**Best Desert Hikes Washington** Dan Nelson 2004-09-21 \* Prime hiking for fall, winter, and spring \* Organized by quick access from Spokane, the TriCities, Yakima-Ellensburg, and Wenatchee-Chelan \* 100 hikes, from short half-day trips (1-5 miles) to overnights If you're used to tight, tree-lined trails through (often-dripping) evergreens, it's time for a guidebook to an entirely different world: the high desert of central and eastern Washington. It's desert, yes -- but not the Lawrence of Arabia kind. This landscape of sagebrush and rimrock canyons is starkly beautiful and rich in plant and animal life. It offers mild temperatures in fall, prime wildlife viewing in winter, and an explosion of wildflowers in spring. Best Desert Hikes: Washington is a great way to extend your hiking through three-seasons -- a Hikes at a Glance chart in the front of the book lists best time to go for each trail. Some of these hikes follow designated trails; others guide you along the contours of the land for a more individual experience. There are tips on hiking in desert conditions, too.

Best Hikes Near Seattle Peter Stekel 2015-05-01 Best Hikes Near Seattle is more than a guidebook to trails 60 minutes or 60 miles from Seattle. The book also includes short natural history essays on topics as diverse as the sex life of banana slugs, to how plants get their names, and why you should respect but not fear bears and mountain lions. There is also an extensive section of weather, trail etiquette, hiking with dogs, what constitutes the "Ten Essentials," why judging trail mileage is an art – not a science, the flora and fauna of the Pacific Northwest, and the value of hikers lobbying for wilderness. The author also presents a history, warts and all, of the drive to operate our hiking trails as profit points for land-use agencies. And of course, as with all of the books in the Best Hikes series, useful trail specs and hike summaries are accompanied by easy-to-read maps and stunning photos.

**Haunted Hikes** Andrea Lankford 2006-04-01 Ghosts! Curses! Hoaxes! Unsolved mysteries! Paranormal events! Take a walk on the creepy side of North America's National Parks! Andrea Lankford, a 12-year veteran ranger with the National Park Service, has written a thoroughly investigated yet often tongue-in-cheek guidebook that takes the reader to the scariest, most mysterious places inside North America's National Parks. Lankford shares such eerie tales as John Brown's haunting of Harper's Ferry, the disembodied legs that have been seen running around inside the Mammoth Cave Visitor Center, and the "wailing woman" who roams the trail behind the Grand Canyon Lodge. Lankford also uncovers paranormal activities park visitors have experienced, such as the chupacabra that roams the swamps inside Big Thicket National Preserve and the teenage bigfoot who rolled a park service campground with toilet paper. She also reports on long-forgotten unsolved murders, such as the savage stabbing of a young woman on Yosemite's trail to Mirror Lake, and the execution style shooting of two General Motors executives at Crater Lake. The witnesses to the supernatural occurrences are highly credible people-rangers, park historians, river guides, and the like-and each tale has factual relevance to

the cultural or natural history of the park. Haunted Hikes provides readers with all the information they need: for each hike: a "fright factor rating" is listed along with trailhead access information, detailed trail maps, and hike difficulty levels. Most of the haunted sites included in the book can be reached by the average hiker, some are wheelchair accessible, and others are for intrepid backpackers willing to make multi-day treks into wilderness areas. Intriguing photographs of many sites are included. Haunted Hikes is sure to satisfy readers looking for those spine-tingling moments when you begin to wonder if maybe, just maybe, we are not alone.
