The Original Bambi Felix Salten 2022-02-22 A new, beautifully illustrated translation of Felix Salten's celebrated novel Bambi-the original source of the beloved story. Most of us think we know the story of Bambi-but do we? The Original Bambi is an all-new, illustrated translation of a literary classic that presents the story as it was meant to be told. Jack Zipes's introduction traces the history of the book's reception and explores the tensions that Salten experienced in his own life-as a hunter who also loved animals, and as an Austrian Jew who sought acceptance in Viennese society even as he faced persecution. With captivating drawings by award-winning artist Alenka Sottler, The Original Bambi captures the rich emotional meaning of a celebrated story.

Álmomban is gazdagodok Leonille Gottschick 2020-05-11 Vannak, akik dolgoznak a pénzért, és vannak, akiknek a pénz dolgozik. Az előbbiek a szegények, az utóbbiak a gazdagok. De vajon mi a különbség a gazdagok - az igazi, ikonikus sikeremberek - között és azok között, akik máról holnapra élnek? Csak a töke? Vagy a lehetőségek? Vagy a szorgalom? A Németországban élő szerző azt vallja, hogy elsősorban a gondolkodásmód, a viszony a pénzhez, a náluk gazdagabbakhoz. Irigység helyett tiszteletre buzdítja mindazokat, akik szeretnének meggazdagodni, valamint arra, ne legyenek restek tanulni - tanulni a pénzről és azoktól, akik történetükkel, tanácsaikkal segíteni tudnak a folyamatban.

The Animated Man Michael Barrier 2008-04-07 A detailed portrait of one of the twentieth century's most important and influential creative minds describes Walt Disney's odyssey from midwestern farm boy, to pioneering animator, to large-scale entrepreneur, reflecting on his sometimes conflicting roles as creative visionary and dynamic businessman.

A View to a Death in the Morning Matt Cartmill 1996-10-01 What brought the ape out of the trees, and so the man out of the ape, was a taste for blood. This is how the story went, when a few fossils found in Africa in the 1920s seemed to point to hunting as the first human activity among our simian forebears—the force behind our upright posture, skill with tools, domestic arrangements, and

warlike ways. Why, on such slim evidence, did the theory take hold? In this engrossing book Matt Cartmill searches out the origins, and the strange allure, of the myth of Man the Hunter. An exhilarating foray into cultural history, *A View to a Death in the Morning* shows us how hunting has figured in the western imagination from the myth of Artemis to the tale of Bambi—and how its evolving image has reflected our own view of ourselves. A leading biological anthropologist, Cartmill brings remarkable wit and wisdom to his story. Beginning with the killer-ape theory in its post-World War II version, he takes us back through literature and history to other versions of the hunting hypothesis. Earlier accounts of Man the Hunter, drafted in the Renaissance, reveal a growing uneasiness with humanity's supposed dominion over nature. By delving further into the history of hunting, from its promotion as a maker of men and builder of character to its image as an aristocratic pastime, charged with ritual and eroticism, Cartmill shows us how the hunter has always stood between the human domain and the wild, his status changing with cultural conceptions of that boundary. Cartmill's inquiry leads us through classical antiquity and Christian tradition, medieval history, Renaissance thought, and the Romantic movement to the most recent controversies over wilderness management and animal rights. Modern ideas about human dominion find their expression in everything from scientific theories and philosophical assertions to Disney movies and sporting magazines. Cartmill's survey of these sources offers fascinating insight into the significance of hunting as a mythic metaphor in recent times, particularly after the savagery of the world wars reawakened grievous doubts about man's place in nature. A masterpiece of humanistic science, *A View to a Death in the Morning* is also a thoughtful meditation on what it means to be human, to stand uncertainly between the wilderness of beast and prey and the peaceable kingdom. This richly illustrated book will captivate readers on every side of the dilemma, from the most avid hunters to their most vehement opponents to those who simply wonder about the import of hunting in human nature.

Dear Enemy Jean Webster 1915 *Dear Enemy* is the 1915 sequel to Jean Webster's 1912 novel *Daddy-Long-Legs*. It was among the top 10 best sellers in the U.S. in 1916. The story is presented in a series of letters written by Sallie McBride, Judy Abbott's classmate and best friend in *Daddy-Long-Legs*. Among the recipients of the letters are Judy; Jervis Pendleton, Judy's husband and the president of the orphanage where Sallie is filling in until a new superintendent can be installed; Gordon Hallock, a wealthy Congressman and Sallie's later fiancé; and the orphanage's doctor, embittered Scotsman Robin 'Sandy' MacRae (to whom Sallie addresses her letters: "Dear Enemy"). Webster employs the epistolary structure to good effect; Sallie's choices of what to recount to each of her correspondents reveal a lot about her relationships with them. The novel is set in rural Dutchess County, New York, early in the 20th century. It examines a number of social issues: how to care for orphans (and for children in general), divorce, and the value of women's work. (The latter is a natural extension of the theme of women's education in *Daddy-Long-Legs*.) While volunteer work by women is widely accepted, women working in responsible positions for pay is still viewed with some hostility by some characters, such

as Gordon Hallock, Sallie's friend and later fiancé, and the Honorable Cyrus Wykoff, a trustee of the John Grier Home. The Hon. Cy (as Sallie calls him) objects to the JGH paying a salary to Betsy, Sallie's assistant: "She's a woman, and her family ought to support her." Though the Hon. Cy makes it clear that he thinks Sallie is frivolous and unsuited to superintend an orphanage, Sallie is so devoted to the orphan's well-being that she turns even her social life-explicitly criticized by the Hon. Cy-into an opportunity to further her cause, recruiting volunteers, benefactors, and foster parents at dinner parties and afternoon teas. Webster also deals with women's life choices in a more subtle fashion. She contrasts the miserable marriage of Sallie's friend Helen with Sallie's fruitful life as she devotes herself to the demanding and strenuous task of running an orphanage. Sallie considers Judy Abbott, who married soon after completing college, an anomaly for her remarkably successful marriage with Jervis. Divorced from her unsuitable husband, Helen ultimately finds happiness in joining Sallie's cause at the orphanage, applying herself to work for the public good. Socialism applied to charitable causes is an underlying theme; the John Grier Home couldn't survive without the beneficence of the trustees and community. The novel also deals with the evolving ideas about how best to care for orphans at the turn of the century, with the institution-style establishments falling out of favor, in light of the modern 'cottage' approach. Care for the children's emotional and spiritual needs is considered paramount, as Sallie works with Dr. MacRae, Judy, and Jervis to enact her reforms. The reasons these are necessary at the John Grier Home is clearly outlined in the first novel, in Judy's miserable recollections of her old home. Concerns with the hereditary origins of 'feeble-mindedness' and alcoholism are expressed by Dr. MacRae and by Sallie. The doctor's anxieties prove to have an underlying basis in his experience, which is revealed towards the end of the novel. Although the themes are intense, the author generally deals with them in an amusing and light-hearted fashion. (wikipedia.org)
