The Cowboy Bible and Other Stories Carlos Velázquez 2016-01-26 The provocateur and cult sensation Carlos Velazquez has earned comparisons to Hunter S. Thompson, Charles Bukowski and William S. Burroughs, and has been called 'a grand storyteller' (Diario Jornada), 'an icon'(Frente) and 'one of the most original and entertaining voices of contemporary Mexican literature' (Revista Gatopardo). His English-language debut, a collection of seven surreal, unrelentingly ironic and unsettling tales, portrays the comedy and brutal tragedies of a region that occupies a unique place in the North American imagination.

The Sins of Scripture John Shelby Spong 2005-04-12 An exploration of biblical passages that are used to justify discrimination, oppression, and violence against minorities, members of other faiths, and the environment seeks to reveal and recover the texts' ultimate depth and purpose.

Missing Pieces of the Puzzle Billeace Bloom 2021-10-14 Billeace Bloom was once an atheist driven by

toxic fears to learn if God was real and to find Him if possible. As a result of that search, her life now provides credible evidence that God is the same yesterday, today, and forever. In a fascinating autobiography, Billeace begins by revealing how her views of Christianity as a mundane existence fueled her internal struggle to either remain an atheist or release her entire life to God. After detailing how the Lord told her there is no room in the abundant life for boredom, Billeace discloses how she never dreamed how true those words would become when she surrendered her will for His will. As she describes her journey to the truth, Billeace becomes whole when she fills in each piece of her spiritual puzzle. She reminds us that with God as our constant companion, life overflows with miracles, transformations, lessons, laughter, mysteries to solve, and victories. *Missing Pieces of the Puzzle* is the true story of a former atheist who found the reality of God, experienced Him in remarkable ways, and affirmed the Bible is God's own words that can dramatically change lives.

The Bible and Its Influence Cullen Schippe 2006 The Bible Literacy Project curriculum will be unique in eight distinctive ways: (1) It was created to fulfill the standards of *The Bible & Public Schools: A First Amendment Guide*, co-published by the Bible Literacy Project and the First Amendment Center. The Guide provides a consensus statement about how the Bible can be taught in public schools, and was endorsed by 21 national educational and religious organizations, including the National Education Association, the American Federation of Teachers, the National School Boards Association, the National Association of Evangelicals and the American Jewish Congress, among many others. ** (2) It has been examined by 40 reviewers, with their feedback incorporated into the editing of the text. The reviewers include prominent literature academics as well as high school teachers and scholars from the Roman Catholic, Protestant Evangelical, Mainline Protestant, Eastern Orthodox and Jewish traditions. ** (3) It is uniquely a student textbook. While some curricula offer only a teacher's guide, the Bible Literacy Project textbook will be the only student textbook produced in nearly 30 years. The 40 chapters of the textbook are encompassed in 14 units, seven units for Hebrew Scriptures and seven units for the New Testament. It presents a straightforward explanation of the narratives, themes, and characters of the Bible, written to respect, but not promote various faith perspectives. The course includes direct reading from the Bible. Students will use the translation of the Bible with which they are most comfortable. ** (4) It broadly covers the cultural contexts and influences of the Bible, with examples of art, literature, rhetoric and music. The textbook contains engaging features entitled Historical Connections, The Bible in Literature, Cultural Connections (music, art, rhetoric), and Into Everyday Language. Special one or two-page features include "Abraham Lincoln and the Bible," "Handel's Messiah," "The Bible and Emancipation," "Shakespeare and the Bible," among many others. ** (5) It preserves the ability of parents to teach their view of the Bible's religious significance. The text presents a fair and academic presentation of the Bible, without prejudice to a particular view of canon and doctrine. ** (6) It has been pilot tested both in public high schools and in a university training course for English teachers. ** (7) There is an accompanying teacher's manual in development (scheduled for Summer 2006). ** (8) There will be a university-based, online teacher training program available.

The Book that Made Your World Vishal Mangalwadi 2012-10-24 Understand where we came from. Whether you're an avid student of the Bible or a skeptic of its relevance, *The Book That Made Your World* will transform your perception of its influence on virtually every facet of Western civilization. Indian philosopher Vishal Mangalwadi reveals the personal motivation that fueled his own study of the Bible and systematically illustrates how its precepts became the framework for societal structure throughout the

