Cases in Management Seri 2 (Kasuskasus Manajemen)

Bank Resolution Chair in Private Law Commercial and Corporate Law and Professor of Law Jens-Hinrich Binder 2016-09-28 Responding to lessons learned during the global financial crisis, the EU Directive on the Recovery and Resolution of Banks and Securities Firms (the BRRD) has substantially changed the legal framework for insolvency management of financial services institutions across Europe. As the legislative process has been completed with the adoption of the BRRD, and of Regulation No 806/2014 establishing the Single Resolution Mechanism, this book offers a unique insight into the new European framework for the resolution of banks in distress. The chapters in this volume take stock of what has been achieved and present an insightful analysis of both the technical framework and its impact on banking institutions and their counterparties in representative forms of banking activities, including retail and wholesale depositors, counterparties to financial directives, and the providers of relevant parts of the market infrastructure. Special attention is given to the

international coordination of resolution. The book's focus is on resolution and its impact on the relationships between banks, customers, other market participants and market infrastructure, including the preventative requirements on recovery and resolution planning under the BRRD. The chapters bring together a wide range of perspectives by scholars, practitioners from regulatory authorities and other parts of the financial safety net, as well as from private practice, from many jurisdictions, and both legal and economic backgrounds. Arranged broadly in line with the structure of the BRRD, the book is a highly useful reference for practitioners, policy-makers, and academics alike.

Trees for a Better Tomorrow 1969

Bank & Lembaga Keuangan Modern Lainnya Syafril, S.E., M.M. 2020-03-01 Dalam dunia yang serba modern saat ini lembaga keuangan memegang peranan penting dalam proses pembangunan nasional. Lembaga keuangan berfungsi sebagai intermediatori antara masyarakat yang mempunyai dana dan masyarakat yang membutuhkan dana. Secara umum definisi dari lembaga Keuangan adalah “setiap perusahaan yang bergerak di bidang keuangan, menghimpun dana, menyalurkan dana atau kedua-duanya.” Pada Bagian Pertama buku ini yang terdiri dari sembilan bab yang membahas tentang lembaga keuangan bank yang terdiri dari: (1) Overview Lembaga Keuangan; (2) Sejarah Bank; (3) Bank Indonesia; (4) Bank Umum; (5) Kegiatan Menerima Dana; (6) Kegiatan Menyalurkan Dana; (7) Kegiatan Layanan Jasa; (8) Bank Syariah; dan (9) BPR. Dalam bab ini penulis mencoba menghadirkan suatu hal yang baru dengan memadukan pengalaman di bidang profesional sebagai seorang karyawan di industri perbankan, finance dan pasar modal yang dikombinasikan dengan pengalaman sebagai akader di beberapa perguruan tinggi selama belasan tahun lamanya. Pada Bagian Kedua buku ini yang terdiri dari sebelas bab, yang membahas tentang lembaga keuangan nonbank yang terdiri dari: (1) Fintech; (2) Perusahaan Pembiayaan Infrastruktur; (3) Leasing; (4) Anjak Piutang; (5) Kartu Kredit, (6) Modal Ventura; (7) Pega- daian; (8) Asuransi; (9) Pasar Modal; (10). Pasar Uang dan Valuta Asing; dan (11) Dana Pensiun yang juga tidak terlepas dari pengalaman penulis sebagai seorang profesional di bidang keuangan seperti di perusahaan leasing, di bidang pasar modal, di bidang asuransi dan bidang keuangan lainnya yang pernah bersentunan dengan pekerjaan yang lalu. Pada pembahasan Bagian Ketiga buku ini terdiri dari dua bab yang membahas tentang lembaga keuangan independen merupakan suatu hal yang baru secara terpisah dari lembaga keuangan bank dan nonbank. Penulis menambahkan lembaga keuangan independen sebagai salah satu unsur dalam lembaga keuangan yang secara fungsinya tidak melakukan kegiatan menerima dana (saving), menyalurkan dana (lending/financing) dan melayani jasa (service). Lembaga keuangan independen menjalankan fungsinya sebagai pengaturan, pengawasan, pemeriksaan dan penyidikan serta penjamin kegiatan lembaga keuangan bank dan nonbank. Lembaga keuangan independen ini terdiri dari; 1) Otoritas Jasa Keuangan (OJK), dan (2) Lembaga Penjamin Simpanan (LPS). Buku persembahkan penerbit PrenadaMediaGroup

