Brave, Not Perfect Reshma Saujani 2019-02-05 INTERNATIONAL BESTSELLER • Inspired by her popular TED Talk, the founder and CEO of Girls Who Code urges women to embrace imperfection and live a bolder, more authentic life. "A timely message for women of all ages: Perfection isn't just impossible but, worse, insidious."—Angela Duckworth, bestselling author of *Grit* Imagine if you lived without the fear of not being good enough. If you didn't care how your life looked on Instagram. If you could let go of the guilt and stop beating yourself up for making human mistakes. Imagine if, in every decision you faced, you took the bolder path? As women, too many of us feel crushed under the weight of our own expectations. We run ourselves ragged trying to please everyone, pass up opportunities that

scare us, and avoid rejection at all costs. There's a reason we act this way, Saujani says. As girls, we were taught to play it safe. Well-meaning parents and teachers praised us for being quiet and polite, urged us to be careful so we didn't get hurt, and steered us to activities at which we could shine. As a result, we grew up to be women who are afraid to fail. It's time to stop letting our fears drown out our dreams and narrow our world, along with our chance at happiness. By choosing bravery over perfection, we can find the power to claim our voice, to leave behind what makes us unhappy, and to go for the things we genuinely, passionately want. Perfection may set us on a path that feels safe, but bravery leads us to the one we're authentically meant to follow. In *Brave, Not Perfect*, Saujani shares powerful insights and practices to help us let go of our need for perfection and make bravery a lifelong habit. By being brave, not perfect, we can all become the authors of our best and most joyful life.

The Brave Learner Julie Bogart 2019-02-05 Publishers Weekly bestseller · A joyful and accessible homeschool guide to making learning a part of everyday life Parents who are deeply invested in their children's education can be hard on themselves and their kids. When exhausted parents are living the day-to-day grind, it can seem impossible to muster enough energy to make learning fun or interesting. How do parents nurture a love of learning amid childhood chaos, parental self-doubt, the flu, and state academic standards? In this book, Julie Bogart distills decades of experience--homeschooling her five now grown children, developing curricula, and training homeschooling families around the world--to show parents how to make education an exciting, even enchanting, experience for their kids, whether they're in elementary or high school. Enchantment is about ease, not striving. Bogart shows parents how to make room for surprise, mystery, risk, and adventure in their family's routine, so they can create an environment that naturally moves learning forward. If a child wants to pick up a new hobby or explore a subject area that the parent knows little about, it's easy to simply say "no" to end the discussion and the parental discomfort, while dousing their child's curious spark. Bogart gently invites parents to model brave learning for their kids so they, too, can approach life with curiosity, joy, and the courage to take learning risks.

The Woman Warrior Maxine Hong Kingston 2010-09-01 NATIONAL BOOK CRITICS CIRCLE AWARD WINNER • NATIONAL BESTSELLER • With this book, the acclaimed author created an entirely new form—an exhilarating blend of autobiography and mythology, of world and self, of hot rage and cool analysis. First published in 1976, it has become a classic in its innovative portrayal of multiple and intersecting identities—immigrant, female, Chinese, American. "A classic, for a reason" – Celeste Ng via Twitter As a girl, Kingston lives in two confounding worlds: the California to which her parents have immigrated and the China of her mother's "talk stories." The fierce and wily women warriors of her mother's tales clash jarringly with the harsh reality of female oppression out of which they come. Kingston's sense of self emerges in the mystifying gaps in these stories, which she learns to fill with stories of her own. A warrior of words, she forges fractured myths and memories into an incandescent whole, achieving a new understanding of her family's past and her own present.

during the most formative stage of life: the middle school years. After years of research as a psychologist and consultant for women struggling in the professional world, Stacey Radin made a groundbreaking realization: women who become successful leaders learn how to do so in the middle grades—the most formative stage in a girl’s development and self-identification. Drawing on her own experience with Unleashed, an after-school program dedicated to empowering girls through puppy rescue, Radin has written *Brave Girls*—the ultimate guidebook for anyone who wants to help girls become confident, passionate, and powerful leaders. At a pivotal time in their lives, girls learn to advocate for others, think critically, and, most importantly, gain confidence in their ability to create change. Perfect for “anyone concerned with girls and women’s lives” (New York Times bestselling author Michael Gurian), *Brave Girls* shows how contributing to one cause can shape a leader for life while reducing the hazards of middle school—bullying, excessive competition, fear of speaking out—and identifying the patterns that truly make a difference. If we take initiative early enough, we can inspire today’s girls to become the next generation of strong, enthusiastic, and fulfilled leaders in all areas of society.

Twelve-year-old Callie Wilcomb and her family are slaves, and the Civil War gives them hope that freedom may be on the horizon. On May 23, 1861, the State of Virginia ratified their vote to secede from the Union. In Virginia, a window was opened where the laws of the land no longer applied. Because of the Contraband Law, slaves no longer had to be returned to their owners, granting them a measure of protection and safety. With the possibility of Callie and her family escaping their bonds forever, Callie is eager to learn and become educated and hopes to teach others one day. Through hardship and loss—with love and strong family ties—Callie proves that freedom is in her stars.
