Spatial Relations. Volume One. John Kinsella 2013 These volumes present John Kinsella's uncollected critical writings and personal reflections from the early 1990s to the present. Included are extended pieces of memoir written in the Western Australian wheatbelt and the Cambridge fens, as well as acute essays and commentaries on the nature and genesis of personal and public poetics. Pivotal are a sense of place and how we write out of it; pastoral's relevance to contemporary poetry; how we evaluate and critique (post)colonial creativity and intrusion into Indigenous spaces; and engaged analysis of activism and responsibility in poetry and literary discourse. The author is well-known for saying he is preeminently an "anarchist, vegan, pacifist" – not stock epithets, but the *raison d'être* behind his work. The collection moves from overviews of contemporary Australian poetry to studies of such writers as Randolph Stow, Ouyang Yu, Charmaine Papertalk-Green, Lionel Fogarty, Les Murray, Peter Porter, Dorothy Hewett, Judith Wright, Alamgir Hashmi, Patrick Lane, Robert Sullivan, C.K. Stead, and J.H. Prynne, and on to numerous book reviews of poetry, fiction, and non-fiction, originally published in newspapers and journals from around the world. There are also searching reflections on visual artists (Sidney Nolan, Karl Wiebke, Shaun Atkinson) and wide-ranging opinion pieces and editorials. In counterpoint are conversations with other writers (Rosanna Warren, Rod Mengham, Alvin Pang, and Tracy Ryan) and explorations of schooling, being struck by lightning, 'international regionalism', hybridity, and experimental poetry. This two-volume argosy has been brought together by scholar and editor Gordon Collier, who has allowed the original versions to speak with their unique informal-formal ductus. Kinsella's interest is in the ethics of space and how we use it. His considerations of the wheatbelt through Wagner and Dante (and rewritings of these), and, in Thoreauvian vein, his 'place' at Jam Tree Gully on the edge of Western Australia's Avon Valley form a web of affirmation and anxiety: it is space he feels both part of and outside, embraced in its every magnitude but felt to be stolen land, whose restitution needs articulating in literature and in real time. Beneath it all is a celebration of the natural world – every plant, animal, rock, sentinel peak, and grain of sand – and a commitment to an ecological poetics.

God's Secretaries Adam Nicolson 2005-08-02 A network of complex currents flowed across Jacobean England. This was the England of Shakespeare, Jonson, and Bacon; the era of the Gunpowder Plot and the worst outbreak of the plague. Jacobean England was both more

godly and less godly than the country had ever been, and the entire culture was drawn taut between these polarities. This was the world that created the King James Bible. It is the greatest work of English prose ever written, and it is no coincidence that the translation was made at the moment "Englishness," specifically the English language itself, had come into its first passionate maturity. The English of Jacobean England has a more encompassing idea of its own scope than any form of the language before or since. It drips with potency and sensitivity. The age, with all its conflicts, explains the book. This P.S. edition features an extra 16 pages of insights into the book, including author interviews, recommended reading, and more.

The Alvarez Generation William Wootten 2020-11-30 This book is the biography of a taste in poetry and its consequences. During the 1950s and 1960s, a generation of poets appeared who would eschew the restrained manner of Movement poets such as Philip Larkin, a generation who would, in the words of the introduction to A. Alvarez's classic anthology *The New Poetry*, take poetry 'Beyond the Gentility Principle'. This was the generation of Thom Gunn, Geoffrey Hill, Ted Hughes, Sylvia Plath and Peter Porter. William Wootten explores what these five poets shared in common, their connections, critical reception, rivalries and differences, and locates what was new and valuable in their work. *The Alvarez Generation* is an important re-evaluation of a time when contemporary poetry and its criticism had a cultural weight it has now lost and when a 'new seriousness' was to become closely linked to questions of violence, psychic unbalance and, most controversially of all, suicide.

Chorale at the Crossing Peter Porter 2015-11-19 When Peter Porter died in 2010 his reputation as one of the greatest Australian poets had long been settled. *Chorale at the Crossing* gathers together the work Porter completed after the publication of his widely-praised final collection *Better than God*, and shows a remarkable and capacious mind - apparently furnished with half the contents of Western culture - still working at full tilt, despite the imminence of his own passing. *Chorale at the Crossing* contains love poems, comic excursions, and meditations on art, death, music and nature, all written with Porter's phenomenal technical facility and immense good humour. *Chorale at the Crossing* is the last word from one of our wisest and most compassionate poets - and is, quite simply, necessary reading.