The Veil of Money A C (Arthur Cecil) 1877-1959 Pigou 2021-09-09 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Access for All Brigit Helms 2006-01-01 "Beginning with key questions about clients of microfinance - Who are they? What financial services do they want? What is the impact of financial services on their lives? - the book examines all levels of the financial system. It shows what works, what does not work, and where more learning is needed. By focusing on promising models and practices, it offers a vision of how to achieve financial systems that will ultimately offer access for all."--BOOK JACKET.

Pension fund governance Michael Orszag, John Evans, John Piggott 2008 "This collection of essays on a rapidly developing topic is a valuable addition to the field and the editors must be congratulated on beginning to bring the area to the attention of thinkers and government (not necessarily the same thing), who are charged with dealing with the challenge of controlling private pension provision." - Robin Ellison, Pensions

Secrets of Customer Relationship Management James G. Barnes 2001 "Many marketing people still pursue interactive sales solely for their immediate cash return rather than the contribution they can also make to brand values - hence 'loyalty' programmes which have nothing to do with real loyalty. No-one who has read this highly readable and significant book would ever make that expensive mistake." Sir Martin Sorrell, Chief Executive WPP GROUP PLC "A wise and thoughtful book by an author who understands to the core that customer relationship management is about human connections." Leonard L. Berry Distinguished Professor of Marketing, Texas A&M University, and author of *Discovering the Soul of Service*

Microfinance David Hulme 2009-01-13 Microfinance has become an important component of development, poverty reduction and economic regeneration strategy around the world. By the early twenty first century tens of millions of people in more than 100 countries were accessing services from formal and semi-formal microfinance institutions (MFIs). Much of the initial attention on microcredit came through work on Bangladesh's much-lauded Grameen Bank but, there are now many different 'models' for microfinance and many countries have substantial microfinance sectors. This timely book, written by one of the major players in the UK in development economics explores, amongst others, topics such as: microfinance and poverty reduction microfinance, gender and social development microinsurance regulating and supervising microfinance institutions. Topical and insightful, this important text examines what has become a vast global industry employing hundreds of thousands of people and attracting the attention of large numbers of governments, banks, aid agencies, non-governmental organizations and consultancy firms.

Making Microfinance Work Craig Churchill 2012-01 Microfinance has long been recognized as having significant potential to create jobs and reduce poverty. But to meet the twin challenges of growth and sustainability, managers of microfinance institutions (MFIs) must

not only understand essential management functions: they must also be armed with innovative ideas and strategies to succeed in today's increasingly competitive environment. This book provides a valuable overview of the key management principles necessary to optimize the services of MFIs. Volume 1 examines the markets and marketing of MFIs and captures the different ways that managers can communicate the value of their products and services. It offers strategies to prevent risk from occurring and, if it does occur, explains how to rectify the situation. Practical techniques for allocating costs and determining prices are also highlighted, as well as the importance of plans, budgets and reports. Volume 2 includes chapters on various product options, including savings, insurance, leasing, money transfers, and even grants and nonfinancial services. It also explores how to combine different product menus to serve specific market segments, such as the ultra-poor, youth, women, and small and medium enterprises. It provides specific suggestions to manage diversification, including adapting the institutional culture, redistributing responsibilities, empowering staff, communicating with clients, reengineering systems, and managing change.

