*The Unwomanly Face of War* Svetlana Alexievich 2018-04-03 A long-awaited English translation of the groundbreaking oral history of women in World War II across Europe and Russia—from the winner of the Nobel Prize in Literature NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post • The Guardian • NPR • The Economist • Milwaukee Journal Sentinel • Kirkus Reviews For more than three decades, Svetlana Alexievich has been the memory and conscience of the twentieth century. When the Swedish Academy awarded her the Nobel Prize, it cited her invention of “a new kind of literary genre,” describing her work as “a history of emotions . . . a history of the soul.” In *The Unwomanly Face of War*, Alexievich chronicles the experiences of the Soviet women who fought on the front lines, on the home front, and in the occupied territories. These women—more than a million in total—were nurses and doctors, pilots, tank drivers, machine-gunners, and snipers. They battled alongside men, and yet, after the victory, their efforts and sacrifices were forgotten. Alexievich traveled thousands of miles and visited more than a hundred towns to record these women’s stories. Together, this symphony of voices reveals a different aspect of the war—the everyday details of life in combat left out of the official histories. Translated by the renowned Richard Pevear and Larissa Volokhonsky, *The Unwomanly Face of War* is a powerful and poignant account of the central conflict of the twentieth century, a kaleidoscopic portrait of the human side of war. THE WINNER

OF THE NOBEL PRIZE IN LITERATURE “for her polyphonic writings, a monument to suffering and courage in our time.” “A landmark.”—Timothy Snyder, author of *On Tyranny: Twenty Lessons from the Twentieth Century* “An astonishing book, harrowing and life-affirming . . . It deserves the widest possible readership.”—Paula Hawkins, author of *The Girl on the Train* “Alexievich has gained probably the world’s deepest, most eloquent understanding of the post-Soviet condition. . . . [She] has consistently chronicled that which has been intentionally forgotten.”—Masha Gessen, National Book Award–winning author of *The Future Is History*

**The Invention of Solitude** Paul Auster 2010-11-25 'One day there is life . . . And then, suddenly, it happens there is death.' So begins Paul Auster's moving and personal meditation on fatherhood, *The Invention of Solitude*. The first section, 'Portrait of an Invisible Man', reveals Auster's memories and feelings after the death of his father. In 'The Book of Memory' the perspective shifts to Auster's role as a father. The narrator, 'A.', contemplates his separation from his son, his dying grandfather and the solitary nature of writing and storytelling. With all the keen literary intelligence familiar from *The New York Trilogy* or *Sunset Park*, Paul Auster crafts an intensely intimate work from a ground-breaking combination of introspection, meditation and biography.

**Upside Down** Eduardo Galeano 2014-05-13 From the winner of the first Lannan Prize for Cultural Freedom, a biting funny, kaleidoscopic vision of the first world through the eyes of the third Eduardo Galeano, author of the incomparable *Memory of Fire* Trilogy, combines a novelist's intensity, a poet's lyricism, a journalist's fearlessness, and the strong judgments of an engaged historian. Now his talents are richly displayed in *Upside Down*, an eloquent, passionate, sometimes hilarious exposé of our first-world privileges and assumptions. In a series of lesson plans and a "program of study" about our beleaguered planet, Galeano takes the reader on a wild trip through the global looking glass. From a master class in "The Impunity of Power" to a seminar on "The Sacred Car"--with tips along the way on "How to Resist Useless Vices" and a declaration of "The Right to Rave"--he surveys a world unevenly divided between abundance and deprivation, carnival and torture, power and helplessness. We have accepted a reality we should reject, Galeano teaches us, one where machines are more precious than humans, people are hungry, poverty kills, and children toil from dark to dark. A work of fire and charm, *Upside Down* makes us see the world anew and even glimpse how it might be set right. "Galeano's outrage is tempered by intelligence, an ineradicable sense of humor, and hope." -Los Angeles Times, front page