Max is Missing Peter Porter 2015-11-05 Few poets now writing share Porter's sense of the big picture, his ability to read the small event against the waxings and wanings of culture and empire. Whether these poems look at Europe through the strata of its Golden Ages, revisit the Australia of his childhood or turn their surreal wit to the quieter domestic landscape, together they amount to a sustained meditation on the spirit that bears comparison with the late poems of Wallace Stevens. Magisterial in its perspective and possessed of a rare intellectual sanity, *Max is Missing* is Porter's most charged and direct work since *The Cost of Seriousness*.

The Cambridge History of English Poetry Michael O'Neill 2010-04-29 Poetry written in English is uniquely powerful and suggestive in its capacity to surprise, unsettle, shock, console, and move. *The Cambridge History of English Poetry* offers sparkingly fresh and dynamic readings of an extraordinary range of poets and poems from *Beowulf* to Alice Oswald. An international team of experts explores how poets in England, Scotland, Wales and Ireland use language and to what effect, examining questions of form, tone, and voice; they comment, too, on how formal choices are inflected by the poet's time and place. *The Cambridge History of English Poetry* is the most comprehensive and authoritative history of the field from early medieval times to the present. It traces patterns of continuity, transformation, transition, and development. Covering a remarkable array of poets and poems, and featuring an extensive bibliography, the scope and depth of this major work of reference make it required reading for anyone interested in poetry.

The New Testament Jericho Brown 2015-10-15 Honored as a "Best Book of 2014" by Library Journal NPR.org writes: "In his second collection, *The New Testament*, Brown treats disease and love and lust between men, with a gentle touch, returning again and again to the stories of the Bible, which confirm or dispute his vision of real life. 'Every last word is contagious,' he writes, awake to all the implications of that phrase. There is plenty of guilt—survivor's guilt, sinner's guilt—and ever-present death, but also the joy of survival and sin. And not everyone has the chutzpah to rewrite *The Good Book*."—NPR.org "Erotic and grief-stricken, ministerial

and playful, Brown offers his reader a journey unlike any other in contemporary poetry."—Rain Taxi "To read Jericho Brown's poems is to encounter devastating genius."—Claudia Rankine In the world of Jericho Brown's second book, disease runs through the body, violence runs through the neighborhood, memories run through the mind, trauma runs through generations. Almost eerily quiet in even the bluntest of poems, Brown gives us the ache of a throat that has yet to say the hardest thing—and the truth is coming on fast. Fairy Tale Say the shame I see inching like steam Along the streets will never seep Beneath the doors of this bedroom, And if it does, if we dare to breathe, Tell me that though the world ends us, Lover, it cannot end our love Of narrative. Don't you have a story For me?—like the one you tell With fingers over my lips to keep me From sighing when—before the queen Is kidnapped—the prince bows To the enemy, handing over the horn Of his favorite unicorn like those men Brought, bought, and whipped until They accepted their masters' names. Jericho Brown worked as the speechwriter for the mayor of New Orleans before earning his PhD in creative writing and literature from the University of Houston. His first book, PLEASE (New Issues), won the American Book Award. He currently teaches at Emory University and lives in Atlanta, Georgia.

Better Than God Peter Porter 2009 "Peter Porter is one of the pre-eminent Australian poets of his generation and a major figure in the landscape of British poetry. The publication of *Better Than God* will coincide with his 80th birthday. He has received the Queen's Gold Medal for poetry and innumerable other awards. A previous collection for Picador, *Max Is Missing*, won the Forward Prize for best collection. Porter's new collection refines the ideas of his last few books, returning to the themes of history, art and mortality. Many of the poems are reminiscent of Wallace Steven's final book *The Rock* in their magisterial late-life perspective. This is an important work from a highly respected poet."--Publisher's website.

Better Than God Peter Porter 2011-05-09 *Better Than God* sees Porter working with a lyric engine tuned to perfection, and a mind that shows every sign of speeding up: Porter can make a song of what another writer might take an essay to cover. Whether working in the forms of epigram or narrative, or writing of memory, mortality, Renaissance intrigue or the surreal distortions of old age - Porter's faith in poetry as a road to the truth shines through. There are few other writers for whom contemporary events throw such long shadows or for whom the past is so present, and in *Better Than God* one has the sense of the poet attaining an increasingly commanding height. Porter remains one of the few poets we can open anywhere, and know that we will always be both enlightened and entertained.