Strategi Sukses Bisnis Bank Ikatan Bankir Indonesia 2014-07-03 Sebagai kelanjutan dari dua buku yang sudah terbit, yaitu Memahami Bisnis Bank dan Mengelola Bank Komersial, buku ini ditujukan untuk membantu para pembaca mengelola bank secara sukses. Sebagai materi sertifikasi General Banking III, buku ini diharapkan juga dapat membekali para pimpinan bank tingkat wilayah. ASEAN Corporate Governance Scorecard Asian Development Bank 2014-06-01 Corporate governance principles provide guidance on how corporations should operate. Adoption of international corporate governance best practices leads to long-term sustainability and resilience, and can be a competitive tool to attract foreign investments. The Asian Development Bank, in partnership with the ASEAN Capital Markets Forum, have jointly developed the ASEAN Corporate Governance Scorecard, an assessment based on publicly available information and benchmarked against international best practices that encourage

publicly listed companies to go beyond national legislative requirements. This report can be used by capital market regulators and other stakeholders as a reference to understand the current corporate governance standards across the region. It is also a useful diagnostic tool to guide improvement of corporate governance standards.

Law and Society Lawrence Meir Friedman 1977 Surveys the functions and practice of law, its origins, history, and twentieth-century developments and characteristics, and theories and research bearing on legal systems

Scaling Methods Peter Dunn-Rankin 2014-04-04 Scaling Methods is written for professionals in the behavioral sciences who analyze data that results from subjective responses. Other books on scaling attitudes or measuring perceptions focus on the psychometrician's view of measurement. This book focuses on the users' view by concentrating on effective ways to analyze data rather than the mathematical details of how each program works. The methods included handle the majority of data analysis problems encountered and are accompanied by a software solution. Each chapter features the theory surrounding that methodology, an example, a real-world application, and a computer solution. This book introduces the major uni- and multi-dimensional scaling method techniques most common in educational, social, and psychological research. Using four primary methods of data collection--ordering, categorical rating, free clustering, and similarity judgments--Scaling Methods, Second Edition explains how such data can be represented in ways that illustrate relationships among the data and help reveal underlying dimensional structures. Each method serves as an independent unit so readers can pick and choose from a variety of easy-to-use procedures and more advanced techniques. The new edition features a new chapter on order analysis and downloadable resources that provide stand-alone, as well as SAS supported demonstrations of multi-dimensional scaling techniques, plus programs to get raw data into matrix form. The text is written for researchers, practitioners, and advanced students in education and the social and behavioral sciences interested in analyzing data resulting from subjective responses, especially in the measurement of attitudes. Each chapter is self-contained making this an excellent resource for use in the classroom or as a self-study tool. A first course in statistics is a helpful prerequisite.

Handbook of Fiscal Federalism E. Ahmad 2006 This volume provides comprehensive coverage of fiscal federalism by some of the leading scholars in the field. . . This Handbook is an excellent addition to the present discourse on the role of the state in fiscal matters. This reviewer would recommend this book as a required text for a graduate or senior class on public finance or economic development. Researchers in economic development, public finance, and fiscal policy likewise would find this volume useful. Highly recommended. Upper-division undergraduate through professional collections. J. Raman, Choice This major Handbook addresses fiscal relations between different levels of government under the general rubric of fiscal federalism , providing a review of the latest literature as well as an invaluable guide for practitioners and policy makers seeking informed policy options. The contributors include leading lights in the field, many of whom have themselves made seminal contributions to the literature. Comprehensive and wide in coverage, the issues covered range from federal systems to other forms of intergovernmental relations, such as supra-national constructs namely, the European Union unitary states, regional systems, and more decentralized operations, including community level organizations. The political economy

approach emphasizes the importance of institutional arrangements, including the legal, political and administrative aspects, and information flows to ensure that there are appropriate incentives and sanctions to generate good governance. This Handbook also devotes attention to emerging issues, such as environmental protection, the sharing of natural resources among levels of government, corruption and the impact of federalism and decentralization on national unity. It will be a vital reference tool for the area for many years to come.

