Frontier Woman Joan Johnston 2007-12-18 The prequel to the New York Times bestseller *The Texan* Sprawling 1840s Texas comes alive in the hands of Joan Johnston, New York Times bestselling author of *The Cowboy* and *The Texan*. Introducing the unforgettable Creed dynasty, transporting us back to a wild, lawless frontier, Johnston brings us a stirring, passionate story of Texas Ranger Jarrett Creed and the free-spirited beauty who captures his heart—a woman sworn to love no man. FRONTIER WOMAN Captured by Comanches as a boy, Jarrett Creed grew to manhood torn between two worlds. But with the young republic under siege from ravaging Mexican armies and marauding Indian tribes alike, he made his choice. Now, as a secret government mission brings the Texas Ranger to lovely Cricket Stewart's door, he must choose again. The youngest daughter of a wealthy gentleman planter, Cricket lives life as she pleases and vows never to be a wife to any man. Until the day Jarrett Creed saves her from avenging Comanches . . . by claiming her as his bride. The last thing either expects is to fall in love. But as a traitorous conspiracy and a secret tragedy test their newfound union, a wild-spirited beauty and a Texas lawman will discover just how far they will go for their precious homeland—and for a love that could free them from the sorrows of the past.

Kill Fee Owen Laukkanen 2014-03-20 The new Stevens and Windermere novel from one of the most dazzlingly acclaimed new writers in crime fiction. The billionaire picked a heck of a way to die. On a beautiful Saturday in downtown Saint Paul, Minnesota, state investigator Kirk Stevens and FBI special agent Carla Windermere, witness the assassination of one of the state's wealthiest

men. The shooter is a young man, utterly unremarkable...except for the dead look in his eyes. And it's only the beginning. The events of that sunny springtime day will lead Stevens and Windermere across the country, down countless blind alleys, and finally to a very flourishing twenty-first century enterprise: a high-tech murder-for-hire social media website. But just who has the dead-eyed shooter targeted next...and who's choosing his victims?

**You Are My Wish Come True** Marianne R. Richmond 2008-01-01 "Mama," said Barley. "Tell me again how I'm your wish come true." Barley Bear loves to hear about how he was Mama's special wish. So begins *You Are My Wish Come True*, a tender tale of devotion between parent and child. Settled into their favorite cuddle spot, Mama reassures Barley that he was wished for, prayed for and waited for. And that he is far more beautiful and precious than she could have ever imagined! Endearing prose and charming watercolor illustrations make this book a delightful way to cozy up with a beloved child.

**Go the F\*\*k to Sleep** Adam Mansbach 2011-06-14 The #1 New York Times Bestseller: "A hilarious take on that age-old problem: getting the beloved child to go to sleep" (NPR). "Hell no, you can't go to the bathroom. You know where you can go? The f\*\*k to sleep." *Go the Fuck to Sleep* is a book for parents who live in the real world, where a few snoozing kitties and cutesy rhymes don't always send a toddler sailing blissfully off to dreamland. Profane, affectionate, and radically honest, it captures the familiar—and unspoken—tribulations of putting your little angel down for the night. Read by a host of celebrities, from Samuel L. Jackson to Jennifer Garner, this subversively funny bestselling storybook will not actually put your kids to sleep, but it will leave you

Twice in a Blue Moon Christina Lauren 2019-10-22 From the New York Times bestselling author of *The Unhoneymooners* and the "delectable, moving" (Entertainment Weekly) *My Favorite Half-Night Stand* comes a modern love story about what happens when your first love reenters your life when you least expect it... Sam Brandis was Tate Jones's first: Her first love. Her first everything. Including her first heartbreak. During a whirlwind two-week vacation abroad, Sam and Tate fell for each other in only the way that first loves do: sharing all of their hopes, dreams, and deepest secrets along the way. Sam was the first, and only, person that Tate—the long-lost daughter of one of the world's biggest film stars—ever revealed her identity to. So when it became clear her trust was misplaced, her world shattered for good. Fourteen years later, Tate, now an up-and-coming actress, only thinks about her first love every once in a blue moon. When she steps onto the set of her first big break, he's the last person she expects to see. Yet here Sam is, the same charming, confident man she knew, but even more alluring than she remembered. Forced to confront the man who betrayed her, Tate must ask herself if it's possible to do the wrong thing for the right reason... and whether "once in a lifetime" can come around twice. With Christina Lauren's signature "beautifully written and remarkably compelling" (Sarah J. Maas, New York Times bestselling author) prose and perfect for fans of Emily Giffin and Jennifer Weiner, *Twice in a Blue Moon* is an unforgettable and moving novel of young love and second chances.

