**Bismarck and the Development of Germany, Volume III** Otto Pflanze 2014-07-14 The Period of Fortification, 1880-1898 The burst of capitalistic expansion that accompanied German unification came to an abrupt end with the crash of 1873, which opened a period of economic depression. Volume III describes the continuation of Bismarck's efforts to cope with the resulting economic and social problems that hindered his quest for a new national consensus in support of the Prussian-German establishment." It also brings to a climax the author's account of Bismarck's mounting political frustrations, their psychopathological consequences, and the struggle of his doctors to convert him to a healthier life-style. The final chapters deal with the fascinating story of Bismarck's conflict with Wilhelm II. The work ends with an account of the Bismarck legend that endures to this day and may yet influence Germany's current quest for reunification. Originally published in 1990. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

one understands the German impact on France after the Franco-Prussian War. As the French groped unsteadily toward a redefinition of their national identity, they were constantly under the influence of the victorious German reich, indicating that the creation of a republican mentality cannot be explained in strictly French terms nor can its origins be traced solely from French sources. Originally published in 1979. A UNC Press Enduring Edition -- UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print. These editions are published unaltered from the original, and are presented in affordable paperback formats, bringing readers both historical and cultural value.

**Das vergangene Reich** Klaus Hildebrand 2008-03-17 Das Schicksal des Deutschen Reiches, so Sebastian Haffner, war die Außenpolitik. Der Bonner Historiker Klaus Hildebrand hat zum ersten Mal ein umfassendes Werk über den deutschen Nationalstaat im Geflecht der europäischen und überseeischen Mächte vorgelegt. Dieses Standardwerk ist nun in Neuauflage und mit einem aktualisierenden Vorwort endlich wieder verfügbar. "In souveräner Beherrschung der weitverzweigten Literatur und in subtiler Kenntnis der oft hochkomplizierten Zusammenhänge", urteilt der Frankfurter Historiker Lothar Gall, "bewahrt Hildebrand sich doch immer den Blick für das Wesentliche, für die zentralen Entwicklungslinien. Strukturen und Persönlichkeiten kommen gleichermaßen zu ihrem Recht, und die Windungen, Gabelungen und Kreuzungen auf dem am Ende verhängnisvollen Weg von Bismarck zu Bülow, von Stresemann zu Hitler werden ebenso eingehend geschildert wie die Möglichkeiten und Chancen, die Leistungen und die Fehlgriffe, die sich auf diesem Wege ergaben."