last millennium. From politics and science, to academia and technology, the Bible's sacred copy became the key that unlocked the Western mind. Through Mangalwadi's wide-ranging and fascinating investigation, you'll discover: What triggered the West's passion for scientific, medical, and technological advancement How the biblical notion of human dignity informs the West's social structure and how it intersects with other worldviews How the Bible created a fertile ground for women to find social and economic empowerment How the Bible has uniquely equipped the West to cultivate compassion, human rights, prosperity, and strong families The role of the Bible in the transformation of education How the modern literary notion of a hero has been shaped by the Bible's archetypal protagonist Journey with Mangalwadi as he examines the origins of a civilization's greatness and the misguided beliefs that threaten to unravel its progress. Learn how the Bible transformed the social, political, and religious institutions that have sustained Western culture for the past millennium, and discover how secular corruption endangers the stability and longevity of Western civilization. Endorsements: "This is an extremely significant piece of work with huge global implications. Vishal brings a timely message." (Ravi Zacharias, author, *Walking from East to West and Beyond Opinion*) "In polite society, the mere mention of the Bible often introduces a certain measure of anxiety. A serious discussion on the Bible can bring outright contempt. Therefore, it is most refreshing to encounter this engaging and informed assessment of the Bible's profound impact on the modern world. Where Bloom laments the closing of the American mind, Mangalwadi brings a refreshing optimism." (Stanley Mattson, founder and president, C. S. Lewis Foundation) "Vishal Mangalwadi recounts history in very broad strokes, always using his cross-cultural perspectives for highlighting the many benefits of biblical principles in shaping civilization." (George Marsden, professor, University of Notre Dame; author, *Fundamentalism and American Culture*)

African Literacies and Western Oralities? William A. Coppedge 2021-11-03 How do twenty-first century Christians communicate the Bible and their faith in today's mediascape? Members of the International Orality Network (ION) believe that the answer to that paramount question is: orality. For too long, they argue, presentations of Christianity have operated on a printed (literate) register, hindering many from receiving and growing in the Christian faith. Instead, they champion the spoken word and narrative presentations of the gospel message. In light of the church's shift to the Global South, how have such communication approaches been received by majority world Christians? This book explores the responses and reactions of local Ugandan Christians to this "oral renaissance." The investigation, grounded in ethnographic research, uncovers the complex relationships between local and international culture brokers--all of whom are seeking to establish particular "modern" identities. The research conclusions challenge static Western categorizations and point towards an integrated understanding of communication that appreciates the role of materiality and embodiment in a broader religious socioeconomic discourse as well as taking into account societal anticipations of a flourishing "modern" African Church. This book promises to stimulate dialogue for those concerned about the communication complexities that are facing the global church in the twenty-first century.

Bible Stories For All Without the Dogma Kenneth E Walsh 2020-02-17 The key Bible stories are presented concisely without a religious pitch. The background, 32 key stories, themes, and universal life issues are described simply along with the evolution of humans, the impact of farming on religion, and topics such as travel, trade, slavery, concubines, law, government, taxes, weapons, warfare, tribute, and the culinary and cultural practices in the ancient Near East. The book covers what happened before the events in the Bible stories and what was happening in the nearby civilizations to provide a context for the stories. With the United States, Canada, and Europe increasingly becoming a population of "Nones" (unchurched adults who identify with no religion), a growing number of people seek to understand the Biblical stories and their influence in Western culture without subjecting themselves to religious dogma. A 2015 Pew Research Center poll found 34% of millennials (those born after 1980) identified themselves as religious

nones. Bible illiteracy was recently underscored in a major, nationwide newspaper. Perhaps more, well-informed writers might avoid the embarrassment of the Wall Street Journal. On March 29, 2018 the Journal incorrectly quoted Israel's Prime Minister, Benjamin Netanyahu, saying Moses brought water from Iraq. He had actually noted that Moses brought water from a rock. Netanyahu was referring to the story of Moses striking a rock with his staff to draw water from a rock for the Israelites who were wandering in the Sinai Desert. Moses was nowhere near today's Iraq and never was. The published story had passed three staffers uncorrected. The author taught the Old Testament for 14 years in a tuition-free, Jesuit, inner-city middle school for boys from low-income families. Typically, fewer than five percent of the students were Catholic; and, while most claimed to be Christian, fewer than half attended church. Some practiced no religion. Some attended a mosque. While he initially taught the Old Testament stories from a historical perspective so as not to offend anyone, he gradually added universal lessons. Upon his retirement he decided to write a Bible stories book for all based on his classroom experience and additional research.

Detective Stories from the Bible J. Ellsworth Kalas 2010-09-01 When we think of a detective story, we often think of murder mysteries. But the Bible contains some different kinds of detective stories. How is it, for instance, that some of the key personalities in the Bible story slip into the story almost unnoticed—like Judah, for example, an ancestor of King David and Jesus Christ. How did the symbolism of blood in Communion get started? When Cain was warned that the ground would no longer yield for him because he had killed his brother—did that set a precedent for connecting moral behavior with environmental harshness? These themes and many others are investigated in this study, accompanied by a discussion guide.

