The Goldenacre Philip Miller 2022 "Thomas Tallis, inspector of provenance, has just arrived in Edinburgh to authenticate The Goldenacre, a masterpiece by iconic Scottish architect and painter Charles Rennie Mackintosh. Now that the noble family that has owned The Goldenacre since the 1920s is giving it to the government of Scotland in exchange for a tax break, Tallis just has to confirm that the painting is the real thing. Still dealing with a miserable divorce and the fall-out from a disastrous job in London, Tallis is eager to sign off on the painting and return home. But then a gruesome parcel arrives on Tallis's desk, seemingly threatening him against investigating the painting, and Tallis begins to suspect that there is nothing simple about this job at all. Meanwhile, seemingly unrelated murders are besieging Edinburgh. First, a Scottish painter of great renown. Next, an Edinburgh City Councilor. Bitter, exhausted newspaper reporter Shona Sandison is on the case. Not bound by traditional rules of propriety in her investigation, Shona is ready to play dirty to get the best story she can, regardless of if it's true. When Shona finds herself in the sights of the mysterious forces that seem to be behind the murders, she and Tallis must work to understand how The Goldenacre is mixed up in all of this violence before either one of them becomes the next victim—even though it seems Tallis is already doomed. Pensive, lush, and tragically human, The Goldenacre is journalist and poet Philip Miller's heartbroken love letter to Edinburgh, and an unpredictable, gorgeously plotted mystery to savor"--

Beyond Reflective Practice Helen Bradbury 2012-09-11 Reflective practice has moved from the margins to the mainstream of professional education. However, in this process, its radical potential has been subsumed by individualistic, rather than situated, understandings of practice. Presenting critical perspectives that challenge the current paradigm, this book aims to move beyond reflective practice. It proposes new conceptualisations and offers fresh approaches relevant across professions. Contributors include both academics and practitioners concerned with the training and development of professionals. Definitions of reflection (which are often implicit) often focus on the individual's internal thought processes and responsibility for their actions. The individual - what they did/thought/felt - is emphasised with little recognition of context, power dynamics or ideological challenge. This book presents the work of practitioners, educators, academics and researchers who see this as problematic and are moving towards a more critical approach to reflective practice. With an overview from the editors and fourteen chapters considering new conceptualisations, professional perspectives and new practices, *Beyond Reflective Practice* examines what new forms of professional reflective practice are emerging. It examines in particular the relationships between reflective practitioners and those upon whom they practise. It looks at the ways in which the world of professional work has changed and the ways in which professional practice needs to change to meet the needs of this new world. It will be relevant for those concerned with initial and ongoing professional learning, both in work and in educational contexts.

Retail Tales and Nonsense Michael Dichter 2010-10-28 Who Ya Bagging For? I have been told to bag for the cashier, the other bagger, or the supervisor. But very rarely have I been told to bag for the guest. This seems funny to me. Now if they wanted to tell me to take over for the other employee or the guest(s), that would make sense, but the easy, lazy way to communicate seems to be the only way they know how. You'd think someone that has the skills to do this job would at least know the difference between bagging for the cashier, etc., and the guests

Diana Vreeland Memos Alexander Vreeland 2013-10-15 A look behind the scenes at Diana Vreeland's Vogue, showing the legendary editor in chief in her own inimitable words. When Diana Vreeland became editor in chief of Vogue in 1963, she initiated a transformation, shaping the magazine into the dominant U.S. fashion publication. Vreeland's Vogue was as entertaining and innovative as it was serious about fashion, art, travel, beauty, and culture. Vreeland rarely held meetings and communicated with her staff and photographers through memos dictated from her office or Park Avenue apartment. This extraordinary compilation of more than 250 pieces of Vreeland's personal correspondence—most published here for the first time—includes letters to Cecil Beaton, Horst P. Horst, Norman Parkinson, Veruschka, and Cristobal Balenciaga and memos that show the direction of some of Vogue's most legendary stories. These display Vreeland's irreverence and her characteristically over-the-top pronouncements and reveal her sharpness about the Vogue woman and what the magazine should be. Photographs from the magazine illustrate the memos, showing her imagination, prescience, and exactitude. Each chapter is introduced by commentary from Vogue editors who worked with her, giving readers a truly inside look at how Diana Vreeland directed the course of the magazine and fashion world.

Barbados, 1962. Lost soul Iapetus roams the island, scared and alone, driven mad after witnessing his father's death at the hands of his mother and his older brother, Cronus. Just before Iapetus is lost forever, he has a son, but the baby is not enough to save him from himself—or his family's secrets. Seventeen years later, Iapetus's son, the stoic Atlas, lives in a loveless house, under the care of his uncle, Cronus, and in the shadow of his charismatic cousin Z. Knowing little about the tragic circumstances of his father's life, Atlas must choose between his desire to flee the island and his loyalty to the uncle who raised him. Time passes. Atlas's daughter, Calypso, is a beautiful and wilful teenager who is desperate to avoid being trapped in a life of drudgery at her uncle Z's hotel. When she falls dangerously in love with a visiting real estate developer, she finds herself entangled in her uncle's shady

dealings, a pawn in the games of the powerful men around her. It is now 2019. Calypso's son, Nautilus, is on a path of self-destruction as he grapples with his fatherless condition, his mixed-race identity and his complicated feelings of attraction towards his best friend, Daniel. Then one night, after making an impulsive decision, Nautilus finds himself exiled to Canada. The Island of Forgetting is an intimate saga spanning four generations of one family who run a beachfront hotel. Loosely inspired by Greek mythology, this is a novel about the echo of deep—and sometimes tragic—love and the ways a family's past can haunt its future.
