**The Alchemist** Paulo Coelho 2015-02-24 A special 25th anniversary edition of the extraordinary international bestseller, including a new Foreword by Paulo Coelho. Combining magic, mysticism, wisdom and wonder into an inspiring tale of self-discovery, *The Alchemist* has become a modern classic, selling millions of copies around the world and transforming the lives of countless readers across generations. Paulo Coelho's masterpiece tells the mystical story of Santiago, an Andalusian shepherd boy who yearns to travel in search of a worldly treasure. His quest will lead him to riches far different—and far more satisfying—than he ever imagined. Santiago's journey teaches us about the essential wisdom of listening to our hearts, of recognizing opportunity and learning to read the omens strewn along life's path, and, most importantly, to follow our dreams.

**The Chosen** Chaim Potok 2022-01-11 A coming-of-age classic about two Jewish boys growing up in Brooklyn in the 1940s, this “profound and universal” (*The Wall Street Journal*) story of faith, family, tradition, and assimilation remains deeply pertinent today. “Works of this caliber should be occasion for singing in the streets and shouting from the rooftops.” —*Chicago Tribune* It's the spring of 1944 and fifteen-year-olds Reuven Malter and Danny Saunders have lived five blocks apart all their lives. But they've never met, not until the day an accident at a softball game sparks an unlikely friendship. Soon these two boys—one expected to become a Hasidic rebbe, the other at ease with secular America—are drawn into one another's worlds despite a father's strong opposition. Set against the backdrop of World War II and the creation of the state of Israel, *The Chosen* is a poignant novel about transformation and tradition, growing up and growing wise, and finding yourself—even if it might mean disappointing those you love.

**The Book of the Cave of Treasures** E. A. WALLIS. BUDGE 2017-03-02 This present volume printed in 14 point font for easy viewing pleasure, contains a complete translation of the Syriac text of the compendious history of the world from the Creation to the Crucifixion of our Lord, which is commonly known as "Mearath Gazze," or the "Cave of Treasures." In the Syriac title the composition of the work is attributed to Ap h]rem Suryaya, i.e. Ephrem Syrus, or Ephraim the Syrian, who was born at Nisibis (?) soon after A.D. 306 and died in 373, but it is now generally believed that the form in which we now have it is not older than the VIth century.

**Jesse James and the Lost Templar Treasure** Daniel J. Duke 2019-07-09 An investigation into the lost treasures of Jesse James and the Freemasons and their connections to the Templars, Rosicrucians, and the Founding Fathers • Explains how Jesse James used techniques involving sacred geometry, gematria, and esoteric symbols to hide his treasures and encode maps • Provides instructions for using the encoding template employed by Jesse James and the Freemasons to hide and recover treasure and sacred relics • Shows how the encoding template confirms the existence of treasures on Oak Island and Victorio Peak and can be traced to a 16th-century book containing a secret map of the New World and the “hooked X” of the Knights Templar Jesse James left behind secret diaries and coded treasure maps. Working to decrypt these maps, Daniel J. Duke--the great-great grandson of Jesse James--reveals hidden treasures yet to be recovered as well as connections between the infamous train robber and Freemasonry, the Knights Templar, the Founding Fathers, and Jewish mysticism. The author explains how Jesse James faked his death and lived out his final years under the name James L. Courtney. He uncovers James’ affiliation with the Knights of the Golden Circle, a secret society that buried Confederate gold across the United States, and shows how the hidden treasures coded into James’ maps were not affiliated with the KGC but with the Freemasons, the Knights Templar, and the treasure of the Temple Mount. Using sacred geometry, gematria, and the Kabbalistic Tree of Life symbol, the author explains the encoded map technique used by the Freemasons to hide and later recover treasures, an esoteric template known as the “Veil”. He shows how the Veil template confirms the locations of Jesse James’ recovered treasures in Texas as well as other suspected treasure locations, such as the Oak Island Money Pit and Victorio Peak in New Mexico. Tracing knowledge of the Veil template back through the centuries, the author reveals the Veil hidden on the cover of a 16th-century book that contains a secret map of the New World and the “hooked X” symbol of the Knights Templar. He shows how the template was used not only to hide treasures but also sacred knowledge and relics, such as within the Bruton Vault, which originally contained secrets tied to Francis Bacon, the Freemasons, the Rosicrucians, and the founding of the United States. Applying the Veil template alongside the esoteric secrets of Poussin’s famous painting, Et In Arcadia Ego, and Cassini’s Celestial Globe, Duke shows how the template reveals other Templar and Freemason treasure sites scattered throughout America and around the world.