The Global Findex Database 2017 Asli Demirguc-Kunt 2018-04-19 In 2011 the World Bank—with funding from the Bill and Melinda Gates Foundation—launched the Global Findex database, the world's most comprehensive data set on how adults save, borrow, make payments, and manage risk. Drawing on survey data collected in collaboration with Gallup, Inc., the Global Findex database covers more than 140 economies around the world. The initial survey round was followed by a second one in 2014 and by a third in 2017. Compiled using nationally representative surveys of more than 150,000 adults age 15 and above in over 140 economies, *The Global Findex Database 2017: Measuring Financial Inclusion and the Fintech Revolution* includes updated indicators on access to and use of formal and informal financial services. It has additional data on the use of financial technology (or fintech), including the use of mobile phones and the Internet to conduct financial transactions. The data reveal opportunities to expand access to financial services among people who do not have an account—the unbanked—as well as to promote greater use of digital financial services among those who do have an account. The Global Findex database has become a mainstay of global efforts to promote financial inclusion. In addition to being widely cited by scholars and development practitioners, Global Findex data are used to track progress toward the World Bank goal of Universal Financial Access by 2020 and the United Nations Sustainable Development Goals. The database, the full text of the report, and the underlying country-level data for all figures—along with the questionnaire, the survey methodology, and other relevant materials—are available at www.worldbank.org/globalfindex.

Theories in Social Psychology Derek Chadee 2011-02-23 *Theories in Social Psychology* is an edited volume that identifies and discusses in-depth the important theoretical perspectives and theories that underlie the discipline of social psychology. Malle, Paul R. Nail, Richard E. Petty, Thomas Mussweiler, Faye J. Crosby, Miles Hewstone, Richard J. Crisp and Mein Koslowsky Critically discusses important perspectives and theories in the discipline allowing a deeper understanding of the theoretical framework Allows students and academics to reflect on theories and opens up future areas of enquiry

A Systems Approach to Language Pedagogy Akira Tajino 2019-04-05 This volume represents the first attempt in the field of language pedagogy to apply a systems approach to issues in English language education. In the literature of language education, or more specifically, second or foreign language learning and teaching, each topic or issue has often been dealt with independently, and been treated as an isolated item. Taking grammar instruction as an example, grammatical items are often taught in a sequential, step-by-step manner; there has been no “road map” in which the interrelations between the various items are demonstrated. This may be one factor that makes it more difficult for students to learn the language organically. The topics covered in this volume, including language acquisition,

pedagogical grammar, and teacher collaboration, are viewed from a holistic perspective. In other words, language pedagogy is approached as a dynamic system of interrelations. In this way, “emergent properties” are expected to manifest. This book is recommended for anyone involved in language pedagogy, including researchers, teachers, and teacher trainers, as well as learners.

The National Money Laundering Strategy for 2000 United States. Department of the Treasury 2000

The Intelligent Investor Benjamin Graham 1985 Analyzes the principles of stock selection and various approaches to investing, and compares the patterns and behavior of specific securities under diverse economic conditions

The Bond King Mary Childs 2022-03-15 From the host of NPR’s Planet Money, the deeply-investigated story of how one visionary, dogged investor changed American finance forever. Before Bill Gross was known among investors as the Bond King, he was a gambler. In 1966, a fresh college grad, he went to Vegas armed with his net worth (\$200) and a knack for counting cards. \$10,000 and countless casino bans later, he was hooked: so he enrolled in business school. The Bond King is the story of how that whiz kid made American finance his casino. Over the course of decades, Bill Gross turned the sleepy bond market into a destabilized game of high risk, high reward; founded Pimco, one of today’s most powerful, secretive, and cutthroat investment firms; helped to reshape our financial system in the aftermath of the Great Recession—to his own advantage; and gained legions of admirers, and enemies, along the way. Like every American antihero, his ambition would also be his undoing. To understand the winners and losers of today’s money game, journalist Mary Childs argues, is to understand the bond market—and to understand the bond market is to understand the Bond King.

