On Leisure Seneca 2017-07-06 De Otio (On Leisure) is a Latin work by Seneca (4 BC-65 AD). It survives in a fragmentary state. No degree of absolute certainty about the date of writing is possible, but it is thought by a majority of critics to have been written 62 AD or shortly after. Otio is from otium, this literally translates as leisure, vacant time, freedom from business. Seneca the Younger (c. 4 BC - AD 65), fully Lucius Annaeus Seneca and also known simply as Seneca (/ˈsɛnɪkə/), was a Roman Stoic philosopher, statesman, dramatist, and-- in one work--humorist of the Silver Age of Latin literature. As a tragedian, he is best-known for his Medea and Thyestes. He was a tutor and later advisor to emperor Nero. He was forced to take his own life for alleged complicity in the Pisonian conspiracy to assassinate Nero. However, some sources state that he may have been innocent. His father was Seneca the Elder, his elder brother was Lucius Junius Gallio Annaeanus, and his nephew was the poet Lucan.

Intellectual Culture in Elizabethan and Jacobean England J. W. Binns 1990 Works written and published in Latin by Elizabethan and Jacobean writers covered a vast range, from brief poetic trifles to massive scholarly, humanist and scientific treatises. Among its authors were some of the greatest intellects of the day; and study of Latin dedications and commendatory verses makes clear the importance of Latinate culture in the Court as well as in the universities and learned professions. English renaissance Latin culture was the shared

intellectual background for all educated people, England's bridge to the scientific, literary, political, philosophical and religious life of continental Europe. J.W. Binns has examined almost all the numerous books written in Latin and printed in England during the Elizabethan and Jacobean periods. *Intellectual Culture in Elizabethan and Jacobean England (ICEJE)* is the result of over 25 years labour - the first comprehensive overview of the Latinate culture of England, which was the counterpart, on a higher intellectual level, of the better-known contemporary achievements in the English vernacular. It discusses various aspects of the Latin poetry of Renaissance England (seven chapters); Latin drama, and its attackers and defenders; translations into Latin from Greek and from European vernaculars; treatises on such disparate subjects as translation theory, the soul, swimming, and humanist historiography and biography; writings on theology; legal studies; and the physical sciences. Treatments vary, from the close study of significant individuals (such as Case and Rainolds) to broader surveys, for example, of Latin style. Latin quoted in the main text is accompanied by English translation. The extensive reference section contains a tripartite Bibliography, of manuscripts, books printed before 1751, and books and articles printed after 1750; a Biographical Register of around 1000 entries; and an Index of Modern Authors, followed by a detailed General Index. ICEJE is a treasure-house of ideas and material for all researchers into Elizabethan and Jacobean literary culture. It is an essential handbook for students of English literature, renaissance scholars, cultural historians, latinists, librarians and bibliographers.

Historical Introductions to the Book of Concord 1965

Musica Poetica: Musical-Rhetorical Figures in German Baroque Music Dietrich Bartel 1997-07-01 Musica Poetica provides an unprecedented examination of the development of Baroque musical thought. The initial chapters, which serve as an introduction to the concept and teachings of musical-rhetorical figures, explore Martin Luther's theology of music, the development of the Baroque concept of musica poetica, the idea of the affections in German Baroque music, and that music's use of the principles and devices of rhetoric. Dietrich Bartel then turns to more detailed considerations of the musical-rhetorical figures that were developed in Baroque treatises and publications. After brief biographical sketches of the major theorists, Bartel examines those theorists' interpretation and classification of the figures. The book concludes with a detailed presentation of the musical-rhetorical figures, in which each theorist's definitions are presented in the original language and in parallel English translations. Bartel's clear, detailed analysis of German Baroque musical-rhetorical figures, combined with his careful translations of interpretations of those figures from a wide range of sources, make this book an indispensable introduction and resource for all students of Baroque music.

Wirtschaftsgeschichte der mittelalterlichen Juden Michael Toch 2016-07-11 Bei jeder Betrachtung des Lebens der mittelalterlichen Juden werden zwar die wirtschaftlichen Aspekte erwähnt, ihre wissenschaftliche Untersuchung bleibt jedoch meist oberflächlich und von den Erkenntnissen der Wirtschaftsgeschichte abgekoppelt. Forscher aus Deutschland, Großbritannien, Israel, den Vereinigten Staaten, Italien und Österreich decken in diesem Band daher nicht nur das Spektrum der wirtschaftlichen Tätigkeiten der mittelalterlichen Juden in ihren Gastgesellschaften auf, ihr Ziel war auch, den "Wirtschaftsgeschichten" nachzugehen und zentrale Komplexe wie Geldleihe, Buchhaltung, Armenfürsorge, Frauenarbeit anhand neuerer Forschungserkenntnisse auszuleuchten. Beyond Art: A Third Culture Peter Weibel 2005-05-17 A new theory of culture presented with a new method achieved by comparing closely the art and science in 20th century Austria and Hungary. Major achievements that have influenced the world like psychoanalysis, abstract art, quantum physics, Gestalt psychology, formal languages, vision theories, and the game theory etc. originated from these countries, and influence the world still today as a result of exile nurtured in the US. A source book with numerous photographs, images and diagrams, it opens up a nearly infinite horizon of knowledge that helps one to understand what is going on in today's worlds of art and science.

The Book of Abraham the Jew Abraham Eleazar 2015-04-09 Hans Nintzel added this work to the R.A.M.S. Library in 1982. It is from the British Museum printed book, 122 pages, 8905 A 15 in German "Donum Dei" (Samullis Baruch), "Abraham the Jew" (in German), 87 pages bound with 9005 A 15. Abraham Eleazar was probably a fictitious name used by the author. It appears that the book was first published in Leipzig in 1760 with the title, "R. Abrahami Eleazaris Uraltes Chymisches Werk," although an edition from 1735 is said to exist (see Note at the end of the Forward). The author might have been Julius Gervasius of Schwarzburg. The Forward states that the author took illustrations from the copper tablets of Tubal-Cain, a person mentioned in Genesis 4:22.

Elements of Structural Syntax Lucien Tesnière 2015-02-11 This volume appears now finally in English, sixty years after the death of its author, Lucien Tesnière. It has been translated from the French original into German, Spanish, Italian, and Russian, and now at long last into English as well. The volume contains a comprehensive approach to the syntax of natural languages, an approach that is foundational for an entire stream in the modern study of syntax and grammar. This stream is known today as dependency grammar (DG). Drawing examples from dozens of languages, many of which he was proficient in, Tesnière presents insightful analyses of numerous phenomena of syntax. Among the highlights are the concepts of valency and head-initial vs. head-final languages. These concepts are now taken for granted by most modern theories of syntax, even by phrase structure grammars, which represent, in a sense, the opposite sort of approach to syntax from what Tesnière was advocating. Memories of Altagracia Salvador Garmendia 1998 One of the best-known works by one of Venezuela's leading novelists, this novel, translated into English for the first time, depicts the eccentricities of rural life through the innocent eyes of a small boy. Lame Marinferinfero, a man who castrates goats for a living, invites a little boy to accompany him over the rooftops of Altagracia, a small provincial town near the Venezuelan savannah. Hopping lithely on his crutches from one roof to the next, the man drags the boy on a fantastical journey, not only to explore other perspectives of the peaceful family environment where his childhood took place, but also to discover the new horizons that can be glimpsed from the heights.