Living Emunah David Ashear 2014

The Flat Earth as Key to Decrypt the Book of Enoch Zen Garcia 2016-09-20 Shortly after accepting the flat earth as a model for the world, I decided to revisit the Book of the Courses of the Heavenly Luminaries to see if my new understanding would somehow mirror what Enoch was sharing as a motion for the sun and moon. As I began to read chapters 71-82, I found to my utter amazement that I was able to grasp those passages. I knew then that the vision that the angel Uriel had shown to Enoch could only be deciphered if one were to imagine Enoch’s description of the revolution of the sun and the moon. As seen from above the flat circular plane of the earth as described by Isaiah; and that Enoch must have been taken up to perhaps where Polaris is, centered directly above the North Pole, and while

looking down at the backdrop of the earth, was instructed on the motions of both the sun and moon. Without such conception, it is in my opinion impossible to apply these descriptions to the model of the earth as a spherical planet.

*The Lost Gospel* Simcha Jacobovici 2014-11-12 Waiting to be rediscovered in the British Library is an ancient manuscript of the early Church, copied by an anonymous monk. The manuscript is at least 1,450 years old, possibly dating to the first century. And now, *The Lost Gospel* provides the first ever translation from Syriac into English of this unique document that tells the inside story of Jesus' social, family, and political life. *The Lost Gospel* takes the reader on an unparalleled historical adventure through a paradigm shifting manuscript. What the authors eventually discover is as astounding as it is surprising: the confirmation of Jesus' marriage to Mary Magdalene; the names of their two children; the towering presence of Mary Magdalene; a previously unknown plot on Jesus' life (thirteen years prior to the crucifixion); an assassination attempt against Mary Magdalene and their children; Jesus' connection to political figures at the highest level of the Roman Empire; and a religious movement that antedates that of Paul—the Church of Mary Magdalene. Part historical detective story, part modern adventure, *The Lost Gospel* reveals secrets that have been hiding in plain sight for millennia.

*Evolution Impossible* John Ashton 2012-06-23 There is scientific evidence proving evolution cannot be responsible for life on Earth. It is time to question what biology text books and nature documentaries claim about our origins. Even Darwin admitted, "I threw out queries,

suggestions, wondering all the time over everything; and to my astonishment the ideas took like wildfire. People made a religion of them." Dr. John Ashton has dedicated 40+ years to teaching and researching science, and exposing the lack of proven evidence for Darwin's theories. In *Evolution Impossible*, he uses discoveries in genetics, biochemistry, geology, radiometric dating, and other scientific disciplines to explain why the theory of evolution is a myth. Discover for yourself: Why the fossil record is evidence of extinction, not evolution How erosion and sedimentation dates conflict with radiometric dating How the lack of transitional fossils undermines evolutionary notions Why living cells and new organisms do not rise by chance or random mutations Regardless of your level of scientific education, you will finish this book able to cite 12 reasons why evolution cannot explain the origin of life.

