Musical Analyses and Musical Exegesis Jean-Jacques Nattiez 2021 Here translated for the first time, Jean-Jacques Nattiez's widely hailed comparative guide to the techniques of music analysis focuses on a single vivid passage from Wagner's Tristan and Isolde.

Schumann Eric Frederick Jensen 2012-02-13 Robert Schumann is one of the most intriguing- and enigmatic-composers of the nineteenth century. Extraordinarily gifted in both music and literature, many of his compositions were inspired by poetry and novels. For much of his life he was better known as a music critic than as a composer. But whether writing as critic or composer, what he produced was created by him as a reflection of his often turbulent life. Best known was the tempestuous courtship of his future wife, the pianist Clara Wieck. Though marriage and family life seemed to provide a sense of constancy, he increasingly experienced periods of depression and instability. Mounting criticism of his performance as music director at Dusseldorf led to his attempted suicide in 1854. Schumann was voluntarily committed to an insane asylum near Bonn where, despite indications of improvement and dissatisfaction with his treatment, he spent the final two years of his life. Drawing on original research and newly published letters and journals from the time, author Eric Frederick Jensen presents a balanced portrait of the composer with both scholarly authority and engaging clarity. Biographical chapters alternate with discussion of Schumann's piano, chamber, choral, symphonic, and operatic works, demonstrating how the circumstances of his life helped shape the music he wrote. Chronicling the romance of Robert and Clara, Jensen offers a nuanced look at the evolution of their relationship, one that changed dramatically after marriage. He also follows Schumann's creative musical criticism, which championed the burgeoning careers of Chopin, Liszt, and Brahms and challenged the musical tastes of Europe.

The Etude 1908 A monthly journal for the musician, the music student, and all music lovers.

Musical Observer 1925

LIFE 1962-03-02 LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century. It now lives on at LIFE.com, the largest, most amazing collection of professional

photography on the internet. Users can browse, search and view photos of today's people and events. They have free access to share, print and post images for personal use.

Notes for Clarinetists Albert R. Rice 2017 *Notes for Clarinetists: A Guide to the Repertoire* offers important historical and analytical information about thirty-five of the best-known pieces written for the instrument. Numerous contextual and theoretical insights make it an essential resource for professional, amateur, and student clarinetists. With engaging prose supported by fact-filled analytical charts, the book offers rich biographical information and informative analyses to help clarinetists gain a more complete understanding of Three Pieces for Clarinet Solo by Igor Stravinsky, Aaron Copland's Concerto for Clarinet, String Orchestra, Harp, and Piano, Robert Schumann's Fantasy Pieces for Clarinet and Piano, Op. 73. and Time Pieces for Clarinet and Piano, Op. 43. by Robert Muczynski, among many others. With close attention to matters of context, style, and harmonic and formal analysis, Albert Rice explores a significant portion of the repertoire, and offers a faithful and comprehensive guide that includes works by Boulez, Brahms, and Mozart to Hindemith, Poulenc, and Stamitz. Rice includes biographical information on each composer and highlights history's impact on the creation and performance of important works for clarinet. Intended as a starting point for connecting performance studies with scholarship, Rice's analysis will help clarinetists gain a more complete picture of a given work. Its valuable insights make it essential to musicians preparing and presenting programs, and its detailed historical information about the work and composer will encourage readers to explore other works in a similarly analytical way. Covering concertos, chamber pieces, and works for solo clarinet, Rice presents *Notes for Clarinetists* as an indispensable handbook for students and professionals alike.

Musical Courier 1905 Vols. for 1957-61 include an additional (mid-January) no. called Directory issue, 1st-5th ed. The 6th ed. was published as the Dec. 1961 issue.

The Musical Leader 1922

The Voice of New Music Tom Johnson 1989 An anthology of articles on the evolution of minimal music in New York in 1972-1982, which originally appeared in the Village Voice (New York).

The Cambridge Companion to Rhythm Russell Hartenberger 2020-08-31 One of the defining aspects of music is that it exists in time. From clapping to dancing, toe-tapping to head-nodding, the responses of musicians and listeners alike capture the immediacy and significance of the musical beat. This Companion explores the richness of musical time through a variety of perspectives, surveying influential writings on the topic, incorporating the perspectives of listeners, analysts, composers, and performers, and considering the subject across a range of genres and cultures. It includes chapters on music perception, visualizing rhythmic notation, composers' writings on rhythm, rhythm in jazz, rock, and hip-hop. Taking a global approach, chapters also explore rhythmic styles in the music of India, Africa, Bali, Latin America and the Caribbean, and Indigenous music of North and South America. Readers will gain an understanding of musicians' approaches to performing complex rhythms of contemporary music, and revealing insights into the likely future of rhythm in music.

