*The Movie Musical!* Jeanine Basinger 2019-11-05 Irresistible and authoritative, *The Movie Musical!* is an in-depth look at the singing, dancing, happy-making world of Hollywood musicals, beautifully illustrated in color and black-and-white--an essential text for anyone who's ever laughed, cried, or sung along at the movies. Leading film historian Jeanine Basinger reveals, with her trademark wit and zest, the whole story of the Hollywood musical--in the most telling, most incisive, most detailed, most gorgeously illustrated book of her long and remarkable career. From Fred Astaire, whom she adores, to *La La Land*, which she deplores, Basinger examines a dazzling array of stars, strategies, talents, and innovations in the history of musical cinema. Whether analyzing a classic Gene Kelly routine, relishing a Nelson-Jeanette operetta, or touting a dynamic hip hop number (in the underrated *Idlewild*), she is a canny and charismatic guide to the many ways that song and dance have been seen--and heard--on film. With extensive portraits of everyone from Al Jolson, the Jazz Singer; to Doris Day, whose iconic sunniness has overshadowed her dramatic talents; from Deanna Durbin, that lovable teen-star of the '30s and '40s; to Shirley T. and Judy G.; from Bing to Frank to Elvis; from Ann Miller to Ann-Margret; from Disney to Chicago . . . focusing on many beloved, iconic films (*Top Hat*; *Singin' in the Rain*; *Meet Me in St. Louis*; *The Sound of Music*) as well as unduly obscure gems (*Eddie Cantor's Whoopee!*; *Murder at the Vanities*; *Sun Valley Serenade*; *One from the Heart*), this book is astute, informative, and pure pleasure to read.

*Art and the Politics of Visibility* Zeena Feldman 2017-10-05 How does cultural context affect the interpretation of art? What makes artists' work transnational or national in character, and how will their visibility be impacted by either label? *Art and the Politics of Visibility* questions these dynamics, asking how the dissemination of visual culture on a global scale affects art and its institutions. Taking Shanghai-based artist Yang Fudong's practice as a point of departure, this volume focuses on how politically charged images produced in contemporary art, cinema, literature, news media and fashion become widely consumed or marginalised. Through case studies of artists including Titus Kaphar, Sara Maple, Shirin Neshat, J.M. Coetzee, Barbara Walker and Apichatpong Weerasethakul, the book illuminates the relationship between visibility, politics and identity in contemporary visual culture.

*Book from the Ground* Bing Xu 2018-11-06 A book without words, recounting a day

in the life of an office worker, told completely in the symbols, icons, and logos of modern life. Twenty years ago I made *Book from the Sky*, a book of illegible Chinese characters that no one could read. Now I have created *Book from the Ground*, a book that anyone can read. —Xu Bing

Following his classic work *Book from the Sky*, the Chinese artist Xu Bing presents a new graphic novel—one composed entirely of symbols and icons that are universally understood. Xu Bing spent seven years gathering materials, experimenting, revising, and arranging thousands of pictograms to construct the narrative of *Book from the Ground*. The result is a readable story without words, an account of twenty-four hours in the life of “Mr. Black,” a typical urban white-collar worker. Our protagonist's day begins with wake-up calls from a nearby bird and his bedside alarm clock; it continues through tooth-brushing, coffee-making, TV-watching, and cat-feeding. He commutes to his job on the subway, works in his office, ponders various fast-food options for lunch, waits in line for the bathroom, daydreams, sends flowers, socializes after work, goes home, kills a mosquito, goes to bed, sleeps, and gets up the next morning to do it all over again. His day is recounted with meticulous and intimate detail, and reads like a postmodern, post-textual riff on James Joyce's account of Bloom's peregrinations in *Ulysses*. But Xu Bing's narrative, using an exclusively visual language, could be published anywhere, without translation or explication; anyone with experience in contemporary life—anyone who has internalized the icons and logos of modernity, from smiley faces to transit maps to menus—can understand it.

**Call Sign Chaos** Jim Mattis 2021-03-02 #1 NEW YORK TIMES BESTSELLER • A clear-eyed account of learning how to lead in a chaotic world, by General Jim Mattis—the former Secretary of Defense and one of the most formidable strategic thinkers of our time—and Bing West, a former assistant secretary of defense and combat Marine. “A four-star general's five-star memoir.”—The Wall Street Journal *Call Sign Chaos* is the account of Jim Mattis's storied career, from wide-ranging leadership roles in three wars to ultimately commanding a quarter of a million troops across the Middle East. Along the way, Mattis recounts his foundational experiences as a leader, extracting the lessons he has learned about the nature of warfighting and peacemaking, the importance of allies, and the strategic dilemmas—and short-sighted thinking—now facing our nation. He

makes it clear why America must return to a strategic footing so as not to continue winning battles but fighting inconclusive wars. Mattis divides his book into three parts: Direct Leadership, Executive Leadership, and Strategic Leadership. In the first part, Mattis recalls his early experiences leading Marines into battle, when he knew his troops as well as his own brothers. In the second part, he explores what it means to command thousands of troops and how to adapt your leadership style to ensure your intent is understood by your most junior troops so that they can own their mission. In the third part, Mattis describes the challenges and techniques of leadership at the strategic level, where military leaders reconcile war's grim realities with political leaders' human aspirations, where complexity reigns and the consequences of imprudence are severe, even catastrophic. Call Sign Chaos is a memoir of a life of warfighting and lifelong learning, following along as Mattis rises from Marine recruit to four-star general. It is a journey about learning to lead and a story about how he, through constant study and action, developed a unique leadership philosophy, one relevant to us all.