**The Soul of Enterprise** Ronald J Baker 2015-02-26 The world's economy has been transformed from a twentieth-century materials-based economy to the Age of the Knowledge-Based Economy - and the currency of this realm is ideas, imagination, creativity, and knowledge. According The World Bank, 80% of the developed world's wealth now resides in human capital. Perhaps President Ronald Reagan said it best in his address to Moscow State University on May 31, 1988: "Like a chrysalis, we're emerging from the economy of the Industrial Revolution - an economy confined and limited by the Earth's physical resources - into, as one economist titled his book, "the economy in mind," in which there are no bounds on human imagination and the freedom to create is the most precious natural resource." Written by Ronald Baker and Ed Kless, hosts of *The Soul of Enterprise: Business in the Knowledge Economy*, the popular radio show on Voice America's Business Channel, *The Soul of Enterprise: Dialogues on Business in the Knowledge Economy* sounds the clarion call that organizations can no longer ignore this seismic shift that has occurred in the economy since 1959. *The Soul of Enterprise* introduces the three components of Intellectual Capital - human capital, social capital, and structural capital - and how to leverage them to create wealth in today's economy, by revealing: The physical fallacy - why wealth no longer consists of tangible things, but of ideas, imagination and knowledge from human minds The best learning tool ever invented: After Action Reviews Why Frederick Taylor and the Scientific Management movement was a fraud and the wrong focus for knowledge workers The fact that effectiveness always and everywhere trumps efficiency The First Law of Pricing: All value is subjective The Second Law of Pricing: All prices are contextual The Morality of Markets: Doing well and doing good Why your organization - and you - need to be driven by a higher purpose than profit *The Soul of Enterprise* will inspire and challenge readers to unlock the enormous financial and competitive power hidden in the intellectual capital of their organizations and knowledge workers."

Faith Unravels Daniel Franklin Greyber 2012-09-12 Every year, thousands of young people die, leaving in their wake circles of grieving friends in need of support. Many look to how clergy understand loss but few religious traditions have a defined mourning process--or even a role in mourning--for non-family members. Faith Unravels speaks to the profound pain experienced by a forgotten mourner, not by making an argument about God or by offering a recipe of rituals, but by sharing a profound story of faith lost and regained anew.

**When Scotland Was Jewish** Elizabeth Caldwell Hirschman 2015-05-07 The popular image of Scotland is dominated by widely recognized elements of Celtic culture. But a significant non-Celtic influence on Scotland's history has been largely ignored for centuries? This book argues that much of Scotland's history and culture from 1100 forward is Jewish. The authors provide evidence that many of the national heroes, villains, rulers, nobles, traders, merchants, bishops, guild members, burgesses, and ministers of Scotland were of Jewish descent, their ancestors originating in France and Spain. Much of the traditional historical account of Scotland, it is proposed, rests on fundamental interpretive errors, perpetuated in order to affirm Scotland's identity as a Celtic, Christian society. A more accurate and profound understanding of Scottish history has thus been buried. The authors' wide-ranging research includes examination of census records, archaeological artifacts, castle carvings, cemetery inscriptions, religious seals, coinage, burgess and guild member rolls, noble genealogies, family crests, portraiture, and geographic place names.

*Paul and Jesus* James D. Tabor 2013-11-26 The author of *The Jesus Dynasty* draws on St. Paul's letters and other early sources to reveal the apostles' sharply competing ideas about the significance of Jesus and His teachings while controversially demonstrating how St. Paul independently shaped Christianity as it is known today. 75,000 first printing.

**Under Jerusalem** Andrew Lawler 2021-11-02 A spellbinding history of the hidden world below the Holy City—a saga of biblical treasures, intrepid explorers, and political upheaval “A sweeping tale of archaeological exploits and their cultural and political consequences told with a historian’s penchant for detail and a journalist’s flair for narration.” —Washington Post In 1863, a French senator arrived in Jerusalem hoping to unearth relics dating to biblical times. Digging deep underground, he discovered an ancient grave that, he claimed, belonged to an Old Testament queen. News of his find ricocheted around the world, evoking awe and envy alike, and inspiring others to explore Jerusalem’s storied past. In the century and a half since the Frenchman broke ground, Jerusalem has drawn a global cast of fortune seekers and missionaries, archaeologists and zealots, all of them eager to extract the biblical past from beneath the city’s streets and shrines. Their efforts have had profound effects, not only on our understanding of Jerusalem’s history, but on its hotly disputed present. The quest to retrieve ancient Jewish heritage has sparked bloody riots and thwarted international peace agreements. It has served as a cudgel, a way to stake a claim to the most contested city on the planet. Today, the earth below Jerusalem remains a battleground in the struggle to control the city above. Under Jerusalem takes readers into the tombs, tunnels, and trenches of the Holy City. It brings to life the indelible characters who have investigated this

subterranean landscape. With clarity and verve, acclaimed journalist Andrew Lawler reveals how their pursuit has not only defined the conflict over modern Jerusalem, but could provide a map for two peoples and three faiths to peacefully coexist.