Max is Missing Peter Porter 2001 This collection of Australian poet Peter Porter ranges from racy satires of 1960s London, scabrous versions of the poems of Martial, poems on Auschwitz and the Cold War, tender and self-critical elegies for his first wife, who committed suicide, and elegant mediations on art, love, death and sex.

The Rest on the Flight Peter Porter 2010-11-23 Satirist, philosopher, elegist, aphorist, cultural historian - Peter Porter is perhaps too singular a talent to be described as 'representative' of the age: an Australian whose easy familiarity with the breadth of European culture puts most Europeans to shame, he has long held the reputation of one of our most intellectually promiscuous and culturally sophisticated writers. Porter uses the poem as a means through which a thought can be pursued; this selection from fifty years' work allows us the first opportunity to fully survey the quality and breadth of that thought, and the

unfailing intensity of its light. In short, his *Selected Poems* is a one-volume education: Porter's subtle and profound sense of history permits him to read any event as a point in a dynamic space where the forces of time and culture converge. From these coordinates, he gives perspective, direction and bearing to our contemporary life, and allows us to read the pattern of our ideas, art and loves on the map of an ancient terrain. That he has done all this with such immense good humour and human compassion is one of the literary miracles of our time.

When Blackness Rhymes with Blackness (Dalkey Archive Scholarly Series) Rowan Ricardo Phillips 2010-07-20 Lyrical, provocative, and highly original—a groundbreaking book by one of America's smartest young poet-critics. In *When Blackness Rhymes with Blackness*, Rowan Ricardo Phillips pushes African American poetry to its limits by unraveling “our desire to think of African American poetry as African American poetry.” Phillips reads African American poetry as inherently allegorical and thus “a successful shorthand for the survival of a poetry but unsuccessful shorthand for the sustenance of its poems.” Arguing in favor of the “counterintuitive imagination,” Phillips demonstrates how these poems tend to refuse their logical insertion into a larger vision and instead dwell indefinitely at the crux between poetry and race, “where, when blackness rhymes with blackness, it is left for us to determine whether this juxtaposition contains a vital difference or is just mere repetition.” From *When Blackness Rhymes with Blackness: Phillis Wheatley*, like the epigraphs that writers fit into the beginning of their texts, is first and foremost a cultural sign, a performance. It is either in the midst of that performance (“at a concert”), or in that performance's retrospection (“in a cafe?”), that a retrievable form emerges from the work of a poet whose biography casts a far longer shadow than her poems ever have. Next to Langston Hughes, of all African American poets Wheatley's visual image carries the most weight, recognizable to a larger audience by her famed frontispiece, her statue in Boston, and the drama behind the publication of her book, *Poems on Various Subjects Religious and Moral*. All of this will be fruit for discussion in the pages that follow. Yet, I will also be discussing the proleptic nature with which African American literature talks, if you will, Phillis Wheatley.

The Oxford Handbook of British and Irish War Poetry Tim Kendall 2007-02-22 Thirty-seven chapters, written by leading literary critics from across the world, describe the latest thinking about twentieth-century war poetry. The book maps both the uniqueness of each war and the continuities between poets of different wars, while the interconnections between the literatures of war and peacetime, and between combatant and civilian poets, are fully considered. The focus is on Britain and Ireland, but links are drawn with the poetry of the United States and continental Europe. The *Oxford Handbook* feeds a growing interest in war poetry and offers, in toto, a definitive survey of the terrain. It is intended for a broad audience, made up of specialists and also graduates and undergraduates, and is an essential resource for both scholars of particular poets and for those interested in wider debates about modern poetry. This scholarly and readable assessment of the field will provide an important point of reference for decades to come.

God's Perfect Child (Twentieth Anniversary Edition) Caroline Fraser 2018-06-19 From Pulitzer Prize-winning author and former Christian Scientist Caroline Fraser comes the first unvarnished account of one of America's most controversial and little-understood religious movements. by Mary Baker Eddy in 1879, Christian Science was based on a belief that intense contemplation of the perfection of God can heal all ills – an extreme expression of the American faith in self-reliance. In this unflinching investigation, Caroline Fraser, herself raised in a Scientist household, shows how the Church transformed itself from a small, eccentric sect into a politically powerful and socially respectable religion, and explores the human cost of Christian Science's remarkable rise. Fraser examines the strange life and psychology of Mary Baker Eddy, who lived in dread of a kind of witchcraft she called Malicious Animal Magnetism. She takes us into the closed world of Eddy's followers, who refuse to acknowledge the existence of illness and death and reject modern medicine, even at the cost of their children's lives. She reveals just how Christian Science managed to gain extraordinary legal and Congressional sanction for its dubious practices and tracks its enormous influence on new-age beliefs and other modern healing cults. A passionate exposé of zealotry, *God's Perfect Child* tells one of the most dramatic and little-known stories in American religious history.