**Eva Luna** Isabel Allende 2018-05-03 \*\*The remarkable novel from the multi-million-bestselling author of *The House of the Spirits* and *The Japanese Lover*\*\* Meet the unforgettable Eva Luna: a lover, a writer, a revolutionary and above all, a storyteller. Eva Luna is the daughter of a professor's assistant and a snake-bitten gardener – born poor, orphaned at an early age and working as a servant. Eva is a naturally gifted and imaginative storyteller who meets people from all walks of life. Though she has no wealth, she trades her stories like currency with people who are kind to her. As she shares her stories, she introduces an eccentric cast of characters: the Lebanese émigré who takes her in, her Catholic godmother who believes in saints, a street urchin who grows up to be the leader of the guerrilla struggle, a celebrated trans cabaret star and a young refugee whose flight from postwar Europe will change Eva's life forever. As Eva tells her story, Isabel Allende brings to life a complex South American country – the rich, the poor, the sophisticated – in a novel that celebrates the power of imagination and storytelling. Praise for Isabel Allende's *Eva Luna*: 'Vibrant, colourful characters; the ordinary fused with the grotesque; a Latin American setting, tropical this time; vivid, elegant narrative. The narrator, Eva Luna, is herself a story-teller in the Allende tradition' *Guardian* 'An evident affection for words, compassion for the oppressed and the inarticulate, the daring ambition to draw cross-sections of whole societies . . . Allende's work glows' *New York Times* 'Sumptuous . . . a tale that spans forty years and moves from a surreal jungle to a modern-day urban capital where even the most apolitical are driven to risky anti-government activities' *Chicago Tribune* 'Allende rearranges reality with a blend of memories, mysticism and imagination' *The Philadelphia Inquirer* 'A remarkable novel, one in which a cascade of stories tumbled out before the reader, stories vivid and passionate and human' *Washington Post* 'Magnificent . . . Allende is a prodigious fabulist, weaving extraordinary tales' *Publishers Weekly*

*Adivinar en la carne la verdad. Goce y escritura en la obra de Clarice Lispector* Belén del Rocío Moreno Cardozo 2010-01-01 La escritura de Lispector, siempre inquisitiva, tiene la peste de las preguntas bien formuladas: sus personajes no cesan de espetarle al lector aquellas preguntas que él, por miedo o desidia, hubiera preferido omitir. Pero a esas preguntas ella no contesta con respuestas, contesta con revelaciones, epifanías que al mismo tiempo dicen y conservan la dura médula del enigma. La obra de Lispector deja testimonio de una voluntad feroz para encontrar, en medio de la lengua y en su límite, el material literal para cernir lo Real de la Vida, del goce, del amor, del asesinato y de la muerte misma ... Esa es la sustancia cierta y material de este encuentro. Para comenzar, el lector encontrará en este libro algunas consideraciones metodológicas en el acercamiento del psicoanálisis a la literatura. Estas páginas insisten sobre un asunto ya planteado por Freud: los artistas siempre han anticipado... Luego, entrará en "La cosa criminal", para discernir, siempre con Lispector, la elusiva maquinaria del paso al acto. Enseguida, hallará en "El bestiario del goce" la proliferante presencia de los animales en la obra de esta autora. Podrá allí ponderar la justa medida para el exilio del goce en que habita este animal lenguajero del cual son. Un paso más y, con "La vida en el germen", estará ante el nódulo real que palpita tras la cambiante figura del animal: la vida en su anonadante persistencia. Para terminar, y sin una conclusión posible, llegará a puerto desconocido con "El acto más desamparado": el acto de escribir cuando no hay guía conocida.

**La vida secreta de los insectos** José Carlos Otero 2018-10-01 Los protagonistas de este libro picarán tu curiosidad. En una ocasión en que J. B. S. Haldane, brillante genetista y biólogo evolutivo británico de principios del siglo XX, departía con un grupo de teólogos, le preguntaron qué podría concluir de Dios a partir del estudio del mundo, a lo que respondió: "Parecería que Dios tiene una afición desmedida por las estrellas y los escarabajos". Los seres humanos parecen la especie dominante. Sin embargo, un cálculo prudente estima que hay doce millones de especies de artrópodos. ¿Sería el planeta igual sin insectos? En esta instructiva obra, el autor nos invita a sentir curiosidad por sus vidas y a preocuparnos por su conservación. ¿En qué momento aparecieron? ¿Cómo buscan pareja? ¿Cuánta distancia son capaces de recorrer? ¿Cómo se guían? ¿Cómo viven en sociedad? ¿Están en peligro de extinción? La supervivencia del hombre depende de la biosfera, cuyo equilibrio no sería posible sin los insectos. La vida secreta de los insectos nos recuerda que aún estamos a tiempo de conocerlos, entenderlos, conservarlos y protegerlos...

