**The Female Brain** Louann Brizendine, M.D. 2007-08-07 Since Dr. Brizendine wrote *The Female Brain* ten years ago, the response has been overwhelming. This New York Times bestseller has been translated into more than thirty languages, has sold nearly a million copies between editions, and has most recently inspired a romantic comedy starring Whitney Cummings and Sofia Vergara. And its profound scientific understanding of the nature and experience of the female brain continues to guide women as they pass through life stages, to help men better understand the girls and women in their lives, and to illuminate the delicate emotional machinery of a love relationship. Why are women more verbal than men? Why do women remember details of fights that men can't remember at all? Why do women tend to form deeper bonds with their female friends than men do with their male counterparts? These and other questions have stumped both sexes throughout the ages. Now, pioneering neuropsychiatrist Louann Brizendine, M.D., brings together the latest findings to show how the unique structure of the female brain determines how women think, what they value, how they communicate, and who they love. While doing research as a medical student at Yale and then as a resident and faculty member at Harvard, Louann Brizendine discovered that almost all of the clinical data in existence on neurology, psychology, and neurobiology focused exclusively on males. In response to the overwhelming need for information on the female mind, Brizendine established the first clinic in the country to study and treat women's brain function. In *The Female Brain*, Dr. Brizendine distills all her findings and the latest information from the scientific community in a highly accessible book that educates women about their unique brain/body/behavior. The result: women will come away from this book knowing that they have a lean, mean, communicating machine. Men will develop a serious case of brain envy.

**Vegan Virgin Valentine** Carolyn Mackler 2011-10-11 "Don't miss this." –TEEN PEOPLE Mara Valentine is in control. She's a straight-A senior, a vegan, and her parents' pride and joy. She's neck-and-neck with her womanizing ex-boyfriend for number-one class ranking and plans to kick his salutatorian butt on her way out the door to Yale. Mara has her remaining months in Brockport all planned out, but the plan does not include having V, her slutty, pot-smoking, sixteen-year-old niece – yes, niece – come to live with her family. Nor does it involve lusting after her boss or dreaming about grilled cheese sandwiches every night. What does a control freak like Mara do when things start spinning wildly out of control? With insight, authenticity, and a healthy dose of humor, Carolyn Mackler creates an evolving Type A heroine that every reader will recognize – and root for.

**Strategic Management of Human Capital in Education** Allan R. Odden 2011-03-01 Strategic Management of Human Capital in Education offers a comprehensive and strategic approach to address what has become labeled as "talent and human capital." Grounded in extensive research and examples of leading edge districts, this book shows how the entire human resource system in schools—from recruitment, to selection/placement, induction, professional development, performance management and evaluation, compensation, and career progression—can be reformed and restructured to boost teacher and principal effectiveness in ways that dramatically improve instructional practice and student learning. Strategic Management of Human Capital in Education guides educators towards putting more effective teachers, teacher leaders, and principals in the country's schools—especially in poverty-impacted urban and rural communities—equipping those teacher and principals with instructional and leadership expertise, and rewarding and retaining those who are successful in attaining these objectives. Drawing from cases, experiences, and deliberations from a national task force, this book outlines a comprehensive framework for how to transform current human resource management practices into authentic, strategic talent management systems in order to improve student achievement.

**The Mountbattens** Andrew Lownie 2021-09-07 The intimate story of a unique marriage spanning the heights of British glamour and power that descends into infidelity, manipulation, and disaster through the heart of the twentieth century. DICKIE MOUNTBATTEN: A major figure behind his nephew Philip's marriage to Queen Elizabeth II and instrumental in the royal family taking the Mountbatten name, he was Supreme Allied Commander of South East Asia during World War II and the last Viceroy of India. EDWINA MOUNTBATTEN: Once the richest woman in Britain—and a playgirl who enjoyed numerous affairs—she emerged from World War II as a magnetic and talented humanitarian worker who was loved throughout the world. From British high society to the South of France, from the battlefields of Burma to the Viceroy's House, The Mountbattens is a rich and filmic story of a powerful partnership, revealing the truth behind a carefully curated legend. Was Mountbatten one of the outstanding leaders of his generation, or a man over-promoted because of his royal birth,

high-level connections, film-star looks and ruthless self-promotion? What is the true story behind controversies such as the Dieppe Raid and Indian Partition, the love affair between Edwina and Nehru, and Mountbatten's assassination in 1979?

**Thinking Orthodox** Eugenia Scarvelis Constantinou 2020-11-15 What does it mean to "think Orthodox"? What are the unspoken and unexplored premises and presumptions underlying what Christians believe? Orthodox Christianity is based on preserving the mind of the early Church, its phronema. Dr. Jeannie Constantinou brings her more than forty years' experience as a professor, Bible teacher, and speaker to bear in explaining what the Orthodox phronema is, how it can be acquired, and how that phronema is expressed in true Orthodox theology-as practiced by those who are properly qualified by both training and a deep relationship with Christ.