X Sue Grafton 2019-09-03 "An inventive plot and incisive character studies elevate MWA Grand Master Grafton's twenty-fourth Kinsey Millhone novel...This superior outing will remind readers why this much-loved series will be missed as the end of the alphabet approaches."—Publishers Weekly (starred review) X: The number ten. An unknown quantity. A mistake. A cross. A kiss... Perhaps Sue Grafton's darkest and most chilling novel, X features a remorseless serial killer who leaves no trace of his crimes. Once again breaking the rules and establishing new paths, Grafton wastes little time identifying this deadly sociopath. The test is whether private investigator Kinsey Millhone can prove her case against him—before she becomes his next victim.

**Yaqui Delgado Wants to Kick Your Ass** Meg Medina 2013-03-26 Winner of the 2014 Pura Belpré Author Award In Meg Medina's compelling new novel, a Latina teen is targeted by a bully at her new school – and must discover resources she never knew she had. One morning before school, some girl tells Piddy Sanchez that Yaqui Delgado hates her and wants to kick her ass. Piddy doesn't even know who Yaqui is, never mind what she's done to piss her off. Word is that Yaqui thinks Piddy is stuck-up, shakes her stuff when she walks, and isn't Latin enough with her white skin, good grades, and no accent. And Yaqui isn't kidding around, so Piddy better watch her back. At first Piddy is more concerned with trying to find out more about the father she's never met and how to balance honors courses with her weekend job at the neighborhood hair salon. But as the harassment escalates, avoiding Yaqui and her gang starts to take over Piddy's life. Is there any way for Piddy to survive without closing herself off or running away? In an all-too-realistic novel, Meg Medina portrays a sympathetic heroine who is forced to decide who she really is.

**Introduction to Particle Technology** Martin J. Rhodes 2013-03-25 Particle technology is a term used to refer to the science and technology related to the handling and processing of particles and powders. The production of particulate materials, with controlled properties tailored to subsequent processing and applications, is of major interest to a wide range of industries, including chemical and process, food, pharmaceuticals, minerals and metals companies and the handling of particles in gas and liquid solutions is a key technological step in chemical engineering. This textbook provides an excellent introduction to particle technology with worked examples and exercises. Based on feedback from students and practitioners worldwide, it has been newly edited and contains new chapters on slurry transport, colloids and fine particles, size enlargement and the health effects of fine powders. Topics covered include: Characterization (Size Analysis) Processing (Granulation, Fluidization) Particle Formation (Granulation, Size Reduction) Storage and Transport (Hopper Design, Pneumatic Conveying, Standpipes, Slurry Flow) Separation (Filtration, Settling, Cyclones) Safety (Fire and Explosion Hazards, Health Hazards) Engineering the Properties of Particulate Systems (Colloids, Respirable Drugs, Slurry Rheology) This book is essential reading for undergraduate students of chemical engineering on particle technology courses. It is also valuable supplementary reading for students in other branches of engineering, applied chemistry, physics, pharmaceuticals, mineral processing and metallurgy. Practitioners in industries in which powders are handled and processed may find it a useful starting point for gaining an understanding of the behavior of particles and powders. Review of the First Edition taken from High Temperatures - High pressures 1999 31 243 – 251 ".This is a modern textbook that presents clear-cut knowledge. It can be successfully used both for teaching particle technology at universities and for individual study of engineering problems in powder processing."

**Predicting Personality** Drew D'Agostino 2019-11-12 The ultimate playbook for using artificial intelligence to communicate effectively, build teams, and win customers Not long ago, we imagined a hyper-connected world full of trust and openness—a world where effortless communication would bring about a new understanding between people everywhere. Judging from our current environment, this vision of the future may have been overly optimistic. With infinite channels and countless voices flooding them with messages, most people have become highly skeptical and guarded by necessity. As a result, communication is much harder than ever before. Despite the unprecedented connectivity enabled by modern technology, we are far less likely to trust and to invest the time needed to build strong relationships. How can we use technology to reverse this trend? A groundbreaking new branch of artificial intelligence—Personality AI—may be the answer. Combining traditional machine learning, data analytics, and behavioral psychology, Personality AI helps professional communicators tear down walls, establish trust with their audiences, and utilize data to build meaningful relationships, strengthen empathy, and win more customers. Predicting Personality is a practical, real-world playbook for any individual or business whose success hinges on the ability to communicate effectively and build teams. Authors Drew D'Agostino and Greg Skloot—CEO and President, respectively, of Crystal, the app that tells you anyone's personality—show you how businesses can leverage Personality AI and machine learning to grow faster and communicate more effectively than was previously possible. This reader-friendly guide teaches you what Personality AI is, how it works, and demonstrates its practical applications in both life and business. This book: ● Explains how to understand personality types in various contexts, including sales, recruiting, coaching ● Provides guidelines for using personality data to learn and execute ● Explores ethics and compliance considerations surrounding the use of Personality AI ● Offers valuable insights from a leader in the business applications of Personality AI Predicting Personality: Using AI to Understand People and Win More Business is a must-have guide for C-suite executives, sales and marketing professionals, coaches, recruiters, and business owners.