La vida secreta de los edificios Edward Hollis 2012-06-01 «Hollis combina una actitud iconoclasta con un brillante estilo para crear una especie de contrahistoria de la arquitectura y narra la biografía posterior de esos ;maravillosos y quiméricos monstruos; que son los edificios.» Washington Post «En el libro de Hollis hay pasión y compromiso; tras leerlo volvemos al mundo más observadores y rebosantes de preguntas.» The Times Literary Supplement Un edificio nace con la expectativa de permanecer para siempre, pero un edificio es un ser voluble: es habitado y modificado, y su existencia habla de una constante y curiosa transformación. Edward Hollis vuelve a imaginar la historia de la arquitectura de una forma radical y hace un seguimiento de trece edificios para revelarnos la historia oculta del Partenón y la Alhambra, de la catedral de Gloucester y Santa Sofía, de Sans Souci y Notre Dame de París, del Templo Malatestiano y Loreto. **Sexo, colores y cianuro** Conrado Arranz 2006-12-18 Conrado Arranz nos ofrece a través de sus tres cuentos (Rasguños, Presenciando un asesinato y La niña que descubrió el lagrimal) un cara a cara entre la naturaleza y los sentimientos más tiernos y a la vez feroces del ser humano. El sufrimiento, la nostalgia o la añoranza, la amistad, el amor o el odio son descritos con tanta fuerza como calidad descriptiva. «Letras al fin y al cabo, que dan brochazos e interpretan nuestra vida. » Twiggy Hirota, a lo largo de sus cinco relatos nos ofrece, por un lado los colores de un Tokio imaginario como punto de partida. pequeñas pinceladas de un cuadro caleidoscópico que refleja el mundo moderno y voraz, a la par que delicado, del Japón del siglo XXI: sofisticado, complejo, bello, contradictorio y hasta sospechoso desde el punto de vista de un occidental, pero sobre todo puro. En el resto de los relatos se cuestionan la atrocidad del pensamiento único, la imposibilidad de la libertad y la soledad del individuo. Algunos microrrelatos de Per Abad, de Mateo de Paz, son cuentos que recogen varios episodios dramáticos de nuestra cultura. Escritores, cazadores, reinas y fantasmas, entre otros personajes, ofrecen al lector, con sobriedad, humor y estremecimiento, diversos lugares y situaciones que nos han acompañado fielmente en el transcurrir de la historia. Sobre los yoes que habitan en uno, sobre la culpa, sobre el sexo, sobre la muerte, sobre todas esas cosas que conforman la vida habla David Urgull en sus relatos. Claro y escueto, pequeños tragos

de una botella que lentamente se va llenando, porque con las palabras nunca se vacía uno, con las palabras siempre te llenas.

My Family and Other Animals Gerald Durrell 2016-10-11 The inspiration for The Durrells in Corfu, a Masterpiece production on public television: A naturalist's account of his childhood on the exotic Greek island. When the Durrells could no longer endure the gray English climate, they did what any sensible family would do: sold their house and relocated to the sun-soaked island of Corfu. As they settled into their new home, hilarious mishaps ensued as a ten-year-old Gerald Durrell pursued his interest in natural history and explored the island's fauna. Soon, toads and tortoises, bats and butterflies—as well as scorpions, geckos, ladybugs, praying

mantises, octopuses, pigeons, and gulls—became a common sight in the Durrell villa. Uproarious tales of the island's animals and Durrell's fond reflections on his family bring this delightful memoir to life. Capturing the joyous chaos of growing up in an unconventional household, *My Family and Other Animals* will transport you to a place you won't want to leave. This ebook features an illustrated biography of Gerald Durrell including rare photos from the author's estate.

