**Bloodlust and Bylines** JL Merrow 2020-04-18 Investigative journalist Frank would do anything for the next big scoop, and a chance to break the news to the world that vampires really exist is too good to pass up. But his fact-finding mission to an undead hangout takes a terrifying turn when he's locked in a cellar with a starving -- if sexy -- bloodsucker and no escape in sight. Forlorn vampire Viktor hasn't had a bite in months, ever since falling foul of über-vamp The Mistress and being imprisoned for his sins. Delivered to his cell like Meals on Wheels, Frank's the tastiest morsel he's seen in a long time. Viktor can't wait to get his fangs into him -- and there's something about Frank that makes Viktor lust for more than just his blood. To escape the mysterious Mistress's prison, predator and prey will have to work together -- if, that is, they can manage to rein in their baser appetites for long enough! Note: this short story was previously published under the title Becoming the Spoils.

The Last Vampire Christopher Pike 2003 Alisa Perne is the last vampire. Beautiful and brilliant, she hunts alone, living among humans, living off humans. But someone is stalking her. Someone wants her dead. And Alisa has a choice to make - to keep a long held promise or protect the mortal she seems to be falling for.

**Vampira** W. Scott Poole 2014-08-18 This whip-smart piece of pop culture details the life of the cult horror figure, as well as the much wider story of 1950s America, its treatment of women and sex, and a fascinating swath of Hollywood history. In *Vampira*, Poole gives us the eclectic life of the dancer, stripper, actress, and artist Maila Nurmi, who would reinvent herself as *Vampira* during the backdrop of 1950s America, an era of both chilling conformity and the nascent rumblings of the countercultural response that led from the Beats and free jazz to the stirring of the LGBT movement and the hardcore punk scene in the bohemian enclave along Melrose Avenue. A veteran of the New York stage and late nights at Hollywood's hipster hangouts, Nurmi would eventually be linked to Elvis, Orson Welles, and James Dean, as well as stylist and photographer Rudi Gernreich, founder of the Mattachine Society and designer of the thong. Thanks to rumors of a romance between *Vampira* and James Dean, his tragic death inspired the circulation of stories that she had cursed him and, better yet, had access to his dead body for use in her dark arts. In Poole's expert hands, *Vampira* is more than the story of a highly creative artist continually reinventing herself, but a parable of the runaway housewife bursting the bounds of our straight-laced conventions with an exuberant display of camp, sex, and creative individuality that owed something to the morbid New Yorker cartoons of Charles Addams, the evil queen from Disney's *Snow White*, and the popular,

underground bondage magazine Bizarre, and forward to the staged excesses of Madonna and Lady Gaga. Vampira is a wildly compelling tour through a forgotten piece of pop cultural history, one with both cultish and literary merit, sure to capture the imagination of Vampira fans new and old.

Perhaps you've given it your best effort, but simply didn't have enough tools in your tool box to finish that first draft. Wherever you're at with this novel-writing thing, popular bloggers Stephanie Morrill, Jill Williamson, and Shannon Dittmore totally understand. They know it's hard to finish a first draft. Strategies for creating memorable storyworlds and settings. What theme is and how to use it to enrich your story. What to do when your first draft is finished. There's no doubt about it. Learning to write a novel from beginning to end is a challenge. But with this book as your guide, you'll see that when you're in possession of the right tools, you're capable of finishing what you start. You'll be empowered and encouraged—as if you had a writing coach (or three!) sitting alongside you.

*To Best the Boys* Mary Weber 2019-03-19 The task is simple: Don a disguise. Survive the labyrinth . . . Best the boys. Every year for the past fifty-four years, the residents of Pinsbury Port have received a mysterious letter inviting all eligible-aged boys to compete for an esteemed scholarship to the all-male Stenwick University. The poorer residents look to see if their names are on the list. The wealthier look to see how likely their sons are to survive. And Rhen Tellur opens it to see if she can derive which substances the ink and parchment are created from, using her father's microscope. In the province of Caldon, where women train in wifely duties and men pursue collegiate education, sixteen-year-old Rhen Tellur wants nothing more than to become a scientist. As the poor of her seaside town fall prey to a deadly disease, she and her father work desperately to find a cure. But when her mum succumbs to it as well? Rhen decides to take the future into her own hands—through the annual all-male scholarship competition. *Bone Song* John Meaney 2015-10-15 Lieutenant Donal Connor has been given the most bizarre of new cases. Four famous stage performers have died in recent months, three of them in state capitals within Transifica, the fourth in far Zurinam. And now the idolised diva Maria deLivnova is coming to Tristopolis. Donal's boss is determined that nothing like this is ever to happen in his city. Connor is to have anything he needs, as long as the diva lives. And so begins a dark investigation through a world where corpses give up their psychic energy in the massive necroflux generators which power the city, where gargoyles talk, where wraiths work in slavery, a world of the dead where corruption is alive. This is an extraordinary SF novel set in alternate universe quite unlike any imagined in SF before; a universe where magic and the supernatural and the undead are given a scientific rationale and hoarfyingly plausible rationale. The novel's setting, Tristopolis, is the ultimate noir city; an immense baroque creation of haunted stone skyscrapers, black metal and city-wide catacombs. Its hero Donal Connor is immensely likeable and easy to

identify with. Even once he's dead.

*Teenagers And Teenpics* Thomas Doherty 2002-05-17 *Teenagers and Teenpics* tells the story of two signature developments in the 1950s: the decline of the classical Hollywood cinema and the emergence of that strange new creature, the American teenager. Hollywood's discovery of the teenage moviegoer initiated a progressive "juvenilization" of film content that is today the operative reality of the American motion picture industry. The juvenilization of the American movies is best revealed in the development of the 1950s "teenpic," a picture targeted at teenagers even to the exclusion of their elders. In a wry and readable style, Doherty defines and interprets the various teenpic film types: rock 'n' roll pictures, j.d. films, horror and sci-fi weirdies, and clean teenpics. Individual films are examined both in light of their impact on the motion picture industry and in terms of their important role in validating the emerging teenage subculture. Also included in this edition is an expanded

treatment of teenpics since the 1950s, especially the teenpics produced during the age of AIDS.