Evangelical Sunday School Lesson Commentary 2017-2018 Lance Colkmire 2017-07-28 Sunday School Lessons

Surviving the State, Remaking the Church Li Ma 2017-12-11 This sociological portrait presents how Chinese Christians have coped with life under a hostile regime over a span of different historical periods, and how Christian churches as collective entities have been reshaped by ripples of social change. China's change from a centrally planned economy to a market economy, or from an agrarian society to an urbanizing society, are admittedly significant phenomena worthy of scholarly attention, but real changes are about values and beliefs that give rise to social structures over time. The growth of Christianity has become interwoven with the disintegration or emergence of Chinese cultural beliefs, political ideologies, and commercial values. Relying mainly on an oral history method for data collection, the authors allow the narratives of Chinese Christians to speak for themselves. Identifying the formative cultural elements, a sociohistorical analysis also helps to lay out a coherent understanding of the complexity of religious experiences for Christians in the Chinese world. This book also serves to bring back scholarly discussions on the habits of the heart as the condition that helps form identities and nurture social morality, whether individuals engage in private or public affairs.

Misreading Scripture with Western Eyes E. Randolph Richards 2012-07-31 Brandon O'Brien and Randy Richards shed light on the ways that Western readers often misunderstand the cultural dynamics of the

Bible. Identifying nine areas where commonplaces of modern Western thought diverge with the text, the authors ask us to reconsider long-held opinions about our most beloved book.

Business Ethics in Biblical Perspective Michael E. Cafferky 2015-08-19 Michael Cafferky sets a new standard in the field of business ethics with this comprehensive textbook from a Christian perspective. Using twelve biblical themes to evaluate contemporary ethical approaches and concerns, he covers consumer behavior, management, accounting, marketing, corporate responsibility and more.

North-western Christian Advocate 1921

The Bible in Western Culture Dee Dyas 2014-06-03 The influence of the Bible in Western culture is immeasurable, but these days few of us know much about it. Presenting concise and accessible introductions to the Bible's most important characters, stories and themes, this text encourages better understanding, study and analysis of the Christian element in Western culture. With no prior biblical knowledge required, this clearly presented volume delivers a framework of understanding for those studying Western literature, art, historical events, or for those simply wanting to improve their general knowledge. Filling a gap in the market for an introductory text of this kind, this genuinely multi-disciplinary book provides: * edited extracts from the Bible * explanations of the context and beliefs of each passage * links to related biblical texts * examples of related key works of art and literature * brief biographies of key figures * a comprehensive glossary defining specialist terms * chronology * suggested further reading. Enabling readers to encounter key Bible stories directly, the book also provides useful background information on issues of content, context and influence. Easy to use and follow, it is the essential guide for those wishing to find out more about the Bible and its impact on the world around us.

The Author & Journalist 1925

Bible School 2 Semester 1 Shofar Christian Church 2021-01-01 The Bible teaches us that there is nothing more important than becoming like Jesus. The life of Jesus not only shows the full picture of who God is, but He also shows us what it means to be human. He is the quintessential man. In Him we see what a perfect relationship with God looks like, what our moral outlook should be, and what constitutes a good and worthy life. Through the ages, the church has confirmed that the Bible is both the standard and the guide that instructs, confronts and inspires us in the process of following Jesus. The way we see, understand, and experience God, ourselves, and the world around us should thus ultimately be based upon what the Bible teaches us. This Bible School course is therefore intended to help you to build your life around the Word of God.

Dictionary of the Bible and Western Culture Mary Ann Beavis 2012 Consumers of culture in the modern world - whether high culture or popular culture - discover before long that the Bible, its tales and its characters and its idioms, is woven into the culture. Most of us wish we knew the Bible better, and are often at a loss to know what the biblical source or reference is to phrases or ideas we encounter. The editors of this unique volume have seen the need for an easy-to-use reference guide for those needing to track down information on characters, phrases, places, and concepts originating in the Bible. They assembled 200 scholars to write 1000 encyclopaedia entries on such biblical backgrounds to Western culture. The contributors to the volume have in mind readers without the specialization of formal biblical studies, and even those not familiar with the Bible's basic content.

Stories About My First Church Elmer L. Towns

Christian Thought 1916

Time for Reflection Steve Younger 2018-09-30 Time for Reflection is a comprehensive handbook for school chaplains and all with responsibility for ensuring the spiritual development of children and young people. It offers clear and essential guidance on a wide variety of topics: • the role of chaplains in relation to pupils, parents, staff and the whole school community • guidelines on appointing chaplains • codes of conduct • involving chaplains in the delivery of curriculum content • chaplaincy and pastoral care • chaplaincy and crisis support • a practical theology of chaplaincy. In addition, busy chaplains will welcome the range of tried and tested ideas for assemblies and other acts of religious observance, and the directory of online resources for chaplaincy ministry. Framed within Scotland's Curriculum for Excellence, and grounded in academic research, new and experienced chaplains everywhere will find Time for Reflection an invaluable guide.