**Memoirs of a Geisha** Arthur Golden 1999-11-09 A literary sensation and runaway bestseller, this brilliant debut novel tells with seamless authenticity and exquisite lyricism the true confessions of one of Japan's most celebrated geisha. Nominated as one of America's best-loved novels by PBS's *The Great American Read* Speaking to us with the wisdom of age and in a voice at once haunting and startlingly immediate, Nitta Sayuri tells the story of her life as a geisha. It begins in a poor fishing village in 1929, when, as a nine-year-old girl with unusual blue-gray eyes, she is taken from her home and sold into slavery to a renowned geisha house. We witness her transformation as she learns the rigorous arts of the geisha: dance and music; wearing kimono, elaborate makeup, and hair; pouring sake to reveal just a touch of inner wrist; competing with a jealous rival for men's solicitude and the money that goes with it. In *Memoirs of a Geisha*, we enter a world where appearances are paramount; where a girl's virginity is auctioned to the highest bidder; where women are trained to beguile the most powerful men; and where love is scorned as illusion. It is a unique and triumphant work of fiction—at once romantic, erotic, suspenseful—and completely unforgettable.

**LA DOCTRINA SECRETA DE ANAHUAC** Samael Aun Weor 2017-05 En este libro se encuentran los misterios y los significados ocultos del Angel de la Guarda de cada uno de nosotros. Encontrara el lector información util para entender quien es Lucifer y porque ese nombre quiere decir "Traedor de la Luz". "El primer educador de todo gran iniciado se convierte, de hecho y por derecho en la causa fundamental de todas las partes espiritualizadas de su genuina presencia común". Los poderes flamígeros del Ángel de la guarda resultan extraordinarios, maravillosos, terriblemente divinos. Aquí se explica el sentido esotérico de varios

personajes de diferentes religiones tales como Huehuetotl (Dios del Fuego), Cerbero (Perro de tres cabezas), Longinus, Atlas, La Forja de los Ciclopes, La serpiente del Eden, Xochicalco, El Dagron y el Calendario Azteca(el cataclismo final). Descubra la energía dentro del organismo humano que fue desde los antiguos tiempos analizada muy cuidadosamente en los Colegios Iniciáticos de México, Perú, Egipto, Yucatán, Grecia, India, Tibet, Fenicia, Persia, Caldea, Troya, Cartago. Los Códices mejicanos, Papiros egipcios, Ladrillos asirios, Rollos del Mar Muerto, extraños Pergaminos, así como ciertos Templos antiquísimos, sagrados monolitos, viejos jeroglíficos, pirámides, sepulcros milenarios. ofrecen en su profundidad simbólica un sentido gnóstico que definitivamente escapa a la interpretación literal y que nunca ha tenido un valor explicativo de índole exclusivamente intelectual, símbolos con fondo esotérico trascendental que en silencio dicen mucho. Los relatos Gnósticos, escritos o alegorizados en cualquier forma artística, se orientan siempre hacia el Ser. Los antropólogos gnósticos, en vez de reír escépticos -como los antropólogos profanos- ante las representaciones de Diosas y Dioses de los diversos panteones azteca, maya, olmeca; tolteca, chibcha, druida, egipcio, hindú, caldeo, fenicio, mesopotámico, persa, romano, tibetano, etc., etc., etc., caemos prosternados a los pies de esas Divinidades, porque en ellas reconocemos al Elojim creador del universo. "Quien ríe de lo que desconoce está en el camino de ser idiota."

**Sapiens** Yuval Noah Harari 2015-02-10 New York Times Bestseller A Summer Reading Pick for President Barack Obama, Bill Gates, and Mark Zuckerberg From a renowned historian comes a groundbreaking narrative of humanity's creation and evolution—a #1 international bestseller—that explores the ways in which biology and history have defined us and enhanced our understanding of what it means to be “human.” One hundred thousand years ago, at least six different species of humans inhabited Earth. Yet today there is only one—homo sapiens. What happened to the others? And what may happen to us? Most books about the history of humanity pursue either a historical or a biological approach, but Dr. Yuval Noah Harari breaks the mold with this highly original book that begins about 70,000 years ago with the appearance of modern cognition. From examining the role evolving humans have played in the global ecosystem to charting the rise of empires, Sapiens integrates history and science to reconsider accepted narratives, connect past developments with contemporary concerns, and examine specific events within the context of larger ideas. Dr. Harari also compels us to look ahead, because over the last few decades humans have begun to bend laws of natural selection that have governed life for the past four billion years. We are acquiring the ability to design not only the world around us, but also ourselves. Where is this leading us, and what do we want to become? Featuring 27 photographs, 6 maps, and 25 illustrations/diagrams, this provocative and insightful work is sure to spark debate and is essential reading for aficionados of Jared Diamond, James Gleick, Matt Ridley, Robert Wright, and Sharon Moalem.