My Bright Abyss Christian Wiman 2013-04-02 A poet and a man of strong Christian faith meditates on life, death and being an artist after being diagnosed with a rare form of cancer and describes how he dealt with the creeping doubts and the increasing pain. 40,000 first printing.

The Virgin Suicides Jeffrey Eugenides 2011-09-20 First published in 1993, *The Virgin Suicides* announced the arrival of a major new American novelist. In a quiet suburb of Detroit, the five Lisbon sisters—beautiful, eccentric, and obsessively watched by the neighborhood boys—commit suicide one by one over the course of a single year. As the boys observe them from afar, transfixed, they piece together the mystery of the family's fatal melancholy, in this hypnotic and unforgettable novel of adolescent love, disquiet, and death. Jeffrey Eugenides evokes the emotions of youth with haunting sensitivity and dark humor and creates a coming-of-age story unlike any of our time. Adapted into a critically acclaimed film by Sofia Coppola, *The Virgin Suicides* is a modern classic, a lyrical and timeless tale of sex and suicide that transforms and mythologizes suburban middle-American life.

James Dickey Henry Hart 2001-09-08 A fascinating biography of one of the most popular, colorful, and notorious American poets of our century. The legendary Southern poet James Dickey never shied away from cultivating a heroic mystique. Like Norman Mailer and Ernest Hemingway, he earned a reputation as a sportsman, boozier, war hero, and womanizer as well as a great poet, novelist, screenwriter, and essayist. But James Dickey made lying both a literary strategy and a protective camouflage; even his family and closest friends failed to distinguish between the mythical James Dickey and the actual man. Henry Hart sees lying as the central theme to Dickey's life; and in this authoritative, immensely entertaining biography he delves deep behind Dickey's many masks. Letters, anecdotes, tall tales and true ones, as well as the reluctant but finally candid cooperation of Dickey himself animate Hart's narration of a remarkable life. Readers of Dickey's National Book Award-winning poetry, his bestselling novel *Deliverance*, and anyone who witnessed his electrifying readings of his work will savor this book.

Afterburner Peter Porter 2004 *Afterburner* is a thoroughly appropriate title for this fuel injected late work. nowhere has Porter so clearly declared his belief in the poem as an engine for serious thought, which here takes the form of everything from eloquent disquisition to razor-sharp epigram. From his lengthening perspective and high vantage few are better placed than Porter to give these subtle meditations on life, art, and the social moves - and no one could manage them with such compassion and humour.

The Great Fire Shirley Hazzard 2007-04-01 *The Great Fire* is the winner of the 2003 National Book Award for Fiction. A great writer's sweeping story of men and women struggling to reclaim their lives in the aftermath of world conflict *The Great Fire* is Shirley Hazzard's first novel since *The Transit of Venus*, which won the National Book Critics Circle Award in 1981. The conflagration of her title is the Second World War. In war-torn Asia and stricken Europe, men and women, still young but veterans of harsh experience, must reinvent their lives and expectations, and learn, from their past, to dream again. Some will fulfill their destinies, others will falter. At the center of the story, Aldred Leith, a brave and brilliant soldier, finds that survival and worldly achievement are not enough. Helen Driscoll, a young girl living in occupied Japan and tending her dying brother, falls in love, and in the process discovers herself. In the looming shadow of world enmities resumed, and of Asia's coming centrality in world affairs, a man and a woman seek to recover self-reliance, balance, and tenderness, struggling to reclaim their humanity.

The Poem Don Paterson 2018-05-22 Don Paterson is not only one of our great poets, but also an esteemed authority on the art of poetry. In illuminating and engaging prose, he offers his treatise on the making and the philosophy of 'the poem'. Paterson unpicks the process of verse composition with ambition, scholarly flair, and occasional scurrilities, exploring the mechanics of how a poem works and, essentially, what a poem is. His findings take the form of three essays that make up the three sections of the book: 'Lyric' attends to the sound of the poem; 'Sign' envisages ideas of poetic meaning; while 'Metre' studies its underlying rhythms. Through his various professional guises - as poetry editor at Picador Macmillan, professor of poetry at the University of St Andrews, and major prize-winning poet - no one is better placed to grant this 'insider's perspective'. For all those intrigued by the inner workings of the art form and its fundamental secrets, *The Poem* will surprise and delight.