BPSC Modul Bahasa Indonesia SD/MI Kelas VI Agus Sasono 2021-09-09 Buku Pendamping Siswa Cerdas (BPSC) Modul Bahasa Indonesia SD/MI Kelas VI ini merupakan buku yang khusus ditujukan bagi siswa kelas VI. Setelah mempelajari buku ini, siswa kelas VI diharapkan dapat lebih memahami materi mata pelajaran Bahasa Indonesia. Buku ini disusun dengan cukup praktis dan ringkas sehingga siswa kelas VI dapat mempelajarinya dengan mudah. Buku ini dilengkapi dengan ringkasan materi yang berisi materi secara garis besar disertai contoh soal dan pembahasan. Selain itu, terdapat soal latihan dan aktivitas yang disajikan dalam berbagai variasi. Di akhir soal latihan, terdapat penilaian yang dapat membantu siswa untuk mengevaluasi kemampuannya dalam memahami materi.

Microeconomics William A. McEachern 2008-01 Easy to understand and filled with lively real-world examples, *Microeconomic Principles: A Contemporary Introduction*, 8e International Edition, is your ideal introduction to the principles of economics. McEachern approaches the course by using many economic concepts that you've likely encountered in your own life experiences. These life experiences are then explained as economic concepts through interesting case studies and a clean focused design. The case studies are found throughout the text, giving you genuine insight into how economic principles work in the real world. McEachern's approachable style is enhanced by the powerful learning tools you'll find on Aplia, a Web-based educational program designed to improve your understanding and your grade.

Hukum Pemberitaan Pers Dr. Mustawa Nur, S.H., M.H. 2022-03-01 Buku teks utama ini menyajikan berbagai ragam alternatif penelitian sosial sebagai upaya mengeksplorasi dan memahami realitas sosial yang terus berkembang, untuk kemudian dapat dituangkan dan dikomunikasikan serta dipertanggungjawabkan secara ilmiah. Referensi utama ini disusun dengan mengedepankan kesesuaian penerapan metode dengan objek studi, menghadirkan pedoman praktis dan contoh konkret penerapan berbagai metode dalam lapangan penelitian sosial. Mengkaji dan memahami realitas sosial yang terus-menerus berkembang di tengah masyarakat postmodern yang mengalami revolusi informasi, maka dalam Edisi Ketiga ini ditambahkan pula kajian baru tentang Netnografi—pilihan metode untuk studi tentang Net Generation—dan studi tentang Komunitas Cyberspace, yang tidak saja membutuhkan perspektif teoretis yang baru, tetapi juga menggunakan metode yang berbeda. Tema inti yang disajikan dalam buku ini, antara lain: Pengantar penelitian sosial—unsur penelitian survei, prosedur penelitian, teknik wawancara, pengamatan, pengukuran, dan penulisan laporan penelitian; Metode kualitatif dan kuantitatif; Metode sosiometri; Grounded research; Metode perbandingan; Metode ilmu politik; Perspektif cultural studie; Netnografi dan studi tentang komunitas Cyberspace. Big Vape Jamie Ducharme 2021-05-25 “Fast-paced and impressively researched, this detailed account sings.” —Publishers Weekly, starred review A Publishers Weekly Top Ten Book of the Summer (2021) A propulsive, eye-opening work of reporting, chronicling the rise of Juul and the birth of a new addiction It began with a smoke break. James Monsees and Adam Bowen were two ambitious graduate students at Stanford, and in between puffs after class they dreamed of a way to quit smoking. Their solution became the Juul, a sleek, modern device that could vaporize nicotine into a conveniently potent dosage. The company they built around that device, Juul Labs, would go on to become a \$38 billion dollar company and draw blame for addicting a whole new generation of underage tobacco users. Time magazine reporter Jamie Ducharme follows Monsees and Bowen as they create Juul and, in the process, go from public health visionaries and Silicon Valley wunderkinds to two of the most controversial businessmen in the country. With rigorous reporting and clear-eyed prose that reads like a nonfiction thriller, Big Vape uses the dramatic rise of Juul to tell a larger story of big business, Big Tobacco, and the high cost of a product that was too good to be true.

