**An Imperfect Warrior - TRAUMA** Stephen Wolf 2020-05-09 Trauma is a brutally harsh reality of life. Human nature and society often conditions us to make excuses, set unneeded limitations and play the role of "Victim." Do we want to be "Warriors" or "Victims?" The choice is ours to make. Will we allow life circumstances or other people to define our lives for us, or will we choose to do this for ourselves? We cannot change the events that occur in our lives, or control what other people do, but we can change our interpretations. We have the choice of what we focus on. In general, we are taught to keep our emotions and struggles to ourselves. As a result, we can often feel alone in the world when, in reality, every one of us shares the same general fears, doubts, insecurities and concerns. Life is hard, this is a fact. No one gets a free ride. From the richest of the rich, right down to the homeless person, panhandling and sleeping on the streets. Illness, addiction, tragedy, death, cruelty, self-loathing, depression, loneliness, heartache, these are human experiences regardless of one's perceived "status" in this world. It is up to each individual, however, to choose how to process these traumas. We can choose to wallow in them and allow them to define us. We can hide from them behind a bottle, denial, drugs, tobacco or food (pick your poison). We can ask self-defeating or answerless questions such as, "Why me?" We can complain that "Life is so unfair," or we can accept the simple fact that life isn't fair. It is essential to acknowledge, deal with, and ultimately transcend our experiences. Life is impermanent, meaning it can end at any time. That said, impermanence is also a great and freeing concept. It means that it is never too late to change yourself, to change your life, to change anything, as long as you are willing to try.-Summary-Stephen Wolf's story is one of rebirth. As a child he struggled with learning disabilities and couldn't read until he was in fourth grade. When

he was twelve his Grandfather was diagnosed with terminal cancer and ended up taking his own life. As a teen Steve struggled with substance abuse and almost died at the age of fourteen. He was able to overcome these life challenges and put himself through college, while he worked, and raised a family with his wife Karen. This true story account begins with Steve at age thirty-five, married and father of three boys, caught in the day-to-day grind of life. Putting work and everyone else first, Steve started neglecting himself and next thing he knew he was two-hundred and ninety pounds and not truly enjoying life. His entire world then changed when he suddenly had a stroke one night while sleeping and found himself in the Intensive Care Unit of the hospital, for a week. Lucky to have survived death once again, Steve was given a new lease on life, but his fight through sickness continued. Follow Steve on his quest for strength, positivity and faith through adversity.

*Michael Speaks: The Legacy of Sarah Chambers (Volume 1)* Center for Michael Teachings, Inc. 2012-12-06 "We are here with you today." With those few words in August 1973, Sarah Chambers, her husband Richard, and their good friends Alice and Dick started a journey that took them far beyond anything they could possibly imagine. They explored the unseen realm of the spiritual world with their teacher "Michael." Along with good friend Eugene Trout, they created a new spiritual teaching - based in love - that helps people become more of who they truly are. The group kept transcripts of their meetings and those transcripts were copied and passed around to their friends and coworkers, then copied and passed to many others over the years. Volume 1 contains those transcripts - digitized, formatted for easier reading and edited to remove most real names. . . . "Why am I here?" someone asked one night. Michael answered, "To hear the words you didn't hear 2,000 years ago. Maybe this time, you will listen."

