**Steampunk! An Anthology of Fantastically Rich and Strange Stories** Gavin J. Grant 2011-10-11 In the first major YA steampunk anthology, fourteen top storytellers push the genre's mix of sci-fi, fantasy, history, and adventure in fascinating new directions. Imagine an alternate universe where romance and technology reign. Where tinkerers and dreamers craft and re-craft a world of automatons, clockworks, calculating machines, and other marvels that never were. Where scientists and schoolgirls, fair folk and Romans, intergalactic bandits, utopian revolutionaries, and intrepid orphans solve crimes, escape from monstrous predicaments, consult oracles, and hover over volcanoes in steam-powered airships. Here, fourteen masters of speculative fiction, including two graphic storytellers, embrace the genre's established themes and refashion them in surprising ways and settings as diverse as Appalachia, ancient Rome, future Australia, and alternate California. Visionaries Kelly Link and Gavin J. Grant have invited all-new explorations and expansions, taking a genre already rich, strange, and inventive in the extreme and challenging contributors to remake it from the ground up. The result is an anthology that defies its genre even as it defines it.

The Change S. M. Stirling 2016-05-03 "[A] vivid portrait of a world gone insane,"\* S. M. Stirling's New York Times bestselling Novels of the Change have depicted a vivid, utterly persuasive, and absorbingly unpredictable postapocalyptic wasteland in which all modern technology has been left in ashes, forcing humankind to rebuild an unknowable new world in the wake of unimaginable--and deliberate--chaos. Now, in this startling new anthology, S. M. Stirling invites the most fertile minds in science fiction to join him in expanding his rich Emberverses canvas. Here are inventive new perspectives on the cultures, the survivors, and the battles arising across the years and across the globe following the Change. In his all-new story "Hot Night at the Hopping Toad," Stirling returns to his own continuing saga of the High Kingdom of Montival. In the accompanying stories are fortune seekers, voyagers, and dangers--from the ruins of Sydney to the Republic of Fargo and Northern Alberta to Venetian and Greek galleys clashing in the Mediterranean. These new adventures revisit beloved people and places from Stirling's fantastic universe, introduce us to new ones, and deliver endlessly fascinating challenges to conquer, all while unfolding in a "postapocalyptic landscape that illuminates both the best and the worst of which our species is capable,"\*\* "a world you can see, feel, and touch." \*\*\*"--

World War Cthulhu John Shirley 2018-11-20 The world is at war against things that slink and gibber in the darkness, and titans that stride from world to world, sowing madness and death. War has existed in one form or another since the dawn of human civilization, and before then, Elder terrors battled it out across this planet and this known universe in ways unimaginable. It has always been a losing battle for our side since time began. Incidents like the Innsmouth raid, chronicled by H.P. Lovecraft, mere blips of victory against an insurmountable foe. Still we fight, against these incredible odds, in an unending nightmare, we fight, and why? For victory, for land, for a political ideal? No, mankind fights for survival. Our authors, John Shirley, Mark Rainey, Wilum Pugmire, William Meikle, Tim Curran, Jeffrey Thomas and many others have gathered here to share war stories from the eternal struggle against the darkness. This book chronicles these desperate battles from across the ages, including Roman Britain, The American Civil War, World War Two, The Vietnam Conflict, and even into the far future.

**The Russian Short Story** Leo Nikolayevich Tolstoy 2016-04-29 Short stories have long been regarded as a potent form of writing. Concentrated and distilled yet engaging the reader at a pace that commands attention in the pages it occupies. Narrative and characters are still fully fleshed and the story is no longer, or shorter, than it absolutely must. Handed down from the oral tradition they have been variously regarded as 'apprentice pieces' written by authors on their way to becoming better writers as well as fodder for innumerable periodicals

over the decades for those who liked their reading in more succinct chunks or perhaps with a 'cliffhanger ending' to keep the interest until the next exciting instalment. Today they are regarded as works in their own right and, in the pens of the most highly skilled, to be greatly admired. The Russians of course have produced some of the very greatest writers and some of the best - and longest - novels. In this series we take the very best of those Russian Short stories and present them here.

