The Drowning Girls Paula Treick DeBoard 2016-05-01 "Spellbinding."—Mary Kubica, New York Times bestselling author of *The Good Girl and Pretty Baby* "Disturbing...provocative." —Heather Gudenkauf, New York Times bestselling author Critically acclaimed author of *The Mourning Hours* and *The Fragile World*, Paula Treick DeBoard returns with a tale of dark secrets, shocking lies and a dangerous obsession that will change one neighborhood forever Liz McGinnis never imagined herself living in a luxurious gated community like The Palms. Ever since she and her family moved in, she's felt like an outsider amongst the Stepford-like wives and their obnoxiously spoiled children. Still, she's determined to make it work—if not for herself, then for her husband, Phil, who landed them this lavish home in the first place, and for her daughter, Danielle, who's about to enter high school. Yet underneath the glossy veneer of The Palms, life is far from idyllic. In a place where reputation is everything, Liz soon discovers that even the friendliest residents can't be trusted. So when the gorgeous girl next door befriends Danielle, Liz can't help but find sophisticated Kelsey's interest in her shy and slightly nerdy daughter a bit suspicious. But while Kelsey quickly becomes a fixture in the McGinnis home, Liz's relationships with both Danielle and Phil grow strained. Now even her own family seems to be hiding things, and it's not long before their dream of living the high life quickly spirals out of control... The Bullet Journal Method Ryder Carroll 2021-12 THE NEW YORK TIMES BESTSELLER Transform your life using the Bullet Journal Method, the revolutionary organisational system and worldwide phenomenon. The Bullet Journal Method will undoubtedly transform your life, in more ways than you can imagine! Hal Elrod, author of The Miracle Morning In his long-awaited first book, Ryder Carroll, the creator of the enormously popular Bullet Journal organisational system, explains how to use his method to: * TRACK YOUR PAST: using nothing more than a pen and paper, create a clear, comprehensive, and organised record of your thoughts and goals. * ORDER YOUR PRESENT: find daily calm by prioritising and minimising your workload and tackling your to-do list in a more mindful and productive way. * PLAN YOUR FUTURE: establish and appraise your short-term and long-term goals, plan more complex projects simply and effectively, and live your life with meaning and purpose. Like many of us, Ryder Carroll tried everything to get organised - countless apps, systems, planners, you name it. Nothing really worked. Then he invented his own simple system that required only pen and paper, which he found both effective and calming. He shared his method with a few friends, and before long he had a worldwide viral movement. The system combines elements of a wishlist, a to-do list, and a diary. It helps you identify what matters and set goals accordingly. By breaking long-term goals into small actionable steps, users map out an approachable path towards continual improvement, allowing them to stay focused despite the crush of incoming demands. But this is much more than a time management book. It's also a manifesto for what Ryder calls "intentional living": making sure that your beliefs and actions align. Even if you already use a Bullet Journal, this book gives you new exercises to become more calm and

focused, new insights on how to prioritise well, and a new awareness of the power of analogue tools in a digital world. *** This book has been printed with three different colour designs, black, Nordic blue and emerald. We are unable to accept requests for a specific cover. The different covers will be assigned to orders at random. ***

Little Fox Edward van de Vendel 2020-08-25 Good parents everywhere know the tension of wanting our kids to be curious, to have rich experiences and friends...but to be perfectly safe while doing it. Little Fox knows all about it! His father (in classic picture book fashion) warns him of the danger everywhere. But Little Fox still frolics with butterflies, scavenges for food, and searches for new friends. Then one day he takes a tumble, bumps his head, and starts dreaming of things that reflect both the beauty he's seen and the scary things he's heard. Marije Tolman's ingenious illustrations use a fresh technique that feels like a movie and a dream, starring the cheerful, bright orange Little Fox on grainy mixed media landscapes of blue and green. And when Little Fox wakes up, he's perhaps a little wiser, but still every bit as curious and full of life. Praise for Little Fox ★ "A beautiful, fully realized dreamscape. A tender, brilliant tour de force from the Netherlands."—Kirkus Reviews, starred review