Manajemen Risiko 1 Ikatan Bankir Indonesia 2015-09-02 MENGIDENTIFIKASI RISIKO PASAR, OPERASIONAL, DAN KREDIT BANK Krisis finansial yang belum lama terjadi membuktikan bahwa penerapan manajemen risiko sudah menjadi kebutuhan bagi bank, bukan hanya untuk memenuhi ketentuan regulator, namun menjadi sarana untuk mengelola risiko yang dihadapi masing-masing bank. Dengan demikian, dibutuhkan bankir yang memahami pengetahuan manajemen risiko serta keterampilan yang memadai sehingga tugas dan tanggung jawab masing-masing bankir dapat dilaksanakan dengan baik. Buku Manajemen Risiko 1: Mengidentifikasi Risiko Pasar, Operasional, dan Kredit Bank adalah bahan yang dapat digunakan dalam kegiatan belajar mandiri, pelatihan, dan persiapan Uji Kompetensi Bidang Manajemen Risiko tingkat 1 yang diselenggarakan oleh Lembaga Sertifikasi Profesi Perbankan (LSPP). Buku ini terdiri dari enam bagian yaitu Latar Belakang Manajemen Risiko, Regulasi Perbankan Terkait Manajemen Risiko, Risiko Kredit, Risiko

Pasar, Risiko Likuiditas dan Risiko Operasional. Penyusunan buku ini dilakukan oleh tim penyusun yang berasal dari kalangan manajemen risiko perbankan. Selain digunakan sebagai materi pelatihan, buku ini kami harapkan jugadapat mendukung program peningkatan kompetensi bankir di Indonesia.

AKUTANSI FORENSIK DAN AUDIT INVESTIGATIF Nur Sayidah; AminullahAssagaf; Sulis Janu Hartati; Muhajir Buku ini ditulis dengan judul Akuntansi Forensik dan Audit Invenstigatif berisi mengenai konsep, pendekatan, metode serta teknik penelitian baik audit investigatif, yang dilengkapi dengan contoh-contoh kasus yang terjadi di Indonesia. Buku ini disusun dengan tujuan agar bisa digunakan menjadi salah satu referensi dalam mata kuliah Akuntansi Forensik dan Audit Investigatif, baik sebagai referensi utama atau pendukung. Penulis sudah berpengalaman dalam mengajar mata kuliah ini dan mengikuti berbagai macam workshop. Buku ini cocok digunakan juga bagi mahasiswa dan dosen pengampu mata kuliah tersebut karena ada banyak contoh kasus yang diberikan. Buku ini juga penting bagi peneliti yang tertarik dalam tema kecurangan terutama kecurangan keuangan. Buku ini berisi pengertian dan ruang lingkup akuntansi forensik dan audit investigatif, atribut akuntan forensik dan seorang pemeriksa fraud, standar audit investigatif dan akuntansi forensik. Pembahasan berikutnya mengenai pengertian fraud, fraud triangle yang mendiskripsikan motivasi orang melakukan fraud. Fraud Triangle diperluas menjadi fraud diamond. Selanjutnya jenis-jenis fraud dibahas dalam fraud tree disertai cara pendeteksian secara singkat. Fraud tree mencakup corruption, fraudulent financial statements dan asset misappropriation. Setiap jenis fraud dibahas secara detil karena merupakan jenis-jenis fraud tersebut penting untuk dikenali terutama di Indonesia yang tingkat koeupsinya masih tinggi. Setiap bab dilengkapi dengan contoh-contoh kasus baik di sektor public maupun swasta. Berikutnya mahasiswa juga diminta untuk memecahkan kasus yang diberikan dalam sebuah studi kasus.

Human Capital Policy David Neumark 2021-02-26 This timely book evaluates international human capital policies, offering a comparative perspective on global efforts to generate new ideas and novel ways of thinking about human capital. Examining educational reforms, quality of education and links between education and socio-economic environments, chapters contrast Western experiences and perspectives with those of industrializing economies in Asia, focusing particularly on Korea and the USA.