52 Funeral Sermons Barry L. Davis 2013-05-05 For most of us, one of the most rewarding, yet difficult tasks, is preparing messages to preach and teach. We are honored by God to stand before our congregation each week, and we want to give them the very best, but with the press of the many demands of ministry, sometimes that is difficult to do. And if you're like me, you prefer writing your own sermons because you have a special connection with your congregation that is hard to reach through a message someone else has written. In other words, no one knows your people like you do! Our new Pulpit Outline Series gives you a starting point - a sermon title, a deductive sermon outline; and a relevant illustration you can use however you like. In this edition, rather than an outline, we have given you full manuscript messages that can be edited to suit your purposes. We invite you to make these messages your own, because only you know the people God has called you to preach to. And we are so honored that you've invested in this unique third volume in the Pulpit Outline series - 52 Funeral Sermons. We have put together the most tasteful, relevant, and Biblical messages possible. May God Bless You as You Share His Word!

Into the Fire Dakota Meyer 2012-09-25 "The story of what Dakota did . . . will be told for generations."—President Barack Obama, from remarks given at Meyer's Medal of Honor ceremony In the fall of 2009, Taliban insurgents ambushed a patrol of Afghan soldiers and Marine advisors in a mountain village called Ganjigal. Firing from entrenched positions, the enemy was positioned to wipe out one hundred men who were pinned down and were repeatedly refused artillery support. Ordered to remain behind with the vehicles, twenty-one year-old Marine corporal Dakota Meyer disobeyed orders and attacked to rescue his comrades. With a brave driver at the wheel, Meyer stood in the gun turret exposed to

withering fire, rallying Afghan troops to follow. Over the course of the five hours, he charged into the valley time and again. Employing a variety of machine guns, rifles, grenade launchers, and even a rock, Meyer repeatedly repulsed enemy attackers, carried wounded Afghan soldiers to safety, and provided cover for dozens of others to escape—supreme acts of valor and determination. In the end, Meyer and four stalwart comrades—an Army captain, an Afghan sergeant major, and two Marines—cleared the battlefield and came to grips with a tragedy they knew could have been avoided. For his actions on that day, Meyer became the first living Marine in three decades to be awarded the Medal of Honor. Into the Fire tells the full story of the chaotic battle of Ganjigal for the first time, in a compelling, human way that reveals it as a microcosm of our recent wars. Meyer takes us from his upbringing on a farm in Kentucky, through his Marine and sniper training, onto the battlefield, and into the vexed aftermath of his harrowing exploits in a battle that has become the stuff of legend. Investigations ensued, even as he was pitched back into battle alongside U.S. Army soldiers who embraced him as a fellow grunt. When it was over, he returned to the States to confront living with the loss of his closest friends. This is a tale of American values and upbringing, of stunning heroism, and of adjusting to loss and to civilian life. We see it all through Meyer's eyes, bullet by bullet, with raw honesty in telling of both the errors that resulted in tragedy and the resolve of American soldiers, U.S. Marines, and Afghan soldiers who'd been abandoned and faced certain death. Meticulously researched and thrillingly told, with nonstop pace and vivid detail, Into the Fire is the unvarnished story of a modern American hero. Praise for Into the Fire "A story of men at their best and at their worst . . . leaves you gaping in admiration at Medal of Honor winner Dakota Meyer's courage."—National Review "Meyer's dazzling bravery wasn't momentary or impulsive but deliberate and sustained."—The Wall Street Journal "[A] cathartic, heartfelt account . . . Combat memoirs don't get any more personal."—Kirkus Reviews "A great contribution to the discussion of an agonizingly complex subject."—The Virginian-Pilot "Black Hawk Down meets Lone Survivor."—Library Journal

**No True Glory: Fallujah and the Struggle in Iraq** Bing West 2005-09-27 BONUS: This edition contains excerpts from Bing West's *The Strongest Tribe* and *The March Up*. "This is the face of war as only those who have fought it can describe it."—Senator John McCain Fallujah: Iraq's most dangerous city unexpectedly emerged as the major battleground of the Iraqi insurgency. For twenty months, one American battalion after another tried to quell the violence, culminating in a bloody, full-scale assault. Victory came at a terrible price: 151 Americans and thousands of Iraqis were left dead. The epic battle for Fallujah revealed the startling connections between policy and combat that are a part of the new reality of war. The Marines had planned to slip into Fallujah "as soft as fog." But after four American contractors were brutally murdered, President Bush ordered an attack on the city—against the advice of the Marines. The assault sparked a political firestorm, and the Marines were forced to withdraw amid controversy and confusion—only to be ordered a second time to take a city that had become an inferno of hate and the lair of the archterrorist al-Zarqawi. Based on months spent with the battalions in Fallujah and hundreds of interviews at every level—senior policymakers, negotiators, generals, and soldiers and Marines on the front lines—*No True Glory* is a testament to the bravery of the American soldier and a cautionary tale about the complex—and often costly—interconnected roles of policy, politics, and battle in the twenty-first century.