**Your First Best-Seller Book** Sandra Brazelton 2021-02 Great books transform lives, liberate our minds, empower the underserved, strengthen countries, guide others, challenge our imagination, embellish us with wisdom, teach us, and uplift our morality. Becoming an author gives you instant credibility and subject matter expertise status. It is a deeply fulfilling, personal accomplishment that opens doors, and provides endless opportunities. Truly, it is worth the work. However, writing a book and becoming a #1 Best-selling author are worlds apart. The distinction of being a #1 Best-selling author is a higher and more exclusive level of achievement and success. This is evidenced by the fact that millions of books are written, yet very few achieve this distinction. Writing a #1 best-seller is both rewarding and challenging. Our goal is to pull back the curtains and provide the insights, tips, and strategies that I used to become a #1 best-selling author, and to self-publish multiple books in different genres. Everyone Can Be a Ninja Akbar Gbajabiamila 2020-03-03 The beloved host of the NBC hit show American Ninja Warrior draws inspiration from both the fierce competitors on his show and his own unlikely path to success to outline the essential steps to achieving your goals and becoming a modern-day ninja. Akbar Gbajabiamila, the host of NBC's hit Emmy-nominated show, American Ninja Warrior, did not have an easy path to success. One of seven children to Nigerian immigrant parents, he grew up in the Crenshaw district of South Central Los Angeles during the 1980s and 90s, a time when the neighborhood was fraught with riots and gang violence. With dreams of playing professional basketball, Gbajabiamila found success not in the sport he loved, but in football. Late in his high school career, Gbajabiamila suited up with pads for the first time and was thrown into the complex sport of football. He climbed major hurdles to play college football and then professional football. After

playing in the NFL, it was only after years of hard work behind-the-scenes in radio and television that he was offered the job to be the host of American Ninja Warrior. Through his own inspirational underdog stories and interviews with modern-day ninjas who have accomplished extraordinary things in their own lives against the odds, Akbar proves in *Everyone Can Be a Ninja* that it doesn't matter if you make it through every step of the obstacle course on the first try. Ninjas keep pushing themselves until they reach their goals, and they don't let anyone or anything stand in their way. It is easy to see greatness in others; it's hard to see it in ourselves. *Everyone Can Be a Ninja* shows you that we can fulfill our potential and achieve our dreams by finding our inner warriors.

**Enhancing Higher Education Accessibility Through Open Education and Prior Learning** Stevenson, Carolyn N. 2021-02-05 Institutions of higher learning are providing access to free and low-cost open resources to support students with prior college-level learning during every step of their educational journey. This unconventional approach to education removes traditional barriers to college credit by placing learners in an open environment, which encourages accessibility to higher education and fosters independent and critical thinking. By providing learners with free resources, more learners have the resources needed to be successful in college. Prior learning assessment is an excellent way for students to demonstrate the skills and knowledge gained throughout the course of their lives. By developing a portfolio of artifacts that support prior learning outside of the classroom, learners reduce the time and money needed to complete a degree. Open educational resources, prior learning assessment, and competency-based learning offer the potential to provide access to higher education to those who may not have the opportunity to earn a college degree. As the costs of higher education continue to rise, these flexible, open approaches to learning can bridge the equity gap and provide more opportunity to earn a college degree. *Enhancing Higher Education Accessibility Through Open Education and Prior Learning* provides a comprehensive resource book on open resources and prior learning in order to provide access and equity to higher education. The chapters pull together resources and case studies that exemplify alternative means to higher education. Highlighted topics within this book include remote e-learning, online fundraising, smart learning and assessments, effective learning, and faculty mentorship. This book is essential for curriculum designers; administrators; policymakers; government executives; professors and instructors in higher education; students; researchers in adult education, competency-based education, social justice, and open educational resources; and practitioners interested in open educational resources and accessibility in higher education.

Book of David D.J. Steinberg 2007-06-12 From award-winning comedian, director, writer, and producer David Steinberg comes the totally original, utterly blasphemous, and hysterically funny memoir of a young man who emerged from a traditional Jewish childhood to become an international star -- all because, it seems, he kept God in stitches. David Steinberg was raised in Winnipeg, Canada, by parents who expected little from him. And no wonder. Instead of studying Talmud in order to become a rabbi, he chose to major in Martin and Lewis with a minor in basketball. As David imagines the story of his life (since his success otherwise makes no sense), God one day spotted him on the playground and decided that this young man with no ambition could go far with His help. Sure enough, God soon had David on network TV and Broadway, and selling out nightclubs across the country -- as well as being pursued by hot starlets. The Book of David is David Steinberg's hilarious trip down memory lane, assuming that the lane has a biblical address. This wild riff on the Old Testament is guaranteed laughter.

