**Early Literacy in Preschool and Kindergarten** Janice J. Beaty 2003 To answer the question of what reading and writing activities are best for young children, a well-known early childhood author has joined forces with a literacy expert to explore the development of literacy in the preschool environment and its ongoing support through kindergarten. The result is a pragmatic, research-based book whose paradigm shift focuses future teachers on the use of "cultural characters" from picture books as the keys to an entire curriculum of literacy activities. Based on the latest theories of naturally emergent literacy, this book examines ways to create a literacy-friendly learning environment, using music and art as natural languages, and even strengthening finger muscles for writing through other hands-on activities. A three-part division of early literacy content--emergent speaking, emergent writing, and emergent reading--devotes three chapters to each section. For future and practicing pre-school and kindergarten

**Camping Journal** Moito Publishing 2018-05-19 What are some of your favorite camping sites and activities to do with your family during camping? Chances are, you barely remember or have entirely forgotten. Don't let those fun memories go by and make your next trip much easier by having something to reference the second time around with this camping journal. Our camping journal is designed to be: **VERSATILE AND USEFUL**: Camping is a wonderful way to expose your children to nature. It is also a rather inexpensive and ecofriendly vacation idea for families. While camping can definitely be a lot of fun, it also takes a fair amount of planning in order to make it successful. Whether you'll use the journal as a check list for camping stuff, to keep your camping photos in one area, or to keep a record of your campsite and any nearby trails or activities you enjoyed, this hiking journal is ideal for keeping track of where you go, the things you learn and the memories you make. **A NOTEBOOK BUILT TO LAST**- Happiness comes from small things like having a good conversation by the fire, reading a book with your headlamp before going to sleep, and stretching out your muscles after hiking over a mountain. We want your journal to last a long time so you can always look back on your experiences during those camping adventures without the worry that it will fall apart. The sturdy cover is made of tough paperback with strong, secure professional trade binding so the pages won't fall out after a few months of use. It will be great through the years to track where you have gone camping plus past entries make for fun campfire reading. **WELL-CRAFTED INTERIOR**- With a page to input personal details and 100 pages to record your camping adventures, we only used thick, white paper to avoid ink bleed-through. The columns are clearly marked to make it easy to fill out and to cross reference. **PERFECT SIZE**- With its 15.24 x 22.86 cm (6" x 9") dimensions, you can squeeze it into a purse with ease. Lightweight and durable, it's the perfect size to carry.