Liszt and Virtuosity Robert Doran 2020 A new and wide-ranging collection of essays by leading international scholars, exploring the concept and practices of virtuosity in Franz Liszt and his

contemporaries.

Etude 1908 Includes music.

Brahms and the Scherzo Ryan McClelland 2016-04-15 Despite the incredible diversity in Brahms's scherzo-type movements, there has been no comprehensive consideration of this aspect of his oeuvre. Professor Ryan McClelland provides an in-depth study of these movements that also contributes significantly to an understanding of Brahms's compositional language and his creative dialogue with musical traditions. McClelland especially highlights the role of rhythmic-metric design in Brahms's music and its relationship to expressive meaning. In Brahms's scherzo-type movements, McClelland traces transformations of primary thematic material, demonstrating how the relationship of the initial music to its subsequent versions creates a musical narrative that provides structural coherence and generates expressive meaning. McClelland's interpretations of the expressive implications of Brahms's fascinatingly intricate musical structures frequently engage issues directly relevant to performance. This illuminating book will appeal to music theorists, musicologists working on nineteenth-century instrumental music and performers.

Words Without Music: A Memoir Philip Glass 2015-04-06 New York Times Bestseller "Reads the way Mr. Glass's compositions sound at their best: propulsive, with a surreptitious emotional undertow." —Corinna da Fonseca-Wollheim, New York Times Philip Glass has, almost single-handedly, crafted the dominant sound of late-twentieth-century classical music. Yet in *Words Without Music*, his critically acclaimed memoir, he creates an entirely new and unexpected voice, that of a born storyteller and an acutely insightful chronicler, whose behind-the-scenes recollections allow readers to experience those moments of creative fusion when life so magically merged with art. From his childhood in Baltimore to his student days in Chicago and at Juilliard, to his first journey to Paris and a life-changing trip to India, Glass movingly recalls his early mentors, while reconstructing the places that helped shape his creative consciousness. Whether describing working as an unlicensed plumber in gritty 1970s New York or composing *Satyagraha*, Glass breaks across genres and re-creates, here in words, the thrill that results from artistic creation. *Words Without Music* ultimately affirms the power of music to change the world.

Experimentalism Otherwise Benjamin Piekut 2011-04-04 A book about the links between avant garde music and the art scene in New York City in the 1960s. John Cage and Iggy Pop, together at last.

Billboard 1965-12-04 In its 114th year, *Billboard* remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. *Billboard* publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

Explaining Tonality Matthew Brown 2005 A defense of Schenkerian analysis of tonality in music.

Musical Motives Brent Auerbach 2021-04-21 All music fans harbor in their memories vivid fragments of their favorite works. The starting guitar solo of "Satisfaction" by the Rolling Stones, the da-da-da-DUM gesture that opens Beethoven's Fifth Symphony, the lush swelling

chords of a beloved movie soundtrack: hearing the briefest snippet of any of these is enough to transport listeners into the piece's sonic and emotional world. But what makes musical motives so powerful? In *Musical Motives*, author Brent Auerbach looks at the ways that motives the small-scale pitch and rhythm shapes that are ever-present in music unify musical compositions and shape our experiences of them. Motives serve both to communicate basic musical meaning and to tie together sound space like the motifs in visual art. They present in all genres from classical and popular to jazz and world music, making them ideally suited for analysis. *Musical Motives* opens with a general introduction to these fundamental building blocks, then lays out a comprehensive theory and method to account for music's structure and drama in motivic terms. Aimed at both amateur and expert audiences, the book offers a tiered approach that progresses from Basic to Complex Motivic Analysis. The methods are illustrated by small- and large-scale analyses of pieces by Mozart, Beethoven, Handel, Chaminade, Verdi, Radiohead, and many more.

Concepts for timpani John Beck 2001 "The material deals with quality sound from the early stages of development to the professional stage. A book for the beginner, intermediate or advanced student, it contains exercises, etudes and solos of all difficulties provide the student with ample material to practice. Topics covered include: tuning, warm-ups, tone production, rolls, muffling, cross sticking, pedaling, intervals exercises and 12 performance solos." -- Back cover.

Brahms and the Shaping of Time Scott Murphy 2018 Combines fresh approaches to the life and music of the beloved nineteenth-century composer with the latest and most significant ways of thinking about rhythm, meter, and musical time.