**A Million Little Bricks** Sarah Herman 2012-11-13 Toy of the Year, Toy of the Century, Greatest Toy of All Time . . . there aren't many titles that haven't been bestowed on LEGO toys, and it's not hard to see why. From its inception in

the early 1930s right up until today, the LEGO Group's history is as colorful as the toys it makes. Few other playthings share the LEGO brand's creative spirit, educative benefits, resilience, quality, and universal appeal. The LEGO name is now synonymous with playtime, but it wasn't always so. This history charts the birth of the LEGO Group in the workshop of a Danish carpenter and its steady growth as a small, family-run toy manufacturer to its current position as a market-leading, award-winning brand. The company's ever-increasing catalog of products—including the earliest wooden toys, plastic bricks, play themes, and other building systems such as DUPLO, Technic, and MINDSTORMS—are chronicled in detail, alongside the manufacturing process, LEGOLAND parks, licensed toys, and computer games. Learn all about how LEGO pulled itself out of an economic crisis and embraced technology to make building blocks relevant to twenty-first-century children and discover the vibrant fan community of kids and adults whose conventions, websites, and artwork keep the LEGO spirit alive. As nostalgic as it is contemporary, A Million Little Bricks will have you reminiscing about old Classic Space sets, rummaging through the attic for forgotten Minifigure friends, and playing with whatever LEGO bricks you can get your hands on (even if it means sharing with your kids).

**Genesis Deflowered** Matthew Stillman 2013-08 Where many see the Bible as the pathway to Heaven, others say it should be covered in a brown paper bag because it is so, so filthy. There are hundreds of sex acts implied in the first book of the bible. How has nobody ever described how each of them would have played out in biblical language? If the writers and translators of the Bible had been a little less prudish we might have an entirely different relationship between sex and religion than we have now. In Genesis there is sex before marriage, threesomes, incest, group sex, kinky fetish cuckolding, gay sex and more. Isn't it time that you read the Bible for the dirty parts? Using the seminal King James Bible in its Elizabethan English as spring board, "Genesis Deflowered" makes the beginning of the Bible come out as a sexy, readable and fun erotic novel. "Genesis Deflowered " equal parts holy scripture and blaspheming scandal

*You Were Wrong* Matthew Sharpe 2010-09-05 Meet Karl Floor: friendless, motherless, put-upon, living with his loudmouth stepfather and pretending to take satisfaction from teaching high school math. Karl returns home one day to discover his apartment being robbed by a beautiful woman named Sylvia. So begins a strange and mostly inadvertant saga: Karl, now in love with this unexpected woman, finds himself introduced to her friends and family, making promises to her, defending her honor (which she definitely has) against assailants (which she only might have). Sylvia is devastatingly attractive, and caught up in a situation that Karl, bless his heart, does his best to understand. As he gets pulled further into her life, and begged to solve her problems, Karl also begins to see his own limitations. Confronting his confusing paternal situation, his issues with class and responsibility, Karl emerges as an ingeniously funny, memorable, and heartwarming anti-hero. Matthew Sharpe addresses his heady themes with warmth and charisma. *You Were Wrong* is a lovingly satiric, intelligent, and deeply enjoyable novel with a voice all its own.

**Overcoming School Refusal** Joanne Garfi 2018-01-31 School refusal affects up to 5% of children and is a complex and stressful issue for the child, their family and school. The more time a child is away from school, the more difficult it is for the child to resume normal school life. If school refusal becomes an ongoing issue it can negatively impact the child's social and educational development. Psychologist Joanne Garfi spends most of her working life assisting parents, teachers, school counsellors, caseworkers, and community policing officers on how best to deal with school refusal. Now her experiences and expertise are available in this easy-to-read practical book. *Overcoming School Refusal* helps readers understand this complex issue by explaining exactly what school refusal is and provides them with a range of strategies they can use to assist children in returning to school. Areas covered include:

- types of school refusers
- why children refuse to go to school
- symptoms
- short term and long term consequences
- accurate assessment
- treatment options
- what parents can do
- what schools can do
- dealing with anxious high achievers
- how to help children on the autism spectrum with school refusal

personal account of the Holocaust ... remains astonishing and excruciating."—The New York Times Book Review In 1942, with Nazis occupying Holland, a thirteen-year-old Jewish girl and her family fled their home in Amsterdam and went into hiding. For the next two years, until their whereabouts were betrayed to the Gestapo, they and another family lived cloistered in the "Secret Annex" of an old office building. Cut off from the outside world, they faced hunger, boredom, the constant cruelties of living in confined quarters, and the ever-present threat of discovery and death. In her diary Anne Frank recorded vivid impressions of her experiences during this period. By turns thoughtful, moving, and amusing, her account offers a fascinating commentary on human courage and frailty and a compelling self-portrait of a sensitive and spirited young woman whose promise was tragically cut short.

*The Male Brain* Louann Brizendine, M.D. 2010-03-23 From the author of the groundbreaking New York Times bestseller *The Female Brain*, here is the eagerly awaited follow-up book that demystifies the puzzling male brain. Dr. Louann Brizendine, the founder of the first clinic in the country to study gender differences in brain, behavior, and hormones, turns her attention to the male brain, showing how, through every phase of life, the "male reality" is fundamentally different from the female one. Exploring the latest breakthroughs in male psychology and neurology with her trademark accessibility and candor, she reveals that the male brain: -is a lean, mean, problem-solving machine. Faced with a personal problem, a man will use his analytical brain structures, not his emotional ones, to find a solution. -thrives under competition, instinctively plays rough and is obsessed with rank and hierarchy. -has an area for sexual pursuit that is 2.5 times larger than the female brain, consuming him with sexual fantasies about female body parts. -experiences such a massive increase in testosterone at puberty that he perceives others' faces to be more aggressive. *The Male Brain* finally overturns the stereotypes. Impeccably researched and at the cutting edge of scientific knowledge, this is a book that every man, and especially every woman bedeviled by a man, will need to own.