Yet, Christians need to be nourished by the word of God so they can

I enjoyed it! The writing style is directed towards the more masculine/male audience, and maybe one at the beginning of a spiritual path." - A Reader "More clarity came as I went back and re-read *Warrior of Light* from the beginning. I'm drawn to the author's story and for our similarities. As I was reading it I felt like the author was reading my mind, and relaying excerpts from my life. Until, I read *Warrior of Light*, I felt very alone in this process of overcoming. There really are no words I can find to thank this author for being the beacon of light at the end of this transition from 'victim' to the person I am today." - A Reader "I've been reading "*Warrior of Light*". I love how the author describes cord cutting and shielding. It is so helpful! I enjoyed the writing." - A Reader "I read the *Warrior of light* book. I loved every page! It is not the type of book that you read one time. This book has definitely become #1 in my list of favorite books." - A Reader "I love the way the author makes spirituality come across so realistic! Even the non-believers would be interested to follow such a practical approach." - A Reader "After reading *Warrior of Light*, I see Kevin Hunter definitely gaining access to the hearts of the men who want to read his books. **Get Untamed** Glennon Doyle 2021-11-16 This stunning hardcover journal is a bold, interactive guide to discovering and creating the truest, most beautiful lives, families, and world we can imagine, based on the #1 New York Times bestseller Untamed. “We must stop asking people for directions to places they’ve never been. Every life is an unprecedented experiment. We are all pioneers. I created Get Untamed: The Journal as an interactive experience in charting our own way—so we can let burn that which is not true and beautiful enough and get started building what is.” —Glennon Doyle With Untamed, Glennon Doyle—writer, activist, and “patron saint of female empowerment” (People)—ignited a movement. Untamed has been described as “a wake-up call” (Tracee Ellis Ross), “an anthem for women today” (Kristen Bell), and a book that “will shake your brain and make your soul scream” (Adele). Glennon now offers a new way of journaling, one that reveals how we can stop striving to meet others’ expectations—because when we finally learn that satisfying the world is impossible, we quit pleasing and start living. Whether or not you have read Untamed, this journal leads you to rediscover, and begin to trust, your own inner-voice. Full of thought-provoking exercises, beloved quotations from Untamed, compelling illustrations, playful and meditative coloring pages, and an original introduction, in Get Untamed: The Journal, Glennon guides us through the process of examining the aspects of our lives that can make us feel caged. This revolutionary method for uprooting culturally-constructed ideas shows us how to discover for ourselves what we want to keep and what we’ll let burn so that we can build lives by design instead of default. A one-of-a-kind journal experience, Get Untamed proves Glennon’s philosophy that “imagination is not where we go to escape reality, but where we go to remember it.”

**The Warrior Ethos** Steven Pressfield 2011-03-02 WARS CHANGE, WARRIORS DON'T We are all warriors. Each of us struggles every day to define and defend our sense of purpose and integrity, to justify our existence on the planet and to understand, if only within our own hearts, who we are and what we believe in. Do we fight by a code? If so, what is it? What is the Warrior Ethos? Where did it come from? What form does it take today? How do we (and how can we) use it and be true to it in our internal and external lives? The Warrior Ethos is intended not only for men and women in uniform, but artists, entrepreneurs and other warriors in other walks of life. The book examines the evolution of the warrior code of honor and "mental toughness." It goes back to the ancient Spartans and Athenians, to Caesar's Romans, Alexander's Macedonians and the Persians of Cyrus the Great (not excluding the Garden of Eden and the primitive hunting band). Sources include Herodotus, Thucydides, Plutarch, Xenophon, Vegetius, Arrian and Curtius--and on down to Gen. George Patton, Field Marshal Erwin Rommel, and Israeli Minister of Defense, Moshe Dayan.