Focal Impulse Theory John Paul Ito 2021-01-05 Music is surrounded by movement, from the arching back of the guitarist to the violinist swaying with each bow stroke. To John Paul Ito, these actions are not just a visual display; rather, they reveal what it really means for musicians to move with the beat, organizing the flow of notes from beat to beat and shaping the sound produced. By developing "focal impulse theory," Ito shows how a performer's choices of how to move with the meter can transform the music's expressive contours. Change the dance of the performer's body, and you change the dance of the notes. As *Focal Impulse Theory* deftly illustrates, bodily movements carry musical meaning and, in a very real sense, are meaning.

Self-quotation in Schubert Scott Messing 2020 Examines the history of musical self-quotation, and reveals and explores a previously unidentified case of Schubert quoting one of his own songs in a major instrumental work.

Brahms's A German Requiem R. Allen Lott 2020 Examines in detail the contexts of Brahms's masterpiece and demonstrates that, contrary to recent consensus, it was performed and received as an inherently Christian work during the composer's life.

The Horn Handbook Verne Reynolds 1997 AmadeusThis immensely practical handbook is the work of a musician, composer, and teacher at the Eastman School of Music. The first book to cover the topic, it presents a broad introduction to horn study, practice, and performance.

Heinrich Schenker's Conception of Harmony Robert W. Wason 2020 The first detailed study of

Schenker's pathbreaking 1906 treatise, showing how it reflected 2500 years of thinking about harmony and presented a vigorous reaction to Austro-Germanic music theory ca. 1900.

Billboard 1954-11-06 In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. Pentatonicism from the Eighteenth Century to Debussy Jeremy Day-O'Connell 2007 A generously illustrated examination of pentatonic ("black-key scale") techniques in the context of eighteenth- and nineteenth-century Western art-music.

Billboard 1971-03-27 In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

Program Notes Cleveland Orchestra

12 Etudes for Viola Franz Anton Hoffmeister 2020-10-12 The studies for viola by Franz Anton Hoffmeister (1754-1812) can be considered as one of the most important works written for viola players in this period nearly to the 19th century. This urtext edition is made from a complicated source, it is a facsimile of the first edition of the twelve studies that are divided into two books, therefore, this version tries to get as close as possible to the real intentions of Hoffmeister to provide interpretation opportunities to both professional and amateur musicians in a clear and spacious manner, also presents a musical text that is not limited by the philosophy of over-publishing of the 19th century. Convenient page turns for individual study and some parenthetical suggestions for slurs, dynamics and tempo have been offered by the editor. Los estudios para viola de Franz Anton Hoffmeister (1754-1812) pueden ser considerado como una de las obras más importantes hecha para los ejecutantes de viola en este período cercano al siglo XIX. La presente edición urtext está realizada a partir de una fuente complicada, se trata de un facsímil de la primera edición de los doce estudios que están dividido en dos libros, por lo tanto, esta versión trata de acercarse lo más posible a las intenciones reales de Hoffmeister para brindar oportunidades de interpretación tanto a músicos profesionales como aficionados de una manera clara y espacios, además presenta un texto musical que no está limitado por la filosofía de sobreedición del siglo XIX. Se han proporcionado pases de páginas cómodas para el estudio individual y algunas sugerencias entre paréntesis de ligaduras, matices y de tempo por el editor.

International Who's who in Music and Musicians' Directory 1990

Ebony 1989-11 EBONY is the flagship magazine of Johnson Publishing. Founded in 1945 by John H. Johnson, it still maintains the highest global circulation of any African American-focused magazine.

Amico Warwick Lister 2009-07-23 This is the first full-length biography in English of Giovanni Battista Viotti (1755-1824), one of the great violinist-composers in the history of music, and arguably the most influential violinist who ever lived. This study is based on extensive

documentary research, much of it here revealed for the first time.

The Literary Digest International Book Review Clifford Smyth 1925

Bernstein and Robbins Sophie Redfern 2021 Leonard Bernstein and choreographer Jerome Robbins stand as giants of the musical-theatre world, but it was ballet that launched their stage careers and established their relationship. With *Fancy Free* (1944), their triumphant debut collaboration produced by Ballet Theatre, Bernstein, Robbins, and set designer Oliver Smith—all in their mid-twenties—captured the spirit of wartime New York, created a defining ballet of the period still widely performed today, and became overnight sensations. The hit musical *On the Town* (1944) and a now largely forgotten ballet, *Facsimile* (1946), followed over the next two years. Drawing extensively on previously unpublished archival documents, *Bernstein and Robbins: The Early Ballets* provides a richly detailed and original historical account of the creation, premiere, and reception of *Fancy Free* and *Facsimile*. It reveals the vital and sometimes conflicting role of Ballet Theatre, explores how Bernstein composed the scores, sheds light on the central importance of Oliver Smith, and considers the legacy of these works for all involved. The result is a new understanding of Bernstein, Robbins, and this formative period in their lives.

Billboard 1966-01-15 In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.