Time for Socialism Thomas Piketty 2021-10-26 A chronicle of recent events that have shaken the world, from the author of Capital in the Twenty-First Century “What makes this manifesto noteworthy is that it comes from . . . an economist who gained his reputation as a researcher with vaguely left-of-center sensibilities but was far from a radical. Yet the times are such . . . that even honest moderates are driven to radical remedies.”—Robert Kuttner, New York Times As a correspondent for the French newspaper Le Monde, world-renowned economist Thomas Piketty has documented the rise and fall of Trump, the drama of Brexit, Emmanuel Macron’s ascendance to the French presidency, the unfolding of a global pandemic, and much else besides, always from the perspective of his fight for a more equitable world. This collection brings together those articles and is prefaced by an extended introductory essay, in which Piketty argues that the time has come to support an inclusive and expansive conception of socialism as a counterweight against the hypercapitalism that defines our current economic ideology. These essays offer a first draft of history from one of the world’s leading economists and public figures, detailing the struggle against inequalities and tax

evasion, in favor of a federalist Europe and a globalization more respectful of work and the environment.

Melalui pemaparan tersebut, buku ini diharapkan dapat menambah pemahaman pembaca khususnya yang tertarik dengan pelaksanaan hukum kontemporer di Indonesia. *Penyuluhan Hukum Indonesia Kontemporer* ini diterbitkan oleh Penerbit Deepublish dan tersedia juga dalam versi cetak.

Where You Are Is Not Who You Are Ursula Burns 2021-06-15 The first Black female CEO of a Fortune 500 company looks back at her life and her career at Xerox, sharing unique insights on American business and corporate life, the workers she has always valued, racial and economic justice, how greed is threatening democracy, and the obstacles she's conquered being Black and a woman. "I am a black woman, I do not play golf, I do not belong to or go to country clubs, I do not like NASCAR, I do not listen to country music, and I have a masters degree in engineering. I, like a typical New Yorker, speak very fast, with an accent and vernacular that is definitely New York City, definitely Black. So when someone says I'm going to introduce you to the next CEO of Xerox, and the options are lined up against a wall, I would be the first one voted off the island." In 2009, when she was appointed the Chief Executive Officer of the Xerox Corporation, Ursula Burns shattered the glass ceiling and made headlines. But the media missed the real story, she insists. "It should have been 'how did this happen? How did Xerox Corporation produce the first African American woman CEO?' Not this spectacular story titled, "Oh, my God, a Black woman making it." In this smart, no-nonsense book, part memoir and part cultural critique, Burns writes movingly about her journey from tenement housing on Manhattan's Lower East Side to the highest echelons of the corporate world. She credits her success to her poor single Panamanian mother, Olga Racquel Burns—a licensed child-care provider whose highest annual income was \$4,400—who set no limits on what her children could achieve. Ursula recounts her own dedication to education and hard work, and how she took advantage of the opportunities and social programs created by the Civil Rights and Women's movements to pursue engineering at Polytechnic Institute of New York. Burns writes about overcoming the barriers she faced, as well as the challenges and realities of the corporate world. Her classmates and colleagues—almost all white males—"couldn't comprehend how a Black girl could be as smart, and in some cases, smarter than they were. They made a developed category for me. Unique. Amazing. Spectacular. That way they could accept me." Her thirty-five-year career at Xerox was all about fixing things, from cutting millions to save the company from bankruptcy to a daring \$6 billion acquisition to secure its future. Ursula also worked closely with President Barack Obama as a lead on his STEM initiative and Chair of his Export council, where she traveled with him on an official trade mission to Cuba, and became one of his greatest admirers. Candid and outspoken, Ursula offers a remarkable look inside the c-suites of corporate America through the eyes of a Black woman—someone who puts humanity over greed and justice over power. She compares the impact of the pandemic to the financial crisis of 2007, condemns how corporate culture is destroying the spirit of democracy, and worries about the workers whose lives are being upended by technology. Empathetic and dedicated,

idealistic and pragmatic, Ursula demonstrates that, no matter your circumstances, hard work, grit and a bit of help along the way can change your life—and the world.