**Angora Fever** Ed Wood 2019-03-15 Edward D. Wood, Jr. was a name forgotten in the history of Hollywood until the release of the 1994 Tim Burton biopic, *Ed Wood*, starring Johnny Depp as Ed, and Martin Landau as the horror icon Bela Lugosi, a role for which Landau received the Academy Award. Following service with the U.S. Marines during World War II, Ed followed his dream to Hollywood, hoping to achieve success as a movie director. Ed did realize his goal but his talents did not match his ambitions. Working with practically nonexistent budgets, he directed movies ignored in their day but have since become recognized as cult classics: *Glen or Glenda*, *Bride of The Monster*, *Orgy of The Dead*, and his most "infamous" production: *Plan 9 From Outer Space*. Barely skimping by on his movie earnings, Ed turned to writing a series of lurid paperbacks with such titles as "Black Lace Drag," "Let Me Die In Drag" and "Devil Girls." His professional decline continued when he worked for a skin magazine publisher in the late 60's, churning out copy and short fiction in prodigious amounts, an amazing accomplishment considering that by this point Ed Wood had become a serious alcoholic. Edited and with a foreword by Bob Blackburn, a close friend of Ed's widow Kathy, these later stories penned by Ed Wood have finally been collected in this exclusive volume.

*Braving the Wilderness* Brené Brown 2019-08-27 #1 NEW YORK TIMES BESTSELLER • REESE'S BOOK CLUB PICK • A timely and important book that challenges everything we think we know about cultivating true belonging in our communities, organizations, and culture, from the #1 bestselling author of *Rising Strong*, *Daring Greatly*, and *The Gifts of Imperfection* Don't miss the five-part HBO Max docuseries *Brené Brown: Atlas of the Heart!* "True belonging doesn't require us to change who we are. It requires us to be who we are." Social scientist Brené Brown, PhD, MSW, has sparked a global conversation about the experiences that bring meaning to our lives—experiences of courage, vulnerability, love, belonging, shame, and empathy. In *Braving the Wilderness*, Brown redefines what it means to truly belong in an age of increased polarization. With her trademark mix of research, storytelling, and honesty, Brown will again change the cultural conversation while mapping a clear path to true belonging. Brown argues that we're experiencing a spiritual crisis of disconnection, and introduces four practices of true belonging that challenge everything we believe about ourselves and each other. She writes, "True belonging requires us to believe in

and belong to ourselves so fully that we can find sacredness both in being a part of something and in standing alone when necessary. But in a culture that's rife with perfectionism and pleasing, and with the erosion of civility, it's easy to stay quiet, hide in our ideological bunkers, or fit in rather than show up as our true selves and brave the wilderness of uncertainty and criticism. But true belonging is not something we negotiate or accomplish with others; it's a daily practice that demands integrity and authenticity. It's a personal commitment that we carry in our hearts." Brown offers us the clarity and courage we need to find our way back to ourselves and to each other. And that path cuts right through the wilderness. Brown writes, "The wilderness is an untamed, unpredictable place of solitude and searching. It is a place as dangerous as it is breathtaking, a place as sought after as it is feared. But it turns out to be the place of true belonging, and it's the bravest and most sacred place you will ever stand."

**Burglars Can't Be Choosers** Lawrence Block 2009-10-13 Bernie Rhodenbarr is a personable chap, a good neighbor, a passable poker player. His chosen profession, however, might not sit well with some. Bernie is a burglar, a good one, effortlessly lifting valuables from the not-so-well-protected abodes of well-to-do New Yorkers like a modern-day Robin Hood. (The poor, as Bernie would be the first to tell you, alas, have nothing worth stealing.) He's not perfect, however; he occasionally makes mistakes. Like accepting a paid assignment from a total stranger to retrieve a particular item from a rich man's apartment. Like still being there when the cops arrive. Like having a freshly slain corpse lying in the next room, and no proof that Bernie isn't the killer. Now he's really got his hands full, having to locate the true perpetrator while somehow eluding the police -- a dirty job indeed, but if Bernie doesn't do it, who will?

