He describes how he noted the reaction to each joke in a ledger - 'big laugh' or 'quiet' - and assiduously studied the acts of colleagues, stealing jokes when needed. With superb detail, Steve recreates the world of small, dark clubs and the fear and exhilaration of standing in the spotlight. While a philosophy student at UCLA, he worked hard at local clubs honing his comedy and slowly attracting a following until he was picked up to write for TV. From here on, Steve Martin became an acclaimed comedian, packing out venues nationwide. One night, however, he noticed empty seats and realised he had 'reached the top of the rollercoaster'. *BORN STANDING UP* is a funny and riveting chronicle of how Steve Martin became the comedy genius we now know and is also a fascinating portrait of an era.

The Brink Marc Ambinder 2019-07-30 "An informative and often enthralling book...in the appealing style of Tom Clancy" (Kirkus Reviews) about the 1983 war game that triggered a tense, brittle period of nuclear brinkmanship between the United States and the former Soviet Union. What happened in 1983 to make the Soviet Union so afraid of a potential nuclear strike from the United States that they sent mobile ICBMs (intercontinental ballistic missiles) into the field, placing them on a three-minute alert Marc Ambinder explains the anxious period between the United States and the Soviet Union from 1982 to 1984, with the "Able Archer '83" war game at the center of the tension. With astonishing and clarifying new details, he recounts the scary series of the close encounters that tested the limits of ordinary humans and powerful leaders alike. Ambinder provides a comprehensive and chilling account of the nuclear command and control process, from intelligence warnings to the composition of the nuclear

codes themselves. And he affords glimpses into the secret world of a preemptive electronic attack that scared the Soviet Union into action. Ambinder's account reads like a thriller, recounting the spy-versus-spy games that kept both countries—and the world—in check. From geopolitics in Moscow and Washington, to sweat-caked soldiers fighting in the trenches of the Cold War, to high-stakes war games across NATO and the Warsaw Pact, “Ambinder's account of a serious threat of global annihilation...is spellbinding...a masterpiece of recent history” (Publishers Weekly, starred review). The Brink serves as the definitive intelligence, nuclear, and national security history of one of the most precarious times in recent memory and “shows the consequences of nuclear buildups, sometimes-careless language, and nervous leaders. Now, more than ever, those consequences matter” (USA TODAY).

Back from the Brink Paul McGrath 2010-12-15 Paul McGrath is Ireland's best loved sportsman and also its least understood. An iconic football presence during a professional career stretching over 14 years, he played for his country in the European Championship finals of 1988 and the World Cup finals of 1990 and 1994. But, behind the implied glamour of life in the employ of great English clubs like Manchester United and Aston Villa, McGrath wrestled with a range of destructive emotions that made his success in the game little short of miraculous. That story has until now never been told. It is a story that runs from a hard, hidden childhood spent in Dublin's orphanages all the way to the pain of two marriage break-ups and the struggle to cope with life after football. Quite apart from his all too public struggle with alcoholism, the story runs through the surreal highs and calamitous lows of a life lived habitually on the edge of chaos. It is not just a football story. It is an extraordinary human story that is certain to surprise with its candour. Here, for the first time, read about the father he never met; the mother whose love never died; the routine loneliness and ritual bullying endured by a black kid growing up behind closed doors in 1960s Dublin; the emotional breakdown suffered on leaving that institution; the recovery that - remarkably - brought him all the way to Old Trafford; the rollercoaster ride that followed. Here, the guilt, fear, self-loathing are all laid bare in a story fired with hope and determination for the future. It may well be the most candid sports book ever written.