**Glory Days** L. Jon Wertheim 2021 A rollicking guided tour of one extraordinary summer, when some of the most pivotal and freakishly coincidental stories all collided and changed the way we think about modern sports The summer of 1984 was a watershed moment in the birth of modern sports when the nation watched Michael Jordan grow from college basketball player to professional athlete and star. That summer also saw ESPN's rise to media dominance as the country's premier sports network and the first modern, commercialized, profitable Olympics. Magic Johnson and Larry Bird's rivalry raged, Martina Navratilova and John McEnroe reigned in tennis, and Hulk Hogan and Vince McMahon made pro wrestling a business, while Donald Trump pierced the national consciousness as a pro football team owner. It was an awakening in the sports world, a moment when sports began to morph into the market-savvy, sensationalized, moneyed, controversial, and wildly popular arena we know today. In the tradition of Bill Bryson's *One Summer: America, 1927*, L. Jon Wertheim captures these 90 seminal days against the backdrop of the nostalgia-soaked 1980s, to show that this was the year we collectively traded in our ratty Converse for a pair of sleek, heavily branded, ingeniously marketed Nikes. This was the year that sports went big-time.

**Nightmares** Richard Kadrey 2016-10-17 Unlucky thieves invade a house where Home Alone seems like a playground romp. An antique bookseller and a mob enforcer join forces to retrieve the Atlas of Hell. In this chilling twenty-first-century companion to the cult classic *Darkness: Two Decades of Modern Horror*, Ellen Datlow again proves herself the most masterful editor of the genre. She has mined the breadth and depth of ten years of terror, collecting superlative works of established masters and scene-stealing newcomers alike.

Understories Tim Horvath 2012-05-01 New Hampshire Literary Award Winner NPR Books Summer Reading Selection "My favorite collection of short stories in recent memory." —NANCY PEARL, NPR Morning Edition "Profound . . . with more to say on the human condition than most full books. . . . A remarkable collection, with pitch-perfect leaps of imagination." —Minneapolis Star Tribune "Horvath doesn't just tell a story, he gives readers a window into the hearts, minds and souls of his characters." —Concord Monitor What if there were a city that consisted only of restaurants? What if Paul Gauguin had gone to Greenland instead of Tahiti? What if there were a field called Umbrology, the study of shadows, where physicists and shadow puppeteers worked side by side? Full of speculative daring though firmly anchored in the tradition of realism, Tim Horvath's stories explore all of this and more— blending the everyday and the wondrous to contend with age-old themes of loss, identity, imagination, and the search for human connection. Whether making offhand references to Mystery Science Theater, providing a new perspective on Heidegger's philosophy and forays into Nazism, or following the imaginary travels of a library book, Horvath's writing is as entertaining as it is thought provoking. Tim Horvath teaches creative writing at New Hampshire Institute of Art and Boston's Grub Street writing center. He has also worked part-time as a counselor in a psychiatric hospital, primarily with autistic children and adolescents. He lives in New Hampshire with his wife and daughter.

*One World Two* Chris Brazier 2016-08-22 One World Two is the eagerly awaited follow-up to One World and another globe-trotting collection of stories. But it is more than simply an anthology of short fiction, as it contains representative literature from all over the world, conveying the reader on thought-provoking journeys across continents, cultures and landscapes. One World Two is even more ambitious than Volume One in its geographic scope, featuring twenty-one writers drawn from every continent. Most of the stories are unique to this volume, while others are appearing for the first time in English (Egypt's Mansoura Ez-Eldin and Brazil's Vanessa Barbara). The themes and writing styles are as richly diverse as their writers' origins. The collection is built around a loose theme of building bridges. It is interested in the human condition as a dynamic central line linking individuals, cultures and experiences: east and west, north and south, and, perhaps most importantly, past, present and future. This book features established stars such as Edwidge Danticat (Breath, Eyes, Memory), Viet Thanh Nguyen (The Sympathizer) and Aminatta Forna (The Hired Man) and authors who are steadily building a reputation such as Fan Wu, Ana Menéndez and Daniel Alarcon.
